INDEPENDENT AUDITORS' REPORT

The Participants and Trustees of
MaternOhio 401(k) Profit Sharing Plan and Trust
Columbus, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of the MaternOhio 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the MaternOhio 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the MaternOhio 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MaternOhio 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the MaternOhio 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We have audited the statement of net assets available for benefits of MaternOhio 401(k) Profit Sharing Plan and Trust as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021 (not presented herein), and in our report dated October 13, 2022, we expressed an unmodified opinion on those financial statements.

1. DESCRIPTION OF PLAN:

The following description of the MaternOhio 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of MaternOhio Clinical Associates, Inc. (the Employer) who have completed one year of service and are age twenty-one or older. The Plan allows participants to receive credit for prior service at certain predecessor employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated effective January 1, 2022.

Contributions

Participating employees may defer up to 100% of eligible compensation, as defined by the Plan as pre-tax or Roth contributions. Participant contributions may not exceed the limits of the Internal Revenue Code (IRC). Participants who reach age 50 may elect to make catch-up contributions. Participants may also make rollover contributions which represent distributions from other qualified defined benefit or defined contribution plans.

The Employer makes a safe harbor matching contribution equal to 100% of the first 3% of eligible compensation contributed by Plan participants and 50% of the next 2% of eligible compensation contributed by Plan participants. Additionally, the Employer may make discretionary profit sharing contributions and discretionary matching contributions. The Employer made discretionary profit sharing contributions of \$1,042,628 and \$1,016,943 for the years ended December 31, 2022 and 2021, respectively and did not make discretionary matching contributions during the years ended December 31, 2022 and 2021.

Participant accounts

Each participant's account is credited with the participant's contribution, the Employer's safe harbor matching contribution, the Employer's discretionary profit sharing contribution, and allocations of Plan earnings and losses thereon. Participant accounts are decreased by allocations of administrative expenses. Allocations are generally based on participant compensation or account balances, as defined by the Plan. The benefit to which the participant is entitled is the benefit of the participant's vested account balance. The Plan's investments are participant directed.

Vesting

Participants are immediately vested in their contributions and Employer safe harbor matching contributions. The Employer discretionary profit sharing contributions become vested based on a graded schedule of 20% per year beginning upon attainment of one year of service and are fully vested after five years of service. Vesting credit is calculated on 1,000 hours worked during each calendar year.

Forfeited non-vested accounts may be used to pay administrative expense or Employer contributions. Non-vested account balances of \$0 was used to pay Employer contributions during the years ended December 31, 2022 and 2021. As of December 31, 2022 and 2021, forfeited, non-vested accounts amounted to \$11,671 and \$8,349, respectively.

Participant notes receivable

Participant notes receivable are permitted under certain circumstances and are subject to limitations. Participants may borrow from their funds up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest are paid ratably through payroll deductions.

Distributions

Upon normal retirement (age 65), termination, death or disability, a participant will receive the vested balance of his or her account. Distributions are made in lump sum payments, installments, or a combination of both. Any nonvested portion of the account is treated as a forfeiture. A participant may elect to withdraw any or all of their vested account balance in the event of financial hardship, attainment of age 59½ or at age 45, if participant is 100% vested, subject to applicable IRC requirements. All financial hardship distributions must be approved by the plan administrator.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes receivable

Participant notes receivable are measured at the unpaid principal balance plus any accrued but unpaid interest. Upon default (as defined), the plan administrator treats the default as a distribution and offsets the outstanding balance of the note against the participant's vested account balance. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Cash and cash equivalents

The Plan considers all short-term investments to be cash equivalents. The carrying amount of cash and cash equivalents approximates fair value.

Distributions

Benefit payments are recognized when paid.

Administrative expenses

Certain administrative expenses are paid by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable or other participant initiated transactions are charged directly to participant accounts and are included in administrative expense. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company (Matrix), the trustee as defined by the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 (except for a self-directed brokerage account in the amount of \$1,056,266) and the supplemental schedule of assets (held at end of year) as of December 31, 2022 (except for a self-directed brokerage account in the amount of \$1,056,266) and the related investment activity and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2022 (except for \$112,416 depreciation in fair value of investments related to a self-directed brokerage account).

4. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES:

The Plan had a traditional fully benefit responsive guaranteed interest contract with John Hancock Life Insurance Company U.S.A (John Hancock) through December of 2021. John Hancock maintained the contributions in a guaranteed interest account which was backed by the general assets of John Hancock. The principal was guaranteed as long as the contract was in effect and the contract provides for a specified interest rate that is guaranteed to the Plan. The account was credited with actual earnings on underlying investments (principally high-quality fixed income investments) and charged for participant withdrawals and administrative expenses. The contract did not permit John Hancock to terminate the agreement prior to the scheduled maturity date.

The Plan also holds certain participant directed brokerage accounts that have an investment in fully benefit-responsive variable annuity investment contracts issued by Equitable Life Insurance Company (previously AXA Equitable Life Insurance Company), and Prudential Life Insurance Company (Prudential). Equitable Life Insurance Company, and Prudential maintain the contributions in subaccounts which are invested in various funds (primarily mutual funds). The subaccounts are credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the insurance companies, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet its financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants. In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without consent of the issuer.

5. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Cash and cash equivalents: Valued at cost, which approximates fair value.

Mutual funds: Valued at the NAV of shares held by the plan at year end which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

Common Collective funds: Valued based on the fair value of the underlying investments within each account, which represents the NAV of the shares held by the Plan at year end. The NAV, as provided, is used as a practical expedient to estimate fair value. The account manager's objective is to preserve revenue or to provide long and short-term capital growth by investing primarily in equity securities, fixed income, bond and money market funds. There are no unfunded commitments related to the common trust funds and units are redeemable at net asset value.

Participant directed brokerage accounts: Valued based on the fair value of the underlying investments within the account as follows:

- *Cash and cash equivalents and money market funds:* Cost approximates fair value.
- *Mutual funds:* Valued at the NAV of shares held by the plan at year end which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.
- *Common stocks and U.S. government securities:* Valued at the closing price reported on the active market on which the individual security trades.
- *Corporate bonds:* Valued based on the closing price reported in the active market in which the bond is traded.
- *Common trust funds:* Valued based on the fair value of the underlying investments within each account, which represents the NAV of the shares held by the Plan at year end. The NAV, as provided, is used as a practical expedient to estimate fair value. The account manager's objective is to preserve revenue or to provide long and short-term capital growth by investing primarily in equity securities, fixed income, bond and money market funds. There are no unfunded commitments related to the common trust funds and units are redeemable at net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments were managed by John Hancock, a custodian of the Plan, during 2021 and certain other custodians of the participant directed brokerage accounts. Therefore, these transactions qualify as party in interest transactions.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. TAX STATUS:

The Plan elected to adopt a non-standardized defined contribution pre-approved plan, which received an opinion letter from the Internal Revenue Service dated June 30, 2020. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

9. RISK AND UNCERTAINTIES:

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.
