Schedule H, Line 4i - Schedule of Assets Held for Investment Purposes at December 31, 2022	14-15
NOTE: The accompanying financial statements have been prepared for the purpose of filing DOL Form 5500. Supplemental schedules required by Section 2520 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, other than the one listed above, are omitted because of the absence of the conditions under which they are required.	

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of Armstrong Relocation & Companies, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the financial statements of Armstrong Relocation & Companies, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Armstrong Relocation & Companies, LLC 401(k) Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that

the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Armstrong Relocation & Companies, LLC 401(k) Plan's ability to continue as a going concern for the twelve months following the date the financial statements were available to be used.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Armstrong Relocation & Companies, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the

financial statements.

- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Armstrong Relocation & Companies, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and

certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARMSTRONG RELOCATION & COMPANIES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

1. PLAN DESCRIPTION

The following description of the Armstrong Relocation & Companies, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General – The Plan is a defined contribution plan covering substantially all full-time employees of Armstrong Relocation & Companies, LLC and the participating employers, collectively the "Company". All employees of the Company are eligible to participate in the Plan at age 21 and upon completion of three months of service with entry dates as of the first day of the next month. Employees are eligible for matching contributions as of January 1 following eligibility for salary deferrals. Employees are eligible for any other profit-sharing contribution made by the Company on the first day of the Plan year after completing two years of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investments offerings and monitors investment performance.

The Plan was amended and restated effective January 1, 2021, in accordance with Cycle 3 Restatement in order to bring the Plan into compliance with legislative and regulatory changes set forth in IRS Notice 2017-37 and other legal requirements. Also effective January 1, 2021, the name of the Plan changed from Armstrong Transfer & Storage Co. Inc./Armstrong Relocation Company, Memphis Multiple Employer 401(k) Retirement Plan to Armstrong Relocation & Companies, LLC 401(k) Plan.

The Plan was amended January 1, 2022 to increase the discretionary matching contribution limit.

In December 2022, Congress passed the SECURE 2.0 Act of 2022 that contained a slate of changes to help strengthen the retirement system and individuals' financial readiness for retirement. Many of the provisions of the SECURE 2.0 Act of 2022 are effective as of January 1, 2023 and beyond and will require significant changes to plan administration and recordkeeping.

Contributions – Participants may voluntarily contribute up to a maximum of 100% of their base compensation, as defined by the Plan, not to exceed \$20,500 and \$19,500 in 2022 and 2021, subject to certain discrimination tests prescribed by the Internal Revenue Code ("IRC"). Participants age 50 and over may elect to defer additional amounts ("catch-up contributions") to the Plan. The Company provides for a matching contribution on a discretionary basis applied to all eligible participants. A profit sharing contribution is also allowed in accordance with the Plan document for eligible participants on a discretionary basis which is allocated to each participant's account according to the allocation provisions in the Plan document. For the Plan years ended December 31, 2022 and 2021, the Company made matching contributions totaling \$406,831 and \$210,265, respectively. For the Plan years ended December 31, 2022 and 2021, the Company made profit sharing contributions totaling \$47,944 and \$19,806, respectively. The Company may decide to make additional non-elective matching contributions to the Plan, although the Company is not required to do so. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts – Each participant's account is credited with the participant's contributions and company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings, and charged with an allocation administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments – Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon as well as in the Company matching and profit-sharing contributions.

Notes Receivable from Participants - The Plan permits participants to borrow a minimum of \$500 up to a maximum equal to 50% of their vested account balance, not to exceed \$50,000. The \$50,000 maximum allowable note amount is reduced by the highest outstanding note receivable balance of the participant within the previous 12-month period. The notes receivable are secured by the balance in the participant's vested account and bear interest at the prime rate plus 1% as determined on the first day of the calendar quarter prior to the note issuance. The interest rates were between 4.25% and 7.25% at December 31, 2022 and 2021, which were commiserate with local prevailing rates. Principal and interest are paid ratably through payroll deductions and notes must be fully repaid within five years unless the note was issued for the purchase of a primary residence, upon which the note must be fully paid in accordance with the Plan provisions. As of December 31, 2022 and 2021, the Plan had outstanding notes receivable from participants with principal balances totaling \$360,017 and \$360,112, respectively.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or various forms of annuities, as provided in the Plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures - Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. Forfeitures may be used to reduce future employer matching and profit sharing contributions to the Plan or pay Plan expenses. For the years ended December 31, 2022 and 2021, the forfeited non-vested account balance was \$15,778 and \$12,713, respectively. For the years ended December 31, 2022 and 2021, \$0 were used to reduce employer contributions or pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except that benefits paid to Plan participants are recorded on a cash basis.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Contributions - Contributions from participants are recorded as they are withheld from the participant's wages. Contributions from the Company are recorded in the period in which the related participant contributions are due.

Payment of Benefits - Benefit payments to participants are recorded when paid.

Excess Contributions Refunded - Amounts paid to participants for contributions in excess of amounts allowed by the IRS are recorded as a deduction from net assets. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Administrative Expenses - Administrative expenses of the Plan are paid by the Plan or by the Company, as provided in the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. INVESTMENTS

Certain information related to investment and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement

Insurance and Annuity Company, the Custodian.

4. FAIR VALUE MEASUREMENTS

Fair Value Measurements in accordance with current accounting standards, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ▪ Quoted prices for similar assets or liabilities in active markets; ▪ Quoted prices for identical or similar assets or liabilities in inactive markets; ▪ Inputs other than quoted prices that are observable for the asset or liability; ▪ Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the fair value methodologies at December 31, 2022 and 2021:

Pooled Separate Accounts: Amounts allocated to a variable investment account within the separate account are credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received and the daily equivalent of any fee charged pursuant to the contract. The value of each accumulation unit is published each business day. Each investment account is invested

exclusively in shares of a specific mutual fund or other investment entities as directed by the contract-holder and/or the participant. Pooled separate accounts are valued at net asset value as a readily determinable fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021:

<u>Assets at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts:	\$ <u>-</u>	<u>\$39,766,427</u>	\$ <u>-</u>	<u>\$39,766,427</u>

<u>Assets at Fair Value as of December 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ <u>-</u>	<u>\$50,050,171</u>	\$ <u>-</u>	<u>\$50,050,171</u>

5. FIXED ACCOUNTS WITH VOYA RETIREMENT INSURANCE AND ANNUITY COMPANY

The Plan holds two traditional fully benefit-responsive guaranteed investment contracts with VOYA Retirement Insurance and Annuity Company (VOYA). The Fixed Account totaled \$3,660,780 and \$4,368,443 at December 31, 2022 and 2021, respectively. The Fixed Account A totaled \$4,096,256 and \$3,972,392 at December 31, 2022 and 2021, respectively. VOYA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer that may range between 1% to 3%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as exempt party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. FEDERAL INCOME TAX STATUS

The Plan sponsor has adopted an individualized plan document. The IRS issued a determination letter dated November 30, 2020, stating that the Plan was acceptable with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and the Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan and the related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing

jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. SUBSEQUENT EVENTS

For the year-ended December 31, 2022, the Company has evaluated subsequent events for potential recognition and disclosure through October 15, 2023, the date of financial statement issuance.
