Independent Auditor's Report

To the Plan Administrator
BWS Inspection Services, LLC 401(k) Profit Sharing Plan and Trust
Mexia, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of BWS Inspection Services, LLC 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the BWS Inspection Services, LLC 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2019, as a defined contribution plan available to eligible employees of the BWS Inspection Services, LLC and its affiliate BWS Services, LLC (collectively, the Company, Employers or Plan Sponsor). The Plan was amended and restated on January 1, 2022 to comply with certain tax legislation. Eligible employees are full-time employees who have reached the age of twenty-one (21), as defined in the Plan document. A participant will become eligible to make deferrals on the first day of each month following the date the employee completes the age requirement. The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Company is the Plan Administrator. The Plan's Trustee is Empower Trust Company, LLC. The Trustee holds the Plan's investment assets and executes investment transactions. Empower Retirement, LLC (Empower) an affiliate of the Trustee provides recordkeeping services to the Plan. As of December 31, 2021 and through June 17, 2022, the Plan invested in a fixed annuity contract issued by Massachusetts Mutual Life Insurance Company (MassMutual), for which, Empower Annuity Insurance Company of America (EAIC), an affiliate of Empower, was granted power of attorney over the fixed annuity contract issued by MassMutual. Effective June 18, 2022, the fixed annuity contract was terminated and the balance on account transferred to a holding account maintained by the Trustee.

Contributions

Each year, participants in the Plan may voluntarily contribute up to 100% of their eligible annual compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover). The Plan's provisions also provide for Roth 401(k) elective deferrals.

The Plan Sponsor may make discretionary matching and profit-sharing contributions to the Plan. Participants must complete three months of credited service to be eligible for the Plan Sponsor's discretionary matching contribution and one year of service for the Plan Sponsor's profit-sharing contributions. Participants must be employed on the last day of the Plan year to receive the Employer's profit-sharing contribution.

During 2022, the Employers matched 50% of participant contributions up to $40 per pay period of eligible compensation, as defined. The Employers did not make profit sharing contributions for the year ended December 31, 2022. All Employer matching contributions are invested at the participant's direction and the Plan's provisions.

Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Employers' contributions, and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options offered by the Plan.

Note 1 – Description of Plan, Continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants who become eligible, and are enrolled in the Plan, will receive vesting credit for years of service based on the elapsed time method, as defined. Vesting in the Employers contribution and matching contribution portion of their account, plus actual earnings or losses thereon, is based on years of continuous service in accordance with a six year graded vesting schedule. Participant accounts become 100% vested upon death, disability, normal retirement (age 65), or upon termination of the Plan.

Forfeitures

Nonvested forfeited accounts may be used to offset Plan administrative expenses or offset the Employers' matching contributions. For the year ended December 31, 2022 there were no forfeitures used to offset certain Plan administrative expenses or reduce the Employers' contributions. At December 31, 2022 and 2021, available forfeited nonvested accounts approximated $300.

Participant notes receivable

Plan participants may borrow from their accounts between $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participants vested account balance. Loan terms range from one to five years unless the loan is used to acquire the principal residence of the participant. Loans are secured by the vested account balance in the participant's account and bear a reasonable rate of interest. Principal and interest are paid through regular payroll deductions and remitted to the Trustee. Delinquent notes receivable from participants are recorded as distributions.

Payment of benefits

On termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $5,000 or elect a lump-sum distribution.

Participants with vested amounts less than $5,000 must elect a lump-sum distribution. Participants may elect to take an in-service distribution of their vested accounts if they meet certain defined requirements, including becoming disabled, early retirement (age 59½), or due to heavy financial hardship, as defined.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan investment assets. Certain administrative expenses are paid by the Employers and are not reflected in these financial statements.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's advisor and the Plan's Trustee.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual method. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the high level of risk associated with certain investment securities, including the uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded at December 31, 2022 and 2021.

Payment of benefits

The Plan records benefits when paid.

