Independent Auditors' Report

To the Plan Administrator
Phillips Infrastructure Holdings, Inc. 401(k) Retirement Plan
Knoxville, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Phillips Infrastructure Holdings, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit

evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Phillips Infrastructure Holdings, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Phillips Infrastructure Holdings, Inc. (the "Company") who have completed certain service time requirements and are age eighteen or older. Effective January 1, 2020, an amendment was filed to change the eligibility service requirements from six months to two months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan has entered into an agreement with The Trust Company of Tennessee ("The Trust Company") to provide certain fiduciary services to the Plan and is considered a trustee of the Plan. The Trust Company selects, monitors, removes, and replaces the investment options offered to the participants in the Plan. The Plan administrator is not completely absolved of its fiduciary responsibility.

Contributions - Each year, participants may elect to defer up to 90% of their compensation, as defined by the Plan. Total deferrals in any taxable year may not exceed a dollar limit set by law. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct allocation of their contributions into various investment options offered by the Plan. The Plan offers multiple registered investment companies and a common/collective trust as investment options for participants. In 2009, the Company formally amended the Plan effectively eliminating tiered matching and elected to match at the employer's discretion.

Participant Accounts - Each participant's account is credited with participant contributions, allocations of Company contributions (if any), plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings upon those respective contributions. Participants vest in Company contributions and earnings thereon in 20% increments for each year of continuous service; therefore, they become 100% vested after five years of credited service.

Notes Receivable - Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000. The loans are secured by participant account balances and bear interest at rates ranging from 5.25% to 9.0%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, retirement, or separation, a participant may elect to receive either a lump-sum payment equal to the participant's vested interest in his or her account or in installment payments under a systematic withdrawal plan.

Forfeited Accounts - At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$119,163 and \$166,072, respectively. These amounts may be used to reduce future Company contributions.

Administrative Expenses - Certain administrative expenses of the Plan are paid directly by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP"). This basis differs in that contributions are recognized when received rather than when due. Fully benefit-responsive investment contracts are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates - The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation - The Plan's investments are reported at fair value except for the collective trust. Quoted market prices are used to value investments. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year-end. The common/collective trust is reported at contract value based on the value for the Trust as a whole obtained from the Trust's annual reports.

Notes Receivable - Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Benefit Payments - Benefit payments are recorded when paid.

Date of Management's Review - Management has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified complete and accurate by the trustee, Fidelity Management Trust Company.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE - (Continued)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A valuation hierarchy has been established for disclosure of the inputs used to measure fair value. This hierarchy prioritizes the inputs into three broad levels. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. Level 3 inputs are unobservable inputs based on the Plan's assumptions used to measure assets and liabilities at fair value. A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds (Level 1) - The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Fair Value Measurements at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds in the fair value hierarchy	\$ 45,797,023	\$ -	\$ -	\$ 45,797,023
Investments at fair value	\$ 45,797,023	\$ -	\$ -	\$ 45,797,023
	Fair Value Measurements at December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds in the fair value hierarchy	\$ 54,262,146	\$ -	\$ -	\$ 54,262,146
Investments at fair value	\$ 54,262,146	\$ -	\$ -	\$ 54,262,146

NOTE 5 - COMMON/COLLECTIVE TRUST

The Plan sponsor has a trust agreement with Fidelity Management Trust Company ("FMTC") which authorizes participation in the Fidelity Advisor Stable Value Portfolio (Class II) (the "Fund"), a common/collective trust. As described in Note 2, because this investment is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributed to the investment. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's NAV. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value, although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value, as reported to the Plan by FMTC, represents contributions made into the trust, plus earnings, less participant withdrawals and administrative expenses. The crediting interest rate of the trust fluctuates. The spot yield credited to participants for 2022 and 2021 were 1.55% and 0.85%, respectively. The market spot yield of the underlying investments was 2.55% and 1.65%, respectively. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

The following table presents additional information about investments in certain entities that calculate net asset value (NAV) per share as of December 31, 2022 and 2021:

	Contract Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notification Period
<u>December 31, 2022</u>					
Investments					
FA Stable Value Fund (a)	\$ 6,170,570	\$ -	Immediate	None	None
<u>December 31, 2021</u>					
Investments					
FA Stable Value Fund (a)	\$ 4,632,769	\$ -	Immediate	None	None

(a) The Fidelity Advisor (FA) Stable Value Fund seeks to invest in fixed income securities seeking the preservation of capital, as well as to provide a competitive level of income over time consistent with the preservation of capital.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of a Plan termination, participants would become 100% vested in their Company contributions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various interest rate, market, and credit risks. Due to the level of risk, it is possible that changes in the value of investments will occur in the near term, that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - TAX STATUS OF PLAN

Effective March 4, 2015, the Plan adopted the Volume Submitter Defined Contribution Plan document sponsored by Fidelity (the "Fidelity Volume Submitter Plan"). The Internal Revenue Service has determined and informed the Fidelity Volume Submitter Plan by a letter dated June 30, 2020, the Fidelity Volume Submitter Plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). No substantial changes were made to the Plan as a result of the new adoption. The Plan has not filed for its own determination letter. Although the Plan has been amended since the prototype determination letter was issued, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan recognizes tax loss contingencies when it is probable that a liability had been incurred and the amount of the loss could be reasonably estimated. The amount recognized would be subject to estimates and management's judgment with respect to the likely outcome of each uncertain tax position. Although the tax years ending December 31, 2019 through December 31, 2022 remain open for examination by various taxing authorities, it is management's opinion that no significant uncertain tax positions remain open at December 31, 2022.

NOTE 9 - PARTY-IN-INTEREST

The Company is the administrator of the Plan and, as such, executes the normal duties associated therewith. Costs incurred for audit, legal, and other administrative functions are paid by the Company on behalf of the Plan. There were no financial transactions recorded between the Company and the Plan other than contributions made by the Company to the Plan. The Plan invests in funds managed by Fidelity. Fidelity acts as contract holders and record keepers for those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.
