Management is responsible for the accompanying financial statements of UBG 401(k) - AgState SH Match, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022 and the related statement of changes in net assets available for benefits for the period August 1, 2022 through December 31, 2022, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed the compilation engagement in accordance with the Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

The accompanying supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management. The supplemental schedule was subject to our compilation engagement. We have not audited or reviewed the supplemental schedule and do not express an opinion, a conclusion, nor provide any form of assurance on such information.

Other accountants performed an audit of the July 31, 2022, financial statements of UBG 401(k) - AgState SH Match. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the July 31, 2022, audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated May 10, 2023, indicated that (a) the amounts and disclosures in the July 31, 2022, financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the July 31, 2022, financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the July 31, 2022, supplemental schedules, other than the information in the July 31, 2022, supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the July 31, 2022, supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following brief description of UBG 401(k) - AgState SH Match (the Plan), is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of AgState and the participating employer Livestock Equity, LLC (collectively the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees are eligible to participate in the Plan and receive employer safe harbor and additional matching contributions if they have completed three months of service and are 18 years of age. Employees are eligible to receive employer nonelective contributions if they have completed one year of service and are 18 years of age. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service.

Employees who are non-resident aliens, residents of Puerto Rico, are classified as collective bargaining (union) employees, are part-time/temporary/seasonal/casual employees whose regularly scheduled service is less than 1,000 hours per year or are employees eligible to participate in the Co-op Retirement Defined Benefit Plan are excluded from participating in the Plan.

Entry Date

Employees may enter the Plan on the first day of the month coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Company makes safe harbor matching contributions of 200% of the participant's elective deferrals that do not exceed 2% of eligible compensation for the allocation period. The Company makes additional matching contributions of 200% of the participant's deferrals in excess of 2% of eligible compensation but not more than 3% of eligible compensation for the allocation period. Additional amounts may be contributed by the Company at the discretion of the board of directors. No such discretionary contributions were made for the period from August 1, 2022, to December 31, 2022.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated age-weighted fund until changed by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company matching contributions, as well as an allocation of the Company's discretionary contributions and Plan earnings or losses. Participant accounts are charged with payments of benefits and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's other contributions portion of their accounts is based on years of credited service as set forth in the following table:

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

At December 31, 2022 and July 31, 2022, forfeited non-vested accounts totaled \$43,044 and \$16,370, respectively. These accounts will be used to reduce future employer contributions and/or offset plan expenses. During the period from August 1, 2022 to December 31, 2022, forfeited non-vested accounts of \$6,664 were used to pay administrative expenses of the Plan and \$24,504 were used to reduce employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. The interest rate, determined on the first day of the month the loan is originated, is set at 1% above the Wall Street Journal Prime rate. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence, in which case the period may not exceed 15 years. A participant may have no more than two outstanding notes at any one time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated participant with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the ERISA.

Note 2 - Significant Accounting Policies**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by investment advisors, custodians and other third parties. See Note 3 for discussion of fair value measurements.

The classification of certain financial instruments included in the fair value measurements detailed in Note 3 may differ from the classification of investments on Form 5500 due to different reporting requirements on Form 5500.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan Document.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses, net of revenue sharing, incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses, net of revenue sharing, are included in net depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Company has evaluated subsequent events through October 13, 2023, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and July 31, 2022.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds – Valued at fair value based on the NAV of units held of the collective fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the fund, less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Fixed annuity – The fair value of the non-fully benefit responsive fixed annuity contract is measured using an income approach and discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Pooled separate accounts – Valued at fair value based on the NAV of units as determined by the insurance company. The NAV is based on the observable market prices of the underlying assets within the account less liabilities. The NAV for the underlying assets of the account is a readily determinable measure of their fair value and is the basis for current transactions.

Guaranteed interest contract – The fair value of the non-fully benefit responsive guaranteed interest contract is measured using an income approach and discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and July 31, 2022:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth the disclosure for the fair value measurement of investments that are measured at NAV per share (or its equivalent) as a practical expedient as of December 31, 2022:

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of July 31, 2022, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value	July 31, 2022		
		Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed interest contract	\$ 2,269,634	Fair value equals contract value	Interest rate on account Applicable market rate	1.05% 2.81%

Note 4 - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from August 1, 2022, to December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the trustee and custodian of the Plan.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments held at July 31, was obtained by management and agreed to or derived from information certified as complete and accurate by Minnesota Life Insurance Company, the custodian of the Plan.

Note 5 - Tax Status

The Plan used a pre-approved plan document sponsored by Empower Trust Company, LLC, which received an advisory letter from the Internal Revenue Service (IRS), dated November 14, 2022, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS, however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments consist of fixed annuities managed by Empower Annuity Insurance Company of America, the custodian as defined by the Plan, and collective trust funds managed by intellicents, an advisor to the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under the ERISA.

Note 7 - Contracts with Insurance Companies

The Company entered into a fixed annuity contract with Empower Annuity Insurance Company of America. As part of the contract, Empower Annuity Insurance Company of America maintains a portion of the contributions in a guaranteed account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Empower Annuity Insurance Company of America. The guaranteed account is included in the financial statements at fair value.

The Company had a guaranteed interest contract with Minnesota Life Insurance Company (Minnesota Life). As part of the contract, Minnesota Life maintained a portion of the contributions in a general account fund of Minnesota Life. The account was credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Minnesota Life. The guaranteed contract is included in the financial statements at fair value.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Plan Amendment and Short Plan Year

Effective August 1, 2022, the Plan was amended and restated to adopt the pre-approved plan document sponsored by Empower Trust Company, LLC and change the plan year from a fiscal year ending July 31 to a year ending December 31. This change in plan year resulted in a short plan year which commenced August 1, 2022, and ended December 31, 2022. Effective with the plan restatement, the Plan changed its name to UBG 401(k) – AgState SH Match.
