December 31, 2022 and 2021

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Logicmonitor 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Logicmonitor 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Logicmonitor 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Logicmonitor 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Logicmonitor 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Logicmonitor 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Logicmonitor 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Logicmonitor 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. PLAN DESCRIPTION

The following description of the Logicmonitor 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

On January 1, 2015, LogicMonitor, Inc. (the “Company”) adopted the Logicmonitor 401(k) Plan. The Plan is a defined contribution plan covering all employees of the Company and any participating affiliate who have attained the age of 21 and have completed three months of service. The Plan was amended on May 10, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan

Pursuant to services agreements, Fidelity Management Trust Company, the trustee and the recordkeeper of the Plan, executes most of the administrative activities of the Plan.

Contributions

Each year, participants may contribute up to 80% of pre-tax annual compensation, as defined in the Plan, subject to the annual limitation imposed by the Internal Revenue Code (IRC), which was \$20,500 for 2022. Under IRC regulations, participants who have obtained age 50 before the end of the plan year are eligible to make additional catch-up contributions of up to \$6,500. Participants may change their contribution rates or suspend them at any time. Participants may also contribute amounts representing distributions from other eligible retirement plans. The Plan allows both pre-tax and after tax (Roth) contributions.

Participants may direct contributions to a selection of registered investment companies offered under the Plan’s investment contract or a brokerage account offered under the services agreement with the trustee. Participants may change their investment choices daily.

The Company can make matching and discretionary contributions to the Plan. The percentage of elective deferrals to be matched are determined by the Company and allocated to participants at the end of the plan year. Discretionary contributions are allocated to all employees eligible to participate in the Plan and the participants must be employed at year end to receive the allocation. Company matching contributions for the 2022 plan year were \$1,397,630. There were no discretionary contributions for the year ended December 31, 2022.

1. PLAN DESCRIPTION (Cont.)

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution as applicable and is charged with certain administrative expenses. Contributions are allocated to investments in accordance with participant allocation elections.

Net appreciation or depreciation from investments in registered investment companies are credited or charged to participant accounts based upon the increase or decrease in the market value per unit of investments held. Dividend income is credited to participant accounts based on units held. The benefits to which a participant is entitled are the benefits that can be provided from a participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and/or nonelective contributions plus actual earnings thereon is based on years of service. A participant becomes vested in the Company's contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
At least 1 year, but less than 2 years	33%
At least 2 years, but less than 3 years	66%
3 or more years	100%

Years of service include all years the participant has worked for the Company, regardless of the participant's date of enrollment in the Plan or whether there were breaks in years of service.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loan term is five years or less unless the loan is for the purchase of a principal residence for which the loan term may be up to 30 years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate which is determined at the date of issuance. The interest rates for the loans are between 5.25% and 9.0%. Loan maturities range from 2023 to 2032. Principal and interest are paid through payroll deduction or by payment to the Plan. A loan becomes immediately due and payable upon a participant's termination from employment or death.

1. PLAN DESCRIPTION (Cont.)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a fixed period. At December 31, 2022, all participants who elected to withdraw from the Plan and requested a distribution of their account had received a distribution from the Plan.

Forfeitures

Forfeitures are available to reduce Company contributions and fees to the Plan and during the year ended December 31, 2022 the Company used \$78,718 of forfeitures to reduce employer contributions. Total forfeitures for the year ended December 31, 2022 were \$75,517. Unallocated forfeitures at December 31, 2022 and 2021 were \$13,430 and \$11,556, respectively.

Administrative Expenses

Administrative expenses, other than loan processing fees, check fees and investment management fees for participant brokerage accounts are paid by the Company on behalf of the Plan. Plan administrative expenses paid by the Company for 2022 plan year were approximately \$36,200.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates and Basis of Accounting

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator and management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are traded on a national securities exchange are stated at fair value on the basis of the closing quoted price on the last trading day of the year. Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Dividend income and the net appreciation or depreciation in the fair value of investments is reflected in the statement of changes in net assets available for plan benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Fair Value Measurements

The Financial Accounting Standards Board's Accounting Standard Codification No. 820, Fair Value Measurements and Disclosures (ASC 820), defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. Pursuant to ASC 820, assets and liabilities recorded at fair value are categorized based upon the level of judgment associated with the inputs used to measure fair value. ASC 820 establishes a three-level fair value hierarchy that describes the inputs that are used to measure the fair values of respective assets and liabilities. Investments measured and reported at fair value are classified and disclosed in one of the following categories:

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 – Quoted prices in markets that are not considered to be active or financial instruments or which all significant inputs are observable, either directly or indirectly;
- Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Interest in Registered Investment Companies: Valued at the net asset value (NAV) of shares held by the Plan at the reporting date. The per-share value is the closing price reported on the close of the business day. (Level 1)

Investment Risk

The plan participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provisions as well as those of ERISA and the participants' investment preference dictate the Plan's concentration of credit risk and market risk.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are recorded as distributions to participants.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events and Uncertainties

Management has evaluated subsequent events through October 13, 2023, the date that the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The following table sets forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022:

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Fidelity Management Trust Company, trustee of the Plan, certified certain information as of and for the years ended December 31, 2022 and 2021. The certified information was not audited in accordance with the plan administrator's instructions and as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information included in the accompanying financial statements and supplementary schedules, certified by the trustee, consists of the following as of and for the years ended December 31:

	<u>2022</u>	<u>2021</u>
Investments	\$ 18,501,738	\$ 14,480,550
Notes receivable from participants	306,556	29,963
Net investment (loss) income	(2,933,153)	1,444,067
Interest income on notes receivable from participants	7,604	2,631

5. PLAN TERMINATION

Although the intention of the Company is to continue the Plan indefinitely, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

6. INCOME TAX STATUS

The Plan obtained an opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statement.

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company provided services as recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Expenses paid by the Plan for the 2022 plan year to the recordkeeper was approximately \$75,500.

8. CONCENTRATIONS

As of December 31, 2022, the Plan held four investments that accounted for approximately 56% of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO IRS FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2022 and 2021:
