INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Advanced Micro Devices, Inc. Retirement Savings Plan
Santa Clara, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Advanced Micro Devices, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Advanced Micro Devices, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Advanced Micro Devices, Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Micro Devices, Inc. Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advanced Micro Devices, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Micro Devices, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Advanced Micro Devices, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was established effective January 1, 1983 and was intended to (1) include a qualified cash or deferred arrangement as described in Section 401(k) of the Code, and (2) comply with Section 404(c) of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is subject to the provisions of ERISA. Employees of Advanced Micro Devices, Inc. (the "Company" or "AMD") are generally eligible to participate in the Plan on their first day of employment unless specifically excluded by the Plan's provisions.

Plan amendments

Effective February 15, 2022, the Plan was amended to add Xilinx, Inc ("Xilinx") as a participating employer of the Plan and to allow participants in the Xilinx 401(k) Plan to rollover their plan balances into the Advanced Micro Devices, Inc. Retirement Savings Plan.

Contributions

Each year, participants may elect to make pre-tax, Roth, or after-tax contributions to the Plan of eligible Plan compensation, as defined, subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or conduit individual retirement accounts.

If an eligible participant does not enroll or elect to waive automatic participation into the Plan within 45 days after the hire date, such participant is automatically enrolled into the Plan with a 6% pre-tax deferral of his or her eligible compensation. All contributions are deposited in the appropriate investment fund in accordance with the participant's directives or deposited in the default fund if the participant did not make elections.

The Company has discretion under the Plan to match participant contributions. During the year ended December 31, 2022, the Company elected to match 75% of the first 6% of eligible compensation for each pay period that a participant contributed to the Plan. After-tax contributions are not eligible for matching contributions. If the Company elects to make the discretionary match contributions for each applicable pay period, the Company may also elect to make discretionary annual true-up contributions to ensure that participants receive the maximum annual match contributions. For the 2022 Plan year, the Company made the discretionary match true-up contribution of $3,390,874 in April 2023 and is in the process of making the remaining discretionary match true-up contribution of $1,170,823. For the 2021 Plan year, the Company made the discretionary match true-up contribution of $3,358,052 in March 2022. Participants were eligible to receive the true-up contributions if they were employed by the Company on the last day of the Plan year. The true-up contribution is equal to the difference between the match contribution a participant would receive based on his/her annualized contribution rate and the total pay period matching contributions that were actually received for that plan year.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SECURE 2.0

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2025 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Vesting and forfeitures

Participants are immediately 100% vested in their contributions, including rollover contributions, as well as the Company's discretionary matching contributions, plus actual earnings thereon. Forfeitures attributable to excess contributions and missing participants and beneficiaries may be applied to pay administrative expenses, reduce matching contributions, or used to reinstate account balances or missing participants in the year of forfeiture. As of December 31, 2022 and 2021 and for the year ended December 31, 2022, activity in the forfeiture account was not significant.

Notes receivable from participants

Participants may borrow a minimum of $1,000 from their fund accounts up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. Participants may have no more than two loans outstanding at any time. In accordance with the Plan document, loans must be repaid within five years, unless the funds are used for purchase of a principal residence, in which case repayment terms may be extended. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing secured rates as determined by Fidelity Management Trust Company (Fidelity). Principal and interest are paid ratably by the participant through payroll deductions.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

A participant is eligible for a distribution from the Plan upon termination of service, attainment of age 59½, disability, or death. A participant may be eligible for a withdrawal due to financial hardship in certain circumstances. Participants may also elect to receive a withdrawal of their rollover contributions at any time. If a participant terminates or dies with an account balance of less than $1,000, the distribution shall be paid in a lump-sum. If the participant's account balance is more than $1,000 but less than $5,000, and the participant or the participant's designated beneficiary does not elect to have the benefit paid directly to an eligible retirement plan in the form of a direct rollover, or to receive the benefit directly in a single lump sum distribution, then the benefit will be distributed in a direct rollover to an individual retirement account. Balances over $5,000 are distributed when the participant or the participant's designated beneficiary elects to have the benefit paid directly to an eligible retirement plan in the form of a direct rollover; or to receive the benefit directly in a single lump sum distribution.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties unless the distribution is transferred to another qualified plan or individual retirement account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of etimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedules.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

The Plan invests in a separately managed custom fund offered by Fidelity Investments in which underlying assets consist of various common stock and money market investments as of December 31, 2022 and 2021. Other receivables and benefits payable reflected on the statements of net assets available for benefits represent transactions that did not settle within the custom fund until after the reporting period.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments other than the custom fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Management fees and expenses for the separately managed custom fund are reflected separately of investment values and are included in administrative expenses within the statement of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant’s account balance until a distributable event occurs (e.g. termination of employment).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. The Plan records receivable for participants' contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Contributions from the Company are recorded in the year earned and coincide with the year in which the Company records the contributions to its general ledger. The Plan records receivables for employer contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Plan's trustee.

