Independent Auditor's Report

To the Participants and Plan Administrator of the
Expanse Electrical Company, LLC Profit Sharing 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Expanse Electrical Company, LLC Profit Sharing 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information described in Note 4 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance; therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Participants and Plan Administrator of the
Expanse Electrical Company, LLC Profit Sharing 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Information Required by ERISA

The supplemental information listed in the index as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Participants and Plan Administrator of the
Expanse Electrical Company, LLC Profit Sharing 401(k) Plan

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Expanse Electrical Company, LLC Profit Sharing 401(k) Plan

Notes to the Financial Statements December 31, 2022 and 2021

Note 1 – Plan Description

The following description of the Expanse Electrical Company, LLC Profit Sharing 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of Expanse Electrical Company, LLC (the “Company” or “Employer”). The Plan, which commenced effective January 1, 1966, is a defined contribution plan that provides retirement savings benefits to eligible employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”).

Plan Custodian and Trustee

Great-West Trust Company, LLC (“Great-West,” the “Trustee,” or “Custodian”) serves as the Plan’s Trustee and is the Custodian maintaining custody of all investments held by the Plan, maintaining the Plan’s participant account balances, and providing record-keeping services to the Plan. Among other duties, the Trustee receives contributions, holds, and invests the fund assets in accordance with the direction of participants, and makes distributions as directed by the Plan Administrator.

Eligibility and Plan Entrance Date

Except those under collective bargaining agreements and nonresident aliens who receive no United States-source income, all employees are eligible to participate in the Plan upon completion of three months of service. Eligible employees may enter the Plan on the first day of each month.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and will have their deferral contribution rate increased by 1% each year until it reaches a maximum of 6% of eligible compensation, unless they elect otherwise. This increase occurs each year on the first day of the Plan year, beginning with the first Plan year following the date deferrals were first automatically withheld from the participant’s pay.

Contributions

Participants may elect to contribute, on a before-tax or Roth basis, up to 90% of eligible compensation as defined by the Plan and are subject to the maximum amount allowed annually by the IRC, which was \$19,500 for 2022. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the maximum amount allowed annually by the IRC, which was \$6,500 for 2022.

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”).

Plan provided for Safe Harbor Employer matching contributions, and the Employer made Safe Harbor matching contributions to the Plan on behalf of participants in an amount equal to 100% of the first 2% and 50% of the next 4% of participant’s eligible compensation contributed to the Plan as employee contributions. Contributions are subject to certain limitations.

Expanse Electrical Company, LLC Profit Sharing 401(k) Plan

Notes to the Financial Statements December 31, 2022 and 2021

Note 1 – Plan Description (continued)

Participant Accounts

Each participant account is credited with the participant's contributions, the Company's matching contributions, plus allocations of Plan earnings. Each participant account is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. Participants have the option of directing their account balances to one or more investment options offered by the Plan. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. The funds vary in types of investments, rates of return, and investment risk.

Vesting

Participants are vested immediately in their contributions and the qualified non-elective contribution portion of their accounts, plus actual earnings thereon.

Effective October 1, 2014, the Plan was amended to change years of service for vesting purposes. Prior to October 1, 2014, a year of service was defined as 1,000 hours or more worked in a Plan year. Employees hired on or after October 1, 2014, will receive vesting credit for years of service with the Company based only on the elapsed time method.

In addition, service with the following predecessor employers will be included to determine the number of years of service for vesting purposes: K&S Electric, Inc.; Patriot Automation and Controls, LLC; Monahans Electric, Inc.; L&K Electric, Inc.; Epic Integrated Services, LLC; Strong Electric Inc., Mac Supply Inc., and Wellkeeper. Prior discretionary profit-sharing contributions merging from L&K Electric 401(k) Plan and Trust and the Epic Integrated Services, LLC Plan, plus any income or loss thereon, are 100% vested.

