Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Lessings Inc. Savings and Security Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**To the Board of Trustees and Participants of
Lessings, Inc. Savings and Security Plan
Page 3**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 and Form 5500, Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

**To the Board of Trustees and Participants of
Lessings, Inc. Savings and Security Plan
Page 4**

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LESSINGS, INC. SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

1. DESCRIPTION OF PLAN

The following description of Lessings, Inc. Savings and Security Plan (the “Plan”) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

General and Eligibility

The Plan is a deferred profit-sharing plan covering all employees of Lessings, Inc. (the “Company” or “Plan Sponsor”) who have attained age twenty-one or older and have met the eligibility requirements. Members of a collective bargaining unit, non-resident aliens, and employees that were acquired in an acquisition, merger, or similar transaction are not eligible for the Plan.

Contributions

There are three categories of Plan contributions, which may be subject to limitations as set forth in the Plan document.

Participant Contributions:

Elective 401(k) Deferrals – Participants may elect to have up to 100 percent (subject to limitations) of their annual compensation deferred and contributed to the Plan by the Company on their behalf.

Employer Contributions:

Matching Contributions – The Company may elect to make a matching contribution of a certain percentage or dollar amount on behalf of each participant. The amount of the match depends on the participant’s salary deferrals and will be made on the last day of the pay period. The Company will limit matching contributions for amounts in excess of the first 2% of compensation as elective contributions.

Discretionary Contributions – The Company may elect to make a profit-sharing contribution to the Plan each year in such amount, if any, as it may determine. There were no profit-sharing contributions in 2022.

Participant Accounts

For each participant, separate accounts are maintained for employer matching contributions, employer discretionary contributions, and participant contributions. The employer contribution accounts are credited with matching contributions and an allocation, based on eligible participant compensation, of the discretionary contribution (if any). The participant contribution accounts are credited with elective 401(k) deferrals. Plan earnings are credited to each employee’s account based upon the earnings in that account. The benefit to which a participant is entitled is equal to that which can be provided from the participant’s accounts.

LESSINGS, INC. SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS – CONTINUED

1. DESCRIPTION OF PLAN - CONTINUED

Vesting

Participants are immediately vested in their participant contributions plus allocated earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of continuous service. A participant is 100 percent vested after six years of credited service. Non-vested amounts in the accounts of terminated employees are forfeited and revert to the Company.

Participant-Directed Invested Fund Options - All of the Plan's investment fund options are participant-directed. The plan administrator and custodian are not involved in the participant's investment decisions. Each participant has the option to divide his/her investments among various investment fund options. The Plan allows each participant to periodically change his/her investment direction for future contributions and to transfer amounts already invested. Each investment fund option has different investment objectives and portfolio composition.

Notes Receivable from Participants

A participant may borrow from their account an amount, which cannot exceed the lesser of:

- a. \$50,000 reduced by the excess, if any of (i) the highest outstanding balance of loans from the plan during the one-year period ending on the day before the date of the loan over (ii) the outstanding balance of loans from the plan
- b. 50% of the participant's vested balance in their account.

Generally, the loan must be repaid within 5 years and the loan shall bear a reasonable rate of interest. Loans currently outstanding bear interest at rates ranging from 4.75% to 9.00%.

Payment of Benefits

Benefits are payable on request following a participant's termination of employment in the form of a lump sum payment equal to the value of the participant's individual account. If a participant dies, the amount in the participant's account is payable in a lump sum to the designated beneficiary. If a participant is not married, he or she may designate a beneficiary. If the participant is married, he or she must name his or her spouse as the beneficiary unless the spouse consents to the selection of another beneficiary.

If the participant dies without having named a beneficiary, the beneficiary shall be his or her spouse if then living or, if the participant has no surviving spouse, his or her beneficiary shall be the participant's estate.

Forfeited Accounts

At December 31, 2022, forfeited non-vested accounts totaled \$306. These accounts will be used to pay Plan expenses and reduce any employer contribution. Also, in 2022, Plan expenses of \$2,000 were paid from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Corrective Distributions Payable

Amounts payable to participants at December 31, 2021 totaling \$59,778 for contributions in excess of amounts allowed by the IRS are recorded as corrective distributions payable, with a corresponding reduction to 2021 contributions. The Plan distributed the 2021 excess contributions in March 2022. Corrective distributions payable amounted to \$116,106 at December 31, 2022. The Plan distributed the 2022 excess contributions in February 2023.

