INDEPENDENT AUDITOR'S REPORT

To the Administrators and Participants of the
First MainStreet Insurance, L.C. 401(k) Plan
Cedar Rapids, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the First MainStreet Insurance, L.C. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of First MainStreet Insurance, L.C. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of First MainStreet Insurance, L.C. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about First MainStreet Insurance, L.C. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of First MainStreet Insurance, L.C. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about First MainStreet Insurance, L.C. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FIRST MAINSTREET INSURANCE, L.C. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. Description of the plan

The following brief description of the First MainStreet Insurance, L.C. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

The Plan is a defined contribution 401(k) plan and covers substantially all employees or K-1 producers of First MainStreet Insurance, L.C. and affiliates (collectively, the “Company” or “Plan Sponsor”), who is at least twenty-one years of age and has been employed at least three consecutive months. Employees or K-1 producers become participants on January 1, April 1, July 1 or October 1 immediately following meeting the age and service eligibility requirements. Employees or K-1 producers become eligible for employer contributions on January 1, April 1, July 1, or October 1 immediately following meeting the age requirement and has been employed at least three consecutive months (effective January 1, 2022) or obtaining one year of service and 1,000 hours (prior to January 1, 2022). The Plan allows participants to designate all or a portion of their elective deferrals as Roth elective deferrals. Roth elective deferrals are accounted for separately in the respective participant’s account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On March 27, 2020, The Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was passed by Congress. The CARES Act provided fast and temporary relief for retirement plan sponsors and their participants. The provisions of the CARES Act were allowed to be effective and implemented immediately, prior to amending the plan document. The plan implemented the following relief provisions, which did not have a significant impact on the Plan’s net assets available for benefits. Impacted participants were allowed to make Coronavirus-related distributions of up to \$100,000 before December 31, 2020. In addition, impacted participants could borrow up to \$100,000 or 100% of their vested account balance for 180 days starting March 27, 2020 through September 23, 2020 as well as defer loan payments on notes receivable for one year and required minimum distributions were waived for the 2020 calendar year. The Plan for formally amended for these provisions in 2022.

1. Description of the plan, continued

Contributions

The Plan is funded by contributions from participants in amounts up to 90% of eligible compensation, limited to the maximum amount deductible under the Internal Revenue Code. Participants are automatically enrolled with a 3% deferral rate on the first eligible entry date immediately following meeting the age and service eligibility requirements, if no election is made by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan is also funded by discretionary matching contributions, safe-harbor non-elective contributions and discretionary non-elective contributions. During 2022, the Company elected to pay discretionary matching contributions equal to 50% of each participant's elected salary deferral up to 2% of the participant's compensation for the Plan year, also limited. In addition, the Company made non-elective contributions equal to 3% of each eligible participant's compensation to qualify the Plan under relevant safe-harbor requirements. There were no discretionary non-elective contributions made during 2022. Participants may also rollover or transfer amounts representing distributions from other qualified retirement plans.

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions including employer matching contributions, non-elective contributions, and safe-harbor contributions, plus actual earnings thereon.

Investment options

Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan. For participants who are automatically enrolled, their contributions are invested in default investments as defined in the Plan Agreement. Participants may change their investment options at their discretion; changes become effective the next business day.

The Plan changed its investment custodian to Empower Annuity Insurance Company of America and Empower Trust Company, LLC ("Empower") from Transamerica Life Insurance Company Inc. ("Transamerica") in December 2021. The Plan assets previously held by Transamerica totaling approximately \$3,867,000 were liquidated and invested in a single mutual fund as a holding account with Empower prior to December 31, 2021. In January 2022, these Plan assets were reinvested in the investment options elected by each participant or in the participant's applicable target investment option, if no election was made by the participant.

1. Description of plan, continued

Forfeited accounts

In 2022, there were no forfeited nonvested accounts, however, excess employer contributions were transferred to forfeitures for future use. Forfeitures, to the extent available, may be used to pay Plan expenses, reduce Company contributions, or be allocated as additional employer contributions. There were no forfeitures utilized during 2022. As of December 31, 2022 and 2021, there were \$18,770 and \$15,457, respectively, in forfeitures available for future use.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These limits were temporarily changed under the CARES Act, as previously disclosed. Loan terms cannot exceed five years, unless used to purchase a personal residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon retirement, disability, or termination of service, participants will receive an amount equal to the value of their vested benefit. The Plan provides for lump-sum distributions, installment payments for required minimum distributions or survivor annuity for death benefits. Participants automatically have balances rolled into an individual retirement account for accounts with balances of \$5,000 or less, if no election form is completed.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the contract.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

2. Summary of significant accounting policies, continued

Concentration of investment risk

As of December 31, 2022 and 2021, approximately 92% and -0-% of the Plan's investments were held by one collective investment trust family, respectively. In addition, approximately 82% and 100% of the Plan's investments were held by four individual collective investment trusts and one individual mutual fund as of December 31, 2022 and 2021, respectively. These collective investment trust family, individual collective investment trusts, and individual mutual fund identified held in excess of 10% of the Plan's total investments at December 31, 2022 and 2021.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments included the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits

Benefits are recorded when paid.

