Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the New Fashion Pork 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audits opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audits does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, schedule of assets (held at end of year) as of December 31, 2022 and schedule of delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

1. Summary of Significant Plan Provisions

The following description of the New Fashion Pork 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan’s provisions.

- a. **General** – The Plan is a defined contribution plan for the benefit of employees of New Fashion Pork (the “Employer”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.
- b. **Eligibility** – Employees, who are not a nonresident alien or a member of a collective bargaining unit, are eligible to participate in the Plan at the next entry date upon attaining age 18 and completing 60 days of service.
- c. **Contributions** – Participants may contribute through pre-tax and after-tax payroll deductions, as well as rollover contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. During 2021, the Employer made matching contributions in an amount equal to 100% of a participant’s contribution, not to exceed 3% of the participant’s eligible compensation. Effective January 1, 2022, the Plan adopted a qualified automatic contribution arrangement in which each new participant entering the Plan shall automatically contribute 3% of eligible compensation unless an election is made not to participate or to defer a different percentage of eligible compensation. Participant deferrals will automatically increase by 1% each January 1, up to a maximum of 6%. The Employer makes matching contributions up to 100% of a participant’s contribution, not to exceed 3.5% of the participant’s eligible compensation. The Employer may also make additional discretionary contributions. The Employer did not make an additional discretionary contribution in 2022 or 2021. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.
- d. **Participant accounts** – Each participant’s account is credited with the participant’s contributions and allocations of any Employer contributions and Plan earnings/losses, and is charged with applicable withdrawals and an allocation of any administrative expenses. Allocations are based on participant’s earnings, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- e. **Vesting rights** – A participant is always fully vested in their own contributions, plus earnings/losses thereon. The interest of a participant in Employer contributions, plus earnings/losses thereon, shall be fully vested and nonforfeitable upon death, becoming disabled or upon reaching normal retirement age. If a participant terminates employment for reasons other than death, disability, or retirement, they are entitled to the portion of contributions made by the Employer, plus earnings/losses thereon, according to the type of Employer contributions. Matching contributions are subject to a two-year cliff vesting schedule. Discretionary contributions are subject to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	50%
3 or more	100%

Notes to Financial Statements

December 31, 2022 and 2021

1. Summary of Significant Plan Provisions (cont.)

- f. **Investment options** – Upon enrollment in the Plan, a participant may direct contributions to any of the investment options available under the Plan. Participants may change their investment selections at any time.
- g. **Forfeitures** – The portion of a participant's account to which they are not entitled upon termination of participation is deemed a forfeiture. Forfeitures may be used to pay administrative expenses of the Plan or to reduce Employer contributions. Forfeitures of approximately \$12,100 and \$15 were utilized to reduce Employer contributions and pay for administrative expenses, respectively, for the year ended December 31, 2022. Forfeitures of approximately \$6,800 and \$30 were utilized to reduce Employer contributions and pay for administrative expenses, respectively, for the year ended December 31, 2021. There were approximately \$11,600 and \$9,200 in forfeitures available for future use as of December 31, 2022 and 2021, respectively.
- h. **Payment of benefits** – Upon retirement, death, disability, or termination of employment, a participant can elect to receive the value of their vested account in a lump sum or in installment payments. If the participant's account balance is equal to or less than \$5,000 the balance will be automatically distributed. Any distribution greater than \$1,000 that is made to a participant without the participant's consent before the participant's normal retirement age will be rolled over to an individual retirement plan designated by the Plan administrator. In-service withdrawals are available to participants who attain age 59½, who meet certain hardship requirements or at any time from their rollover contribution account.
- i. **Corrective distributions** – The Plan failed the average deferral percentage and average contribution percentage tests for the year ended December 31, 2021. Corrective distributions in the amount of \$47,303 are recorded as a liability on the accompanying statement of net assets available for benefits and as a reduction of participant contributions on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021. These corrective distributions were refunded to the applicable participants in April 2022.
- j. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

- a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- b. **Estimates** – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes to Financial Statements**December 31, 2022 and 2021****2. Summary of Significant Accounting Policies (cont.)**

- c. **Investment valuation and income recognition** – Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value as disclosed in Note 3. See Note 5 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

- d. **Payment of benefits** – Benefits are recorded when paid.
- e. **Administrative expenses** – Administrative expenses charged to the Plan are allocated to the participants' accounts. Fees related to distributions are charged directly to the participant's account. Certain other administrative expenses paid by the Employer are excluded from these financial statements.

