Banta Oilfield Services, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of the Banta Oilfield Services, Inc. Employee Stock Ownership Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits in liquidation as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits in liquidation for the year ended December 31, 2022, and the related notes to the financial statements in liquidation.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits in liquidation as of December 31, 2022 and 2021, and the changes in net assets available for benefits in liquidation for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements (Continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter – Plan Termination

As discussed in Note 1 to the financial statements, the Board of Directors of Banta Oilfield Services, Inc., the Plan's Sponsor, and the Plan's Trustee approved the termination of the Banta Oilfield Services, Inc. Employee Stock Ownership Plan effective December 31, 2021. In accordance with the accounting principles generally accepted in the United States of America, the Plan is presenting these financial statements using the liquidation basis of accounting. Our opinion is not modified with respect to that matter.

BANTA OILFIELD SERVICES, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

December 31, 2022 and 2021

Note 1 – Plan Description

The following description of the Banta Oilfield Services, Inc. Employee Stock Ownership Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

On December 31, 2021, the Board of Directors of Banta Oilfield Services, Inc. (Company) and the Plan's Trustee agreed to terminate the Plan. As further described in Note 4, the Company utilized external bank borrowings to purchase all Company common stock held by the Plan. As a result of the termination, all participants became 100 percent vested in their accounts. The Plan paid out the value of all participants' accounts during the 2022 Plan year.

The Plan was an employee stock ownership plan (ESOP) under Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended, and was subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was administered by the Company's Board of Directors. An independent third-party was the Plan's Trustee.

The Company established the Plan effective as of January 1, 2007. At that time, the Plan purchased 100 percent of the Company common stock using the proceeds of a bank borrowing (with the Company and was structured as an internal note with the ESOP) and a seller note (directly with the ESOP), and held the Company stock in a trust established under the Plan. The borrowings were collateralized by shares of unallocated common stock of the Company. The borrowings were paid in full; therefore, all shares had been allocated to participants.

Eligibility

Employees of the Company were generally eligible to participate in the Plan after one year of service, provided they had worked at least 1,000 hours during such Plan year and had attained the age of 18 years. Participants entered the Plan on January 1 of the Plan year in which the eligibility requirements had been met. Participants who did not have at least 1,000 hours of service during such Plan year or were not employed on the last day of the Plan year were generally not eligible for an allocation of Company contributions for such year.

Contributions

Each year, amounts were contributed at the discretion of the Company's Board of Directors. Employee contributions were not permitted.

Payment of Benefits

Distributions on account of death, disability, retirement, termination of service, or the participant's tenth anniversary of the year in which the participant commenced participating in the Plan were made in the form of a lump-sum, direct rollover, equal installments, or a combination of the above in the Plan year following the event as defined in the Plan Document. Distributions were made in the form of cash. The amount distributed was based upon the account valuation date immediately preceding the distribution.

BANTA OILFIELD SERVICES, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION
December 31, 2022 and 2021

Note 1 – Plan Description (Continued)

Payment of Benefits (Continued)

Under the provisions of the Plan, the Company was obligated to repurchase participant shares, which were distributed under the terms of the Plan if the shares were not publicly traded or if the shares were subject to trading limitations. As a result of the Plan termination, all shares were purchased by the Company and were exchanged for cash in the participant accounts. The Plan paid out the value of all participants' accounts during the 2022 Plan year.

Administrative Expenses

As provided in the Plan agreement, administrative expenses were paid either by the Plan or by the Company. Expenses that were paid by the Company are excluded from these financial statements. Fees related to distributions of the Plan are included as a deduction on the statement of changes in net assets available for benefits in liquidation. The Company paid the operating expenses for the Plan for the year ended December 31, 2022.

Voting Rights

Each participant was entitled to exercise voting rights attributable to the shares allocated to his or her account and was notified by the Trustee prior to the time that such rights were to be exercised. The Trustee was not permitted to vote any allocated share for which instructions have not been given by a participant.

