Independent Auditor's Report

The Retirement Trustee Board and Plan Participants
Fort McDowell Yavapai Nation Retirement Plan and Trust 401(k)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fort McDowell Yavapai Nation Retirement Plan and Trust 401(k) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Required Supplementary Information

Management has omitted management’s discussion and analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, line 4(i) – Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1) Description of Plan and Significant Accounting Policies

The following description of the Fort McDowell Yavapai Nation Retirement Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan has been established by the Fort McDowell Yavapai Nation (the “Nation”) and operates under the authority of the Retirement Trustee Board, as delegated by Tribal Council. The Plan, which commenced on October 1, 1998, is a defined contribution plan covering all full-time employees of the Fort McDowell Yavapai Nation (the “Employer”) who have completed six months of service and have attained age 18. Participation commences on the entry date (monthly) after meeting eligibility requirements. Employees are eligible to receive Employer contributions once they have completed one year of service and have attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2007, the Plan became subject to the provisions of Section 906 of the Pension Protection Act of 2006 (PPA). Although the Nation maintains that the Plan continues to be entitled to governmental status following the passage of the PPA, the Nation is operating this as a nongovernmental plan effective January 1, 2007, pending further guidance from the U.S. Departments of Treasury and Labor. The Nation is operating the Plan in accordance with its reasonable and good faith interpretation of the PPA, as required by IRS Notice 2006-89 and IRS Notice 2007-67. As of December 31, 2022, there was a total of 1,380 participants, 1,103 of which had account balances.

Contributions

Each year, participants may contribute annual pretax compensation, as defined by the Plan as well as after tax Roth contributions, limited to the annual statutory maximum as determined by the Internal Revenue Code. Additional catch-up contributions may be made by participants who have attained age 50 before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan. Automatically enrolled participants have their deferral rate initially set at four percent of eligible compensation unless the participant elects a different percent or affirmatively opts out of the Plan.

**Notes to Financial Statements
December 31, 2022 and 2021**

Each year, the Employer may elect to make a basic matching contribution or a safe harbor matching contribution. For the Plan years ended December 31, 2022 and 2021, the Employer elected to make a safe harbor matching contribution equal to 100% of an employee's elective contributions to the extent such elective contributions did not exceed 5% of the employee's eligible compensation. For the period from January 1, 2021 through May 2021, the contribution was reduced to 100% of an employee's elective contributions to the extent such elective contributions did not exceed 4% of the employee's eligible compensation.

In addition, the Employer may elect to make a discretionary non-elective contribution. The Employer did not elect to make any basic contributions or a discretionary non-elective contributions to the Plan for the years ended December 31, 2022 and 2021. The Plan administrator may, at its sole discretion, choose to not make the safe harbor contribution available to certain "non-highly compensated employees."

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer contributions, and allocations of Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions, plus actual earnings thereon. Participants vest in basic matching contributions based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
2	25%
3	50%
4	75%
5	100%

Notwithstanding the above, a participant shall become fully vested upon reaching normal retirement age, death, or permanent disability.

Fort McDowell Yavapai Nation Retirement Plan and Trust 401(k)

**Notes to Financial Statements
December 31, 2022 and 2021**

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The maximum loan period is five years unless the loan is for the purpose of acquiring a principal residence. Loan interest rates are determined by the Plan administrator by reviewing interest rates charged for similar types of loans by other lenders, which ranged from 4.25% to 9.25% during 2022. Principal and interest is repaid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive the value of the participant's vested interest in their account in the form of either a lump-sum amount or an annuity. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions.

Mandatory Cash-Out

If the amount of the participant's vested account balance to be distributed exceeds \$1,000 but is less than or equal to \$5,000 and the participant fails to timely elect a lump sum payment or direct rollover to a participant designated IRA, then the Plan administrator will roll the entire vested balance to an IRA established by the Plan administrator at a qualified institution. Vested account balances of less than \$1,000 are distributed in cash directly to the participant without the participant's consent.

Forfeitures

Forfeitures of terminated participants' nonvested account balances may be used first to pay administrative costs of the Plan, and/or to restore previously forfeited participant account balances. Any remaining forfeitures may be used to reduce future Employer contributions. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$24,393 and \$21,012, respectively. Administrative fees paid from forfeited nonvested accounts totaled \$0 and \$16,000 in 2022 and 2021, respectively.

2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting based on the accounting standards as promulgated by the Governmental Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related loan fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Fort McDowell Yavapai Nation Retirement Plan and Trust 401(k)

**Notes to Financial Statements
December 31, 2022 and 2021**

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits, but does not require, the Employer to pay significant costs of Plan administration. At any time, the employer may elect for the Plan to pay administration costs. Fees paid by the Plan for investment management are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events were evaluated for recognition or disclosure in these financial statements through October 12, 2023, the date the financial statements were available to be issued.

3) Investments and Fair Value Measurements

The Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurements and Applications*, provides the framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements
December 31, 2022 and 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Account – Priced at NAV based on the New York Stock Exchange's daily closing price of the underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2022	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total

4) Information Prepared and Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investments income and participant loan interest reflected on the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investments reflected on the supplemental schedule of assets held at end of year as of December 31, 2022.

5) Plan Termination

Although it has not expressed any intent to do so, the Employer, as the Plan's sponsor, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to ERISA provisions. In the event of the Plan termination, participants would become 100% vested in all their Employer contributions.

6) Tax Status

The IRS has determined and informed the Nation by a letter dated July 12, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes the Plan is no longer subject to income tax examinations for years prior to 2019.

7) Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, which serves as the Trustee of the Plan's investments. These transactions qualify as exempt party-in-interest transactions under ERISA. The Employer provides certain accounting and administrative services to the Plan for which no fees are charged.

For the years ended December 31, 2022 and 2021, fees paid by the Plan for administrative expenses, totaled \$207,926 and \$183,841, respectively. These fees include third-party administrative fees, loan fees, participant fees, and overnight fees.

Total contributions according to Form 5500	<u>\$ 5,070,364</u>	<u>\$ 4,709,108</u>

Participant and Employer contributions are recorded on the Form 5500 when received by the Plan.

9) Delinquent Participant Contributions

As disclosed in the supplemental schedule of delinquent participant contributions, two pay periods of participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 20 CFR 2510.3-102, thus constituting nonexempt transactions between the Employer and the Plan. As such, these transactions represented non-exempt transactions between the Employer and the Plan as identified in Schedule H, Line 4(a), Schedule of Delinquent Participant Contributions. All delinquent 2022 participant contributions were remitted to the Plan no later than December 31, 2022.