Payment of benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant’s account and are included in administrative expenses.

Subsequent events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, October 13, 2023, the date the financial statements and supplemental schedules were available to be issued. No events have occurred through that date that would impact the financial statements.

3. FAIR VALUE MEASUREMENTS

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

3. FAIR VALUE MEASUREMENTS (continued)

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Common stocks (held within the managed custom fund): Valued at the closing price reported on the active market on which the individual securities are traded
- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Money market funds: Valued as cash equivalents, which approximates fair value due to their short-term maturities.
- Common/collective trust and stable value funds: Valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common/collective trusts and funds. The underlying assets are valued based on the NAV, which is provided by the investment account manager as a practical expedient to estimate fair value. There are no unfunded commitments or restrictions on redemptions for these investments.
- Self-directed brokerage accounts: Include investments in corporate stocks, mutual funds and money market funds. Corporate stocks and mutual funds are valued at NAV based on their published prices. Money market funds are valued on the basis of historical cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Managed custom fund	$ 133,390,017	$ -	$ -	$ 133,390,017
Mutual funds	986,644,271	-	-	986,644,271
Money market funds	906,832	-	-	906,832
Self-directed brokerage accounts	59,395,690	-	-	59,395,690
	$1,180,336,810	$ -	$ -	$1,180,336,810

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Managed custom fund	$ 209,100,348	$ -	$ -	$ 209,100,348
Mutual funds	1,057,345,947	-	-	1,057,345,947
Money market funds	1,582,203	-	-	1,582,203
Self-directed brokerage accounts	61,900,492	-	-	61,900,492
	$1,329,928,990	$ -	$ -	$1,329,928,990

Investments, at fair value, that are valued using NAV as a practical expedient totaling $700,412,165 and $566,350,137 have been excluded from the tables above as of December 31, 2022 and 2021, respectively.

4. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, Fidelity, the trustee of the Plan, determined to be a qualified institution by the plan administrator, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Total investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

4. INFORMATION CERTIFIED BY THE TRUSTEE (continued)

As requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year).

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan assets include investment in funds managed by Fidelity, as well as notes receivable from participants. Fidelity serves as the Plan’s trustee and as such, these transactions qualify as party-in-interest transactions under ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall remain fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted, and the remaining assets distributed.

7. TAX STATUS

The Plan has received a determination letter from the IRS dated May 23, 2017, stating that the plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. The Plan has subsequently been amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan’s administrator believes the Plan is designed, and is currently being operated, in compliance with the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Advanced Micro Devices, Inc. Retirement Savings Plan
Santa Clara, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Advanced Micro Devices, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Advanced Micro Devices, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Advanced Micro Devices, Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Micro Devices, Inc. Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advanced Micro Devices, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Micro Devices, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Advanced Micro Devices, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was established effective January 1, 1983 and was intended to (1) include a qualified cash or deferred arrangement as described in Section 401(k) of the Code, and (2) comply with Section 404(c) of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is subject to the provisions of ERISA. Employees of Advanced Micro Devices, Inc. (the "Company" or "AMD") are generally eligible to participate in the Plan on their first day of employment unless specifically excluded by the Plan's provisions.

Plan amendments

Effective February 15, 2022, the Plan was amended to add Xilinx, Inc ("Xilinx") as a participating employer of the Plan and to allow participants in the Xilinx 401(k) Plan to rollover their plan balances into the Advanced Micro Devices, Inc. Retirement Savings Plan.

Contributions

Each year, participants may elect to make pre-tax, Roth, or after-tax contributions to the Plan of eligible Plan compensation, as defined, subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or conduit individual retirement accounts.

If an eligible participant does not enroll or elect to waive automatic participation into the Plan within 45 days after the hire date, such participant is automatically enrolled into the Plan with a 6% pre-tax deferral of his or her eligible compensation. All contributions are deposited in the appropriate investment fund in accordance with the participant's directives or deposited in the default fund if the participant did not make elections.

