Fort Lauderdale, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MSHS Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MSHS Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MSHS Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MSHS Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MSHS Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MSHS Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the MSHS Group 401(k) Plan (f/k/a Motor-Services Hugo Stamp, Inc. Employees' Profit-Sharing Plan) (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

- a) *General* – The Plan is a defined contribution plan covering all full-time employees of Motor-Services Hugo Stamp, Inc. (the "Company"), except members of a collective bargaining unit, non-resident aliens, and leased employees, that have attained the age of eighteen. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was formed on June 1, 1991, and restated in its entirety on January 1, 2022, as required by Internal Revenue Service's (IRS) current restatement cycle.
- b) *Plan Administration* – Employees of the Company administer the Plan. As of December 31, 2022 and 2021, the record keeper, custodian and party which directs the custody and management of the Plan's assets is Empower Retirement, LLC (Empower), and the registered investment advisor is Provenance Wealth Advisors. The Plan's trustees are Reliance Trust Company (Reliance) and directors and/or employees of the Company.
- c) *Contributions* – Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan and as subject to limitations defined by the Internal Revenue Code. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 4% of eligible compensation and an auto escalation feature of 1% each year. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may annually elect to make matching and/or discretionary contributions. For the year ended December 31, 2022, the Company made a matching contribution of 50% of the first 14% of elective deferral contribution that eligible participants contributed to the Plan. For the year ended December 31, 2022, the Company did not make any discretionary contributions.

- d) *Participant Accounts* – Each participant's account is credited with participant's contribution, the employer's matching contribution, Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan.
- e) *Vesting* – Participants are immediately vested in their salary deferral contributions and rollovers, plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant becomes 100% vested after 3 years of credited service, or immediately upon death or disability.

For the Year Ended December 31, 2022

1. Description of Plan, continued

- f) *Administrative Expenses* – Individual participants pay for loan fees and investment fees. Other fees and administrative costs associated with Plan operations and compliance are paid first from forfeitures and then from Plan Assets.
- g) *Investment Options* – Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options offered in the Empower program and determined by the Plan Administrator. Participants may change their investment options via phone or Internet access to Empower at any time.
- h) *Participant Loans Receivable* – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their individual vested account balance. Participants may have no more than two loans outstanding at any one time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Loan terms range from 1-10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates (currently Prime Rate plus 1%) as determined by the loan administrator at the time the loan is taken. The interest rates on participant loans receivable as of December 31, 2022 and 2021 range from 4.25% to 7.25%. Principal and interest are paid ratably through bi-weekly payroll deductions. Participant loans are reported at their unpaid principal balances plus any accrued interest. The loan balances are secured by the participants' investment accounts, therefore, no allowance for uncollectible loans was deemed necessary.
- i) *Payments of Benefits* – Upon retirement, disability, death, or termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions are permitted for employees attaining age 59 ½. Hardship distributions are also permitted from all accounts that are fully vested.
- j) *Forfeited Accounts* – Forfeitures of non-vested accounts may be used to pay administrative expenses and to reduce future employer contributions. Total forfeitures available as of December 31, 2022 and 2021 amounted to \$170,749 and \$126,177, respectively. During 2022, \$49,058 was forfeited by employees, and \$9,248 was applied to administrative fees.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

- a) *Basis of Accounting* – The accompanying financial statements are prepared on the accrual basis of accounting.

For the Year Ended December 31, 2022

2. Summary of Significant Accounting Policies, continued

- a) *Use of Estimates* – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- b) *Valuation of Investments and Income Recognition* – Investments in registered investment companies (i.e., mutual funds and mutual funds held in common collective trust) are reported at fair value of the fund's quoted market price, which represents the fair value (FV) of the shares held by the Plan at year end. Investment in the guaranteed investment contract is reported at contract value (Note 5). Investment options that do not have readily available market quotations are valued according to quotations from the custodians. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.
- c) *Payment of Benefits* – Benefits are recorded when paid.
- d) *Plan Risk and Uncertainties* – The Plan and the Plan assets are sensitive to economic pressures prevalent in the investment market. The pressures primarily stem from interest rate, market and credit risk and their effect on bond rates, mortgage rates, the value of real estate, stock prices, and the overall stability of the market. Certain Plan investments are shares of mutual funds managed by the custodian. Change in the custodian's management may affect operating results of the funds adversely. Additionally, the financial position of the Plan Sponsor, Motor-Services Hugo Stamp, Inc., may have a significant impact on the Plan. Specifically, this include the ability of the Plan Sponsor to continue to make contributions under the program and/or the stability of the Plan Sponsor's operations. Other external factors which may affect the Plan and the Plan assets include legislation or regulations established by the Internal Revenue Service, Employee Retirement Income Security Act of 1974 (ERISA), and/or Department of Labor (DOL).

3. Fair Value Measurements

FASB Accounting Standards Codification (FASB ASC) 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

For the Year Ended December 31, 2022

3. Fair Value Measurements, continued

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following description provides the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022.

- a) *Mutual funds* – Valued at quoted market prices of a national security exchange on the last business day of the year, of units held by the Plan at year end.
- b) *Mutual funds held in common collective trust* – Valued at the net asset value (NAV), as quoted by the investment manager, of shares held by the plan at year end. In this instance the NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	Measured at NAV	<u>Assets at Fair Value as of December 31, 2022</u>			
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

4. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly Reliance, the trustee, has certified December 31, 2022 and 2021 that the data included in the accompanying financial statements and supplemental schedule of assets held for investment purposes is complete and accurate. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets held for investment purposes.

The following information was prepared and certified as complete and accurate by the trustee:

	<u>2022</u>	<u>2021</u>
Investments, at fair value	<u>\$ 25,097,850</u>	<u>\$ 31,574,966</u>
Investments, at contract value	<u>\$ 7,313,941</u>	<u>\$ 7,833,634</u>
Interest on guaranteed investment contract	<u>\$ 205,788</u>	
Interest and dividends	<u>\$ 1,109,370</u>	
Net depreciation in fair value of investments	<u>\$ (6,162,884)</u>	

5. Investment Contract with Insurance Company

The Plan has a traditional fully benefit-responsive guaranteed investment contract issued by Massachusetts Mutual Life Insurance Company (Mass Mutual) and administered by Empower as of December 31, 2022 and 2021. Mass Mutual maintains the funds in the SAGIC Diversified Bond I, an interest-earning investment option backed by Mass Mutual's general account assets. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

For the Year Ended December 31, 2022

5. Investment Contract with Insurance Company, continued

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value as of December 31, 2022 and 2021 was \$7,313,941 and \$7,833,634, respectively. The crediting interest rate was approximately 3.49% and 3.08% in 2022 and 2021, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable.

6. Tax Status

The Plan is utilizing a pre-approved defined contribution plan sponsored by its custodian, Empower. The Plan reflects the implementation of the recent legislative changes in the regulations governing qualified tax-deferred arrangements via the IRS's Cycle 3 restatement. The restated Plan has a favorable opinion letter from the Internal Revenue Service dated November 14, 2022. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan was designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Plan Termination

Although the Company has not expressed any intent to do so, it does have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and accrued benefits, to the extent funded or required to be funded, must be distributed to the participants.

For the Year Ended December 31, 2022

8. Subsequent Events

The Plan's management has evaluated subsequent events through October 14, 2023, the date on which the financial statements were available to be issued, and determined no additional disclosures were required to be presented in these financial statements.
