To the Trustees of
Bohlsen Restaurant Group 401(k) Savings Plan
Islip, New York 11751

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Bohlsen Restaurant Group 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

www.lauferllp.com ▪ tel: (631) 226-9600 ▪ fax: (631) 226-5151

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Information:

The following brief description of the Bohlsen Restaurant Group 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan was established effective January 1, 1997 and amended and restated on January 1, 2022. The Plan is a defined contribution 401(k) profit sharing plan that provides retirement benefits to all eligible employees of Bohlsen Restaurant Group (the "Employer") who have completed one year of service (defined as over 1,000 hours) and are age eighteen or older prior to the entry dates of the beginning of each calendar month of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Employer acts as the Sponsor and as Plan Administrator and is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. The recordkeeper of the Plan is Matrix Trust Company, a subsidiary of Broadridge Financial Solutions ("Matrix"), and the custodian of the Plan's investments is Matrix. The Trustee of the Plan is an executive at the Sponsor.

Contributions – Eligible participants may elect to defer a percentage of their compensation or a fixed dollar amount to contribute to their accounts in the Plan on a pre-tax basis, or post-tax in the form of Roth contributions, subject to the maximum allowable under the Internal Revenue Code (the "Code"). Highly compensated employees are subject to additional limits set forth in the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute rollover amounts representing distributions from other qualified retirement plans. Participants direct the investment of the contributions into various investment options offered by the Plan. The Plan currently offers various common/collective investment trusts and mutual funds as investment options for participants.

The Sponsor contributes a discretionary amount of matching contributions to participants employed at year end, allocated as a uniform percentage of matched employee contributions. For the year ended December 31, 2022, the employer matching contributions were allocated as 25% of each participant's deferral up to 6% of compensation and totaled $46,912. The Sponsor may also contribute a discretionary profit-sharing contribution to participants employed at year end. There were no profit-sharing contributions made for the year ended December 31, 2022. Eligibility for the employer matching contributions requires two years of service as defined, whereas the profit-sharing contributions require one year of service.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Employer's contributions and Plan earnings and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Participants' Accounts – Participants are immediately vested in their contributions and matching contributions plus actual earnings thereon. Vesting in the Employer's non-elective profit-sharing contributions are based on a 2-6 year graded vesting schedule.

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits – If a participant terminates employment with the Sponsor for any reason other than death, the participant can elect to receive a distribution or roll over the balance into another qualified retirement plan. Upon retirement, all distributions are made in the form of a lump-sum payment. Participants are required to begin distributions when the age of 72 is attained. In the case of the death of a participant, the beneficiary designated by the participant shall be paid the deceased employee's vested account balance immediately, or in payments for up to five years from the anniversary of the date of death. If the beneficiary is the participant's spouse, payment of benefits may be deferred until they reach the age 72.

Forfeitures – Participants who separate or withdraw from the Plan will forfeit any amounts not vested with respect to employer contributions. Forfeitures are first used to restore forfeitures to participant accounts, reduce matching contributions or pay Plan expenses. As of December 31, 2022 and 2021, there were no forfeitures held by the Plan and no forfeitures were used during the year ended December 31, 2022.

Notes Receivable from Participants – A participant may borrow up to 50% of his or her vested account balance, subject to a maximum of $50,000 and a minimum of $1,000. A maximum of two loans are permitted at one time and must be repaid within five years. The loans are secured by the participant's account and bear annual interest at rates at the prime rate as defined plus 2%, which amounted to a range from 5.50% to 8.52%. Principal and interest are paid ratably through monthly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting – The Plan financial statements have been prepared on the accrual basis of accounting.

Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for fully benefit responsive investment contracts which are valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based on the terms of the Plan agreement.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment related expenses are included in the net appreciation or depreciation in fair value of investments.

3. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2022 and 2021, and for the year ended December 31, 2022 was obtained by Plan management and agreed to or derived from information that has been prepared and certified as complete and accurate by Matrix, the custodian of the plan.

	2022	2021
Investments:		
At Fair Value	$ 1,405,009	$ 1,535,572
At Contract Value	27,550	3,529
	$ 1,432,559	$ 1,539,101
Notes Receivable from Participants	$ 38,008	$ 43,556
Investment Income:		
Net Investment Loss	$ (307,676)	
Interest Income on Notes Receivable from Participants	$ 3,165	

4. Fair Value

Financial Accounting Standards Board ("FASB") ASC 820, Fair Value Measurement, established a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, are the Plan's investments at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended December 31, 2022, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$1,405,009	$ -	$ -	$ 1,405,009
Total Assets in the Fair Value Hierarchy	$1,405,009	$ -	$ -	$ 1,405,009

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$1,535,572	$ -	$ -	$ 1,535,572
Total Assets in the Fair Value Hierarchy	$1,535,572	$ -	$ -	$ 1,535,572

Transfers between Levels – For years ended December 31, 2022, and 2021, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

5. Guaranteed Investment Contract

The Plan holds a portfolio of investment contracts that comprises a traditional guaranteed investment contract, The MetLife Series 25053 Class 0 (the "Fund"), which is a part of the Reliance Trust Company Stable Value Fund Collective Investment Trust (the "Trust"). The Fund's sole investment current is Group Annuity Contract 25053 (the "Contract") issued by Metropolitan Life Insurance Company ("MetLife") The Plan does not directly invest in the contract. Reliance Trust Company is the sole contract holder of the Contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The Fund held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting. The Contract cannot be terminated before the scheduled maturity date. The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code 66
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Sponsor contributions.

7. Tax Status

The underlying prototype non-standardized plan, on which the Plan is based, has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code ("Code"). The Plan's sponsor has determined that it is eligible to, and has chosen to rely on, the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's administrator believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations for the years 2021, 2020 and 2019.

8. Related Party and Party-in-Interest Transactions

Fees incurred and paid directly by the Plan for the investment management services performed by Matrix were $15,330 for the year ended December 31, 2022.

In addition, notes receivable from participants are considered party-in-interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2023, the date the financial statements were available for issuance.
