INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
South Texas College of Law Houston 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of South Texas College of Law Houston 403(b) Plan (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Plan management has obtained a certification from a qualified institution, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Plan management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the South Texas College of Law Houston 403(b) Plan (the Plan) provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the plan administrator.

General

The Plan is a Section 403(b) plan, established and adopted effective January 1, 2009, that provides retirement income benefits to all employees and eligible students of the South Texas College of Law Houston, Inc. (the College). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Administration

The Plan is administered by the College. The College has assigned an individual as the plan administrator to oversee the administration of the Plan. The Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) (collectively, TIAA-CREF) and Fidelity Management Trust Company (FMTC) are the custodians of the Plan's assets (Custodians). State Street Bank and Trust Company (State Street) serves as a directed Trustee of the Plan, pursuant to a service agreement with Transamerica. TIAA-CREF and FMTC manage the investment funds, for which they are also the Custodians.

Fidelity Investments Institutional Services Company, Inc. (FIIOC), Transamerica Retirement Solutions (Transamerica) and TIAA-CREF also act as recordkeepers of the Plan. Among other duties, FIIOC, Transamerica and TIAA-CREF receive and allocate contributions in accordance with the participants' investment preferences, allocate investment income and make distribution payments.

Contributions

Participants may contribute a portion of their annual compensation on a pre-tax basis in accordance with applicable Internal Revenue Service (IRS) wage limits. Contributions may be made up to \$20,500 for 2022 (or \$27,000 for 2022, if at least 50 years old). Participants with at least 15 years of employment service with the College may also be eligible to make catch-up contributions to the extent allowed by plan provisions. Participants may also contribute rollover amounts from an Internal Revenue Code (the Code) section 403(b) annuity or a 403(b)(7) custodial account. Effective April 1, 2020, the Plan also accepts participant rollover contributions from an individual retirement account and annuity described in Code 408(a) or 408(b). Participant funds are transmitted to the Custodian on or near the date of the applicable payroll.

Contributions are directed by participants to one or more of the investment options in percentages selected by the participants. Upon notice to the Custodian, participants may transfer some or all of the balances out of any investment option into one or any combination of the investment options.

**Notes to Financial Statements
Year Ended December 31, 2022**

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings and charged with an allocation of service provider administrative expenses. Allocations are based on participant earnings or account balances, as defined. In addition, each of the funds, with the exception of TIAA-CREF funds, is allocated costs of administering the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in all contributions.

Plan Loans

Participants may enter into a loan agreement with TIAA to borrow against their fund accounts at TIAA-CREF. The loan is made by TIAA with the loan proceeds being sourced from its General Account. Funds borrowed must be collateralized by setting aside 110% of the loan amount in a Retirement Loan Certificate, which is a separate TIAA Traditional Annuity account. A participant may transfer funds from their FMTC account to TIAA-CREF in order to qualify for a loan. As of December 31, 2022 and 2021, the annuity account values that serve as collateral for the related loans, which are included in the TIAA Traditional Annuity account in the Plan's Statements of Net Assets Available for Benefits are \$56,786 and \$54,398, respectively.

The loan interest rate for these plan loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract as is the rate adjustment details and frequency.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account serviced by Transamerica and bear interest rates at 1% plus the current national prime rate. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

A participant may request a distribution of all or a portion of their account any time following termination, death, or attainment of age 59½. To receive a pre-retirement date withdrawal of employee contributions from the plan (in-service), the participant must be 62 years of age. Distributions are based on the value of the participant's account on the day preceding the request for a distribution. The form of distribution is selected by the employee as follows:

- a. Lump-sum distribution,
- b. Qualified joint and survivor annuity, or
- c. Qualified preretirement annuity for surviving spouse.

Year Ended December 31, 2022

Administrative Expenses

All administrative expenses of the Plan are paid by the College, except for service provider fees. Investment fees and expenses specifically attributable to participants are directly deducted from the individual participant accounts.

Plan Termination

Although it has not expressed an intention to do so, the College has the right under the Plan to terminate the Plan, subject to the provisions of ERISA.

Plan Management's Review of Subsequent Events

In preparing the Plan's financial statements, Plan management has reviewed all known events that have occurred after December 31, 2022, and through October 13, 2023, the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's assets are invested in variable annuity accounts of CREF, an investment company; mutual funds of TIAA-CREF; a pooled separate account (shown as TIAA Real Estate Account in the supplemental schedule), and a fixed-dollar annuity contract (shown as TIAA Traditional Annuity Account). The Plan's assets are also invested in mutual funds of FMTC, an investment company. Also included in the Plan's assets are mutual funds offered by Transamerica that are managed by other companies and a guaranteed income fund issued by Prudential (Prudential Guaranteed Income Fund).

The Plan's investments are stated at their fair value, except for fully benefit-responsive investment contracts, which are stated at contract value, as of the financial statement date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

South Texas College of Law Houston
403(b) Plan

Notes to Financial Statements

Year Ended December 31, 2022

The Plan's Guaranteed Income Fund with Prudential and TIAA Traditional Annuity are valued at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for a discussion about the Plan's Guaranteed Income Fund and TIAA Traditional Annuity.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold (realized) as well as on investments held during the year (unrealized), and expenses incurred related to the Plan's investment portfolio.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make repayments on the notes receivable and the Plan Administrator deems the notes receivable to be a distribution, the participant notes receivable balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 3: INVESTMENTS AND RELATED INVESTMENT INCOME

As permitted by 29 CFR 2520.103-8 of the Department of Labor rules under ERISA, information on investments as of December 31, 2022 and 2021, and related investment income or loss for the year ended December 31, 2022, has been certified by TIAA-CREF and FMTC, the Custodians of the Plan and State Street Bank and Trust Company (pursuant to a service agreement with Transamerica), the Trustee of the Plan.

