Administrative Committee
AVI-SPL 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of AVI-SPL 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

KRESTON GLOBAL

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of AVI-SPL 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan that covers substantially all employees of AVI-SPL, Global, LLC (FKA AVI-SPL, Inc.) and its wholly owned subsidiaries. Further, due to the acquisition and restructuring of the organization which occurred during 2020, certain entities previously identified in the financial statements have either had a name change and/or merged into newly created entities primarily structured as disregarded entities for federal tax purposes but considered regarded entities for legal purposes.

Accordingly, the following shall be representative of the entities/subsidiaries included in the current year financial statements. They are as follows:

- AVI-SPL, LLC; formerly known as Audio Visual Innovations, Inc.
- VideoLink, LLC
- Signal Perfection Ltd. merged into AVI-SPL, LLC
- AVI Rental Services Division, LLC merged into AVI-SPL, LLC
- AVI Marketplace Inc. merged into AVI-SPL, LLC
- Anderson Audio Visual, Inc. merged into AVI-SPL, LLC
- Interactive Solutions, Inc. merged into AVI-SPL, LLC
- Digital Video Networks, Inc. merged into AVI-SPL, LLC
- Audio Fidelity Communications dba The Whitlock Group merged into AVI-SPL, LLC
- SKC Communications Products, LLC merged into AVI-SPL, LLC

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective August 25, 2021, the Plan was formally amended and restated.

(b) Contributions

An employee is eligible to participate in the Plan after the employee reaches 18 years of age and has completed one month of service. Employees are eligible to participate in the discretionary matching contribution portion of the Plan after completion of one year of service, as defined.

(1) Description of Plan - Continued

(b) Contributions - Continued

Each year, participants may elect to contribute up to 60% of their pre-tax annual compensation, as defined by the Plan, not to exceed $20,500 in 2022. As allowed by the Internal Revenue Service, the limit on catch-up elective deferrals for participants age 50 and over was an additional $6,500 for the 2022 plan year.

The Company may make matching contributions, at its discretion, equal to the declared percentage of participant deferrals for the period. The Company's discretionary match formula for 2022 was 18.5% of employee deferrals up to a maximum of 6% of eligible compensation, as defined. For the year ended December 31, 2022, the Company elected to contribute approximately $1,954,000 towards the employer match. Of this amount, approximately $130,000 was paid using forfeited account balances during 2022. Additional amounts may be contributed at the option of the Company. There were no additional contributions made during 2022.

The Plan accepts rollovers and direct transfers from other tax-qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, if any, an allocation of the Company's additional discretionary contribution, if any, and plan earnings. Each participant's account is charged with an allocation of plan losses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their salary deferrals, voluntary rollovers, and the actual allocated earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings for all participants occurs under the following schedule:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

(1) Description of Plan - Continued

(e) Investment Options

The Plan permits participants to direct the investment of their elective deferrals and Company contributions into various investments offered by the Plan.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.00% as of December 31, 2022. Loan terms range from one to five years unless the loan is for the purchase of a primary residence. Principal and interest are paid through payroll deductions.

(g) Payment of Benefits

Upon termination, retirement, attainment of age 59 ½, death, disability or financial hardship, the participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account under several options. A participant may elect to rollover the vested portion of their account to another qualified plan. A participant may also elect to receive a single lump sum payment subject to withholding for income taxes, or receive installment payments.

(h) Forfeitures

All forfeitures of plan assets will be used to offset future employer matching contributions. The remaining non-vested accounts available to offset future employer matching contributions were approximately $111,300 and $15,600 at December 31, 2022 and 2021, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts in the statements of net assets available for benefits and changes in net assets available for benefits. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies - Continued

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded at the ex-dividend date. The net depreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

The Fidelity Advisor Stable Value Fund ("Fund") is a common/collective trust stable value fund. The Fund invests principally in assets (fixed-income security or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds. The Fund is valued by Fidelity Management Trust Company ("Fidelity") based on the unit value of the funds. This common/collective trust has underlying investments in investment contracts which are valued at estimated fair value of the underlying investments and then adjusted to contract value.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Interest income related to the notes receivable from participants has been separately presented as interest income - notes receivable from participants.

(e) Administrative Expenses

Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

(f) Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(2) Summary of Significant Accounting Policies - Continued

(g) Unit Values

Individual participant accounts for the common collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

(3) Trustee Certification of Plan Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Total investments
- Notes receivable from participants
- Interest and dividend income - investments
- Interest income - notes receivable from participants
- Net realized and unrealized depreciation in fair value of investments
- Schedule of Assets (Held at End of Year)

The Plan's independent auditors' did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(5) Income Tax Status

The Plan has adopted a prototype plan. The prototype plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the prototype plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is thus exempt from federal income taxes under the provisions of Section 401(a).

(5) Income Tax Status - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Parties-in-Interest

The Plan's investments are managed by an affiliate of Fidelity. Fidelity acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions. Additionally, notes receivable from participants are managed by Fidelity. These transactions qualify as party-in-interest transactions, however they are expressly exempt from prohibited transaction rules.

