As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021 and for the year ended 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IXP Corporation 401(k) Salary Reduction Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IXP Corporation 401(k) Salary Reduction Plan's ability to continue as a going concern within one year after financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IXP Corporation 401(k) Salary Reduction Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IXP Corporation 401(k) Salary Reduction Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at Year End) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IXP CORPORATION 401(K) SALARY REDUCTION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

General

The following description of IXP Corporation 401(k) Salary Reduction Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information. The Plan is a defined contribution plan covering substantially all eligible employees of IXP Corporation (the Company) who are at least 18 years of age and have completed at least one month of service. The Plan defines a month of service as a completed month if there was a completed Hour of Service. An Hour of Service is defined as any hour for which you are paid or entitled to payment. If the individual has not completed a salary deferral agreement within 30 days after they become eligible, they will be automatically enrolled and 5% of eligible earnings will be withheld. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Fund Changes

Effective February 28, 2022 Invesco renamed funds held by the Plan as of December 31, 2022. The following funds were effected, Invesco International Growth Fund was renamed to Invesco EQV International Equity Fund.

Participant Contributions

The Plan allows participants to make tax deferred contributions of a minimum of 1% and up to a maximum of 80% of pre-tax compensation, as defined in the Plan Document. Employee contributions are limited to the maximum amount allowable under the Internal Revenue Code (IRC) (\$20,500 in 2022, plus a \$6,500 catch-up if age 50 or over). Employees are automatically enrolled in the Plan and a percentage of their compensation is deferred unless the employee has elected not to participate or elects to change their contribution percentage. Participants may modify their deferral elections at any time. Qualified distributions from other qualified retirement plans can also be contributed to the Plan by employees and retained as a rollover contribution.

Company Contributions

The Company makes matching contributions equal to a percentage of the amount of the salary reduction an employee elected to defer; the percentage will be determined each year by the Company. In 2022, the Company matched 25% of the first 5% of the employee's salary reduction. Matching contributions shall be determined and paid each payroll period. To be eligible for a matching contribution, a participant must make elective deferrals. The Company also may make discretionary non-elective employer contributions. The total discretionary non-elective employer contributions paid in 2022 was \$0.

Notes Receivable from Participants

Participants may borrow from their fund accounts, up to 50% of their vested account balance up to a maximum of \$50,000, with a minimum loan of \$500. The notes are secured by the balance in the participant's account and bear interest at Prime plus 2%. Loans must be entirely repaid within five years through payroll deductions, unless the loan is to be used to acquire the principal residence of a participant, in which case the loan must be entirely repaid within a period not to exceed 30 years.

Vesting

Participants are immediately vested in their voluntary contributions and the earnings thereon. Participants are vested in the remainder of their accounts based on a graded-vesting schedule, with participants becoming 25% vested after one year, and increasing 25% per year until they are fully vested after four years of service.

In addition, participants become fully vested in all of their accounts upon retirement at age 55 or in the event of permanent disability or death, making the participant incapable of continuing usual and customary employment with the employer. Finally, in the event that the Plan were to be terminated, all employee balances would be fully vested.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and the appropriate employer matching contribution, if any, Plan earnings, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments and forfeitures if applicable. Terminated participants forfeit non-vested Company contributions. Upon subsequent reemployment, these may be reinstated to the participants' accounts in accordance with conditions included in the Plan Document.

Forfeited Accounts

Forfeitures of terminated participants' non-vested amounts together with related Plan earnings may be used to pay any administrative expenses of the Plan and to reduce the employer's matching contribution. At December 31, 2022 and 2021 forfeited non-vested accounts totaled \$1,236 and \$967, respectively. The total forfeitures used to fund employer contributions in 2022 were \$9,567.

Administrative Expenses

Certain administrative expenses incurred by the Plan are paid by the Plan sponsor on behalf of the Plan.

Payment of Benefits

A participant is entitled to the vested portion of his or her account upon reaching the age of 59½ or upon becoming totally or permanently disabled. Immediate distributions (vested portion) may be made at the participant's election upon termination of employment. Additionally, in the event of a financial hardship, an employee may withdraw their own elective deferrals (excluding earnings on elective deferrals).

Hardship Withdrawals

The Plan allows for "hardship withdrawals" of participant accounts based upon any of the following criteria:

- a) The payment of expenses for medical care (described in Section 213(d) of the Internal Revenue Code) previously incurred by the participant, spouse or dependent;
- b) The costs directly related to the purchase of your principal residence (excluding mortgage payments);
- c) The payment of tuition and related educational fees for the next twelve months of post-secondary education for the participant, spouse or dependent;
- d) The payment necessary to prevent your eviction from your principal residence or foreclosure on the mortgage of the participant's principal residence;
- e) The payment of funeral or burial expenses for the participant's deceased parent, spouse, child or dependent;
- f) The payment of expenses to repair damage to your principal residence that would qualify for a casualty loss deduction under Code Section 165.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value, except for common/collective trusts, which are stated at net asset value. Quoted market prices are used to value the Plan's investments. Shares of mutual funds are reported at the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in fair value of investments reported in the statement of changes in net assets available for benefits includes gains and losses on investments bought and sold, as well as held during the year. Realized gains or losses on sales of securities are determined using the average cost method.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Employee contributions and the employer match are recorded at the end of each payroll period.

Benefit Payments

Benefits are recorded when paid.

NOTE 4 - INVESTMENTS

Fair Value Measurements

Investments are stated at aggregate fair value in accordance with accounting principles generally accepted in the United States of America. The Guidance discusses acceptable valuations techniques and inputs to these techniques. The inputs are based on assumptions market participants use in pricing investments. The Guidance establishes a fair value hierarchy that prioritizes the inputs, which are summarized as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

NOTE 5 - CONTRIBUTIONS

Employer contributions for the year ended December, 31 2022 totaled \$91,665, net of forfeitures used, which was applied to each participant's account each payroll period.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of a Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment funds. Investment funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - TAX STATUS

The Plan has adopted a prototype plan document that has received a favorable opinion letter dated October 6, 2020 from the Internal Revenue Service. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the IRC and related state statutes, and that the Plan is exempt from federal and state income taxes.
