Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Total Benefit Management, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Total Benefit Management, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Total Benefit Management, Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Total Benefit Management, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Total Benefit Management, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Total Benefit Management, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions (modified cash basis) as of December 31, 2022 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TOTAL BENEFIT MANAGEMENT, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the Total Benefit Management, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a multiple-employer, defined contribution plan covering all full time employees from participating employers (the Employers), who meet certain eligibility requirements. Contributions from the Employers are available to pay benefits to all participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees and Plan Administrator are responsible for oversight of the Plan.

Eligibility

Employees are eligible to begin salary deferrals and receive employer contributions upon completion of six months of service and attaining twenty-one years of age.

Contributions

Each year participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, subject to maximum limitations established by the Internal Revenue Code. In addition, participants of some employers have the option to elect to have Roth 401(k) contributions made to the Plan. Roth 401(k) contributions are includable in a participant's taxable gross income for the year in which the contribution is made. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Under the Plan, certain employers elect to be a safe harbor plan and contribute safe harbor matching contributions. For those employers, the safe harbor match is calculated at 100% of the first 3% of the base compensation that a participant contributes to the Plan plus 50% of the next 2% of the base compensation that a participant contributes to the Plan not to exceed 5% of the participant's plan compensation. Additionally, employers can elect to make discretionary matching contributions as a uniform percentage of employee contributions. Employer safe harbor matching contributions of \$100,854 and \$90,831 were made in 2022 and 2021, respectively. There were no employer discretionary contributions made in 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the employer's contribution, Plan earnings/losses, and charged with an allocation of administrative and investment expenses. Allocations are based on participant earnings/losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and safe harbor employer matching contributions plus actual earnings/losses thereon. Vesting in the discretionary employer's matching and other discretionary contribution portion of their accounts plus actual earnings/losses thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their non-forfeitable account balance from their fund accounts. Loan transactions are treated as transfers between investments and participant loan funds. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate at the time the loan is taken. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans range from 3.25% to 5.5% at December 31, 2022.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount.

Hardship withdrawals are permitted in the event of immediate and heavy financial need. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their elective deferral contributions, not including earnings.

In-service withdrawals are permitted from all participant accounts upon attainment of normal retirement age.

Investment Options

Investments are held within various investment funds offered and maintained by Nationwide Trust Company, FSB (Nationwide), the custodian of the Plan. Contributions are invested, at the discretion of the participant, in one or a combination of available investment options.

Forfeited Accounts

At December 31, 2022 and 2021, respectively, there was \$51 and \$2,523 of forfeited balances of terminated participants' non-vested accounts. Non-vested forfeited accounts may be used to pay administrative expenses or used to reduce future employer contributions. No forfeitures were used to pay administrative expenses or reduce employer contributions in 2022 or 2021.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. This basis does not reflect the Plan's contributions receivable, interest receivable, excess contributions payable, or accrued administrative expenses. The difference in basis of accounting need not be quantified. Accordingly, the financial statements are not intended to present the Net Assets Available for Benefits or their changes in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the payment date. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on payment date. No allowance for credit losses have been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative and Investment Expenses

At the Employers' discretion, administrative expenses of the Plan may be paid out of the Plan's assets or may be paid by the Employers. Expenses relating to investment management fees are charged directly against the related investment and are deducted from the participant's account as the transactions occur.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2:* Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3.

Use of Estimates

The preparation of the financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Reclassifications

During 2022, the Plan changed the classification of investments from pooled separate accounts to mutual funds based on an updated certification from the custodian and fund understanding. There was no change to the actual inputs utilized to value investments. The prior year financial statements have been reclassified to conform to the current year presentation.

Additionally, the Plan changed the presentation of dividend and interest income and administrative and investment expenses to be in line with the certification from the custodian for the year ended December 31, 2022. There was no change to the net assets available for benefits or the change in net assets available for benefits as of and for the years ended December 31, 2022 and 2021 as a result of these changes.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. See footnote 2 for change noted in the investment classifications used at December 31, 2022 and 2021.

- *Mutual funds*: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2022 and 2021.

<u>Fair Value Measurement at December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total investments, at fair value				<u>\$ 10,159,555</u>

4. CERTIFIED INVESTMENTS

The Plan administrator has received a certification from Nationwide Trust Company, FSB, the custodian of the Plan, that states that the following information is complete and accurate as of and for the years ended December 31, 2022 and 2021.

	<u>2022</u>	<u>2021</u>
Statements of net assets available for benefits (modified cash basis):		
Mutual funds, at fair value	<u>\$ 8,594,040</u>	<u>\$ 10,159,155</u>
Fully benefit responsive contract, at contract value	<u>\$ 895,234</u>	<u>\$ 635,668</u>
Statements of changes in net assets available for Benefits (modified cash basis):		
Net appreciation (depreciation) in fair value of investments	<u>\$ (2,324,487)</u>	<u>\$ 1,294,674</u>
Dividend and interest income	<u>\$ 397,750</u>	<u>\$ 7,842</u>
Schedule of Assets (Held at End of Year)	Schedule II	

5. GUARANTEED INCOME FUND WITH INSURANCE COMPANY

The Plan is invested in a fully benefit-responsive insurance contract with Nationwide Life Insurance Company. Nationwide Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the credited interest rate and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value, as reported by Nationwide Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value to any fund that is not classified as a competing fund. Transfers from the guaranteed income fund may not be made within six months to a competing fund.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the contract at December 31, 2022 and 2021 was \$895,234 and \$635,668, respectively. The crediting interest rate is based on a contractually guaranteed interest rate that may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Generally there are no events that could limit the ability of the Plan to transact at contract value. The group investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. At December 31, 2022 and 2021, there are no unfunded commitments and investments are redeemed on a daily basis.

6. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include investment funds managed by Nationwide Trust Company, FSB, who acts as custodian as defined by the Plan, and therefore, transactions qualify as party-in-interest transactions. The Plan also utilizes Morgan Stanley as an investment advisor and Strategic Pension Services, LLC as the plan recordkeeper, so any transactions with those parties also qualify as party-in-interest transactions.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. Therefore, these related transactions qualify as party-in-interest transactions.

7. INCOME TAX STATUS

The IRS has determined and informed by letter for the prototype plan adopted by the Plan, dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employers have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 16, 2023, the date the financial statements were available to be issued.