The Company has discretion under the Plan to match participant contributions. During the year ended December 31, 2022, the Company elected to match 75% of the first 6% of eligible compensation for each pay period that a participant contributed to the Plan. After-tax contributions are not eligible for matching contributions. If the Company elects to make the discretionary match contributions for each applicable pay period, the Company may also elect to make discretionary annual true-up contributions to ensure that participants receive the maximum annual match contributions. For the 2022 Plan year, the Company made the discretionary match true-up contribution of $3,390,874 in April 2023 and is in the process of making the remaining discretionary match true-up contribution of $1,170,823. For the 2021 Plan year, the Company made the discretionary match true-up contribution of $3,358,052 in March 2022. Participants were eligible to receive the true-up contributions if they were employed by the Company on the last day of the Plan year. The true-up contribution is equal to the difference between the match contribution a participant would receive based on his/her annualized contribution rate and the total pay period matching contributions that were actually received for that plan year.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SECURE 2.0

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2025 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Vesting and forfeitures

Participants are immediately 100% vested in their contributions, including rollover contributions, as well as the Company's discretionary matching contributions, plus actual earnings thereon. Forfeitures attributable to excess contributions and missing participants and beneficiaries may be applied to pay administrative expenses, reduce matching contributions, or used to reinstate account balances or missing participants in the year of forfeiture. As of December 31, 2022 and 2021 and for the year ended December 31, 2022, activity in the forfeiture account was not significant.

Notes receivable from participants

Participants may borrow a minimum of $1,000 from their fund accounts up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. Participants may have no more than two loans outstanding at any time. In accordance with the Plan document, loans must be repaid within five years, unless the funds are used for purchase of a principal residence, in which case repayment terms may be extended. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing secured rates as determined by Fidelity Management Trust Company (Fidelity). Principal and interest are paid ratably by the participant through payroll deductions.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

A participant is eligible for a distribution from the Plan upon termination of service, attainment of age 59½, disability, or death. A participant may be eligible for a withdrawal due to financial hardship in certain circumstances. Participants may also elect to receive a withdrawal of their rollover contributions at any time. If a participant terminates or dies with an account balance of less than $1,000, the distribution shall be paid in a lump-sum. If the participant's account balance is more than $1,000 but less than $5,000, and the participant or the participant's designated beneficiary does not elect to have the benefit paid directly to an eligible retirement plan in the form of a direct rollover, or to receive the benefit directly in a single lump sum distribution, then the benefit will be distributed in a direct rollover to an individual retirement account. Balances over $5,000 are distributed when the participant or the participant's designated beneficiary elects to have the benefit paid directly to an eligible retirement plan in the form of a direct rollover; or to receive the benefit directly in a single lump sum distribution.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties unless the distribution is transferred to another qualified plan or individual retirement account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of etimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedules.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

The Plan invests in a separately managed custom fund offered by Fidelity Investments in which underlying assets consist of various common stock and money market investments as of December 31, 2022 and 2021. Other receivables and benefits payable reflected on the statements of net assets available for benefits represent transactions that did not settle within the custom fund until after the reporting period.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments other than the custom fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Management fees and expenses for the separately managed custom fund are reflected separately of investment values and are included in administrative expenses within the statement of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant’s account balance until a distributable event occurs (e.g. termination of employment).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. The Plan records receivable for participants' contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Contributions from the Company are recorded in the year earned and coincide with the year in which the Company records the contributions to its general ledger. The Plan records receivables for employer contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Plan's trustee.

Payment of benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant’s account and are included in administrative expenses.

Subsequent events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, October 13, 2023, the date the financial statements and supplemental schedules were available to be issued. No events have occurred through that date that would impact the financial statements.

3. FAIR VALUE MEASUREMENTS

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

3. FAIR VALUE MEASUREMENTS (continued)

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Common stocks (held within the managed custom fund): Valued at the closing price reported on the active market on which the individual securities are traded
- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Money market funds: Valued as cash equivalents, which approximates fair value due to their short-term maturities.
- Common/collective trust and stable value funds: Valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common/collective trusts and funds. The underlying assets are valued based on the NAV, which is provided by the investment account manager as a practical expedient to estimate fair value. There are no unfunded commitments or restrictions on redemptions for these investments.
- Self-directed brokerage accounts: Include investments in corporate stocks, mutual funds and money market funds. Corporate stocks and mutual funds are valued at NAV based on their published prices. Money market funds are valued on the basis of historical cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Managed custom fund	$ 133,390,017	$ -	$ -	$ 133,390,017
Mutual funds	986,644,271	-	-	986,644,271
Money market funds	906,832	-	-	906,832
Self-directed brokerage accounts	59,395,690	-	-	59,395,690
	$1,180,336,810	$ -	$ -	$1,180,336,810

