Independent Auditor's Report

To the Trustees
Southern Eagle Sales & Service, L.P.
Local 270 Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Southern Eagle Sales & Service, L.P. Local 270 Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 (in liquidation) and 2021 (ongoing), the related statements of changes in net assets available for benefits for the years ended December 31, 2022 (in liquidation) and 2021 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US Alliance member firms are separate and independent businesses and legal entities that are responsible for their own acts and omissions, and each is separate and independent from RSM US LLP. RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis
As discussed in Note 7 to the financial statements, management of Southern Eagle Sales and Service, L.P., the Plan's sponsor, amended the Plan effective March 28, 2022 to terminate the Plan, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis of accounting used in presenting the 2021 financial statements to the liquidation basis of accounting used in presenting the 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following brief description of the Southern Eagle Sales & Service, L.P. Local 270 Pension Plan (the Plan) is intended to give a general summary of its principal provisions. Participants should refer to the Plan Document for complete information.

Except as otherwise indicated, the following descriptions of the Plan's terms and operations relate to the period prior to the Plan termination process.

Purpose of the Plan

The Plan, which was established effective April 1, 1977, is a defined-benefit plan which provides normal retirement, early retirement, disability, or death benefits to substantially all employees covered by the collective bargaining agreement between the Teamsters Local No. 270 of New Orleans, Louisiana and Southern Eagle Sales & Service, L.P. (the Company).

Plan Administration

The Plan Administrator is the Company. The Company appoints an officer as the Plan Trustee, as required, to administer the Plan. The Plan Trustee is responsible for benefit payments from the trust fund, according to information submitted by the Plan Administrator, and oversight of the administration of the Plan. The Plan Trustee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Pension Benefits

Under the Plan's provisions, each participant who retires at age 65 (normal retirement) is entitled to a unit of monthly pension equal to $17.50 multiplied by the period of credited service in years and completed fractions, thereof, up to a maximum of 30 years. A year of credited service is earned for each calendar year during which an individual completes 1,800 hours of service. During each calendar year in which the individual has less than 1,800 hours of service, the individual earns 1/12 of a year for every 150 hours of service (with any remaining hours equal to 75 or more counting as 1/12 of a year).

Vesting service is used in determining eligibility for early retirement and disability benefits. A year of vesting service is earned for each calendar year during which an individual completes at least 1,000 hours of service. Plan participants become fully vested after five years of vesting service.

Note 1. Description of the Plan (Continued)

Death and Disability Benefits

If an active employee dies, is married, and is eligible for early retirement, then the surviving spouse will receive a benefit equal to the value of the employee's accumulated pension benefit as if the employee retired on the day immediately preceding death and had made a timely election to receive benefits in accordance with the 50% contingent annuitant option designating the spouse as the contingent annuitant. If an active employee dies, is married, but not eligible for early retirement, then the surviving spouse will receive a benefit equal to the value of the employee's accumulated pension benefit as if the employee was terminated on the day immediately preceding death, subject to the earliest date on which the employee could have commenced receiving benefits or any date after but before the employee's normal retirement date, chosen by the surviving spouse, and had made a timely election to receive benefits in accordance with the 50% contingent annuitant option designating the spouse as the contingent annuitant.

Active employees who become totally disabled receive annual disability benefits that are equal to the equivalent normal retirement benefit they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age, at which time disabled participants will receive the normal retirement benefit computed as though they had been employed to normal retirement age, with their annual compensation remaining the same as at the time they became disabled.

Funding Policy

Annually, an independent actuary performs a valuation of the Plan to determine the status of the fund and the normal cost and contribution limits prescribed by the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's funding policy is for the Company to contribute an amount that will meet or exceed the annual ERISA minimum funding requirement. The method of valuation employed by the actuary is the unit credit accrued liability method as mandated under the Pension Protection Act of 2006. For the years ended December 31, 2022 and 2021, the independent actuary calculated no employer contribution requirements.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

Due to the decision to terminate the Plan during 2022, management determined that liquidation of the Plan is imminent and the financial statements for 2022 have been prepared using the liquidation basis of accounting. The 2021 financial statements were prepared as a going concern on the accrual basis of accounting.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of plan assets available for benefits and the actuarial present value of accumulated plan benefits as the date of the financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Valuation of Investments

All investments in the 2022 statement of net assets available for benefits are reported at liquidation value. For all investments, fair value approximates the amount the Plan expects to collect at liquidation.