(7) Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	$ 168,486,160	172,578,868
Contributions receivable - employer	(989,286)	(810,148)
Contract value adjustment for common collective trust	(348,871)	38,122
Net assets available for benefits per Form 5500	$ 167,148,003	171,806,842

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements for the year ended December 31, 2022 to net loss per Form 5500:

Net decrease in net assets available for benefits per the financial statements	$ (21,163,289)
Contributions receivable - employer	(179,138)
Contract value adjustment for common collective trust	(386,993)
Net loss per Form 5500	$ (21,729,420)

(8) Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

(a) Quoted prices for similar assets or liabilities in active markets;

(b) Quoted prices for identical or similar assets or liabilities in inactive markets;

(c) Inputs other than quoted prices that are observable for the asset or liability;

(d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Registered Investment Companies: valued at quoted market prices in an exchange and active markets, which represent the net asset values ("NAV") of shares held by the Plan at year end and are classified as Level 1 investments.

Common/Collective Trust: valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(8) Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

		Fair Value Measurements at Reporting Date Using		
Description	**Assets Measured at Fair Value at December 31, 2022**	**Quoted Prices in Active Markets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Registered investment companies	$ 159,736,781	159,736,781	-	-
Investments measured at NAV	5,182,494 **(a)**			
Investments, at fair value	$ 164,919,275			

		Fair Value Measurements at Reporting Date Using		
Description	**Assets Measured at Fair Value at December 31, 2021**	**Quoted Prices in Active Markets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Registered investment companies	$ 165,821,180	165,821,180	-	-
Investments measured at NAV	3,677,769 **(a)**			
Investments, at fair value	$ 169,498,949			

(a) *In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

(9) Transfer In

During December 2021, AVI-SPL acquired SKC Communications Products, LLC. The SKC Communications Products, LLC 401(k) Plan assets of approximately $16,865,000 were transferred to the AVI-SPL Plan during June 2022. The total amount of loans transferred into the AVI-SPL Plan as a result of the acquisition totaled approximately $206,000.

(10) Subsequent Events

The Plan's management has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 16, 2023, the date the financial statements were available to be issued.

Plan management amended the plan document effective June 1, 2023 to remove the option for after-tax employee contributions to the plan.

On April 1, 2023, AVI-SPL, Global, LLC acquired ADTECH Systems, LLC. Effective June 1, 2023, the ADTECH Systems, LLC 401(k) Plan merged into the AVI-SPL Plan, with approximately $5.4 million in assets.

Administrative Committee
AVI-SPL 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of AVI-SPL 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

KRESTON GLOBAL

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of AVI-SPL 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan that covers substantially all employees of AVI-SPL, Global, LLC (FKA AVI-SPL, Inc.) and its wholly owned subsidiaries. Further, due to the acquisition and restructuring of the organization which occurred during 2020, certain entities previously identified in the financial statements have either had a name change and/or merged into newly created entities primarily structured as disregarded entities for federal tax purposes but considered regarded entities for legal purposes.

Accordingly, the following shall be representative of the entities/subsidiaries included in the current year financial statements. They are as follows:

- AVI-SPL, LLC; formerly known as Audio Visual Innovations, Inc.
- VideoLink, LLC
- Signal Perfection Ltd. merged into AVI-SPL, LLC
- AVI Rental Services Division, LLC merged into AVI-SPL, LLC
- AVI Marketplace Inc. merged into AVI-SPL, LLC
- Anderson Audio Visual, Inc. merged into AVI-SPL, LLC
- Interactive Solutions, Inc. merged into AVI-SPL, LLC
- Digital Video Networks, Inc. merged into AVI-SPL, LLC
- Audio Fidelity Communications dba The Whitlock Group merged into AVI-SPL, LLC
- SKC Communications Products, LLC merged into AVI-SPL, LLC

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective August 25, 2021, the Plan was formally amended and restated.

(b) Contributions

An employee is eligible to participate in the Plan after the employee reaches 18 years of age and has completed one month of service. Employees are eligible to participate in the discretionary matching contribution portion of the Plan after completion of one year of service, as defined.

(1) Description of Plan - Continued

(b) Contributions - Continued

Each year, participants may elect to contribute up to 60% of their pre-tax annual compensation, as defined by the Plan, not to exceed $20,500 in 2022. As allowed by the Internal Revenue Service, the limit on catch-up elective deferrals for participants age 50 and over was an additional $6,500 for the 2022 plan year.

The Company may make matching contributions, at its discretion, equal to the declared percentage of participant deferrals for the period. The Company's discretionary match formula for 2022 was 18.5% of employee deferrals up to a maximum of 6% of eligible compensation, as defined. For the year ended December 31, 2022, the Company elected to contribute approximately $1,954,000 towards the employer match. Of this amount, approximately $130,000 was paid using forfeited account balances during 2022. Additional amounts may be contributed at the option of the Company. There were no additional contributions made during 2022.

