Independent Auditor's Report

Plan Administrator
Tenable, Inc. 401(k) Plan & Trust
Columbia, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of the Tenable, Inc. 401(k) Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year)) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the ERISA-required supplemental schedule, we evaluated whether the ERISA-required supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the ERISA-required supplemental schedule, other than the information in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the ERISA-required supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

1. Description of the Plan

The following brief description of the Tenable, Inc. 401(k) Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement and any amendments thereto for a more complete description of the Plan's provisions.

General

Effective January 1, 2006, Tenable, Inc., (the Company), established the Plan as a defined contribution plan covering substantially all employees of Tenable, Inc. and Tenable Public Sector, LLC (collectively, the Company) who are age 18 or older. Employees who are covered by a collective bargaining agreement, leased employees, and nonresident aliens are excluded from plan participation. Interns, part-time employees and temporary employees are eligible if they have attained age 21 and have completed 1,000 hours of service with the Company. Eligible employees may enroll in the Plan on the first day of each month immediately upon their date of hire. The Plan was amended and restated on January 1, 2016 pursuant to the provisions of Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective February 1, 2022, the TriNet 401(k) Plan for employees of Accurics, Inc., a multi-employer plan, merged into the Plan. Assets transferred in February 2022 totaled \$439,387. On January 1, 2022, the employees of Accurics, Inc. became eligible to participate in the Plan.

The Plan was also amended, effective February 1, 2022, to allow the participants that merged from a portion of the TriNet 401(k) Plan for employees of Accurics, Inc. on February 1, 2022, to become fully vested in all discretionary profit sharing and employer matching contributions for plan years beginning after December 31, 2006 until the date of the merger. The Plan was further amended to provide for ratable vesting over four years for these same participants for employer match contributions made as participants in the Tenable, Inc. 401(k) Plan and Trust beginning February 1, 2022.

Effective March 23, 2022, the Plan adopted the restated pre-approved plan from Fidelity Management & Research Company to reflect remedial amendments associated with its restatement of its prototype plan (Note 7).

Trustee, Custodian, and Administration of the Plan

The trustee, custodian and recordkeeper of the Plan is Fidelity Management Trust Company (Fidelity). The administrator of the Plan is the Company. Fidelity holds all assets of the Plan in accordance with the service provider contract with the Company. The Company's Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Tenable, Inc. 401(k) Plan & Trust

Notes to the Financial Statements

Contributions

Participating employees may elect to make before or after-tax contributions to the Plan from 1% to 86% of pretax compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to 100% of eligible compensation. The Plan also allows for Roth contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2016, the Plan adopted the provisions of a Safe Harbor Plan whereby the Company makes a 100% vested, dollar-for-dollar matching contribution for all participating employees, on the first 4% of each employee's eligible compensation. The Company may make additional voluntary discretionary profit sharing contributions to all participants who are employed on the last of the year; however, no such contributions were made for 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Contributions made to the Plan and earnings thereon are maintained in separate accounts for each participant. Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, and the Company's matching contributions, as well as allocations of the Company's profit sharing contributions, if any, and Plan earnings.

Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and Safe Harbor matching contributions, plus actual earnings thereon. Vesting in the employer's profit sharing contributions is ratable over four years of service with the Company.

Forfeitures

Participants terminating employment before they are fully vested forfeit the nonvested portion of their accounts. Forfeitures may be used to pay administrative expenses of the Plan or may be applied to reduce the amount of future employer contributions. For the year ended December 31, 2022, the Plan applied forfeitures of \$67,019 to reduce employer contributions.

Tenable, Inc. 401(k) Plan & Trust

Notes to the Financial Statements

For the years ended December 31, 2022 and 2021, unused and unallocated forfeitures available to reduce future employer contributions totaled \$8,141 and \$19,720 respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance, or \$50,000 reduced by the highest outstanding balance of any prior loans from the Plan during the prior one-year period. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. All notes are payable within five years unless the note was made to purchase a principal residence, in which case the note may be repaid over a period not to exceed ten years. Principal and interest payments are made ratably through semi-monthly payroll deductions. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC. Each participant may not have more than 1 loan outstanding at any time.

Payment of Benefits

Amounts credited to an individual participant's account are eligible for distribution upon termination of employment, retirement, death, or disability, generally as a lump sum.

In certain hardship situations, as described by the Plan, participants may withdraw part of their account balances while actively employed. The hardship withdrawal may be subject to a 10% excise tax imposed by the IRC and a minimum of \$500 must be withdrawn.

A qualified reservist distribution from the Plan is available to a person who, because he or she is a member of a reserve component, was ordered or called to active duty for more than 179 days (or for an indefinite period), and the qualified reservist distribution was made during the period that began or begins on the date of the order or call to duty and ended or ends at the close of the active-duty period.

Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is \$1,000 or less. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance may be automatically rolled into an IRA unless otherwise elected.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

Tenable, Inc. 401(k) Plan & Trust

Notes to the Financial Statements

Revenue Credits

The Plan's trust agreement with Fidelity provides for a participant revenue credit arrangement, whereby the trustee allocates quarterly deposits into the accounts of eligible participants who are invested in certain funds. Unallocated revenue credits at December 31, 2022 and 2021 are \$2,835 and \$0, respectively. During 2022, the Plan received credits of approximately \$48,756, which were used to pay administrative expenses. Administrative expenses are presented net of revenue credits in the statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from the estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 3 for additional information related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Tenable, Inc. 401(k) Plan & Trust

Notes to the Financial Statements

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year), including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule of assets (held at end of year), including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data correlation or other means.

Tenable, Inc. 401(k) Plan & Trust

Notes to the Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to their fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable securities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at net asset value (NAV).

Collective Trust Funds: Valued at NAV per unit. Units of each fee class of each Fund are valued each day on which the New York Stock Exchange (NYSE) is open for trading in accordance with the valuation procedures established by the Trustee. The NAV per unit is calculated as of the close of trading on the NYSE each day. The NAV per unit is computed by dividing the total fair value of the assets of a Fund, less its liabilities, by the total number of units outstanding at the time of such computation. There are no unfunded commitments associated with these collective trust funds and they are direct filing entities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

Tenable, Inc. 401(k) Plan & Trust

Notes to the Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2022 and 2021:

Notes to the Financial Statements

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and/or terminate the Plan subject to the applicable provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their employer contributions.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity or its subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Fidelity by participants. The Plan also receives revenue credits from Fidelity. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Income Tax Status

The IRS ruled on March 31, 2014, that the Volume Submitter Profit Sharing Plan with CODA (the prototype plan of Fidelity for employee benefit plans upon which the Plan is based) qualifies under Section 401(k) of the IRC and, therefore, the related trust is exempt from taxation. The opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC.

Effective March 23, 2022, the Plan adopted the Non-Standardized Pre-Approved Profit Sharing Plan with CODA (Pre-Approved Plan) established by Fidelity Management & Research Company. The IRS ruled on June 30, 2020, that the Pre-Approved Plan, including related amendments, as designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan is currently designed and is being operated in accordance with the IRC.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the

Tenable, Inc. 401(k) Plan & Trust

Notes to the Financial Statements

values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

9. Subsequent Events

Subsequent events were evaluated through October 13, 2023, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements
