Independent Auditors' Report

To the Plan Administrator
Northwest Respiratory Services 401(k) Profit Sharing Plan
Saint Paul, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of Northwest Respiratory Services 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year) for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Northwest Respiratory Services 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2022 and 2021

NOTE 1: PLAN DESCRIPTION

The following description of the Northwest Respiratory Services (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. All employees 21 years and older, except employees covered by a collective bargaining agreement, employers who became employees as a result of a transaction under Section 410(b)(6)(c) of the Internal Revenue Code (IRC), or employees who are non-resident aliens who received no earned income from sources within the United States are eligible to participate in the Plan. All the investments in the Plan are 100% participant directed. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Beginning May 1, 2017, DH Docks, Inc was added as an adopting employer to the Plan.

Contributions

Participants may make elective deferrals up to 99% of eligible pretax and/or after tax compensation to the 401(k) plan as defined in the Plan, up to the maximum allowable under the Internal Revenue Code. Employees are automatically enrolled to defer 8% as of the date they become eligible to participate in the Plan, unless the employee opts out or elects a different percentage. If a different percentage is not chosen, the percentage will be automatically increased each January 1 by 1% up to a maximum of 10%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan. The employer, at its discretion, may match up to 25% of employee contributions that do not exceed 8% of the employee's eligible compensation. Additionally, the employer may make discretionary profit sharing contributions and/or qualified non-elective contributions. Employees would have to have 500 hours of service or be an active member on the last day of the Plan year to receive an allocation of qualified non-elective contributions and/or profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's matching contributions, if any; (b) the Company's discretionary contributions, if any; and (c) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and qualified non-elective contributions (when applicable), plus actual earnings thereon. For all other contributions, a participant becomes fully vested upon reaching normal retirement age, becoming totally disabled, dying, or absent those events, according to a cliff vesting schedule, where the participant becomes fully vested after 3 years of service.

Notes to the Financial Statements

December 31, 2022 and 2021

NOTE 1: PLAN DESCRIPTION (Continued)

Investment Options

All funds of the Plan are participant directed. Participants may direct the investment of their account balance into one or more of the various investments as defined in the Plan. The Plan allows participants to transfer assets in their accounts between the funds daily.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their nonforfeitable account balance. The loans are secured by the balance in the participant's account and bear interest at two percent over the Prime Rate published by the Wall Street Journal on the first business day of the month and loan is originated. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service, participants with account balances greater than \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, receive partial payments, or rollover the entire vested balance to a qualified plan. Participants with account balances less than \$5,000 will automatically receive their balance in a lump sum distribution. In-service withdrawals are allowed in certain circumstances as defined by the Plan.

Certain minimum distributions rules apply as defined by the Plan.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$0. These accounts will be used to pay administrative fees or will be used to reduce future employer contributions. Participant's forfeitures totaled \$10,960 and \$15,512 for the years ended December 31, 2022 and 2021, respectively. Administrative fees totaling \$2,823 and \$4,939 were paid from forfeited nonvested accounts during 2022 and 2021, respectively, and \$7,675 and \$10,623 of forfeited nonvested accounts were used to reduce employer contributions during 2022 and 2021, respectively.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ than those estimates.

Northwest Respiratory Services 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Plan administrative service expenses are paid for by both the Plan and the Company.

Excess Contributions Payable

Excess contributions payable are recorded for refunds to participants resulting from contributions made in excess of Plan guidelines or Internal Revenue Service limitations.

Subsequent Events

Plan management has evaluated subsequent events through October 15, 2023 the date the financial statements were available to be issued (see Note 6).

NOTE 3: INVESTMENTS CERTIFIED BY CUSTODIAN

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2022 and 2021, included throughout the Plan's financial statements and the supplemental schedules, that was prepared by or derived from information provided by the custodian, Principal Life Insurance Company, and furnished to the Plan administrator. The Plan administrator has obtained certifications from that information provided to the Plan administrator by the custodian related to the following assets is complete and accurate.

Northwest Respiratory Services 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 3: INVESTMENTS CERTIFIED BY CUSTODIAN (Continued)

Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2022	2021
Investments, at Fair Value		
Pooled Separate Accounts	\$ 2,930,135	\$ 3,632,457
Common/Collective Trust Funds	4,126,682	4,869,051
Notes Receivable from Participants	<u>122,530</u>	<u>161,728</u>
	<u>\$ 7,179,347</u>	<u>\$ 8,663,236</u>
Net Appreciation (Depreciation) of Investments	\$ (1,485,579)	\$ 1,227,349
Interest Income on Notes Receivable from Participants	\$ 7,373	\$ 10,229

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Northwest Respiratory Services 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2022 and 2021

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: These investments are investment securities valued using the NAV provided by Principal Life Insurance Company. The pooled separate accounts generally provide for daily redemptions at reported net asset values per share, with no advance notice requirements. The NAV is quoted on a private market that is not active. The unit price is based on underlying investments which are traded on active market with quoted market prices and investments not traded on active markets in which various methodologies and unobservable inputs are used to determine fair value.

Target date (common collective trust): Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the market value of the underlying investments held by the fund less liabilities. The practical expedient is not used when it is determined that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Stable value (common collective trust): Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the market value of the underlying investments held by the fund less liabilities. The practical expedient is not used when it is determined that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities liquidations will be carried out in an orderly business manner.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements

December 31, 2022 and 2021

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Investments Measured Using the Net Asset Value per Share as a Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice is applicable only to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable Value Fund	\$ 584,137	N/A	Daily	Up to 30 Days
Target Date Funds	\$ 3,542,545	N/A	Daily	None
Pooled Separate Accounts	\$ 2,930,135	N/A	Daily	None

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable Value Fund	\$ 214,308	N/A	Daily	Up to 30 Days
Target Date Funds	\$ 4,654,743	N/A	Daily	None
Pooled Separate Accounts	\$ 3,632,457	N/A	Daily	None

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested.

NOTE 6: PLAN AMENDMENTS AND TAX STATUS

The Plan adopted a non-standardized Prototype Plan, which received a favorable opinion letter dated June 30, 2020, in which the internal Revenue Service stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Northwest Respiratory Services 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 6: PLAN AMENDMENTS AND TAX STATUS (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

The Plan was amended and restated effective February 1, 2022. The amendment and restatement was to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37 (i.e., the 6-year pre-approved plan restatement cycle).

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts and common/collective trusts managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian of the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan paid administrative fees totaling \$60,924 and \$76,180 to Principal for the year ending December 31, 2022 and 2021, respectively.

NOTE 9: CONCENTRATIONS

The Plan has two funds and three funds whose cumulative balances accounted for approximately 22% and 33% of total Plan investments at December 31, 2022 and 2021, respectively.