Plan expenses

The Plan classified certain administrative expenses as an expense rather than as a reduction of investment income. Substantially all administrative expenses for maintaining the Plan are paid by the Employers and are not reflected in these financial statements. Certain expenses paid by the Plan consist of recordkeeping, trustee, and third-party administrator fees. Certain participant directed transactions such as loan processing fees are charged directly to participants' accounts.

Note 2 – Summary of Significant Accounting Policies, Continued

Plan administration

The Company is responsible for the administration of the Plan. The Plan's assets are held by the Trustee who administers the Plan's investments on behalf of the participants. Participant and Employers' contributions are held by the Trustee who invests cash received, interest, and dividend income, and makes distributions to participants (subject to the direction of the participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, Plan management has determined it does not have any positions at December 31, 2022 that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC and Empower Annuity Insurance Company of America, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net investment activity and interest income on participant notes receivable as shown in the statement of changes in net assets available for benefits for the period ended December 31, 2022; and
- Investment information included in the Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.

Note 4 – Fair Value Measurements, Continued

Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2022 and 2021. During the year ended December 31, 2022, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodology used for assets measured at fair value:

Variable annuities – price or unit values for variable annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract. The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula calculated unit value is then compared to an accounting driven unit value, which is determined in a manner similar to a mutual fund net asset value (NVA) calculation. These investments are classified as level 2 investments within the fair value hierarchy.

Mutual funds – are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that trade on national exchanges. These funds are required to publish their daily net asset value (NAV) to transact at those prices and are actively traded.

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021:

	Fair Value Measurements as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Variable annuities	$ -	$ 553,248	$ -	$ 553,248

	Fair Value Measurements as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 358,164	$ -	$ -	$ 358,164

Note 5 – Guaranteed Investment Contract with Insurance Company

During June 2022, the Plan terminated its service agreement (prior agreement) with Empower Annuity Insurance Company of America (EAIC), an affiliate of Empower, who pursuant to a power of attorney from MassMutual administered. Under the prior agreement, the Plan held an interest in a fixed annuity contract to maintain a portion of Plan contributions in a fully benefit-responsive investment contract.

Upon termination of the prior agreement, the portion of net assets available for benefits attributable to the fixed annuity contract, including participant contributions and earnings and losses thereon, net of expenses were transferred to the Trustee cash holding account.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in the Employers' contribution portion of their accounts.

Note 7 – Tax Status

The Plan uses a Non-Standardized Pre-Approved Profit Sharing Plan with a CODA plan document sponsored by Definiti, LLC. Definiti, LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Note 8 – Party-In-Interest Transactions and Related Parties

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer's and certain others. The Plan's investments are maintained and managed by Empower Trust Company, LLC (the Trustee), and therefore these transactions qualify as party-in-interest transactions. Empower Retirement, LLC, an affiliate of the Trustee provides recordkeeping services to the Plan, and therefore, these transactions qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transactions rules.

Certain administrative functions are performed by officers and employees of the Employers. No officer or employee receives compensation from the Plan for these services.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits as shown on Form 5500 at December 31, 2022 and 2021 and for the year ended December 31, 2022 with the amounts shown in the financial statements:

	2022	2021
Net assets available for benefits – Form 5500	$ 614,742	$ 371,479
Reconciling items:		
Accrual basis adjustments	746	(3,889)
Net assets available for benefits – financial statements	$ 615,488	$ 367,590

Note 9 – Reconciliation of Financial Statements to Form 5500, Continued

	2022
Change in net assets – Form 5500	$ 243,263
Accrual basis adjustments	4,635
Change in net assets – financial statements	$ 247,898

Note 10 – Delinquent Participant Contributions

For the years ended December 31, 2022 and 2021, the Plan Sponsors did not remit certain participant contributions and loan repayments totaling $24,204 and $3,889, respectively, were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions as defined by ERISA. The Plan Sponsor will compensate participants for lost earnings resulting from the delay in contributions. The 2022 and 2021 delinquent participant contributions have not been corrected as of the date of this report.