The Plan accepts rollovers and direct transfers from other tax-qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, if any, an allocation of the Company's additional discretionary contribution, if any, and plan earnings. Each participant's account is charged with an allocation of plan losses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their salary deferrals, voluntary rollovers, and the actual allocated earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings for all participants occurs under the following schedule:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

(1) Description of Plan - Continued

(e) Investment Options

The Plan permits participants to direct the investment of their elective deferrals and Company contributions into various investments offered by the Plan.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.00% as of December 31, 2022. Loan terms range from one to five years unless the loan is for the purchase of a primary residence. Principal and interest are paid through payroll deductions.

(g) Payment of Benefits

Upon termination, retirement, attainment of age 59 ½, death, disability or financial hardship, the participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account under several options. A participant may elect to rollover the vested portion of their account to another qualified plan. A participant may also elect to receive a single lump sum payment subject to withholding for income taxes, or receive installment payments.

(h) Forfeitures

All forfeitures of plan assets will be used to offset future employer matching contributions. The remaining non-vested accounts available to offset future employer matching contributions were approximately $111,300 and $15,600 at December 31, 2022 and 2021, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts in the statements of net assets available for benefits and changes in net assets available for benefits. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies - Continued

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded at the ex-dividend date. The net depreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

The Fidelity Advisor Stable Value Fund ("Fund") is a common/collective trust stable value fund. The Fund invests principally in assets (fixed-income security or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds. The Fund is valued by Fidelity Management Trust Company ("Fidelity") based on the unit value of the funds. This common/collective trust has underlying investments in investment contracts which are valued at estimated fair value of the underlying investments and then adjusted to contract value.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Interest income related to the notes receivable from participants has been separately presented as interest income - notes receivable from participants.

(e) Administrative Expenses

Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

(f) Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(2) Summary of Significant Accounting Policies - Continued

(g) Unit Values

Individual participant accounts for the common collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

(3) Trustee Certification of Plan Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Total investments
- Notes receivable from participants
- Interest and dividend income - investments
- Interest income - notes receivable from participants
- Net realized and unrealized depreciation in fair value of investments
- Schedule of Assets (Held at End of Year)

The Plan's independent auditors' did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(5) Income Tax Status

The Plan has adopted a prototype plan. The prototype plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the prototype plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is thus exempt from federal income taxes under the provisions of Section 401(a).

(5) Income Tax Status - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Parties-in-Interest

The Plan's investments are managed by an affiliate of Fidelity. Fidelity acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions. Additionally, notes receivable from participants are managed by Fidelity. These transactions qualify as party-in-interest transactions, however they are expressly exempt from prohibited transaction rules.

(7) Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	$ 168,486,160	172,578,868
Contributions receivable - employer	(989,286)	(810,148)
Contract value adjustment for common collective trust	(348,871)	38,122
Net assets available for benefits per Form 5500	$ 167,148,003	171,806,842

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements for the year ended December 31, 2022 to net loss per Form 5500:

Net decrease in net assets available for benefits per the financial statements	$ (21,163,289)
Contributions receivable - employer	(179,138)
Contract value adjustment for common collective trust	(386,993)
Net loss per Form 5500	$ (21,729,420)

(8) Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

(a) Quoted prices for similar assets or liabilities in active markets;

(b) Quoted prices for identical or similar assets or liabilities in inactive markets;

(c) Inputs other than quoted prices that are observable for the asset or liability;

(d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Registered Investment Companies: valued at quoted market prices in an exchange and active markets, which represent the net asset values ("NAV") of shares held by the Plan at year end and are classified as Level 1 investments.

Common/Collective Trust: valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(8) Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

		Fair Value Measurements at Reporting Date Using		
Description	**Assets Measured at Fair Value at December 31, 2022**	**Quoted Prices in Active Markets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Registered investment companies	$ 159,736,781	159,736,781	-	-
Investments measured at NAV	5,182,494 **(a)**			
Investments, at fair value	$ 164,919,275			

		Fair Value Measurements at Reporting Date Using		
Description	**Assets Measured at Fair Value at December 31, 2021**	**Quoted Prices in Active Markets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Registered investment companies	$ 165,821,180	165,821,180	-	-
Investments measured at NAV	3,677,769 **(a)**			
Investments, at fair value	$ 169,498,949			

(a) *In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

(9) Transfer In

During December 2021, AVI-SPL acquired SKC Communications Products, LLC. The SKC Communications Products, LLC 401(k) Plan assets of approximately $16,865,000 were transferred to the AVI-SPL Plan during June 2022. The total amount of loans transferred into the AVI-SPL Plan as a result of the acquisition totaled approximately $206,000.

(10) Subsequent Events

The Plan's management has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 16, 2023, the date the financial statements were available to be issued.

Plan management amended the plan document effective June 1, 2023 to remove the option for after-tax employee contributions to the plan.

On April 1, 2023, AVI-SPL, Global, LLC acquired ADTECH Systems, LLC. Effective June 1, 2023, the ADTECH Systems, LLC 401(k) Plan merged into the AVI-SPL Plan, with approximately $5.4 million in assets.
