THE FELTON INSTITUTE 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of The Felton Institute 403(b) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan's agreement for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) tax-deferred annuity plan covering all employees of the Felton Institute, as defined, who have completed one year of service in which 1,000 hours are worked. This Plan was originally effective on January 1, 2001. The amended and restated provisions of the Plan became effective on November 1, 2018. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Felton Institute is the Plan sponsor and serves as the plan administrator.

Contributions

Participants may elect to contribute any portion of their eligible compensation to the Plan each year up to the maximum limit as permitted by the Internal Revenue Code. Additionally, participants qualifying for age-based provisions may contribute additional catch-up deferrals. The Plan will include Age 50 Catch-Up Deferrals in the elective deferral amount used to determine the amount of the matching contribution. Participants may also contribute amounts representing distributions from other eligible retirement plans.

Effective October 1, 2013, the Plan was amended to begin auto-enrollment of all employees. Unless otherwise declined to participate in the Plan, the default rate of deferral is 2% of qualified compensation.

Each plan year, the Felton Institute might make a discretionary matching contribution equal to a uniform percentage or dollar amount of the elective deferrals. Each year, the Felton Institute will determine the formula for the discretionary matching contribution.

Participants Accounts

Each participant's account is credited with the allocation of the Plan's contribution and the Plan's earnings. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their salary deferral plus actual earnings thereon. Vesting in the Plan's contribution is based on years of service, as defined, until fully vested for three years or more.

THE FELTON INSTITUTE 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

1. **Description of Plan**, continued

Payment of Benefits

In general, on termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the fair value of the participant's account balance. Participant may also elect to receive benefits in partial lump sum distributions and installments (monthly, quarterly, or annually).

2. **Summary of Significant Accounting Policies**

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Basis of Presentation

The financial statements of the Plan are reported on the accrual basis of accounting.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants on the Statement of Net Assets Available for Benefits as of December 31, 2020 is recorded at their unpaid balance. Interest income on notes receivable from participants is recorded when it is earned, and the related fees are recorded as administrative expenses and expensed when incurred.

Payment of Benefits

Benefits are recorded when paid.

THE FELTON INSTITUTE 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Fair Value Measurements

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statement elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs - quoted prices in active markets for identical assets

Level 2 inputs - quoted prices in active or inactive markets for the same or similar assets

Level 3 inputs - estimates using the best information available when there is little or no market

The Plan is required to measure certain investments at fair value. The specific techniques used to measure fair value for the financial statement element is described in the notes below that relates to the element.

General account comprises of funds under contract with American Life Insurance Company valued at the NAV of units of the contract value. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to probable that the fund will sell the investment for amount difference from the reported NAV. Funds under the contracts that have been allocated and applied to purchase annuities (that is, where OneAmerica Retirement Services LLC is obligated to pay the related pension benefit) are excluded from the Plan's assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through October 11, 2021, the date which the financial statements were available for issue. No events or transactions have occurred during this period that appear to require recognition or disclosure in the financial statements.

THE FELTON INSTITUTE 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

3. Notes Receivable from Participants

Notes receivable from participants are repaid semi-monthly, at an interest rate of 5% to 6%, with various maturities. Notes receivable from participants outstanding at December 31, 2020 and 2019 were \$48,237 and \$22,897, respectively.

4. Information Prepared and Certified by the Custodians

No auditing procedures were performed on investments and interest income as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following summarizes the information certified by American United Life Insurance Company and AXA Equitable Life Insurance Company, the custodians of the Plan, as of December 31, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Mutual funds	<u>\$3,760,770</u>	<u>\$2,951,896</u>
General account	<u>163,392</u>	<u>17,205</u>
	<u><u>\$3,924,162</u></u>	<u><u>\$2,969,101</u></u>

During the years ended December 31, 2020 and 2019, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by \$480,213 and \$441,485, respectively.

5. Fair Value Measurements

The following table presents the balances of assets measured at fair value at December 31, 2020 and 2019 on a recurring basis:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

continued

THE FELTON INSTITUTE 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

5. Fair Value Measurements, continued

The fair value of the mutual funds has been measured on a recurring basis using quoted prices for identical assets in active markets (Level 1 inputs).

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

6. Fair Value of Investments in Entities that Use NAV Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020 and 2019:

Investments	Fair Value as of December 31, 2020 2019		Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
General account	<u>\$163,392</u>	<u>\$17,205</u>	n/a	Daily	12 months

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. It is reasonably possible, given the level of risk associated with the investment securities that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

8. Related Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers and employees of the Felton Institute. No officer or employee received compensation from the Plan for these services.

Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

9. Plan Termination

Although it has not expressed any intent to do so, the Felton Institute has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

continued

THE FELTON INSTITUTE 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

10. Tax Status

The Plan presently does not have a tax determination letter from the Internal Revenue Service (“IRS”) since 403(b) plans currently are not required to submit plans to the IRS for determination. However, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

11. Impact of COVID-19 Virus

Following the State “Safer at Home” order to close all non-essential business activities, the Plan’s sponsor, the Felton Institute, has been conducting business under Safer at Home isolation protocols. The overall impact of the COVID-19 virus on the Felton Institute or the Plan cannot be foreseen at this time and is not reflected in these financial statements.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