Note 11 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2022 through October 13, 2023, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.

BWS Inspection Services, LLC 401(k) Profit Sharing Plan and Trust
Mexia, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of BWS Inspection Services, LLC 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the BWS Inspection Services, LLC 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2019, as a defined contribution plan available to eligible employees of the BWS Inspection Services, LLC and its affiliate BWS Services, LLC (collectively, the Company, Employers or Plan Sponsor). The Plan was amended and restated on January 1, 2022 to comply with certain tax legislation. Eligible employees are full-time employees who have reached the age of twenty-one (21), as defined in the Plan document. A participant will become eligible to make deferrals on the first day of each month following the date the employee completes the age requirement. The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Company is the Plan Administrator. The Plan's Trustee is Empower Trust Company, LLC. The Trustee holds the Plan's investment assets and executes investment transactions. Empower Retirement, LLC (Empower) an affiliate of the Trustee provides recordkeeping services to the Plan. As of December 31, 2021 and through June 17, 2022, the Plan invested in a fixed annuity contract issued by Massachusetts Mutual Life Insurance Company (MassMutual), for which, Empower Annuity Insurance Company of America (EAIC), an affiliate of Empower, was granted power of attorney over the fixed annuity contract issued by MassMutual. Effective June 18, 2022, the fixed annuity contract was terminated and the balance on account transferred to a holding account maintained by the Trustee.

Contributions

Each year, participants in the Plan may voluntarily contribute up to 100% of their eligible annual compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover). The Plan's provisions also provide for Roth 401(k) elective deferrals.

The Plan Sponsor may make discretionary matching and profit-sharing contributions to the Plan. Participants must complete three months of credited service to be eligible for the Plan Sponsor's discretionary matching contribution and one year of service for the Plan Sponsor's profit-sharing contributions. Participants must be employed on the last day of the Plan year to receive the Employer's profit-sharing contribution.

During 2022, the Employers matched 50% of participant contributions up to $40 per pay period of eligible compensation, as defined. The Employers did not make profit sharing contributions for the year ended December 31, 2022. All Employer matching contributions are invested at the participant's direction and the Plan's provisions.

Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Employers' contributions, and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options offered by the Plan.

Note 1 – Description of Plan, Continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants who become eligible, and are enrolled in the Plan, will receive vesting credit for years of service based on the elapsed time method, as defined. Vesting in the Employers contribution and matching contribution portion of their account, plus actual earnings or losses thereon, is based on years of continuous service in accordance with a six year graded vesting schedule. Participant accounts become 100% vested upon death, disability, normal retirement (age 65), or upon termination of the Plan.

Forfeitures

Nonvested forfeited accounts may be used to offset Plan administrative expenses or offset the Employers' matching contributions. For the year ended December 31, 2022 there were no forfeitures used to offset certain Plan administrative expenses or reduce the Employers' contributions. At December 31, 2022 and 2021, available forfeited nonvested accounts approximated $300.

Participant notes receivable

Plan participants may borrow from their accounts between $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participants vested account balance. Loan terms range from one to five years unless the loan is used to acquire the principal residence of the participant. Loans are secured by the vested account balance in the participant's account and bear a reasonable rate of interest. Principal and interest are paid through regular payroll deductions and remitted to the Trustee. Delinquent notes receivable from participants are recorded as distributions.

Payment of benefits

On termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $5,000 or elect a lump-sum distribution.

Participants with vested amounts less than $5,000 must elect a lump-sum distribution. Participants may elect to take an in-service distribution of their vested accounts if they meet certain defined requirements, including becoming disabled, early retirement (age 59½), or due to heavy financial hardship, as defined.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan investment assets. Certain administrative expenses are paid by the Employers and are not reflected in these financial statements.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's advisor and the Plan's Trustee.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual method. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the high level of risk associated with certain investment securities, including the uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded at December 31, 2022 and 2021.

Payment of benefits

The Plan records benefits when paid.