NOTE 4: FAIR VALUE MEASUREMENT

ASC 820 establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities.

**South Texas College of Law Houston
403(b) Plan**

Notes to Financial Statements

Year Ended December 31, 2022

Level 2

Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Pooled Separate Account: Valued at NAV per share used as a practical expedient. The NAV is derived from the market value of the underlying real estate holdings or other real estate-related investments.

Variable Annuity Accounts: Valued at NAV per share used as a practical expedient. The NAV is based on market quotations obtained from independent pricing services.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments at fair value by level, within the fair value hierarchy, as well as those measured at NAV practical expedient as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Level 1:

NOTE 5: CONTRACTS WITH INSURANCE COMPANIES

TIAA Traditional Annuity

The TIAA Traditional Annuity is a fixed-dollar annuity contract. Contributions to the TIAA Traditional Annuity buy a contractual or guaranteed amount of future benefits for the participant. As a guaranteed annuity backed by TIAA's claims paying ability, the TIAA Traditional Annuity guarantees principal and a minimum interest rate, plus the opportunity for additional amounts in excess of the guaranteed rate. These additional amounts, when declared by the TIAA Board of Trustees, remain in effect for the declaration year. The declaration year begins each March 1. The liquidity restrictions do not apply to this Supplemental Retirement Annuity (SRA) contract which is individually owned and therefore considered fully benefit-responsive and reported at contract value (see Note 2).

Interest credited to TIAA Traditional Annuity accumulations includes a guaranteed rate, plus additional amounts that are established on a year-by-year basis. The guaranteed annual interest rate is generally 3%, but between 1% and 3% for all premiums remitted under all TIAA Traditional Annuity accumulating contracts.

Guaranteed Income Fund

The Plan also has a fully benefit-responsive Guaranteed Income Fund (GIF) with Prudential. Prudential maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The GIF is included in the financial statements at contract value, which represents contributions made under the contract, plus transfers to the fund and credited interest, less participant withdrawals, transfers out of the fund and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The concept of a value other than contract value does not apply to this GIF even upon a discontinuance of the contract in which case contract value would be paid no later than 90 days from the date the sponsor provides notice to discontinue. There are no specific securities in the general account that back the liabilities of this annuity contract and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a fair value. The insurer owns a promise to pay interest at crediting rates, which are announced in advance and guaranteed for a six-month period. This contract is not a traditional GIF and therefore there are no cash flows that could be discounted.

Prudential is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. These rates are established without the use of a specific formula.

NOTE 6: NAV PER SHARE

The Plan expanded its disclosure to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the NAV per share as practical expedient as of December 31, 2022 and 2021. For the Plan, such assets include investments in pooled separate accounts and variable annuity accounts.

**South Texas College of Law Houston
403(b) Plan**

**Notes to Financial Statements
Year Ended December 31, 2022**

The following table sets forth a summary of the Plan's investments as of December 31, 2022 and 2021 with a reported NAV:

	Fair Value Estimated Using NAV per Share					
	Fair Value 2022*	Fair Value 2021*	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled separate account	\$ 150,894	\$ 140,498	None	Immediate	None	None
Variable annuity accounts (a)	\$ 2,105,481	\$ 1,911,114	None	90 days	None	None

* The fair values of the investment have been estimated using NAV as practical expedient.

- (a) Funds issued by CREF invest principally in equity securities, fixed income instruments and short-term investments in accordance with each portfolio investment objective. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources, including matrix pricing. Money market account holdings are generally valued at amortized cost.

NOTE 7: PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by TIAA-CREF, FMTC and Transamerica, for which they are also the Custodians, and State Street serves as a directed Trustee of the Plan, pursuant to a service agreement with Transamerica and Prudential, in the connection with the Prudential GIF, therefore, investment transactions with TIAA-CREF, FMTC, Transamerica and State Street qualify as party-in-interest transactions as defined by ERISA. All such investment transactions are made at fair value or contract value, as applicable. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. The Plan also holds notes receivable from participants as of December 31, 2022, which qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions provisions of ERISA and the Code.

As mentioned in Note 1, the following administrative expenses for the year ended December 31, 2022 are paid by the Plan:

Relationship	
Custodian / trustee / recordkeeper	\$ 21,003
Investment advisor	29,555
Auditor	<u>14,000</u>
Total	\$ <u>64,558</u>

Notes to Financial Statements

Year Ended December 31, 2022

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the Statements of Net Assets Available for Benefits.

NOTE 9: PLAN TAX STATUS

The Plan has adopted the Volume Submitter Plan document of Transamerica. The volume submitter sponsor received a favorable opinion letter dated March 31, 2017, in which the Internal Revenue Service (the IRS) stated that the form of the volume submitter plan was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and that the trust maintained in connection with the Plan satisfies the requirements for exemption under the applicable Code Section 403(b).

US GAAP requires the plan administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