All investments on the 2021 statement of net assets available for benefits are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Under the trust agreement, the Company may pay all expenses incurred in the administration of the Plan, including trustee fees, but is not obligated to do so. Administrative expenses were paid by the Plan and the Company for the years ended December 31, 2022 and 2021. Certain administrative expenses incurred in connection with general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Note 3. Actuarial Present Value of Accumulated Plan Benefits

As of January 1, 2022, the actuarial present value of accumulated plan benefits is as follows:

Vested Benefits		
Participants and Beneficiaries Currently Receiving Payments	$	3,064,847
Other Vested Benefits		885,208
		3,950,055
Non-Vested Benefits		160,182
Total Actuarial Present Value of Accumulated Plan Benefits	$	4,110,237

The changes in the actuarial present value of the Plan's accumulated plan benefits for using the beginning-of-year benefit information date are presented below for the twelve month period ended January 1, 2022:

Actuarial Present Value of Accumulated Plan Benefits - January 1, 2021	$	4,301,713
Change in Actuarial Assumptions		(330,854)
Benefits Accumulated		103,533
Increase for Interest		120,441
Benefits Paid		(84,596)
Total Actuarial Present Value of Accumulated Plan Benefits - January 1, 2022	$	4,110,237

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Note 3. Actuarial Present Value of Accumulated Plan Benefits (Continued)

The significant actuarial assumptions used in the valuations for 2022 and 2021 are summarized below:

Assumed Investment Return:	7.5% for 2022 and 2021
Retirement:	At normal retirement age 65 for 2022 and 2021.
Mortality:	Gender distinct Internal Revenue Service (IRS) tables (separate tables for annuitants and non-annuitants)

The forgoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2022 and 2021, prior to the amendment to terminate the Plan effective December 31, 2022.

Note 4. Information Certified by The Lincoln National Life Insurance Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by The Lincoln National Life Insurance Company (Lincoln), the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2022	2021
Investments, at Fair Value		
Pooled Separate Accounts	**$ 2,453,951**	$ 2,943,892

Lincoln also certified to the completeness and accuracy of $(492,427) and $314,000 of net (depreciation) appreciation in fair value of investments for the years ended December 31, 2022 and 2021, respectively.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021 other than the December 31, 2022 assets being reported using the liquidation basis, which approximates fair value.

Pooled Separate Accounts: Valued at the market value of the underlying mutual funds as adjusted for the Plan's participation unit in the pooled separate account.

Note 5. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

December 31, 2022	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	**$ -**	**$ -**	**$ -**	**$ -**
Investments Measured at Net Asset Value [(a)]				**2,453,951**
Investments, at Fair Value				**$ 2,453,951**

December 31, 2021	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investments Measured at Net Asset Value [(a)]				2,943,892
Investments, at Fair Value				$ 2,943,892

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021:

December 31, 2022	Fair Value	Unfunded Commitment	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	**$ 2,453,951**	**$ -**	**Daily**	**None**

December 31, 2021	Fair Value	Unfunded Commitment	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 2,943,892	$ -	Daily	None

Note 6. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Lincoln. Lincoln is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 7. Plan Termination

The Company made contributions to the Plan in accordance with the minimum funding requirements established by the IRS that would ensure that Plan assets were sufficient to pay Plan participants' accrued benefits. In March 2022, the Company's management adopted an amendment to terminate the Plan effective as of a date determined by the Plan Administrator. As a result, management determined that liquidation was imminent.

In October 2022, a Notice of Intent to Terminate Plan advising that an application was to be filed was distributed to Plan participants and subsequently, the application for approval of the Plan's termination was filed with the IRS. In addition, in June 2023, a Standard Termination Notice was filed with the Pension Benefit Guaranty Corporation (PBGC). Plan management expects to distribute a Notice of Plan Benefits to Plan participants in October 2023. The Notice of Plan Benefits is a statement of a participant's accrued benefit under the Plan, including an estimate of the amount of a single cash payment to which the participant would be entitled following the receipt of Plan termination approval. As a result of the resolution to terminate the Plan, each employee with an accrued benefit under the Plan will have the following choices to have the present value of his accrued benefit: (a) used to purchase an annuity under the Contract, or (b) distributed in a single cash payment either (i) directly to them, or (ii) as a direct rollover by the Plan's trustee into the participant's rollover Individual Retirement Account.

Each employee with an accrued benefit under the Plan whose present value is $5,000 or more will have the option to have the present value of his accrued benefit used to purchase an annuity under the Contract or distributed in a single cash payment directly to them. Each former employee with an accrued benefit under the Plan whose present value is over $1,000 but less than $5,000 will have the option to have the present value of his accrued benefit distributed in a single cash payment either (i) directly to them, or (ii) as a direct rollover by the Plan's trustee into the participant's rollover Individual Retirement Account. If the present value was $1,000 or less, it was distributed automatically in a single cash payment directly to the employee or former employee.

There were no benefit payments made in conjunction with the Plan termination during the year ended December 31, 2022.

Note 8. Tax Status

The Plan is qualified under the appropriate section of the Internal Revenue Code (IRC) and intends to continue as a qualified plan. The IRS has determined and informed the Plan Sponsor, by a letter dated March 31, 2010, that the Plan, as designed, is qualified under the appropriate section(s) of the IRC. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 8. Tax Status (Continued)

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various pooled separate account investments. Underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Note 10. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, October 14, 2023, and determined that no events occurred that requires disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Southern Eagle Sales & Service Local 270 Pension Plan

72-1308427 / 001

For the plan year 01/01/2022 through 12/31/2022

The age reported is the weighted average of the assumed retirement ages for all active participants as of the valuation date based on their funding target or target normal cost should the funding target of the plan be zero rounded to the nearest whole age. For an active late retiree, the assumed retirement age may be later than the Plan's normal retirement age. Each participant's rate of retirement is assumed to be 100% of his/her assumed retirement age.