Plan expenses

The Plan classified certain administrative expenses as an expense rather than as a reduction of investment income. Substantially all administrative expenses for maintaining the Plan are paid by the Employers and are not reflected in these financial statements. Certain expenses paid by the Plan consist of recordkeeping, trustee, and third-party administrator fees. Certain participant directed transactions such as loan processing fees are charged directly to participants' accounts.

Note 2 – Summary of Significant Accounting Policies, Continued

Plan administration

The Company is responsible for the administration of the Plan. The Plan's assets are held by the Trustee who administers the Plan's investments on behalf of the participants. Participant and Employers' contributions are held by the Trustee who invests cash received, interest, and dividend income, and makes distributions to participants (subject to the direction of the participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, Plan management has determined it does not have any positions at December 31, 2022 that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC and Empower Annuity Insurance Company of America, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net investment activity and interest income on participant notes receivable as shown in the statement of changes in net assets available for benefits for the period ended December 31, 2022; and
- Investment information included in the Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.

Note 4 – Fair Value Measurements, Continued

Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2022 and 2021. During the year ended December 31, 2022, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodology used for assets measured at fair value:

Variable annuities – price or unit values for variable annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract. The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula calculated unit value is then compared to an accounting driven unit value, which is determined in a manner similar to a mutual fund net asset value (NVA) calculation. These investments are classified as level 2 investments within the fair value hierarchy.

Mutual funds – are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that trade on national exchanges. These funds are required to publish their daily net asset value (NAV) to transact at those prices and are actively traded.

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021:

	Fair Value Measurements as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Variable annuities	$ -	$ 553,248	$ -	$ 553,248

	Fair Value Measurements as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 358,164	$ -	$ -	$ 358,164

Note 5 – Guaranteed Investment Contract with Insurance Company

During June 2022, the Plan terminated its service agreement (prior agreement) with Empower Annuity Insurance Company of America (EAIC), an affiliate of Empower, who pursuant to a power of attorney from MassMutual administered. Under the prior agreement, the Plan held an interest in a fixed annuity contract to maintain a portion of Plan contributions in a fully benefit-responsive investment contract.

Upon termination of the prior agreement, the portion of net assets available for benefits attributable to the fixed annuity contract, including participant contributions and earnings and losses thereon, net of expenses were transferred to the Trustee cash holding account.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in the Employers' contribution portion of their accounts.

Note 7 – Tax Status

The Plan uses a Non-Standardized Pre-Approved Profit Sharing Plan with a CODA plan document sponsored by Definiti, LLC. Definiti, LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Note 8 – Party-In-Interest Transactions and Related Parties

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer's and certain others. The Plan's investments are maintained and managed by Empower Trust Company, LLC (the Trustee), and therefore these transactions qualify as party-in-interest transactions. Empower Retirement, LLC, an affiliate of the Trustee provides recordkeeping services to the Plan, and therefore, these transactions qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transactions rules.

Certain administrative functions are performed by officers and employees of the Employers. No officer or employee receives compensation from the Plan for these services.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits as shown on Form 5500 at December 31, 2022 and 2021 and for the year ended December 31, 2022 with the amounts shown in the financial statements:

	2022	2021
Net assets available for benefits – Form 5500	$ 614,742	$ 371,479
Reconciling items:		
Accrual basis adjustments	746	(3,889)
Net assets available for benefits – financial statements	$ 615,488	$ 367,590

Note 9 – Reconciliation of Financial Statements to Form 5500, Continued

	2022
Change in net assets – Form 5500	$ 243,263
Accrual basis adjustments	4,635
Change in net assets – financial statements	$ 247,898

Note 10 – Delinquent Participant Contributions

For the years ended December 31, 2022 and 2021, the Plan Sponsors did not remit certain participant contributions and loan repayments totaling $24,204 and $3,889, respectively, were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions as defined by ERISA. The Plan Sponsor will compensate participants for lost earnings resulting from the delay in contributions. The 2022 and 2021 delinquent participant contributions have not been corrected as of the date of this report.

Note 11 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2022 through October 13, 2023, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
