Independent Auditor's Report

To the Trustees, Plan Sponsor, and Participants of
Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - *Supplemental Schedule Required by ERISA*

The supplemental Schedule H, Line 4i—Schedule of Assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of the Urban Concrete Contractors, Ltd Employees' 401(k) Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which covers substantially all employees of Urban Concrete Contractors, Ltd and related employers (collectively, the employer) located in San Antonio, Texas. It was adopted effective January 1, 1994 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the employer over the age of 21 are eligible for participation in the Plan after being credited with 1,000 hours of service during the eligibility computation period. The initial "eligibility computation period" is the 12-month period beginning with the hire date. The eligibility computation periods subsequent to the initial period are the plan year beginning with the first plan year commencing prior to the first anniversary of the hire date. Entry dates are January 1 or July 1 after meeting the eligibility requirements.

Contributions

The employer may make discretionary matching, safe harbor matching, and nonelective profit sharing contributions and for the year ended December 31, 2022 a matching contribution in the amount of $46,905 was made. The employer contributions are not limited by profits. To receive an allocation of these contributions, a participant must complete more than 500 hours of service during the Plan year or be employed as of the last day of the Plan year. A participant is also eligible to share in the allocation if the employee dies, retires, or becomes totally disabled during the Plan year. Each year, participants may contribute up to a maximum amount determined the by Federal Government, which for the year 2022 was $20,500. Also, participants who have obtained the age of 50 before the close of the Plan year are eligible to make catch-up contributions, which for the year 2022 was up to an additional $6,500.

Participant Accounts

Participants may direct their contributions to selected investments as made available by the Plan administrator. Participants may change their investment options throughout the year via direct access with the Plan's custodian. Each participant's account is credited with the participant's contribution and allocations of the Company's contributions (if any) and Plan earnings. The

1. Description of Plan (continued)

Company's matching contributions, if any, depend on the amount of each participant's elective deferral contribution and is based upon a matching percentage set by the Company. Plan earnings are credited to each participant's account based upon the performance of the investments selected at each valuation date. The benefit to which a participant is entitled is the benefit that can be derived from the participant's vested account.

Payment of Benefits

On termination of service, a participant's account balance is distributed in one lump-sum amount equal to the participant's vested interest in his or her account.

Vesting

Participants are 100% vested at all times in their elective contributions, the contributions made by the employer, and in the accrued benefits derived from those contributions.

Forfeitures

There are no forfeitures as employees are 100% vested at all times.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The $50,000 maximum amount will be reduced by the participant's highest outstanding loan balance in the previous 12 months, even if amounts have been repaid. A participant may have no more than (2) loans outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Plan administrator. The interest rate remains constant throughout the term of the loan. All loans must be repaid within five years except for the purchase of a primary residence, which have a maximum repayment period of thirty years. Principal and interest are paid ratably through monthly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants in 2023 and 2022, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

The employer pays expenses incident to the administration of the Plan, except for fees related to participant-initiated transactions fees which are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

3. Certification of Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company (AUL), the custodian of the Plan has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.

- Investment income (loss) and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2022.

- Investment information and notes receivable from participants included in the accompanying Schedule of Assets (held at end of year) as of December 31, 2022.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan's independent auditors did not perform auditing procedures with respect to the above referenced information certified by the custodian which appears throughout the Plan's financial statements and supplemental schedule.

4. Fair Value Measurements

The fair value measurement accounting literature establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

4. Fair Value Measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for major categories of investments measured at fair value:

Pooled separate accounts: Pooled separate accounts are valued based on the net asset value (NAV) of units of the pooled account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value on the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair values as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Fair Value**
Investments measured at NAV (a)	**$ -**		**$ -**	**$ 3,760,661**

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Fair Value
Investments measured at NAV (a)	$ -		$ -	$ 4,908,512

(a) In accordance with ASC 820-10, the pooled separate accounts and the guaranteed investment contract that were measured at NAV per share (or its equivalents) have not been classified in the fair value hierarchy. All invested assets held by the Plan are measured at NAV per share. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	Fair Value as of December 31		Unfunded	Redemption	Redemption
	2022	2021	Commitment	Frequency	Notice Period

Small-Cap Funds	**487,307**	598,432	None	Immediate	None

4. Fair Value Measurements (continued)

	Fair Value as of December 31		Unfunded	Redemption	Redemption
	2022	2021	Commitment	Frequency	Notice Period
Specialty Funds	**385**	429	None	Immediate	None
	$ 3,760,661	$ 4,908,512			

5. Guaranteed Investment Contracts

The Plan has fully benefit-responsive guaranteed investment contracts with AUL as of December 31, 2022 and 2021 as follows:

Investment	**2022**	2021	Minimum Crediting Interest Rate
AUL Fixed Interest Account	**$ 1,084,176**	$ 1,156,634	3.0%
AUL Stable Value Account	**236,017**	69,719	1.5%
	$ 1,320,193	$ 1,226,353	

AUL maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. AUL is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

5. Guaranteed Investment Contracts (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contracts do not permit AUL to terminate the agreement prior to the Plan terminating the contract unless providing prior notice that they are ceasing issuing new contracts of this type and intend to terminate substantially all contracts similar in nature to this contract or after the first 3 contract years have elapsed, the aggregate account value is less than $100,000.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are investments managed by AUL. AUL is the custodian as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Total fees paid by the Plan for investment management and other services amounted to $1,390 for the year ended December 31, 2022.

7. Tax Status

The Company adopted the OneAmerica Financial Partners, Inc. Non-Standardized Pre-Approved Profit Sharing Plan With CODA which received a favorable opinion letter from the Internal Revenue Service (IRS) on August 19, 2020, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in accordance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed intent to do so, the employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become fully vested in their account balances.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