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Managed custom fund	$ 209,100,348	$ -	$ -	$ 209,100,348
Mutual funds	1,057,345,947	-	-	1,057,345,947
Money market funds	1,582,203	-	-	1,582,203
Self-directed brokerage accounts	61,900,492	-	-	61,900,492
	$1,329,928,990	$ -	$ -	$1,329,928,990

Investments, at fair value, that are valued using NAV as a practical expedient totaling $700,412,165 and $566,350,137 have been excluded from the tables above as of December 31, 2022 and 2021, respectively.

4. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, Fidelity, the trustee of the Plan, determined to be a qualified institution by the plan administrator, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Total investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

4. INFORMATION CERTIFIED BY THE TRUSTEE (continued)

As requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year).

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan assets include investment in funds managed by Fidelity, as well as notes receivable from participants. Fidelity serves as the Plan’s trustee and as such, these transactions qualify as party-in-interest transactions under ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall remain fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted, and the remaining assets distributed.

7. TAX STATUS

The Plan has received a determination letter from the IRS dated May 23, 2017, stating that the plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. The Plan has subsequently been amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan’s administrator believes the Plan is designed, and is currently being operated, in compliance with the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Advanced Micro Devices, Inc. Retirement Savings Plan
Santa Clara, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Advanced Micro Devices, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Advanced Micro Devices, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Advanced Micro Devices, Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Micro Devices, Inc. Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advanced Micro Devices, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Micro Devices, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Advanced Micro Devices, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was established effective January 1, 1983 and was intended to (1) include a qualified cash or deferred arrangement as described in Section 401(k) of the Code, and (2) comply with Section 404(c) of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is subject to the provisions of ERISA. Employees of Advanced Micro Devices, Inc. (the "Company" or "AMD") are generally eligible to participate in the Plan on their first day of employment unless specifically excluded by the Plan's provisions.

Plan amendments

Effective February 15, 2022, the Plan was amended to add Xilinx, Inc ("Xilinx") as a participating employer of the Plan and to allow participants in the Xilinx 401(k) Plan to rollover their plan balances into the Advanced Micro Devices, Inc. Retirement Savings Plan.

Contributions

Each year, participants may elect to make pre-tax, Roth, or after-tax contributions to the Plan of eligible Plan compensation, as defined, subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or conduit individual retirement accounts.

If an eligible participant does not enroll or elect to waive automatic participation into the Plan within 45 days after the hire date, such participant is automatically enrolled into the Plan with a 6% pre-tax deferral of his or her eligible compensation. All contributions are deposited in the appropriate investment fund in accordance with the participant's directives or deposited in the default fund if the participant did not make elections.

The Company has discretion under the Plan to match participant contributions. During the year ended December 31, 2022, the Company elected to match 75% of the first 6% of eligible compensation for each pay period that a participant contributed to the Plan. After-tax contributions are not eligible for matching contributions. If the Company elects to make the discretionary match contributions for each applicable pay period, the Company may also elect to make discretionary annual true-up contributions to ensure that participants receive the maximum annual match contributions. For the 2022 Plan year, the Company made the discretionary match true-up contribution of $3,390,874 in April 2023 and is in the process of making the remaining discretionary match true-up contribution of $1,170,823. For the 2021 Plan year, the Company made the discretionary match true-up contribution of $3,358,052 in March 2022. Participants were eligible to receive the true-up contributions if they were employed by the Company on the last day of the Plan year. The true-up contribution is equal to the difference between the match contribution a participant would receive based on his/her annualized contribution rate and the total pay period matching contributions that were actually received for that plan year.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SECURE 2.0

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2025 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Vesting and forfeitures

Participants are immediately 100% vested in their contributions, including rollover contributions, as well as the Company's discretionary matching contributions, plus actual earnings thereon. Forfeitures attributable to excess contributions and missing participants and beneficiaries may be applied to pay administrative expenses, reduce matching contributions, or used to reinstate account balances or missing participants in the year of forfeiture. As of December 31, 2022 and 2021 and for the year ended December 31, 2022, activity in the forfeiture account was not significant.

