INDEPENDENT AUDITORS' REPORT

To the Trustees of
AAA Refrigeration Service, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the accompanying financial statements of AAA Refrigeration Service, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprises the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of AAA Refrigeration Service, Inc. 401 (K) Plans financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AAA Refrigeration Service, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AAA Refrigeration Service, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including gall plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AAA Refrigeration Service, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AAA Refrigeration Service, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Reporting on the 2021 Financial Statements

NOTE 1: DESCRIPTION OF PLAN

The following description of the AAA Refrigeration Service, Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan, which was established on March 1, 1999, covering Eligible employees of the Company who have completed one year of service and have attained the age of 20 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions
Each participant may enter into a Salary Deferral Agreement authorizing the Company to withhold a specified amount of the participant's compensation as an elective deferral which the Company will contribute to the Plan. Participants may elect to defer a percentage of their eligible compensation, subject to Internal Revenue Code limitations under traditional provisions. Roth contributions are permitted. Participants who are age 50 or over by the end of the Plan year are eligible to make catch-up contributions. Participants are permitted to direct how their account is invested among the various investment options offered.

Participants may roll over into the Plan amounts representing distributions from other qualified retirement plans.

The Plan provides for discretionary matching employer contributions by the Company equal to a uniform percentage or dollar amount of the participants' elective deferrals for each Plan year. Participants must complete at least 501 hours of service during the Plan year or be employed on the last day of the Plan year to be eligible for discretionary matching employer contributions. There was no discretionary matching contribution in 2022.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contributions, (b) plan earnings, (c) the cost of investment management expenses and (d) loans and loan repayments if applicable. Allocations are based on participant's earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and are generally payable in installments over periods ranging from one to five years (unless the loan is used for the purchase of a primary residence, in which case the repayment period may be up to thirty years). Loans currently outstanding bear interest at rates ranging from 4.25% to 8.00%. Principal and interest is paid ratably through regular payroll deductions. A loan that is considered in default is reported as a deemed distribution, which may be a taxable event for the participant.

NOTE 1: DESCRIPTION OF PLAN *(Continued)*

Vesting
Participants are immediately fully vested in their contributions plus any earnings thereon. Vesting in the Company's contribution portion in their accounts plus earnings thereon is based on years of continuous service and is determined as follows:

Years of Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits
On termination of service due to retirement, death or disability, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in their account or in designated amounts from time to time as elected by the participant. Once participants reach age 70-1/2, they must commence receiving installment payments. Under hardship cases, a participant may elect to receive a lump-sum distribution.

Forfeited Accounts
At December 31, 2022, there were no forfeited non-vested accounts, additionally, no unclaimed balances in the accounts of ex-employees who cannot be located. In accordance with Plan provisions, forfeitures are applied to reduce the amount of any employer contributions not already paid into the Plan, and to reduce administrative expenses under the Plan, if directed by the Company.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s management determines the Plan’s valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for a discussion of fair value measurements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Loans currently outstanding bear interest rates ranging from 4.25% to 6.5%. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participant on February 14, 2023.

Contributions
Contributions from employees are recorded as they are withheld from the participant's wages.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 3: INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AND CUSTODIAN OF THE PLAN AS COMPLETE AND ACCURATE

Notes receivable from participants of $121,265 at December 31, 2022. Interest income on notes receivable from participants of $5,707 for the year ended December 31, 2022, have also been certified by the trustee.

	2022	2021
Investments, at fair value	$ 5,654,004	$ 6,562,966
Net depreciation in fair value of investments	$ 1,454,671	
Dividends	$ 296,705	

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds
Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4: FAIR VALUE MEASUREMENTS *(Continued)*

Common Collective Fund

The Putnam Stable Value Fund (the "Fund"), a common collective trust, invests directly or indirectly in fully benefit-responsive investment contracts. The Fund is valued at the NAV as provided by the trustee, which is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the Fund, the issuer reserves the right to temporarily delay withdrawal from the Fund in order to ensure that securities liquidations will be carried out in an orderly business manner. The Fund's units are issued and redeemed daily at the constant NAV of $1 per unit. The Fund's investment objective is stability of principal and high current income. The Fund invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The Fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies. The Fund strives to maintain at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and stable value funds with investment policies and other provisions similar to those of the Fund and may invest without limit in these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,387,016	$ -	$ -	$ 5,387,016
	$ 5,387,016	$ -	$ -	
Investment valued at NAV[(a)]				266,988
				$ 5,654,004

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	6,157,776	$ -	$ -	$ 6,157,776
	$ 6,157,776	$ -	$ -	
Investment valued at NAV[(a)]				405,190
				$ 6,562,966

NOTE 4: FAIR VALUE MEASUREMENTS *(Continued)*

[a] In accordance with FASB ASC 820, certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively:

	Fair Value as of December 31, 2022	Fair Value as of December 31, 2021	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective Trust[b]	$ 266,988	$ 405,190	N/A	Daily	None

[b] The common collective trust fund is valued at its December 31, 2022 and 2021 NAV per share as provided by the trustee. The Fund's investment objective is stability of principal and high current income.

Gains and losses (realized and unrealized) included in net decrease in net assets available for benefits for the year ended December 31, 2022 is reported in net appreciation (depreciation) in fair value of investments.

Changes in Fair Value Levels
The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers.

NOTE 5: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustee/custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments. The Company pays directly any other fees related to the Plan's operations.

NOTE 6: TAX STATUS

The Plan has adopted the Fidelity Volume Submitter Profit Sharing Plan with CODA, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, stating that the Fidelity Volume Submitter Profit Sharing Plan is qualified, under the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. The Plan administrator believes that the Plan is currently designed, and being operated in, compliance with the applicable requirements of the IRC and, therefore, that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8: SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued.

NOTE 9: RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits as per financial statements to the Form 5500 as of December 31, 2022 and 2021, respectively:

	2022	2021
Net asset available for benefits per Financial Statements	$ 5,772,895	$ 6,692,371
Corrective contributions payable	2,374	7,806
Net asset available for benefits per Form 5500	$ 5,775,269	$ 6,700,177

NOTE 9: RECONCILIATION TO FORM 5500 *(Continued)*

The following is a reconciliation of the change in net assets available for benefits per financial statement to the Form 5500 for the year ended December 31, 2022:

	2022
Net increase per financial statement	$ (919,476)
Change in corrective distribution payable	(5,432)
Net increase per Form 5500	$ (924,908)

NOTE 10: COVID-19 PANDEMIC

On March 11, 2020, the World Health Organization ("WHO") recognized COVID-19 as a global pandemic, prompting many national, regional, and local governments to implement preventative or protective measures, such as travel and business restrictions, temporary store closures, and wide-sweeping quarantines and stay-at-home orders. As a result, COVID-19 and the related restrictive measures have had a significant adverse impact upon many sectors of the economy. As of May 11, 2023, the federal government announced the end of the COVID-19 Public Health Emergency. To date, COVID-19 has not had a material impact on the Plan.
