Independent Auditors' Report

To the Plan Administrative Committee of the
Medical Care, PLLC 401(K) Plan
Kingsport, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Medical Care, PLLC 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MEDICAL CARE, PLLC 401(K) PLAN
Notes to Financial Statements
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Medical Care PLLC, 401(K) Plan (the "Plan") provides only general overview information. Participants should refer to the Plan document for a more complete and thorough description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Medical Care, PLLC and Pine Palms Management LLC (collectively the "Company"), excluding leased employees. Its provisions are governed by the Internal Revenue Code and the Employment Retirement Income Security Act of 1974 ("ERISA"). The plan was established on January 1, 2017.

Administration - The Company has established a committee that is responsible for the general operation and administration of the Plan. The Company is the Plan Sponsor and a fiduciary of the Plan as defined by ERISA. The Trustee provides recordkeeping services to the Plan.

Eligibility - Employees of the Company are eligible to become participants in the Plan through employee deferrals and receive employer non-discretionary matching contributions after completing either 250 hours in the first three month period or after 1,000 hours within one year. Participants also become eligible to receive employer discretionary contributions and non-elective safe harbor contributions upon eligibility in the Plan.

Participant Contributions - Each year, participants may contribute up to 100% of their annual gross compensation, as defined in the Plan, subject to Internal Revenue Code limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained the age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts.

Employer Contributions - The Company makes a non-elective safe-harbor contribution equal to four percent of the eligible employees' compensation. The Company may make a discretionary profit-sharing contribution. The discretionary profit-sharing contribution is made as a percentage of compensation with different rates for non-highly and highly compensated employees. Total employer contributions for the Plan years ended December 31, 2022 and 2021 were, \$312,586 and \$276,510, respectively.

Investment Options - Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a stable value fund, broker link account, target-date retirement funds, and various other mutual funds.

Participant Accounts - Each participant's account is credited with the participant's contributions (including rollovers) and allocations of (a) the company's contributions and (b) plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Administrative and Investment Management Expenses - Investment management fees are charged to the Plan and reduce benefits available to participants. Investment management fees are allocated among the participants.

Parties-in-Interest - There were no prohibited transactions between the Plan and parties-in-interest as defined by ERISA.

Vesting - Participants are immediately vested in their voluntary contributions, rollover contributions, safe-harbor matching, and profit-sharing contributions plus actual earnings thereon.

MEDICAL CARE, PLLC 401(K) PLAN
Notes to Financial Statements (Continued)

NOTE 1 - DESCRIPTION OF PLAN - (Continued)

Payment of Benefits - On termination of service, death, disability, or upon reaching retirement age, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Upon severe hardship, in accordance with Plan provisions, participants may withdraw amounts from their participant contribution account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the plan are prepared using the accrual method of accounting in conformity with generally accepted accounting principles.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Plan Administration Costs - The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Reclassifications - Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation.

Date of Management's Review - Management has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by John Hancock Life Insurance Company, the trustee of the plan:

	<u>2022</u>	<u>2021</u>
Investments	<u>\$ 5,836,799</u>	<u>\$ 6,158,238</u>
Net (depreciation) appreciation of investments	<u>\$(1,045,340)</u>	<u>\$ 722,583</u>

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE - (Continued)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies (Level 1) - The fair value of registered investment companies (mutual funds) is based on quoted net asset values of the shares held by the Plan at December 31, 2022 and 2021.

Common/Collective Trust (Level 2) - The common/collective trust (the "Trust") invests in a variety of investment contracts such as guaranteed investment contracts issued by insurance companies and other financial institutions and other investment products with similar characteristics. The fair value of the Plan's investment in the Trust as reported to the Plan by John Hancock Life Insurance Company represents contributions and deposits made, plus earnings, less participant withdrawals and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value at December 31, 2022 and 2021, respectively:

<u>Fair Value Measurements at December 31, 2022</u>

Total assets in the fair value hierarchy	<u>\$ 6,015,671</u>	<u>\$ 142,567</u>	<u>\$ -</u>	<u>\$ 6,158,238</u>

NOTE 5 - COMMON/COLLECTIVE TRUST

The Plan sponsor has a trust agreement with John Hancock Life Insurance Company which authorizes participation in the Federated Capital Preservation Fund (the "Fund"), a common/collective trust. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment to any other investment option offered under the Plan at any time with no restrictions or penalties. Liquidations initiated at the plan level may require a 12 month written notice. The trustee of the collective trust may waive or reduce the notice requirements if such reduction or waiver would negatively impact the collective trust or other participating trusts. The crediting interest rate of the Fund fluctuates. The average yield earned by the Plan (derived by averaging the Fund's quarterly gross interest rates) for 2022 and 2021 was 1.47% and 1.45%, respectively.

The following table presents additional information about investments in certain entities that calculate net asset value (NAV) as of December 31, 2022 and 2021:

MEDICAL CARE, PLLC 401(K) PLAN
Notes to Financial Statements (Continued)

NOTE 6 - PARTIES-IN-INTEREST

The Company is the administrator of the Plan, and as such executes the normal duties associated therewith. Costs incurred for audit, legal, and other administrative functions are paid by the Company on behalf of the Plan. There were no financial transactions recorded between the Company and the Plan other than contributions made by the Company to the Plan. The Plan invests in funds managed by John Hancock Insurance Company. John Hancock Insurance Company acts as contract holders and record keepers for those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8 - TAX STATUS AND RESTATEMENT OF PLAN

The initial effective date of the Plan was January 1, 2017. Effective January 1, 2022, the Plan was amended and restated and adopted the CCH Incorporated dba FT William Com (the "TPA's software package provider") Non-Standardized Pre-Approved Profit Sharing Plan With CODA. The Internal Revenue Service determined and informed TPA's software package provider by a letter dated June 30, 2020, that the TPA Pre-approved Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan has not filed for its own determination letter. Although the Plan has not been amended since the pre-approved determination letter was issued, therefore the Plan administrator and the Plan's tax counsel believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan recognizes tax loss contingencies when it is probable that a liability had been incurred and the amount of the loss could be reasonably estimated. The amount recognized would be subject to estimates and management's judgment with respect to the likely outcome of each uncertain tax position. Although the tax years ending December 31, 2019 through December 31, 2022 remain open for examination by various taxing authorities, it is management's opinion that no significant uncertain tax positions remain open at December 31, 2022.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options. The underlying investments are exposed to various risks, such as interest rate, liquidity, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.
