REPORT OF INDEPENDENT AUDITORS

To the Trustees
Isaiah House Retirement Plan
Willisburg, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Isaiah House Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from AdvisorTrust, Inc., a qualified institution, as of December 31, 2022 and for the period from November 22, 2022 to December 31, 2022, and Voya Retirement Insurance and Annuity Company, a qualified institution, as of December 31, 2021 and for the period from January 1, 2022 to November 22, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statement's section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from

error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to

auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ISAIAH HOUSE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the Isaiah House Retirement Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a profit sharing and safe harbor 401(k) plan established by Isaiah House, Inc. ("Employer") which includes salary deferral features of Section 401(k) of the Internal Revenue Code. The Plan is intended to meet the requirements of a qualified plan under Section 401(a) of the Internal Revenue Code. Effective May 1, 2018, the Plan provides for retirement benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Employer, except members of a collective bargaining unit, non-resident aliens and leased employees, who have completed a minimum of ninety days of service, are eligible to participate in the Plan. Following the satisfaction of the service requirement, a participant is enrolled on the first day of the month coinciding with or following the date the employee meets the eligibility requirements. Effective September 30, 2022, a participant is enrolled on the first day of the quarter coinciding with or following the date the employee meets the eligibility requirements. Prior to November 1, 2021, the service requirement was one year of service and participants were enrolled the first day of each quarter.

Contributions

Participants are permitted to make salary deferral contributions up to the Internal Revenue Service (IRS) deferral limit. Employee salary deferral contributions are made on a weekly basis.

The Employer matches 100 percent of salary deferrals up to the first 4% of plan compensation, plus 50% of salary deferrals up to the next 2% of plan compensation as a Safe Harbor Contribution. The Employer matching contributions are paid each payroll period. The Employer may also make discretionary matching contributions determined by its sole judgment. No discretionary matching contribution was made during the year ended December 31, 2022.

Participants direct the investment of their contributions into various options offered by the Plan.

Participants may also contribute, in the form of a direct rollover, amounts representing distributions from other qualified retirement plans.

ISAIAH HOUSE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of: (a) the Employer's contributions and (b) Plan earnings. Allocations are based on participants' earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump sum payment equal to the participant's account balance. Participants may also receive in-service withdrawals upon attaining age 59½ or in case of hardship.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon, and the Employer's contribution.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the modified cash basis of accounting. As such, contributions are recorded when received and benefits and expenses are recorded when paid. The modified cash basis differs from the cash basis in that investments are recorded at fair value.

Although the modified cash basis of accounting represents a departure from accounting principles generally accepted in the United States of America, it is an allowable method of accounting for employee benefit plans under the reporting requirements of ERISA.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ISAIAH HOUSE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment transactions are recorded as of settlement date, which does not differ materially from trade date.

The fair value of the unallocated insurance contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable deviations considering the creditworthiness of the issuer.

Payment of Benefits

Benefit payments are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

The Employer pays significant administrative costs of the Plan.

Income Taxes

The Plan is based on a pre-approved profit sharing plan which has received a favorable opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) that the plan is designed to qualify as being exempt from federal income taxes. The plan administrator has not separately applied for an opinion letter from the IRS. However, the plan administrator believes that the Plan was designed and is currently being operated as a tax-exempt plan in compliance with the applicable requirements of the Internal Revenue Code and, therefore, no income taxes have been provided.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Subsequent Events

The Plan has evaluated events or transactions occurring subsequent to the statement of net assets available for benefits date for recognition and disclosure in the accompanying financial statements through the date the financial statements were available to be issued, which is October 13, 2023.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AdvisorTrust, Inc., the custodian (effective November 22, 2022) and Voya Retirement Insurance and Annuity Company (Voya), the prior custodian, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

ISAIAH HOUSE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- *Interest-bearing cash:* Represents deposits held at FDIC-insured banks that are affiliated with Charles Schwab & Co., Inc. Valued at the balance as reported by Schwab or one or more of its affiliated banks, which includes any interest received up to such time.
- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Pooled separate accounts:* Investments in pooled separate accounts are valued based upon the NAV of the funds multiplied by the units held by the Plan at year-end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The underlying investments of the pooled separate accounts consist solely of mutual funds and the investment strategy of the respective pooled separate accounts aligns directly with the investment strategy of the underlying mutual fund investments.
- *Unallocated insurance contract:* Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The following table sets forth by level, within the hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2022 and 2021:

	2022			2021	
	Level 1	Level 2	Total	Level 2	Total
Interest-bearing cash	\$ -0-	\$ 14,358	\$ 14,358	\$ -0-	\$ -0-
Unallocated insurance contract	-0-	-0-	-0-	2,917	2,917
Mutual funds	<u>1,058,898</u>	<u>-0-</u>	<u>1,058,898</u>	<u>-0-</u>	<u>-0-</u>
Total assets in fair value hierarchy	<u>\$ 1,058,898</u>	<u>\$ 14,358</u>	1,073,256	<u>\$ 2,917</u>	2,917
Pooled separate accounts*			<u>-0-</u>		<u>797,437</u>
Investments at fair value			<u>\$ 1,073,256</u>		<u>\$ 800,354</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statement of net asset available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 797,437	None	Daily	None

5. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. Professional fees and the majority of other administration expenses of the Plan were paid by the Employer.

The investment management fees are paid to AdvisorTrust, Inc. (effective November 22, 2022) and Voya (through November 22, 2022), the custodians. PCS Retirement (effective November 22, 2022) and Retirement Plan Services, LLC (through November 22, 2022) are the third party administrators of the Plan and receive payment from the Plan for these services through reduction of Plan income. Blue & Co., LLC is the independent auditor of the Plan and receives payment from the Employer.

6. RECONCILIATION TO FORM 5500

As of December 31, 2021, the plan sponsor elected to show the underlying investments of the pooled separate accounts on Schedule H of Form 5500. Therefore, instead of showing the pooled separate accounts on Schedule H, line 1C(10) they are showing the underlying investments of the pooled separate accounts which are mutual funds on Schedule H, line 1C(13).