Safe Harbor Employer matching contributions to the Plan, plus any income or loss thereon, are vested as follows:

<u>Years of Service</u>	<u>% Vested Interest</u>
Less than 2	0
2 or more	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 1% above Prime rate, as defined. Principal and interest are paid ratably through payroll deductions at least quarterly.

Expanse Electrical Company, LLC Profit Sharing 401(k) Plan

Notes to the Financial Statements December 31, 2022 and 2021

Note 1 – Plan Description (continued)

Payment of Benefits

Participants may elect payment of benefits upon retirement, death, disability, or termination of employment. Participants or beneficiaries are entitled to receive a lump sum amount equal to the vested value of the participant's account. Terminated participants whose vested account balances are less than \$1,000 receive automatic distributions as a single lump sum payment under the terms of the Plan with or without the participant's consent. Terminated participants whose vested account balances are greater than \$1,000 but less than \$5,000 are paid a direct rollover to an individual retirement account (an "IRA") chosen by the Plan Administrator unless the participant elects to either receive or rollover their distribution. A participant may withdraw all or a portion of their account in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$154,100 and \$193,542, respectively. Forfeitures of \$10,017 were used to pay administrative expenses for the year ended December 31, 2022.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with the accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses incurred in maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in the net depreciation in fair value of investments on the statement of changes in net assets available for benefits. Certain expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account. Plan expenses could include, but are not limited to, costs to process Plan distributions.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2023, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- **Mutual Funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net assets value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the fair value hierarchy.

Notes to the Financial Statements December 31, 2022 and 2021

Note 3 – Fair Value Measurements (continued)

- **Stable Value Collective Trust Fund** – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that liquidations of securities will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$16,327,679	\$ -	\$ -	\$16,327,679
Total assets in the fair value hierarchy	16,327,679	-	-	16,327,679
Investments measured at NAV (a)	-	-	-	598,301
Investments at fair value	<u>\$16,327,679</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$16,925,980</u>
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$19,370,228	\$ -	\$ -	\$19,370,228
Total assets in the fair value hierarchy	19,370,228	-	-	19,370,228
Investments measured at NAV (a)	-	-	-	166,320
Investments at fair value	<u>\$19,370,228</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$19,536,548</u>

(a) In accordance with ASC 820-10, certain investments (stable value collective trust fund) that were measured at NAV per share (or its equivalents) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 – Information Prepared and Certified by the Plan's Trustee

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

Interest income on notes receivable from participants	17,880	

The Plan’s independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

Note 5 – Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee, and as such, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers. See Note 9.

The Plan has notes receivable from participants at December 31, 2022 and 2021. These receivables and all related transactions qualify as party-in-interest transactions and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note 6 – Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

Note 7 – Tax Status

The Plan operates under a non-standardized, preapproved profit-sharing plan sponsored by Great-West Trust Company, LLC (“Great-West”). The Internal Revenue Service (“IRS”) has determined and informed Great-West, by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has not filed individually with the IRS regarding the Plan’s qualified tax status, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and thus believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2019.

Notes to the Financial Statements December 31, 2022 and 2021

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investments securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Prohibited Transactions

The Company failed to remit to the Plan's Trustee certain participant contributions and loan repayments in the aggregate amount of \$14,482 within the period prescribed by DOL Rules and Regulations. Delays in remitting contributions to the Trustee was due to unintentional administrative errors. The Company is in the process of correcting the remaining contributions to the affected participants' accounts to compensate those participants for potential lost earnings due to the delays.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 17,437,942	\$ 19,904,105
Less: employer contributions receivable	(31,597)	(27,447)
Less: participant contributions receivable	(11,818)	(11,818)
Net assets available for benefits per Form 5500	<u>\$ 17,394,527</u>	<u>\$ 19,864,840</u>

The following is a reconciliation of the net decrease per the financial statements to Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	\$ (2,466,163)
Add: participant contributions receivable, beginning of year	(4,150)
Net loss per Form 5500	<u>\$ (2,470,313)</u>