3. Fully Benefit-Responsive Investment Contract

The Plan has entered into a fully benefit-responsive guaranteed investment contract ("GIC") with Principal Life Insurance Company ("Principal Life"). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Principal Life is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life, represent contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of Principal Life or otherwise. The crediting rate for the fund is based on all guaranteed rates in the GIC for which the guaranteed period has not expired on the date the crediting rate is being established. The crediting rate is guaranteed to not be less than 1% or greater than 3%. Every six months, Principal Life establishes a new guaranteed rate. The guaranteed rate is determined based on several factors including expected cash flow and market rates. This rate is weighted based on deposits made during the six months following the date the guaranteed rate is established and will be used with all other guaranteed rates for which the guaranteed period has not expired to establish the new crediting rate.

Notes to Financial Statements

December 31, 2022 and 2021

3. **Fully Benefit-Responsive Investment Contract (cont.)**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include any Employer originated transfer or distribution out of the contract. Plan management does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. Any Employer originated transfer or distribution, including termination of the contract, will be subject to either 12 months advance notice or a 5% surrender charge.

The following represents the contract value of the GIC held by the Plan at December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Traditional investment contract	<u>\$ 234,543</u>	<u>\$ 149,816</u>

4. **Investments**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Principal Trust Company ("PTC"), the trustee of the Plan, and was not subjected to any audit procedures, except for comparing the information with the related information included in the financial statements and supplemental schedules:

- a. Total investments as shown on the accompanying statement of net assets available for benefits totaling \$8,867,675 and \$9,226,230 as of December 31, 2022 and 2021, respectively.
- b. Dividends and interest as shown on the accompanying statement of changes in net assets available for benefits of \$22,357 and \$16,224 for the years ended December 31, 2022 and 2021, respectively.
- c. Net change in value of investments as shown on the accompanying statement of changes in net assets available for benefits of \$(1,692,764) and \$1,104,582 for the years ended December 31, 2022 and 2021, respectively.
- d. All investment transactions that occurred during the years ended December 31, 2022 and 2021.
- e. All information included in the supplemental schedules.

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Notes to Financial Statements**December 31, 2022 and 2021****5. Fair Value Measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Mutual funds: These investments are valued at quoted market prices on the last business day of the Plan year.

Common collective trust funds: These investments are stated at fair value based on the net asset value ("NAV") of units held by the Plan at year-end, as calculated by the issuer. The NAV is calculated based on the fair value of the underlying assets owned by the common collective trust funds, minus its liabilities, divided by the number of units outstanding. The NAV is used as a practical expedient to estimate fair value.

Notes to Financial Statements

December 31, 2022 and 2021

5. Fair Value Measurements (cont.)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2022</u>				
Mutual funds	\$ 1,947,598	\$ -	\$ -	\$ 1,947,598
Total assets in the fair value hierarchy	<u>\$ 1,947,598</u>	<u>\$ -</u>	<u>\$ -</u>	1,947,598
Investments measured at NAV*				<u>6,685,534</u>
Investments at fair value				<u>\$ 8,633,132</u>
<u>December 31, 2021</u>				
Mutual funds	\$ 2,077,266	\$ -	\$ -	\$ 2,077,266
Total assets in the fair value hierarchy	<u>\$ 2,077,266</u>	<u>\$ -</u>	<u>\$ -</u>	2,077,266
Investments measured at NAV*				<u>6,999,148</u>
Investments at fair value				<u>\$ 9,076,414</u>

*Certain investments that are measured at NAV per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

The following table summarizes investments for which fair value is based on the NAV practical expedient:

	<u>Fair Value as of December 31,</u>		<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>2022</u>	<u>2021</u>	<u>Commitments</u>	<u>Frequency</u>	<u>Notice Period</u>

Notes to Financial Statements

December 31, 2022 and 2021

6. **Tax Status**

The Plan is utilizing a non-standardized pre-approved profit sharing plan document (the “Plan Document”), which received an opinion letter dated June 30, 2020, in which the IRS stated the Plan Document is designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). As allowed by the IRS, the Plan is relying on the opinion letter on the Plan Document for its own qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

7. **Parties-in-Interest Transactions**

The Plan is invested in funds issued by PTC and other entities affiliated with PTC through common ownership. In addition, Principal Financial Group (“PFG”) provides third party administrative services to the Plan. The Plan pays PFG for their services. Edward Jones serves as investment advisor for the Plan. The Plan pays Edward Jones for their services. These entities are by definition parties-in-interest. All of these transactions are exempt from being prohibited transactions under ERISA.

8. **Reconciliation of Financial Statements to the Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 8,879,094	\$ 9,178,927

Notes to Financial Statements**December 31, 2022 and 2021****8. Reconciliation of Financial Statements to the Form 5500 (cont.)**

The following is a reconciliation of the net change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Net change in net assets available for benefits per the financial statements	\$ (299,833)	\$ 1,025,803

9. Subsequent Events Evaluation Date

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2022 financial statement date and determined there were no significant events necessary for disclosure through October 12, 2023, which is the financial statement issuance date.
