Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

www.oconnorbrooks.com

We have performed audits of the accompanying financial statements of Flexsteel Industries, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Flexsteel Industries, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Principal Trust Company as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Flexsteel Industries, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Flexsteel Industries, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit for the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Flexsteel Industries, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Flexsteel Industries, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) PLAN
(EIN: 42-0442319) (PLAN #007)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 - Description of the Plan:

The following description of the Flexsteel Industries, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General. The Plan is a defined contribution plan with voluntary participation. Assets of the Plan are held by Principal Trust Company (custodian of the Plan). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan covers substantially all employees of Flexsteel Industries, Inc.

Entry Date. Employees become active participants of the Plan on the first day of the month after their hire date.

Contributions. Each year, participants may elect to contribute up to 50% of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral set at 2% of eligible compensation. As of August 15, 2022, the default deferral percentage was changed to 3% of eligible compensation.

For the years ended December 31, 2022 and December 31, 2021, the Company matched 100% of participant contributions up to 5% of compensation.

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in employer matching contributions if they were an active participant as of January 1, 2018. Inactive participants would be subject to the vesting provisions of prior plan documents.

Rollover. A participant may contribute any rollover contribution to which the participant is entitled from another qualified trust. Such rollover contributions are deposited in the participant's account.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. The Plan prohibits loans, with the exception of loans merged into the Plan from Flexsteel Industries, Inc. Retirement Savings Plan.

FLEXSTEEL INDUSTRIES, INC.
401(K) PLAN
(EIN: 42-0442319) (PLAN #007)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 - Description of the Plan: (Continued)

Notes Receivable from Participants. Notes receivable from Participants are secured by the vested balance in the participant's account and bear interest at rates ranging from 4.25% to 5.00%. Loans must be repaid in no more than five years, unless the loan is used for the purchase of a primary residence. Principal and interest payments must be made, at least quarterly under a level amortization table.

Investment Options. Upon enrollment in the Plan, a participant may direct the investment of both participant and employer matching contributions into any available investment option offered by the Plan. Participants may change their investment options daily.

Payments of Benefits. Distributions of benefits are paid upon retirement, death, disability, and in certain hardship cases. Distributions, in certain cases, may also occur on termination of the Plan or disposition of substantially all of the Company's assets or another entity. Otherwise, benefits will be distributed on the date the participant attains age 65, the date of participant's disability (the participant must cease employment to receive this benefit), or the date of participant's termination of employment or death. If a participant's vested account balance is \$5,000 or less, the entire vested account balance shall be payable as a single lump sum upon retirement, death, or termination. For participants whose vested account balance exceeds \$5,000, benefits are paid in an automatic form unless the participant or their beneficiary has selected an optional form:

- * Automatic Forms - The automatic form of retirement benefits shall be in the form of an immediate survivorship life annuity with installment refund for participants with a spouse or a single life annuity with installment refund for participants without a spouse. The automatic form of death benefits shall be: (1) a qualified preretirement survivor annuity for participants who have a spouse to whom they have been continuously married throughout the one-year period ending on the date of their death or (2) a single-sum payment to the participant's beneficiary for participants who do not have a spouse who is entitled to the qualified preretirement survivor annuity.

The annuity benefit selection would result in the participant's respective assets being fully distributed from the Plan and provided to a third party. The participant would then enter into a separate annuity contract with the respective third party outside of the Plan.

FLEXSTEEL INDUSTRIES, INC.
401(K) PLAN
(EIN: 42-0442319) (PLAN #007)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 - Description of the Plan: (Continued)

Payments of Benefits (continued) -

- * Optional Forms - The optional forms of death benefits are a single-sum payment and any annuity that is an optional form of retirement benefit. However, the full flexibility option shall not be available if the beneficiary is not the spouse of the deceased participant.

The optional forms of retirement benefits shall be: (1) straight life annuity; (2) single life annuities with certain periods of 5, 10, or 15 years; (3) single life annuity with installment refund; (4) survivorship life annuities with installment refund and survivorship percentages of 50%, 66-2/3%, 75% or 100%; (5) fixed period annuities; (6) a series of installments chosen by the participant with a minimum payment each year beginning with age 70-1/2 (full flexibility option); or (7) single-sum payment.

