Independent Auditor's Report

To the Plan Administrator and Participants
The Greenbrier Companies 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Greenbrier Companies 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Greenbrier Companies 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Greenbrier Companies 401(k) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Greenbrier Companies 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the The Greenbrier Companies 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Greenbrier Companies 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its

form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**THE GREENBRIER COMPANIES
401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

1. Plan Description

The following description of The Greenbrier Companies 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

a. General

The Plan is a defined contribution plan established September 1, 1984 covering the majority of employees of The Greenbrier Companies, Inc. and its subsidiaries (“Greenbrier” or the “Company”) who have completed 3 months of service. Standard Insurance Company served as the custodian of the Plan through September 30, 2022. On October 1, 2022, the Company contracted with Great-West Trust Company to serve as the new custodian of the Plan. The Plan sponsor and Plan Administrator is the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

b. Eligibility

Employees who are 18 years or older are eligible to participate in the Plan upon completion of 3 months of service. Eligible employees exclude (1) union employees unless their contract specifically provides for coverage in the Plan, (2) nonresident aliens, (3) leased employees, (4) part time, temporary or seasonal employees unless regularly scheduled service for the Plan year is at least 1,000 hours, and (5) interns.

c. Contributions

Participants may contribute from 1% to 100% of their eligible compensation as a pre-tax or Roth deferral, as defined in the Plan document, subject to certain limitations under the Internal Revenue Code (“IRC”). Participants who are 50 years of age or older during the Plan year may also make catch-up contributions as allowed by the IRC. The Plan includes a qualified automatic contribution arrangement (“QACA”) whereby employees are automatically enrolled in the Plan with a minimum deferral percentage based on their years of service and is increased as participants earn additional years of service as noted below:

<u>Years of Service</u>	<u>Deferral percentage</u>
0-2	4%
3	5%
4	6%
5	7%
6 or more	8%

The Company contributes a safe harbor matching contribution equal to 100% of the first 4% deferred by participants. Participants may also contribute amounts representing distributions from other qualified plans.

d. Participant Accounts

Individual accounts are valued daily and maintained for each Plan participant. Each participant's account is credited with the participant's contributions and withdrawals, as applicable, and allocations of (a) Greenbrier's contributions and (b) investment income or loss. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct investment of their account balances into investment options offered under the Plan.

e. Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Greenbrier QACA safe harbor and matching contribution portion of their accounts plus actual earnings thereon is based on years of credited service. Participants vest in employer contributions 50% after one year of service and are fully vested after two years of service. Participants who terminated employment prior to January 1, 2015, vested in their employer contributions 20% after a year of service and 20% for each additional year until they are fully vested after five years of eligible service.

f. Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 not to exceed 50% of the participant's account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Loan terms may not exceed 5 years unless the purpose of the loan is for the purchase of a primary residence in which case it may not exceed 10 years. The interest rate on notes receivable from participants as of December 31, 2022 ranged from 3.25% to 8.00% and the loans mature through 2032.

g. Payment of Benefits

On termination of service, death, or attainment of age 59½ a participant or a beneficiary may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, a partial distribution subject to a minimum of \$1,000 or substantially equal installments, depending on the circumstances.

Terminated participants with an account balance of less than \$5,000 but greater than \$1,000 are distributed in the form of a direct rollover to an individual retirement account designated by the Plan Administrator. Account balances less than \$1,000 may be distributed in a single lump-sum cash payment to the participant or beneficiary.

h. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their elective deferrals as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the gains and losses on investments bought and sold during the year as well as the change in the unrealized appreciation or depreciation on those investments from one period to the next.

d. Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Unpaid loan balances remain in a participant's account until a distributable event occurs.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

The Plan's expenses are paid by Greenbrier, at its discretion, or the Plan as provided by the Plan document. Certain recordkeeping fees are charged to the Plan. For the years ended December 31, 2022 and 2021, direct expenses paid by the Plan were approximately \$233,000 and \$449,000 respectively.

g. Forfeitures

At December 31, 2022 and 2021, unallocated forfeited nonvested accounts totaled approximately \$26,000 and \$42,000, respectively. Forfeitures may be used to reduce employer contributions or to pay administrative expenses. During 2022 and 2021, respectively, \$67,000 and \$302,000 of forfeitures were utilized to reduce employer contributions and pay administrative expenses.

3. Investments

Through September 30, 2022, investment assets were held by Standard Insurance Company and participants could direct their accounts among various pooled separate accounts and a common collective trust. Beginning October 1, 2022, plan investments are held by Great-West Trust Company and participants can direct their accounts among various mutual funds, a common collective trust, and a money market fund.

