INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
New Horizons Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of New Horizons Employee Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

New Horizons Employee Savings Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

New Horizons Employee Savings Plan

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the New Horizons Employee Savings Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions may be found in the Summary Plan Description, which has been distributed to all participants, and also in the Plan document, which is also available to all participants upon request.

General and eligibility: The Plan is a defined contribution plan covering all full-time employees of New Horizons of the Treasure Coast, Inc. (the "Company" and/or "Employer") who are age twenty-one or older and have completed one year of service with at least 1,000 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted July 1, 1968 (amended January 1, 2020) and from time to time subsequently amended.

Plan administration: The Plan's assets are held by The Variable Annuity Life Insurance Company ("VALIC"), custodian of the Plan. Contributions to the Plan are held and managed by the custodian who invests contributions and investment income and makes distributions to participants.

Contributions: Each year, participants may contribute a percentage or dollar amount of annual compensation, as defined in the Plan, subject to Internal Revenue Service (IRS) regulations. Contributions may be either pre-tax, deductible from gross income for federal income tax purposes, or Roth, from amounts that have been treated as taxable income. In addition, the Plan allows for rollover contributions from other plans under certain conditions.

Participants accounts: Each participant's account is credited with the participant's contributions, Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on a pro rata basis among the investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, participants may direct their contributions in any of its investment options. Participants may change their investment options daily.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon.

Notes receivable from Participants: Participants may borrow from their fund accounts a maximum equal to the lesser of \$ 50,000 or 50% of their accrued benefit. Loan transactions are treated as a transfer from (to) the investment fund to (from) the Participant Loan Fund. Loan terms range up to five years from the date of the loan unless such loan is for the purchase of a participant's primary residence, in which case the repayment period shall be a reasonable number of years. The loans are secured by the balance in the participant's account and bear interest rate ranging from 1.00% to 3.00%, which is commensurate with the prevailing rates used by commercial lending institutions as of the date of loan inception. Principal and interest are paid in level payments each pay period. Interest income earned in connection with notes receivable from participants for the year ended December 31, 2022 was \$ 828.

Payment of benefits: On termination of services due to separation of service, death, disability or retirement a participant may elect to continue his or her account until age 70 1/2, receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or take a systematic withdrawal in substantially equal amounts over a period certain which does not extend beyond the life expectancy of the participant or the joint life expectancies of the participant and his or her beneficiary. The participant also has the option of receiving a full or partial distribution in the form of an annuity contract purchased on his or her behalf from an insurance company.

Hardship withdrawals: Hardship withdrawals will be permitted due to an immediate and heavy financial need if it meets IRS requirements.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America. Consequently, additions to net assets are recognized when earned and deductions from net assets are recognized when the obligation is incurred.

Investment valuation and income recognition: Investments are generally stated at estimated fair value, except for the Plan's fully benefit-responsive investment contracts, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. The net appreciation or depreciation in the fair value of Plan investments includes realized and unrealized gains and losses. Purchases and sale of investments are recorded on a settlement date basis. Interest income is accrued as it is earned and dividends are recorded as of the ex-dividend date.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Payment of benefits: Benefits are paid when recorded.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly from Plan assets. These amounts, if any, are reflected as deductions from net assets in the accompanying statement of changes in net assets available for benefits. The Sponsor pays all other administrative expenses. Loan administration fees are charged directly to the participant's account and are included in administrative expenses.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements and the reported amounts of additions to and reductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates.

Date of management review: Subsequent events have been evaluated by the Plan's management through October 13, 2023, the date the financial statements were available to be issued.

Note 3 - Information Certified by Plan's Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

Accordingly, The Variable Annuity Life Insurance Company ("VALIC"), the trustee of the Plan assets, has certified to the completeness and accuracy of all investments, including notes receivable from participants, reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021; the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022; and the information reflected on the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board, Accounting Standards Codification, ("FASB ASC") No. 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: *Level 1* inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; *Level 2* inputs consist of observable inputs other than quoted prices included within Level 1 that are observable for the investments, either directly or indirectly; and *Level 3* inputs consist of unobservable inputs for the investments, and have the lowest priority. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
At December 31, 2022:	Fair Value			
Registered investment companies	\$ <u>2,106,486</u>	\$ <u>2,106,486</u>	\$ <u>-</u>	\$ <u>-</u>
At December 31, 2021:				
Registered investment companies	\$ <u>2,765,357</u>	\$ <u>2,765,357</u>	\$ <u>-</u>	\$ <u>-</u>

Level 1 fair value measurements: The fair value of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 5 - Guaranteed Investment Contract with Insurance Company

In 1994, the Plan entered into a benefit-responsive guaranteed investment contract with VALIC, which provides for flexible fixed rate annuity and universal annuity options for participants. VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute to the guaranteed investment contract. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 - Guaranteed Investment Contract with Insurance Company (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract is also the contract value and was stated at December 31, 2022 and 2021 at \$ 1,712,549 and \$ 1,672,971, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3% for accounts set up before December 1, 2003, and 2% for accounts set up on or after December 1, 2003, on Portfolio Director Group Fixed and Variable Deferred Annuity Contracts (PD); 4.5% for Independence Plus Group Fixed and Variable Annuity Contract (IP); and 4.5% for V-Plan Group Fixed Annuity Contract (VP). Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following; (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion or equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6 - Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Certain administrative functions are performed by the officers or employees of the Company. No such officer or employee receives compensation from the Plan. Notes receivable from participants also reflect party-in-interest transactions. Certain Plan investments are managed and held by VALIC and its affiliates, the trustee and custodian of the Plan, therefore these transactions and fee payments to VALIC and its affiliates qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 - Tax Status

The Plan obtained its determination letter dated April 5, 2018, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 8 - Tax Status (continued)

Generally accepted accounting principles prescribe requirements for the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken by the Plan. Management has evaluated the Plan's design and operation and has concluded that the Plan is designed and has been operated in compliance with the applicable requirements of the Internal Revenue Code. Further, management believes that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service and generally, the Plan's tax returns remain open for federal income tax examination for three years from the date of filing.

Note 9 - Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 10 - Reconciliation to Form 5500

The Following is a reconciliation of certain differences between these financial statements and amounts reported on the Plan's Form 5500 at December 31, 2022:
