INDEPENDENT AUDITORS' REPORT

Plan Administrator and Management of
PCI 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PCI 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of November 14, 2022 (Date of Merger) and December 31, 2021, and the related statement of changes in net assets available for benefits for the period January 1, 2022 to November 14, 2022 (Date of Merger), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PCI 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 14, 2022 (Date of Merger) and December 31, 2021 and for the period January 1, 2022 to November 14, 2022 (Date of Merger), stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PCI 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Merger

As discussed in Note 1 to the financial statements, the Plan merged with the OneOncology Retirement Plan on November 14, 2022, and all assets were transferred to OneOncology Retirement Plan effective November 14, 2022 (Date of Merger). Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PCI 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PCI 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PCI 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1: DESCRIPTION OF THE PLAN

The following description of the PCI 401(K) Plan (the Plan) provides only general information. Refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan covers the eligible employees of Piedmont Cancer Institute, PC (the Company or Plan Sponsor) in Atlanta, Georgia. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Board of Trustees is responsible for oversight of the Plan. The Piedmont Cancer Institute Retirement Committee (Retirement Committee) determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Some administrative functions were performed by employees of the Company. No compensation was remitted to the Company for these services. The Plan Sponsor designated a member of the Company's management to perform as the Plan Administrator who ensured that the Plan was administered in accordance with the Plan's agreements and amendments.

Plan assets were held and managed by Fidelity Management Trust Company (Fidelity), the trustee and the qualified institution for the Plan, which invested contributions and Plan earnings, made investment transactions as directed by the Retirement Committee and provided certain recordkeeping services.

On August 1, 2021, the assets of the Company were purchased by a private equity group and the Company entered into a management services agreement with OneOncology. The Plan merged with the OneOncology Retirement Plan on November 14, 2022, and all assets were transferred to OneOncology Retirement Plan effective November 14, 2022 (Date of Merger).

Effective January 1, 2022, the Plan was frozen and contributions were suspended. While the Plan was frozen, the definition of compensation for purposes of determining contributions did not include compensation earned after the date the Plan was frozen. Plan assets were held on behalf of participants and their beneficiaries until distributed in accordance with the Plan terms and through final transfer of remaining assets to OneOncology Retirement Plan on November 14, 2022 (Date of Merger).

The following is a description of the Plan prior to the Plan merger with OneOncology Retirement Plan:

Eligibility

As of January 1, 2019, all employees are eligible to participate in the Plan upon reaching age 21 and completing three months of service. Prior to January 1, 2019, all employees were eligible to participate in the Plan upon reaching age 21 and completing one year of service. Participants will then enter the Plan on the first day of each month that coincides with or next follows the date on which the participants satisfy the eligibility requirements.

Effective January 1, 2022, the Plan was frozen to new entrants and contributions.

Note 1: DESCRIPTION OF THE PLAN (Continued)

Contributions

Each participant may make pre-tax and Roth contributions of up to 100% of eligible compensation as defined by the Plan. Participants may also contribute amounts representing distributions from other eligible retirement plans (i.e. rollover contributions), as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. As of January 1, 2019, the Company makes a contribution of 3 percent and 50% of the next 2% of eligible compensation contributed to the Plan upon the participants satisfying the eligibility requirements, also known as safe harbor employer contributions. Prior to January 1, 2019, the Company made a safe harbor contribution of 3 percent of eligible compensation. Additional profit-sharing amounts may be contributed at the discretion of the Company's Board of Directors. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Effective January 1, 2022, contributions under the Plan were suspended.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollovers, the Company's contribution and earnings on the investments, and is charged with certain fees related to specific investment options chosen by the participant, specific transactions and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor employer contributions, plus actual earnings thereon. Vesting in the Company's profit-sharing contributions is based on the covered years of service as defined. A participant is fully vested after six years of completed covered years of service. A covered year of service is a twelve-month period ending December 31. A participant is also fully vested upon reaching normal retirement age, upon death, or upon becoming totally and permanently disabled.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 from their Plan account up to a maximum equal to the lesser of 50% of their vested balance or \$50,000. Note terms may not exceed 5 years except for those used for the purchase of a participant's primary residence. The notes are secured by the balance in the participant's account. The loan interest rate is set at 1.0% above the prime rate, as defined, on the date of the loan. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

On termination of service, a participant may elect to receive a lump sum distribution equal to the vested portion of his or her account balance or elect to defer payment until retirement age of 65 as a lump sum distribution. Upon termination of service due to death, a beneficiary may elect to receive a lump sum amount equal to the value of the deceased participant's vested interest in his or her account or installments for Required Minimum Distributions, as defined in the Plan's agreements and amendments. For terminated participants whose account balances are less than \$1,000, the entire balance may be distributed in the form of a lump sum payment at the election of the Plan Administrator. The Plan also allows for other in-service distributions.

