REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Majestic Steel USA, Inc. 401(k)
Profit Sharing Plan and Trust

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Majestic Steel USA, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - PLAN DESCRIPTION

The following description of the Majestic Steel USA, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan generally covering all eligible employees of Majestic Steel USA, Inc. (the "Company") who have completed three months of service, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants can elect to defer up to 100% of their pre-tax compensation subject to Plan provisions. Participants may also make Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Plan currently operates as a Safe Harbor Plan. The Company is required to make matching contributions equal to 100% of the participant's elective deferrals up to 5% of compensation.

Participant Accounts

A separate account is maintained for each participant in the Plan, reflecting participant and Company contributions and allocations of the Plan's earnings and losses. The Plan includes provisions whereby participants can direct investment of their account balances between the various investment options offered by the Plan. Participants can change their investment options or transfer funds on a daily basis.

Vesting

Participants are always 100% vested as to their contributions and the Company's matching contributions.

Notes Receivable from Participants

The Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was signed into law on March 27, 2020. Effective April 15, 2020 the Plan adopted certain CARES Act provisions. As a result, qualifying participants could take a loan up to \$100,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50% of the participant's vested account balance, whichever is less, through September 23, 2020. Also, effective April 15, 2020, the Plan adopted the CARES Act provision permitting qualifying participants to take a coronavirus-related distribution ("CRD") of up to \$100,000 or 100% of their vested balance, whichever is less, until December 31, 2020. Eligible participants who received a CRD are not be subject to the standard early withdrawal penalty that generally applies to participants under the age of 59½. Participants may repay all or a portion of the amount distributed as a CRD. Such CRD repayments will be treated as a direct rollover and the Plan will accept such repayments for up to three years after the date the CRD was received by the participant.

The Plan allows participants to borrow against their vested account balance in the Plan. Outside of the CARES Act provisions, participants may borrow up to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior one-year period or 50% of their vested account balance. No more than one loan per participant may be outstanding at any time. No loan of less than \$1,000 will be made. The loans are repayable over a period not to exceed five years. The loans are secured by the balance in the participant's accounts and bear a fixed interest at prime plus 1% as of the loan date. At both December 31, 2022 and 2021, interest rates on the loans outstanding was 4.25% to 8.50%. Principal and interest is primarily paid ratably through payroll deductions.

Payment of Benefits

Distributions from a participant's account are not permitted before age 59½ except in the event of death, disability or termination of employment as defined in the Plan. Distributions may be made in the form of direct rollover or a lump sum cash distribution. Automatic cash out of participant account balances of \$1,000 or less are permitted under the Plan at the time of termination.

Forfeiture Allocation

At December 31, 2022 and 2021, forfeited Company accounts were \$0 and \$16, respectively. Forfeitures may be used to reduce future employer contributions or may be used to pay Plan expenses. Subsequent to December 31, 2022, the forfeitures were used to reduce employer contributions. Forfeitures attributed to non-elective contributions or matching contributions may be allocated as an additional discretionary matching contribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits Committee determines the Plan's valuation policies utilizing information provided by its investment advisor and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net depreciation in fair value of investments.

NOTE C - INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103 8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank (the "Trustee") has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent accountants did not perform any auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**Majestic Steel USA, Inc.
401(k) Profit Sharing Plan and Trust**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market account: Valued at net asset value ("NAV") of \$1.00 per share held by the Plan at year-end.

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units held by the Plan at year-end after adjustments to reflect all fund investments at fair value, including direct and indirect interest in fully benefit-responsive investment contracts, as reported in the audited financial statements of the fund.

Self-directed brokerage accounts: A Personal Choice Retirement Account ("PCRA") option within the Plan provides participants with an expanded number of investment options. Participants can direct their contributions to a variety of investment options, as determined by the Company. As of December 31, 2022, the "PCRA" fund comprised of holdings in interest bearing cash, common stock, and unit investment trusts. Interest bearing cash is valued at NAV of \$1.00 per share and common stock and unit investment trusts are valued at the daily closing price as of year-end.

The Investment Committee of the Company, which is comprised of certain advisors and members of the Company, uses a third-party service as the primary basis for valuation of the Wells Fargo Stable Value Fund. The Investment Committee meets periodically with the Plan's advisors and trustee to review fund performance, including that of all funds in the Plan.

The Wells Fargo Stable Value Fund (the "Fund") is a collective trust fund that is managed to maintain a certain amount of liquidity. Therefore, in the normal course of business there would be no events or conditions that would limit the ability to transact at contract value. However, there may be market value events or conditions that do limit the ability to transact at contract value. These include, but are not limited to, Fund administration being amended or changed, termination or partial termination of the Fund, failure to meet certain tax qualifications, transfers to competing options without meeting the equity provisions of the Fund and plan sponsor withdrawals without the appropriate notice to the Fund and/or issuer.

- (b) Contributions to the fund may be made daily at the contract value and are considered made immediately after the daily valuation. Qualified plan participants are allowed to withdrawal at any time without penalty, regardless of their frequency or amount. The Fund requires participants to invest in a non-competing fund for at least 90 days before transferring to a competing fund option. Any plan sponsor or plan fiduciary initiated withdrawal from the Fund may require a 12-month written notice of the intent to withdraw assets from the Fund. At the discretion of the fund administrator, the notification period may be waived.
- (c) Contributions to the fund may be made daily at the contract value and are considered made immediately after the daily valuation. Qualified plan participants are allowed to withdrawal at any time without penalty, regardless of their frequency or amount. The Fund requires participants to invest in a non-competing fund for at least 90 days before transferring to a competing fund option. Any plan sponsor or plan fiduciary initiated withdrawal from the Fund are not subject to a written notice of the intent to withdraw assets from the Fund.

NOTE E - TAX STATUS

The Plan uses a prototype plan document sponsored by Charles Schwab Bank, which received an opinion letter from the Internal Revenue Service ("IRS") dated May 23, 2008, which states that the prototype document satisfies the applicable requirements of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust established under the Plan is tax exempt as of the financial statement date; and no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTY TRANSACTIONS

In 2022 and 2021, the Plan was under contract with an administrator (Schwab Retirement Services, Inc.) who is affiliated with the Trustee of the Plan. Fees paid by the Plan for the administrative services provided were \$80,042 in 2022.

During 2022 and 2021, the Plan invested in certain investments that are managed by the Trustee of the Plan, and therefore these transactions qualify as party-in-interest transactions.

Notes receivable from participants are also considered party-in-interest transactions.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE H - RISKS AND UNCERTAINTIES

Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued and has determined that there were no subsequent events that have occurred through the date of the report to recognize or disclose in these financial statements.