Income tax status

The Plan is a nonstandardized prototype plan. The Internal Revenue Service ("IRS") has determined and informed The Finway Group, LLC, in a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been restated since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent events

Plan management has evaluated subsequent events through October 10, 2023 the date the financial statements were available to be issued.

3. Information prepared and certified by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (“Empower”), a party-in-interest

All assets of the Plan were held by Empower, a party-in-interest discussed at Note 8, as of December 31, 2022, and 2021. All transactions during the years ended December 31, 2022 were executed under formal custody agreements between the Plan and Empower. All securities bought, sold or exchanged were executed under these agreements. Such financial information has not been audited by independent auditors.

In accordance with the provisions of Section 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, Transamerica has certified the following unaudited financial information to be complete and accurate with respect to the Plan’s assets held by them as of December 31, 2022 and 2021 and activity for the year ended December 31, 2022:

	2022	2021
Investments at fair value:		
Mutual funds	\$ 250,524	\$ 3,866,675
Collective investment trusts	3,308,476	-
	<u>\$ 3,559,000</u>	<u>\$ 3,866,675</u>
Investment at contract value:		
Guaranteed interest general account	<u>\$ 47,050</u>	<u>\$ -</u>
Notes receivable from participants	<u>\$ 2,311</u>	
Investment income (loss):		
Net depreciation in value of investments	\$ (502,642)	
Interest and dividends	6,070	
Total investment loss	<u>\$ (496,572)</u>	
Interest on notes receivable from participants	<u>\$ 117</u>	

4. Risks and uncertainties

The Plan invests in various investment securities, which in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Collective investment trusts: Valued at the net asset value ("NAV") of units of a common collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions, including redemptions, may occur daily. Were the Plan to initiate a redemption, the investment adviser reserves the right to temporarily delay withdrawal from the trust up to 12 months in order to ensure securities liquidations will be carried out in an orderly business manner. The trust does not have a finite life and the Plan has no unfunded commitments.

5. Fair value measurements, continued

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments at fair value as of December 31, 2022 and 2021, respectively:

	<u>2022</u>	<u>2021</u>
Investments in the fair value hierarchy:		
Level 1 - mutual funds	\$ 250,524	\$ 3,866,675
Investments valued at net asset value:		
Collective investment trusts	<u>3,308,476</u>	<u>-</u>
Total investments at fair value	<u>\$ 3,559,000</u>	<u>\$ 3,866,675</u>

The Plan held no investments in Levels 2 or 3 of the fair value hierarchy as of December 31, 2022 and 2021.

The Plan's policy is to recognize transfers between Levels as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2022 and 2021, there were no transfers.

6. Guaranteed interest general account

The Plan holds a fully benefit-responsive investment contract with Empower. Plan assets invested in the guaranteed interest fund are commingled with the assets in the general account. The account is credited with earnings at the interest rate based on an effective quarterly rate of interest established for the corresponding quarter based on the previous quarter and charged for participant withdrawals and administrative expenses. The Plan's ability to receive amounts due in accordance with this contract is dependent on Empower's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

6. Guaranteed interest general account, continued

The investment contract is fully benefit-responsive for participant-initiated transactions. The average yield earned by the Plan under this contract was 0.93% and 0.90% during 2022 and 2021, respectively. There is no minimum interest rate under the contract. Certain events limit the ability of the Plan to transact at contract value with Empower. Such events include: termination of the group annuity contract, amendments to the Plan document including partial or complete termination, changes to the Plan's prohibition on competing investment options and failure of the trust to qualify for exemption from federal income taxes. The plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The contract may be terminated by the Plan or Empower with at least 75 days written notice.

7. Administrative expenses

The Plan pays substantially all administrative expenses, including fees for the maintenance of investments, contributions and distributions records, processing of related transactions, and investment advisory fees. Loan processing fees and distribution fees are charged directly to respective participant accounts when incurred and are included in administrative expenses. Other administrative expenses, including audit fees, are paid by the Plan Sponsor. For the year ended December 31, 2022, fees were paid to parties-in-interest as follows.

Empower	\$	7,779
Lion Street Advisors, LLC		9,162
The Finway Group, LLC		7,606
	\$	<u>24,547</u>

8. Related party and party-in-interest transactions

The Company has an agreement with Empower to provide record-keeping, custodial, and transaction processing services for the Plan's investments, The Finway Group, LLC to provide administrative services for the Plan, and Lion Street Advisors, LLC to provide investment advisory services to the Plan. Other party-in-interest transactions are described in Notes 3 and 7.

During the 2022 plan year, the Company failed to remit employee contributions and loan payments of \$92,782 to the trust within the time frame required by the Department of Labor under the plan asset rules.
