INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
KSL Advisors, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying financial statements of KSL Advisors, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of KSL Advisors, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KSL Advisors, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KSL Advisors, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KSL Advisors, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KSL Advisors, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of KSL Advisors, LLC 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2021. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statements of KSL Advisors, LLC 401(k) Plan as of and for the year ended December 31, 2021.

Notes to Financial Statements

December 31, 2022

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The plan investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for further discussion of fair value measurements.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Investment transactions are recorded on a trade-date basis. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for uncollectible accounts has been recorded as of December 31, 2022 or 2021. If a participant does not make loan repayments and the loan is considered to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Expenses

Operating expenses of maintaining the plan are absorbed by the plan sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Fees related to participants are included in administrative expenses.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTE B – DESCRIPTION OF PLAN

Plan Summary

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The KSL Advisors, LLC 401(k) Plan is a defined contribution plan established for the benefit of the employees of KSL Advisors, LLC ("the Company"). The Plan is a defined contribution plan covering all full-time employees who have one year of service. Excluded employees include employees subject to collective bargaining agreements, leased employees and non-resident aliens. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute up to the dollar limit of compensation which is set by law. Participants may also make after-tax ROTH contributions. Participants who have attained an age of 50 before the end of the plan year are eligible to make catch-up contributions. Rollover contributions from other qualified retirement plans are allowed under the Plan provisions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has a discretionary employer match option. For 2022, the employer elected not to provide a matching contribution. One year of service is required in order to receive an employer matching contribution. Contributions are subject to certain statutory limitations.

NOTE B – DESCRIPTION OF PLAN – Continued

Investment Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily. All investment funds of the Plan are participant directed investment funds.

Participants Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contribution, if any, and Plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. All investment funds of the Plan are participant directed investment funds.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after five years of credited service.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. All loans must be repaid in level payments on at least a quarterly basis over a maximum five-year period unless it is for the purchase of a principal residence, in which case, the loan may be repaid over a ten-year period. The loans are secured by the balance in the participant's account and bear interest at rates as determined by the Plan Administrator commensurate with local prevailing rates. Principal and interest is paid ratably through monthly payroll deductions. At December 31, 2022, the interest rates on participant loans ranged from 4.25% to 5%. The loans are due at various dates through 2035.

NOTE B – DESCRIPTION OF PLAN – Continued

Distributions

On termination of service, retirement, disability or attaining age 59 1/2, a participant may elect to receive a distribution equal to the value of the participant's vested account balance. Balances less than or equal to \$5,000 will be paid in a single lump sum payment. Participants may elect to receive balances that exceed \$5,000 in either a single lump-sum payment or in installments over a period of time not to exceed the participant's life expectancy. The Plan also allows in-service hardship distributions based on specific criteria.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0 and \$0, respectively. Forfeitures can be used to reduce future employer matching contributions or to pay plan administrative expenses. There were no forfeitures used in 2022.

Plan Termination

Although it has not expressed an intent to do so, the Company, at its discretion, may discontinue the contributions and terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become fully vested in their accounts.

NOTE C – INCOME TAX STATUS

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Alerus Financial, N.A. The prototype plan document has received a determination letter dated June 30, 2020 from the Internal Revenue Service stating that it constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC) and that the related trust is tax exempt. Although the plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

The Internal Revenue Service ("IRS") has determined in an advisory letter dated June 30, 2020 that the Plan is designed in accordance with the applicable section of the Internal Revenue Code ("the Code"). The Company and Plan management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and that the Plan is qualified and the related trust is tax-exempt.

KSL ADVISORS LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2022

NOTE C – INCOME TAX STATUS - Continued

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions.

NOTE D - INFORMATION CERTIFIED BY THE PLAN TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements, accompanying notes and supplemental schedules, including investments and notes receivable at December 31, 2022 and 2021, net depreciation in fair value of investments, and interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Income Security Act of 1974. Empower Trust Company, LLC is the Plan's trustee. The trustee changed its name from Great-West Trust Company, LLC to Empower effective August 1, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Empower (EI Fixed Account – Series Class I). Contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to this investment. As described in Note A, contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

KSL ADVISORS LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2022

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY - Continued

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021 was \$557,969 and \$707,366, respectively. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Plan sponsor action that leads to a transfer of Plan assets from the fixed account include but are not limited to the following: spin-off, layoff, sale, merger, terminating a union in a multi-employer plan; terminating participating employer in a multiple employer plan; termination by a political subdivision, agency or instrumentality of a governmental plan. The Plan Administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

Mutual funds	\$ 11,984,594	\$ 11,984,594	\$ ---
Total investments in fair value hierarchy	\$ 11,984,594	\$ 11,984,594	\$ ---
Total investments at fair value	\$ 11,984,594		

FASB ASC 820, *Fair Value Measurements and Disclosure*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and quoted prices for similar assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds:

The fair value of the mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values are based on the reported closing price.

KSL ADVISORS LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2022

NOTE F - FAIR VALUE MEASUREMENTS – Continued

Collective Trust Fund:

The collective trust fund is measured at net asset value (NAV) as the practical expedient to estimate fair value. NAV as provided by the fund's management is based on the fair value of the underlying investments held by the fund less its liabilities.

Participants may make daily fund transactions at NAV. The collective trust fund requires participants to invest withdrawals from the fund in a "non-competing fund", as defined, for at least 90 days before transferring to a "competing" fund option, as defined. If the Plan initiates a full redemption of the collective trust fund, a 12- month notification of intent to withdraw its assets is required. There is no redemption notification period for participants. There are no unfunded commitments as of December 31, 2022 for the collective trust fund.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan holds investments managed by Empower Trust Company, LLC. Empower Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. However, they are exempt from the prohibited transaction rules under ERISA. Fees in the amount of \$35,356 were paid to Empower in 2022.

The Plan incurred audit fees in the amount of \$16,000 during the year ended December 31, 2022. The audit fees were paid by the plan sponsor.

NOTE I – DATE TO WHICH SUBSEQUENT EVENTS EVALUATED

The date to which events occurring after December 31, 2022 have been evaluated for possible adjustment to or disclosure in the financial statements is October 13, 2022, which is the date on which the financial statements were available to be issued.