The Putnam Stable Value Fund (the "Putnam SVF") is a common collective trust investing primarily in guaranteed investment contracts, security-backed investments and short term investments. The Putnam SVF also invests in wrap contracts. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to a portfolio in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant net asset value ("NAV") and to protect a portfolio in extreme circumstances. The SVF is reported at fair value which is based on the NAV of the underlying investments. Certain events could cause the Putnam SVF not to transact at

contract value including targeted layoffs made by the Plan sponsor, bankruptcy of the Plan sponsor resulting in employee job loss, reorganizations, spin-offs, and the termination of the Plan. Due to the size of the SVF and the specific percentage allowances negotiated by the SVF, it is highly unlikely that any event would occur that would limit the SVF's ability to transact at contract value with each issuer under these events.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment in the Putnam SVF at contract value which approximates fair value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses. Earnings from the stable value options is included in interest and dividend income on the accompanying statements of changes in net assets available for benefits.

4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

As of December 31, 2021, all of the Plan's investments are measured using the NAV as a practical expedient and, therefore, leveling in accordance with ASC 820 does not apply.

As of December 31, 2022, the Plan's investments are measured using leveling in accordance with ASC 820. Following is a description of the valuation methodologies used for the Plan's investment assets measured at fair value.

Pooled separate accounts: The Plan's interest in the pooled separate accounts are valued at the NAV of each investment's underlying investments based on information reported by the investment advisor

using the daily reported NAV of the investment at year-end. The NAV is used as a practical expedient to estimate fair value. Participant transactions can occur daily.

Common collective trust: Valued at the fair value of the underlying investments which consist primarily of publicly traded common stock or level 2 investments and are reported at the NAV of units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value. Participant transactions can occur daily.

Mutual funds and money market account: Valued at fair value based on quoted market prices at year end.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022:

	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 195,422,626	\$ -	\$ -	\$ 195,422,626
Money market fund	26,651	-	-	26,651
Total investments	\$ 195,449,277	\$ -	\$ -	\$ 195,449,277

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value at December 31, 2021 and 2022:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2022	2021		
Pooled separate accounts	\$ -	\$ 251,275,193	Daily	1-2 days
Common collective trust	30,707,590	30,907,604	Daily	1-2 days

There were no unfunded commitments at December 31, 2022 and 2021.

5. Risks and Uncertainties

The Plan offers various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the risk associated with certain investments, it is reasonably possible that changes in values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

6. Information Certified by the Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedules was provided and certified by Standard Insurance Company, the custodian of the Plan, as of December 31, 2021 and September 30, 2022, and for the periods then ended, and Great-West Trust Company, the custodian of the Plan as of December 31, 2022 and for the period October 1, 2022 through December 31, 2022, as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Investment income (loss)
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

7. Related-Party Transactions

Through September 30, 2022, the Plan's investments include pooled separate accounts offered by Standard Insurance Company. Standard Insurance Company was the custodian of the Plan through September 30, 2022. As of December 31, 2022, Great West Trust Company is the custodian of the Plan. The SVF is managed by Putnam Investments, an affiliate of Great-West Trust Company. Additionally, certain investment fees are paid by the custodian and are reflected in the investment income (loss) for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

The Plan sponsor, Greenbrier, is a party-in-interest to the Plan; however, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan, which are exempt transactions.

8. Income Tax Status

The Plan was restated effective January 1, 2022 using the Standard Retirement Services, Inc. Volume Submitter 401(k) Profit Sharing Plan prototype document which received a favorable opinion letter dated June 30, 2020. The Plan was restated again effective October 1, 2022, using the The Empower Nonstandardized 401(k) Plan Document which received a favorable opinion letter dated November 14, 2022. Management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, management believes that the Plan is qualified and the related trust is tax exempt as of and for the years ended December 31, 2022 and 2021.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants would become 100% vested in all their accounts.

10. Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Plan's Form 5500 as of December 31:

	2022	2021
Net assets available for benefits reported on the financial statements	\$ 232,387,939	\$ 288,302,201
Deemed distributions of participant loans	(250,427)	(124,506)
Net assets available for benefits reported on the Form 5500	<u>\$ 232,137,512</u>	<u>\$ 288,177,695</u>

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

	2022	2021
Net increase/(decrease) in net assets available for benefits reported on the financial statements	\$ (55,914,262)	\$ 31,746,164
Net change in deemed distributions of participant loans	(125,921)	(91,444)
Net increase/(decrease) in assets available for benefits reported on the Form 5500	<u>\$ (56,040,183)</u>	<u>\$ 31,654,720</u>

11. Subsequent Events

Management has evaluated the potential recognition and disclosures in the financial statements of subsequent events that have occurred through October 6, 2023, which is the date the financial statements were available to be issued.