Notes receivable from participants

Participants may borrow a minimum of $1,000 from their fund accounts up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. Participants may have no more than two loans outstanding at any time. In accordance with the Plan document, loans must be repaid within five years, unless the funds are used for purchase of a principal residence, in which case repayment terms may be extended. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing secured rates as determined by Fidelity Management Trust Company (Fidelity). Principal and interest are paid ratably by the participant through payroll deductions.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

A participant is eligible for a distribution from the Plan upon termination of service, attainment of age 59½, disability, or death. A participant may be eligible for a withdrawal due to financial hardship in certain circumstances. Participants may also elect to receive a withdrawal of their rollover contributions at any time. If a participant terminates or dies with an account balance of less than $1,000, the distribution shall be paid in a lump-sum. If the participant's account balance is more than $1,000 but less than $5,000, and the participant or the participant's designated beneficiary does not elect to have the benefit paid directly to an eligible retirement plan in the form of a direct rollover, or to receive the benefit directly in a single lump sum distribution, then the benefit will be distributed in a direct rollover to an individual retirement account. Balances over $5,000 are distributed when the participant or the participant's designated beneficiary elects to have the benefit paid directly to an eligible retirement plan in the form of a direct rollover; or to receive the benefit directly in a single lump sum distribution.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties unless the distribution is transferred to another qualified plan or individual retirement account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of etimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedules.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

The Plan invests in a separately managed custom fund offered by Fidelity Investments in which underlying assets consist of various common stock and money market investments as of December 31, 2022 and 2021. Other receivables and benefits payable reflected on the statements of net assets available for benefits represent transactions that did not settle within the custom fund until after the reporting period.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments other than the custom fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Management fees and expenses for the separately managed custom fund are reflected separately of investment values and are included in administrative expenses within the statement of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant’s account balance until a distributable event occurs (e.g. termination of employment).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. The Plan records receivable for participants' contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Contributions from the Company are recorded in the year earned and coincide with the year in which the Company records the contributions to its general ledger. The Plan records receivables for employer contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Plan's trustee.

Payment of benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant’s account and are included in administrative expenses.

Subsequent events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, October 13, 2023, the date the financial statements and supplemental schedules were available to be issued. No events have occurred through that date that would impact the financial statements.

3. FAIR VALUE MEASUREMENTS

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

3. FAIR VALUE MEASUREMENTS (continued)

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Common stocks (held within the managed custom fund): Valued at the closing price reported on the active market on which the individual securities are traded
- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Money market funds: Valued as cash equivalents, which approximates fair value due to their short-term maturities.
- Common/collective trust and stable value funds: Valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common/collective trusts and funds. The underlying assets are valued based on the NAV, which is provided by the investment account manager as a practical expedient to estimate fair value. There are no unfunded commitments or restrictions on redemptions for these investments.
- Self-directed brokerage accounts: Include investments in corporate stocks, mutual funds and money market funds. Corporate stocks and mutual funds are valued at NAV based on their published prices. Money market funds are valued on the basis of historical cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Managed custom fund	$ 133,390,017	$ -	$ -	$ 133,390,017
Mutual funds	986,644,271	-	-	986,644,271
Money market funds	906,832	-	-	906,832
Self-directed brokerage accounts	59,395,690	-	-	59,395,690
	$1,180,336,810	$ -	$ -	$1,180,336,810

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Managed custom fund	$ 209,100,348	$ -	$ -	$ 209,100,348
Mutual funds	1,057,345,947	-	-	1,057,345,947
Money market funds	1,582,203	-	-	1,582,203
Self-directed brokerage accounts	61,900,492	-	-	61,900,492
	$1,329,928,990	$ -	$ -	$1,329,928,990

Investments, at fair value, that are valued using NAV as a practical expedient totaling $700,412,165 and $566,350,137 have been excluded from the tables above as of December 31, 2022 and 2021, respectively.

4. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, Fidelity, the trustee of the Plan, determined to be a qualified institution by the plan administrator, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Total investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

4. INFORMATION CERTIFIED BY THE TRUSTEE (continued)

As requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year).

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan assets include investment in funds managed by Fidelity, as well as notes receivable from participants. Fidelity serves as the Plan’s trustee and as such, these transactions qualify as party-in-interest transactions under ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall remain fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted, and the remaining assets distributed.

7. TAX STATUS

The Plan has received a determination letter from the IRS dated May 23, 2017, stating that the plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. The Plan has subsequently been amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan’s administrator believes the Plan is designed, and is currently being operated, in compliance with the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax exempt.
