INDEPENDENT AUDITORS' REPORT

Plan Administrator
Colorado Springs Neurological Associates Employee PS Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Colorado Springs Neurological Associates Employee PS Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 8 to the financial statements, Colorado Springs Neurological Associates' practice of calculating employee and employer contributions has not been consistent with Plan provisions. Management amended the Plan retroactively to June 1, 2021, to restate the Plan such that their practice has been consistent with Plan provisions. Contributions prior to June 1, 2021, were not consistent with Plan provisions and have not been corrected. Corrective contributions needed by Colorado Springs Neurological Associates, in the event the Plan is not amended retroactively to January 1, 2019, cannot be estimated at this time. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of the Plan is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE PS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of Colorado Springs Neurological Associates Employee PS Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General — The Plan is a defined contribution plan covering eligible employees of Colorado Springs Neurological Associates (the Company). Employees who are not leased employees, are at least 21 years of age, and have completed 2 months of service are eligible to participate in the Plan and receive safe harbor contributions. Participants are eligible for employer matching and profit-sharing contributions after 12 months with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions — A participant may elect to have a percentage of their compensation withheld by the Company and contributed to the Plan on their behalf as an elective contribution in lieu of receiving such amount as compensation. Such contributions may not exceed the limits established in the Internal Revenue Code.

The Company makes safe harbor contributions of 3% of employees' annual compensation. The Company may also make discretionary profit-sharing and additional matching contributions to the Plan.

Participants' Accounts — Each participant shall have one account and such account will be credited with the participant's contributions, an allocation of the Company's contributions, and an allocation of the Plan's earnings and losses.

The Plan's earnings or losses, excluding that related to participants' loans, are allocated to the participant's account based upon the proportion that each participant's account bears to the total participants' account balances related to that fund. Earnings resulting from loans to participants are credited to the respective participant's account.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Notes Receivable from Participants — Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 or (b) 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. A participant may have a maximum of two loans outstanding at any one time. Principal and interest is paid ratably through regular payroll deductions.

Vesting — Participants are 100% vested in the amounts they contribute, the Company's safe harbor contributions, the Company's discretionary matching contributions and an allocation of the earnings or losses thereon.

Participants vest in the Company's discretionary profit-sharing contributions, and an allocation of the earnings or losses thereon as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Payment of Benefits — Upon separation of service, the Plan will distribute vested account balances not exceeding $5,000 in a lump-sum as soon as administratively practicable. Upon separation of service, a participant with a vested account balance greater than $5,000 may elect to receive a lump-sum payment or maintain the vested balance in the Plan. A participant may also elect to receive an account distribution if the participant has attained the age of 59 ½ or incurred a hardship in accordance with the Plan provisions.

Forfeited Accounts — Forfeitures may be used to reduce contributions by the Company or to pay reasonable plan expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled $71,156 and $635, respectively. Forfeitures used to pay plan expenses were $2,763 during the year ended December 31, 2022. No forfeitures were used to pay plan expenses during the year ended December 31, 2021.

Administrative Expenses — Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are deducted from net appreciation or depreciation of fair value of investments.

Plan Termination — Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan Termination, funds in the participant accounts become 100% vested.

Plan Tax Status — The Plan is a prototype plan of Ascensus, LLC (Ascensus). The IRS has determined and informed Ascensus by a letter dated January 1, 2018, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified. During 2021, management determined its consistent operating practices were not as outlined in the Plan document (Note 8). Management has determined to take all action necessary to preserve the tax-exempt status of the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has concluded that as of December 31, 2022, the Plan does not have material uncertain tax positions, other than related to the issue noted above.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accounts of the Plan and the accompanying financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The plan administrator determines the Plan's valuation policies utilizing information provided by the asset trustee. See Note 3 for information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates — Preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments — Benefits are recorded when paid.

Subsequent Events — The Company has evaluated subsequent events for recognition or disclosure through the date of the Independent Auditors' Report, which is the date the financial statements were available for issuance.

3. INVESTMENTS

Generally accepted accounting principles require the Plan to use a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2: Prices determined using significant other observable inputs. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Prices determined using significant unobservable inputs.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Common Stocks, Mutual Funds and Money Market Funds – Valued at the price of shares held by the Plan at year-end. The share prices are quoted in active markets.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
2022:				
Money market funds	$ 232,469			$ 232,469
Mutual funds	5,662,859			5,662,859
Common stocks	860,531			860,531
Total investments in the fair value hierarchy	$ 6,755,859	$ —	$ —	$ 6,755,859
2021:				
Money market funds	$ 160,439			$ 160,439
Mutual funds	6,111,892			6,111,892
Common stocks	832,567			832,567
Total investments in the fair value hierarchy	$ 7,104,898	$ —	$ —	$ 7,104,898

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following is a summary of the information obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company (Ascensus), the trustee of the Plan.

- Investments
- Notes receivable from participants
- Investment income (loss)
  - Interest and dividend income
  - Net appreciation or depreciation in fair value of investments
- Interest income on notes receivable from participants
- Supplemental schedule of assets held at end of year

Directed brokerage accounts that are not held and certified by Ascensus and, accordingly, audited, consist of investments totaling $860,531 and $832,567 as of December 31, 2022 and 2021 respectively, and interest and dividend income of $76 and $45 and net appreciation in fair value of investments of $28,038 and $191,279 for the years ended December 31, 2022 and 2021, respectively.

6. PARTY-IN-INTEREST TRANSACTIONS

Plan assets include a money market fund and mutual funds held by Vanguard, the recordkeeper of the Plan, and therefore these transactions qualify as party-in-interest transactions.

5. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2022	2021
Net assets available for benefits per the Form 5500	$ 6,764,865	$ 7,116,003
Employer contributions receivable at end of year	154,045	193,118
Net assets available for benefits per the financial statements	$ 6,918,910	$ 7,309,121

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2022 to the Form 5500:

Net change in net assets available for benefits per the Form 5500	$ (351,138)
Employer contributions receivable at beginning of year	(193,118)
Employer contributions receivable at end of year	154,045
Net change in net assets available for benefits per the financial statements	$ (390,211)

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. CONTINGENCY

The Company has consistently treated certain types of compensation in calculating employee and employer contributions to the Plan for at least five years. During 2022, management determined that this practice has not been consistent with Plan provisions. The Plan was restated effective June 1, 2021, to retroactively amend Plan provisions to be consistent with Company practice. The Company intends to amend the Plan back to January 1, 2019, which was the amendment that the definition of compensation was changed, so that the Plan provisions are consistent with historical practice. If they do not amend the Plan, the Company may need to make material corrective contributions to the Plan in order to maintain the Plan's tax-exempt status. The amount that would need to be contributed to the Plan cannot be estimated at this time.
