INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Cutting Edge Supply 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cutting Edge Supply 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cutting Edge Supply 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cutting Edge Supply 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cutting Edge Supply 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cutting Edge Supply 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cutting Edge Supply 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CUTTING EDGE SUPPLY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of the Cutting Edge Supply 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. General - The Plan is a defined contribution plan with a 401(k)-arrangement covering substantially all employees of Cutting Edge Supply, (the "Company or the "Employer") who have attained the age of 18 years, completed two months of service, and are not leased employees as defined in the Plan. Eligible participants will be automatically enrolled in the Plan on the first day of the month following their completion of two months of service. Fidelity Management Trust Company ("Fidelity") serves as Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. Contributions – Participants may contribute up to 90% of their eligible compensation for the year subject to overall limitations permitted by code section 402(g). Participants will be automatically enrolled at a 3% deferral rate, if no deferral election is made. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make discretionary matching contributions to participants' accounts. The Company currently matches 50% of the first 9% of an employee's eligible compensation. The Company's discretionary matching contributions for 2022 were \$380,611. The Company has also elected to make safe harbor nonelective contributions to all eligible participants in an amount equal to 3% of a participants' eligible compensation. The Company's safe harbor nonelective contributions for 2022 were \$399,148. In addition, each year the Company may contribute to the Plan an amount, if any, which the Company's Board of Directors determines at its discretion (discretionary nonelective). A participant must be employed on the last day of the Plan year to be eligible for any discretionary nonelective contributions. The Company's discretionary nonelective contributions for the year ended December 31, 2022 were \$341,941
- C. Participants Accounts - Each participant's account is credited with the participant's contributions, Plan earnings and, if any, allocations of (1) discretionary matching, (2) safe harbor nonelective and (3) discretionary nonelective contributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.
- D. Vesting - Participants are immediately vested in their elective deferrals, rollover and safe harbor nonelective contributions, plus actual earnings thereon. Participants do not vest in employer discretionary contributions plus actual earnings thereon until they have completed two years of service, at which time they become 20% vested. An employee becomes 40% vested after three years, 60% vested after four years, 80% after five years and fully vested after six years.
- E. Participant Loans – Participants may borrow a minimum of \$1,000 from their fund accounts up to \$50,000 but not in excess of 50% of their vested account balance. Loans are repaid through payroll deductions using an interest rate determined by the Plan Administrator. Loan terms are typically 5 years unless used for the purchase of primary residence in which case the loan term may be extended. As of December 31, 2022, participant loans have maturities through 2036 at interest rates ranging from 4.25 % to 8.0%.
- F. Forfeited Accounts – Forfeitures of terminated participants' non-vested accounts arising from employer contributions are used to restore Participants' account balances, pay Plan expenses and reduce employer contributions. As of December 31, 2022 and 2021 there was \$70,498 and \$50,127 of unallocated forfeitures, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (continued)

- G. Payment of Benefits - Upon termination of service, a participant with a vested account balance of less than \$1,000 will receive their vested benefits through a single lump-sum payment or may elect a rollover into another qualified plan. Participants with vested balances exceeding \$1,000 and less than \$5,000 will be distributed to an individual retirement account or may elect to receive a lump-sum payment. Participants with vested account balances of \$5,000 or greater excluding rollovers may receive their vested benefits in a direct rollover to an individual retirement account or a new employer's qualified plan or through a single lump-sum payment. Upon termination of service due to disability a participant may receive benefits through a single lump-sum payment or a direct rollover to an individual retirement account. If a participant's service is terminated due to death, the participant's beneficiary may receive the value of the participants account through a single lump-sum payment. The Plan also permits in-service distributions for hardships, upon reaching age 59½ or from fully vested employer matching and nonelective contributions provided such amounts have accumulated in the participant's account for at least 2 years.
- H. Participant Investment options – Upon enrollment in the Plan, participants must direct their pretax wage deferrals and any allocations of employer contributions to be invested in various investment options as more fully described in the Plan's literature. Participants may change their mix of investment options at any time throughout the year via telephone or internet access to the Plan's trustee.

Note 2 - Summary of Significant Accounting Policies

- A. Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.
- B. Estimates - The preparation of the Plan financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting periods. Accordingly, actual results could differ from those estimates.
- C. Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.
- Purchases and sales of securities are recorded on a trade-date basis. Interest income is reported on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.
- D. Notes Receivable from Participants – Loans to Participants are stated at their unpaid principal balances plus any accrued but unpaid interest.
- E. Payment of Benefits - Benefits are recorded when paid.
- F. Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (continued)

- G. Subsequent Events – The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

Note 3 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 4 – Information Certified by Fidelity Management Trust Company

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent accountants not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company as of December 31, 2022 and 2021, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of the participant-directed investments in this Plan that was certified by Fidelity as of December 31, 2022 and 2021.

CUTTING EDGE SUPPLY 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

Note 5 - Tax Status

The Company has adopted a form of a non-standard pre-approved profit-sharing plan sponsored by Fidelity Management and Research Co. The pre-approved plan has received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax exempt. The Company has not adopted any provisions outside the scope of the prototype plan.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 – Related-Party Transactions and Party in Interest Transaction

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan for such functions. Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee for the Plan. These transactions qualify as party-in-interest transactions for which a statutory exemption applies.

Note 8 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

CUTTING EDGE SUPPLY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 8 – Fair Value Measurements – (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Collective Investment Trusts: Valued at the net asset value (NAV) of shares held by the plan based on the fair value of its underlying assets reported to Fidelity by the trustees of the collective investment trusts. The NAV is used as a practical expedient to estimate fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Note 9 – Plan Amendments

Effective January 1, 2021, the Plan was amended to allow after-tax (Roth) contributions and not accept rollovers of after-tax employee (Roth) contributions.

Effective March 1, 2021, the Plan was amended to allow “In-Plan Roth Conversions” for employed participants fully vested employee deferral, and safe harbor fixed profit-sharing accounts not designated as Roth contributions and not part of an outstanding loan.

Effective April 5, 2022 the Plan was amended to adopt statutory changes pursuant to the Bipartisan Budget Act of 2018.