The annuity benefit selection would result in the participant's respective assets being fully distributed from the Plan and provided to a third party. The participant would then enter into a separate annuity contract with the respective third party outside of the Plan.

Forfeited Accounts. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$0 and \$1,071, respectively. These accounts will be used to reduce future employer contributions. Also, in 2022, employer contributions were reduced by \$31,703 from forfeited non-vested accounts.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting. The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates. The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition. Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements and valuations.

FLEXSTEEL INDUSTRIES, INC.
401(K) PLAN
(EIN: 42-0442319) (PLAN #007)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 2 - Summary of Significant Accounting Policies (continued):

Investment Valuation and Income Recognition (continued). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative Expenses. Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses incurred by the Plan are paid by the Company, and are not included in the financial statements of the Plan.

Payment of Benefits. Benefit payments to participants are recorded when paid.

Note 3 - Information Certified by Principal Trust Company (Unaudited):

The following information included in the accompanying financial statements, the accompanying notes, and supplemental schedule were prepared in part or entirely from information certified by Principal Trust Company in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Principal Trust Company certified to the completeness and accuracy of investments of \$74,194,479 and \$92,535,659 at December 31, 2022 and 2021, respectively.

Principal Trust Company certified to the completeness and accuracy of \$(15,748,602) of net depreciation in investments (including investments bought, sold, and held) and \$35,242 of interest, dividends, and other income related to the aforementioned investments for the year ended December 31, 2022.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 4 - Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. There were no Plan assets requiring the use of Level 2 or Level 3 inputs for the years presented. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

	2022	2021
	-----	-----
Level 1 Assets:		
Mutual funds	\$ 3,585,512	\$ 5,297,633

Level 1 Fair Value Measurements

Mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

FLEXSTEEL INDUSTRIES, INC.
401(K) PLAN
(EIN: 42-0442319) (PLAN #007)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 4 - Fair Value Measurements: (Continued)

Pooled separate accounts invest in mutual funds that use publicly quoted pricing inputs to determine the net asset values.

Collective investment trust funds invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The collective investment trust funds do not use publicly quoted pricing inputs, however, the fair values are available to current investors via Principal's website or when plan participants access their account values.

The Plan Administrator determines the fair value measurement policies and procedures in consultation with the Plan Trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2022 are reported in net depreciation in fair value of investments.

Note 5 - Party-In-Interest Transactions:

Certain plan investments are shares of pooled separate accounts managed by Principal Life Insurance Company and collective investment trust funds managed by Principal Global Investors Trust Company. These companies are affiliated with Principal Trust Company. Principal Trust Company provides all servicing functions for the Plan and, therefore, those transactions qualify as party-in-interest transactions.

The amounts invested with parties-in-interest at December 31, 2022 and 2021 are \$51,401,695 and \$61,527,750. Fees paid by the Plan for investment management services and benefit payment processing fees amounted to \$97,652 for the year ended December 31, 2022.

Participant notes receivable from the Plan given to parties-in-interest totaled \$0 and \$1,791 for the years ended December 31, 2022 and 2021.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 6 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Note 8 - Income Tax Status:

The Plan has adopted a prototype plan sponsored by Principal Life Insurance Company which received a favorable determination letter dated June 30, 2020, which states that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 9 - Delinquent Participant Contributions:

As reported on the supplemental schedule of delinquent participant contributions (Schedule H, Part IV, Line 4a), \$25 of participant contributions were not remitted to the trust within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2022. The delinquent participant contributions were fully corrected by December 31, 2022, outside the Voluntary Fiduciary Correction Program ("VFCP") in accordance with VFCP guidelines.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 10 - SECURE Act 2.0:

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

Note 11 - Subsequent Events:

The Plan's management has evaluated events and transactions for potential financial statement recognition or disclosure through October 16, 2023, the date the financial statements were available to be issued.