Note 1: DESCRIPTION OF THE PLAN (Continued)

Forfeitures

As of November 14, 2022 (Date of Merger) and December 31, 2021, forfeited, non-vested balances totaled \$0 and \$3,436, respectively.

Forfeitures may be used to pay the Plan's administrative fees and to reduce Plan Sponsor contributions with any remaining amounts being allocated equally based on annual compensation of remaining participants. Forfeiture contributions retain their original discretionary contribution type.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC) and in accordance with the plan agreement, a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements and NAV.

The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded. If a participant ceases to make scheduled repayments and the Plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Employer. During the period ended November 14, 2022 (Date of Merger), expenses of \$4,135 were paid by the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 16, 2023, determined there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: INFORMATION CERTIFIED BY QUALIFIED INSTITUTION

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements was obtained by management and agreed to or derived from information certified as complete and accurate by the qualified institution:

- a) Total investments, at fair value, included in the statements of net assets available for benefits at November 14, 2022 (Date of Merger) and December 31, 2021, except for limited partnership interest.
- b) Notes receivable from participants, included in the statements of net assets available for benefits at November 14, 2022 (Date of Merger) and December 31, 2021.
- c) Investment income, net depreciation in fair value of investments and interest income on notes receivable from participants included in the statement of changes in net assets available for benefits for the period ended November 14, 2022 (Date of Merger).
- d) All amounts included in Note 4, *Fair Value Measurements* except limited partnership interest.

Note 4: FAIR VALUE MEASUREMENTS

Prior to the Plan merger with OneOncology Retirement Plan, fair value measurements were as follows. Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 14, 2022 (Date of Merger) and December 31, 2021.

Money market fund: Valued at the last reported market sales price on the last day of the fiscal year.

**PCI 401(k) Plan
Notes to Financial Statements**

Note 4: FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Limited Partnership: Valued at NAV. In accordance with authoritative guidance, the Plan may measure the fair value of an interest in an investment entity based upon the NAV of the entity, if the entity does not have a readily determinable fair value. The limited partner investment in Highway 316, L.P. (the Partnership) qualifies for this treatment and the fair value is the NAV of the Plan's 3.125% interest in partners' capital (investment acquisition cost), which Plan management believes to be the most reliable estimate. This investment originated in the plan of an entity which merged with the Plan's Sponsor in 2015, and is allocated in accordance with the related trust agreement to participants who entered the Plan due to this merger. The Partnership has invested primarily in undeveloped real estate, which is not income producing located in Gwinnett County, Georgia, and \$139,000 in cash.

The preceding methods described may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
<i>December 31, 2021</i>				
Mutual funds	\$ 18,126,381	\$ -	\$ -	\$ 18,126,381
Money market funds	439,253	-	-	439,253
	\$ 18,565,634	\$ -	\$ -	18,565,634
Limited partnership ^(A)				13,302
Total investments at fair value				\$ 18,578,936

^(A) Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

Note 4: FAIR VALUE MEASUREMENTS (Continued)

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes information related to the Partnership measured at fair value based on NAV per share as of December 31, 2021.

Year-End	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2021	\$ 13,302	\$0	When underlying asset sold	Once underlying investment is sold

Note 5: TAX STATUS

The Plan adopted an amended and restated Volume Submitter Profit Sharing with CODA, which received an opinion letter dated June 30, 2020. The letter indicates that the Plan and related trust is designed in accordance with the applicable regulations of the IRC. The Plan itself has not received a determination letter and the Volume Submitter Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt.

Tax positions are recognized only if it is “more likely than not” that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services and a portion of administrative services are included in net appreciation or depreciation of investments as they are paid through a revenue sharing arrangement rather than a direct payment. The Plan also makes direct payments for administrative services not covered by revenue sharing. The Plan Sponsor pays directly any other amounts related to the Plan’s operations.

Notes to Financial Statements

Note 7: PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. On January 1, 2022, the governing body of PCI 401k Plan approved the termination of the Plan and merger into the OneOncology Retirement Plan and froze the plan effective January 1, 2022. Effective November 14, 2022 (Date of Merger), the Plan merged into the OneOncology Retirement Plan and all remaining assets totaling \$14,081,630 transferred into the OneOncology Retirement Plan.

Note 8: RECONCILIATION OF THE FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The Form 5500 is reported on the cash basis of accounting and the financial statements are reported on the accrual basis of accounting.

The following is a reconciliation of net assets available for benefits per the Plan's financial statements at December 31, 2021, to Form 5500:

<i>As of December 31,</i>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 19,061,767
Less: contributions receivable included in the financial statements	413,913
	<u>Net assets available for benefits per Form 5500</u>
	<u>\$ 18,647,854</u>

The following is a reconciliation of net decrease per the financial statements for the period ended November 14, 2022 (Date of Merger) to Form 5500:

Net decrease per the financial statements	\$ (4,980,137)
Plus: 2021 contributions receivable	413,913
	<u>Net loss per Form 5500</u>
	<u>\$ (4,566,224)</u>