LESSINGS, INC. SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS – CONTINUED

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are, therefore, excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Administrative expenses of the Plan are allocated to participant accounts.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, which is the date the financial statements were available to be issued.

3. CERTIFIED INFORMATION (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). Accordingly, Voya Retirement Insurance and Annuity Company ("Voya"), the custodian, has certified to the completeness and accuracy of all the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. The Plan Sponsor determines the Plan's valuation policies. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

LESSINGS, INC. SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS – CONTINUED

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS - CONTINUED

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if level 1 or level 2 inputs were not available. There are no Plan assets requiring the use of level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for assets measured at fair value:

The Plan's investments in pooled separate accounts are stated at fair value and represent the number of participation units owned by the Plan. Quoted market prices of the underlying investments are used to value each fund, and are based on the net asset value of the shares held at the end of the year.

The Plan's investments in pooled separate accounts amounting to \$10,358,495 and \$13,145,460 at December 31, 2022 and 2021, respectively, are classified as Level 2 investments in the fair value hierarchy.

5. GUARANTEED INTEREST ACCOUNTS WITH INSURANCE COMPANY

The Plan entered into a fully-benefit responsive investment contract with Voya. Voya maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Guaranteed interest accounts at December 31, 2022 and 2021 amounted to \$674,067 and \$653,745, respectively.

LESSINGS, INC. SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS – CONTINUED

5. GUARANTEED INTEREST ACCOUNTS WITH INSURANCE COMPANY - CONTINUED

The guaranteed interest account guarantees principal and a minimum guaranteed interest rate for the life of the contract, as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period - currently one calendar year. The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate. The current rate, the guaranteed minimum floor rate and the minimum guaranteed interest rate are expressed as annual effective yields. Taking the effect of compounding into account, the interest credited to the guaranteed interest account daily, yields the then current credited rate.

Voya's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. Under this option, Voya assumes the risk of investment gain or loss by guaranteeing the principal amount allocated to this option and promising a minimum interest rate during the accumulation period and also throughout the annuity payout period, if applicable.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3 percent. The average yield earned during 2022 was 2.25%.

Certain events limit the Plan's ability to transact at contract value with Voya. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another Plan), (b) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants or the issuer, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

LESSINGS, INC. SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS – CONTINUED

7. TAX STATUS

The Plan document was adopted effective January 1, 1997 and has been amended since then. The Plan has adopted a Prototype Non-standardized Profit Sharing Plan with CODA sponsored by Associated Pension Consultants, Inc. On March 31, 2008, the Internal Revenue Service (“IRS”) stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (“IRC”) and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

As disclosed in the accompanying supplemental schedule, certain participant contributions amounting to \$948 in 2022 were not remitted to the Plan within the timeframe required by the Department of Labor. The delinquent participant contributions have been remitted to the Plan in 2022. As of the report date, the related lost earnings have not yet been remitted to the Plan.

9. PARTY IN INTEREST TRANSACTIONS

The Plan’s investments in certain pooled separate accounts and guaranteed interest accounts are managed by Voya. As this company provides services to the Plan, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services amounted to \$3,551 for the year ended December 31, 2022.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

10. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

The following is a reconciliation of the change in net assets available for benefits per financial statements to the Form 5500 for the year ended December 31, 2022:

Net decrease per financial statements	\$ (2,773,493)
Change in corrective distributions payable	56,328
Change in contributions receivable	<u>(11,895)</u>
Net decrease per Form 5500	<u>\$ (2,729,060)</u>

12. COVID-19 FINANCIAL STATEMENT IMPACTS

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. Accordingly, the extent to which COVID-19 may impact the Plan's assets, liabilities, net assets available for benefits, contributions, investment income, and benefits paid to participants is uncertain and the financial statements include no adjustments relating to the effects of this pandemic.

13. CARES AND SECURE ACT

In 2021, the Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts have been implemented. Written amendments to the Plan to reflect these operational changes have been adopted in accordance with applicable law and IRS guidance.
