Independent Auditors' Report

To the Participants and Plan Administrator of
Smile Doctors Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Smile Doctors Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Smile Doctors Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

General

The Smile Doctors Retirement Plan (the Plan) is a multiple-employer defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on January 1, 2021, covering substantially all employees of Smile Doctors LLC and its affiliates (collectively, the Company or Plan Administrator). Charles Schwab Trust Bank (Charles Schwab or Custodian) and Bluestar Retirement Services, Inc. (Bluestar or Record-keeper) serve as the Custodian and Recordkeeper of the Plan, respectively. Four officers of the Company (the Trustees) serve as the Trustees of the plan. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

In conjunction with an employee acquisition, notes receivable from participants in the amount of \$40,556 were transferred into the Plan. This amount is reflected as "Transfer in" on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

Eligibility and Participant Accounts

Employees become eligible for participation on the first day of the month coinciding with or following their completion of 2 months of service with the exception of union employees, nonresident aliens, and leased employees. An acquired employee's entry date will be the beginning date of the first full pay period immediately following the 1st of the month coinciding with or next following the employee's acquisition hire date. Subject to certain limitations on annual additions, each participant's account is credited with employee pre-tax and after-tax deferrals, Company contributions, an allocation of plan earnings or losses, and charged with administrative expenses. Participants may modify elections on the first day of each month and transfer existing account balances or obtain information regarding investments on a daily basis.

Contributions

The Plan is funded through participant pretax and/or after-tax (Roth) elective deferrals and Company discretionary matching contributions. Each year, participants may contribute up to 100% of annual compensation, as defined by the Plan, subject to maximum limitations imposed by the Internal Revenue Code (IRC) of \$20,500 for 2022. Participants who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC of \$6,500 for 2022. Rollover contributions representing distributions from other qualified defined benefit plans or defined contribution plans are permitted by the plan.

For the year ended December 31, 2022, the Company made discretionary matching contributions in the amount of 50% of participants elective salary deferrals on the first 2% of the participants eligible compensation.

Investment Options

The Plan provides for participants to direct both participant and Company discretionary matching contributions into a variety of mutual funds of registered investment companies and a common collective trust in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the plan website for additional fund information.

Vesting

Participants are immediately vested in elective deferrals, rollover contributions and qualified nonelective contributions plus actual earnings thereon. Vesting in the Company's matching contributions, plus actual earnings thereon, is based on years of continuous service. Participants vest 25% per year beginning after one year of service with full vesting after four years. A participant will automatically become fully vested in the events of death, retirement, at age 65, or permanent disability, as defined by the plan document.

Forfeitures

Forfeitures are available to reduce future Company contributions or pay administrative expenses. At December 31, 2022 and 2021, forfeited nonvested accounts available for future use totaled \$1,100 and \$5,982, respectively. These forfeitures are shown as a component of net assets available for benefits. For the year ended December 31, 2022, forfeitures in the amount of \$15,351 were used to pay Plan expenses.

Benefits Paid to Participants

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Such withdrawals are subject to meeting hardship guidelines established by the Internal Revenue Service (IRS). Upon termination, vested account balances less than \$5,000 may be involuntarily cashed out to the applicable terminated participant within a reasonable time after terminating employment or rolled over to an individual retirement account.

Notes Receivable From Participants

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the IRS. A participant may only have one note outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate of 1 percentage point over the prime rate as reported in the Wall Street Journal. Any note must be repaid within five years unless for the purchase of a primary residence. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2022, have interest rates ranging from 4.25% to 8.00% and maturity dates from January 2023 through January 2032. Notes receivable from participants as of December 31, 2021, have interest rates ranging from 4.25% to 6.50% and maturity dates from December 2022 through September 2026.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a nonforfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP), requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivables are valued at amortized cost, which approximates fair value. No allowances for credit losses have been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Smile Doctors Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Level 2 - Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds of registered investment companies are valued at the net asset value (NAV) or quoted market prices of shares held by the Plan at year end.

The common collective trust is valued at the NAV of shares held by the Plan at year end, as determined by the Custodian. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the Custodian reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Company believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets, at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

4. Information Certified by Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2022. Accordingly, Charles Schwab Trust Bank, the Custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

5. Related-Party and Party In Interest Transactions

The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, concentration, market and credit risk. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Tax Status

Effective January 1, 2022, the Plan is based on a nonstandardized pre-approved profit sharing/money purchase/CODA plan developed by Bluestar Retirement Services, Inc., which received a favorable advisory letter dated June 30, 2020, from the IRS stating that the pre-approved plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Excess Contributions Payable

The Plan failed discrimination testing for the year end December 31, 2022. As a result, excess contributions payable amounting to \$556,946 are recorded as a liability in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2022, and as a reduction to contributions in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

9. Delinquent Contributions

During 2021, the Plan Administrator was late in remitting employee withholdings and loan payments to the Plan in the amount of \$13,871. These late remittances were unintentional, and the Plan Administrator is in the process of correcting the remaining portion of the late remittances, with lost earnings calculated using the DOL guidelines for late deposits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>

11. Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after December 31, 2022, the Statements of Net Assets Available for Benefits date, through October 16, 2023, the date the financial statements were ready to be issued, and determined no such events or transactions that would impact these financial statements as of and for the year ended December 31, 2022, other than as follows:

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