Participant Accounts

The Plan was a defined contribution plan under which a separate individual account was established for each participant. Each participant's account was credited as of the last day of the Plan year with an allocation of cash, as well as shares of the Company's common stock released by the Trustee from the repurchased accounts and forfeitures of terminated participants' nonvested accounts. Only those participants who were eligible employees of the Company as of the last day of the Plan year received an allocation. Allocations were based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings were allocated to each participant's account based on the ratio of the participant's account balance.

Vesting

If a participant's employment with the Company ended for any reason other than retirement, permanent disability, or death, he or she was vested in the balance in his or her account based on total years of service with the Company. Vesting began at 20 percent after two years of service, with participants becoming fully vested after six years of service.

The Plan terminated effective December 31, 2021. As a result of the termination, all participants became 100 percent vested in all account balances.

BANTA OILFIELD SERVICES, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION
December 31, 2022 and 2021

Note 1 – Plan Description (Continued)

Put Option

Under federal income tax regulations, the employer stock that was held by the Plan and its participants and was not readily tradable on an established market, or was subject to trading limitations, included a put option. The put option was a right to demand that the Company buy any shares of its stock distributed to participants for which there was no market. The put price was representative of the current appraised value of the stock. The Company could pay for the purchase with interest over a period of five years. The purpose of the put option was to ensure that the participant had the ability to ultimately obtain cash.

Diversification

Diversification was offered to participants close to retirement so that they had the opportunity to move part of the value of their investment in Company common stock into investments which were more diversified. Participants who were at least age 55 with at least ten years of participation in the Plan could elect to diversify a portion of their account. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant could diversify up to 25 percent of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the participant was able to direct the investment of 50 percent of their account balance. Participants who elected to diversify received a cash distribution. The election to diversify was made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end.

Forfeitures

Plan forfeitures were allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Due to the Plan termination, there were no forfeitures or allocations of forfeited nonvested shares for the year ended December 31, 2022.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

On December 31, 2021, the Board of Directors of the Company and the Plan's Trustee agreed to terminate the Plan. Plan management considered liquidation of the Plan to be imminent upon the decision to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to value Plan assets from the ongoing Plan basis to the liquidation basis as of December 31, 2022 and 2021 and for the year ended December 31, 2022.

BANTA OILFIELD SERVICES, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION
December 31, 2022 and 2021

Note 2 – Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The shares of Company common stock were valued at fair value.

Payment of Benefits

Benefits were recorded when processed by the third-party service provider.

Note 3 – Investments

Due to the termination of the Plan, there were no investments held by the Plan as of December 31, 2022 and 2021.

Note 4 – Administration of Plan Assets

The Plan's assets, which consisted principally of Company common stock, were held by the Trustee of the Plan. Company contributions were held and managed by the Trustee, which invested cash received and made distributions to participants.

Certain administrative functions were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. As described in Note 1, the Company paid all fees related to the Plan's operations during the 2022 Plan year.

Note 5 – Related Party and Party-in-Interest Transactions

The Plan invested in Company common stock. This was a related party and party-in-interest transaction. The Plan had a number of service providers. Such providers were parties-in-interest under ERISA.

BANTA OILFIELD SERVICES, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

December 31, 2022 and 2021

Note 6 – Risks and Uncertainties

The Plan investments consisted primarily of the Company's common stock, which was exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions, it was at least reasonably possible that changes in the value of the common stock could have occurred in the near-term and that such changes could have materially affected the amounts reported in the statements of net assets available for benefits in liquidation.

Note 7 – Plan Termination

On December 31, 2021, the Board of Directors of the Company and the Plan's Trustee agreed to terminate the Plan. All participants employed by the Company at January 1, 2021 became 100 percent vested in all account balances. The Plan paid out the value of all participants' accounts during the 2022 Plan year.

Note 8 – Tax Status

The Plan received a determination letter from the Internal Revenue Service dated October 31, 2017, stating that the Plan was qualified, under the IRC and; therefore, the related trust was exempt from taxation. The Plan administrator and the Plan's tax counsel believe that the Plan was designed, and operated in compliance with the applicable requirements of the IRC and; therefore, believe that the Plan was qualified, and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a significant uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.
