REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The 401(k) Administrative Committee and Participants
Daseke, Inc. 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Daseke, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Daseke, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Daseke, Inc. 401(k) Retirement Plan ("the Plan") provides general information about the Plan's provisions. Daseke, Inc. ("the Company") is the Plan sponsor. The Plan has detailed provisions covering participant eligibility, contributions, withdrawals and loans, employer contributions and related vesting of employer contributions, and plan expenses. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of the Plan document may be obtained from the Plan sponsor.

General

The Plan is a defined contribution plan covering substantially all employees who are employed by participating employers of the Plan, subject to certain exclusions as defined in the Plan document. Newly hired company employees are eligible to participate in the Plan after reaching the age of 21 and completing six months of service. Participants may enter the Plan on the first day of each quarter.

On September 1, 2022, the S-J Transportation Company, Inc. 401(k) Plan merged into the plan.

As of December 31, 2022, participating employers included Smokey Point Distributing, Inc., SPD Trucking, LLC, E.W. Wylie Corporation, J. Grady Randolph, Inc., Central Oregon Truck Company, Inc., Boyd Brothers Transportation, Inc., Mid-Seven Transportation Company, Inc., Boyd Logistics, LLC, Boyd Intermodal, LLC, WTI Transport, Inc., Bulldog Hiway Express, Hornady Transportation, LLC, Lone Star Transportation, LLC, Daseke, Inc., Roadmaster Group, TNI (USA) Inc., Steelman Transportation, Inc., Tennessee Steel Haulers, Inc., Rodan Transport USA, LTD, Belmont Enterprises, Inc., Moore Freight Services, Inc., Builders Transportation, Leavitt's Freight Services, and S-J Transportation Company, Inc. All participating employers are subsidiaries of Daseke, Inc.

The Plan's 401(k) Administrative Committee ("the Committee") is responsible for the general administration of the Plan. Fidelity is the trustee and recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax or after-tax annual compensation, as defined in the Plan document, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) (\$20,500 for 2022). Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions, subject to the maximum limit imposed by the IRC (\$6,500 for 2022).

The Plan is a safe harbor 401(k) plan. Employer safe harbor matching contributions equal 100% of the first 3% of employee compensation and 50% of additional contributions up to 5% of employee compensation contributed to the Plan, subject to certain service requirements. The Company may also make qualified non-elective contributions (QNECs) as necessary in order to meet certain tax qualifications or to correct contributions for affected participants. QNECs totaled \$6,951 during 2022. All contributions are subject to certain limitations of the IRC.

Participants direct elective contributions into various investment options offered by the Plan and can change investment options on a daily basis. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of Plan earnings (losses) and is charged with an allocation of administrative

Daseke, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

expenses. Plan earnings (losses) are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

The Plan provides that contributions shall be invested in any one or more of the available investment accounts. Participant investment options at December 31, 2022 and at December 31, 2021 include a variety of mutual funds and a collective trust. Participants may change investment options any time throughout the year via internet or direct phone access with the trustee.

Vesting

Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon. From time to time, there are plan mergers into the Plan due to acquisitions by the Plan Sponsor. For employees of an acquired company that were terminated prior to a merger of another qualified plan into the Plan, but had balances that were transferred to the Plan, vesting of their account balances continue to follow their previous plan's vesting schedule.

Notes Receivable from Participants

Participants are not permitted to borrow from their accounts. Former plans, which were merged into the Plan on January 1, 2015, January 1, 2016, January 1, 2018, and January 1, 2019 permitted notes receivable from participants and the former plans allowed for various number of loans outstanding. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. If the note is not repaid, it will automatically be treated as a distribution to the participant.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds \$5,000 will receive a lump-sum payment upon request. Such participants whose vested account balance is \$1,001 or less will automatically receive an immediate lump-sum distribution in cash equal to their vested account balance. Such participants whose vested account balance is between \$1,001 and \$5,000 will automatically receive an immediate lump-sum distribution rollover to an IRA equal to their vested account balance.

Upon demonstrating immediate and heavy financial need, as defined in the Plan document, hardship withdrawals are permitted.

In-Service Withdrawals

In-service withdrawals are available in certain limited circumstances, as defined by the Plan document. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan document.

Administrative Expenses

The Plan's administrative expenses are paid by the Plan. Expenses include fees related to the administration and operation of the Plan. Expenses relating to purchases, sales or transfers of the Plan's

investments are charged to the particular investment fund to which the expenses relate and are included in net depreciation in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make note repayments and the Committee deems the note receivable to be a distribution, the note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to April 15, 2023.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE 3 - CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees have provided certifications that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Investment Income (Loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan utilizes a framework for measuring fair value that provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Mutual funds. The fair value of these investments is determined by the closing price as reported by the fund. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of year end. The mutual funds held by the Plan are deemed to be actively traded.

Daseke, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Collective Trust. Valued at NAV of the units of the collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	Assets at fair value as of December 31, 2022

Investments at NAV				<u>4,058,292</u>
Total investments, at fair value				\$108,365,912

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Daseke, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by the trustees of the Plan. These transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and IRC. Notes receivable are considered party-in-interest as well.

NOTE 7 - TAX STATUS

The Plan is based on the Volume Submitter 401(k) Profit Sharing Plan with Cash or deferred arrangement (CODA) document of FMR, LLC., which received an opinion letter from the IRS on June 30, 2020, stating that the Volume Submitter Plan was designed in accordance with the provisions of the IRC. The Sponsor believes that the Plan continues to qualify and to operate as designed and that any amendments made to the Plan document subsequent to this date do not change this determination. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally Accepted Accounting Principles (GAAP) requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2022, the Company determined that it failed to remit certain employee contributions (totaling \$396,622 for the 2022 Plan Year) within the period prescribed by the Department of Labor regulations. All such contributions have been remitted to the Plan and the Company will make interest payments in 2023 to compensate the Plan for lost income due to the delays. The Company anticipates that there will be no further action taken on this matter due to the pending corrective actions.

During 2021, the Company determined that it failed to remit certain employee contributions (totaling \$213,935 for the 2021 Plan Year) within the period prescribed by the Department of Labor regulations. All such contributions have been remitted to the Plan and the Company made interest payments in 2022 to compensate the Plan for lost income due to the delays. The Company anticipates that there will be no further action taken on this matter due to the corrective actions.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The 401(k) Administrative Committee and Participants
Daseke, Inc. 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Daseke, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Daseke, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Daseke, Inc. 401(k) Retirement Plan ("the Plan") provides general information about the Plan's provisions. Daseke, Inc. ("the Company") is the Plan sponsor. The Plan has detailed provisions covering participant eligibility, contributions, withdrawals and loans, employer contributions and related vesting of employer contributions, and plan expenses. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of the Plan document may be obtained from the Plan sponsor.

General

The Plan is a defined contribution plan covering substantially all employees who are employed by participating employers of the Plan, subject to certain exclusions as defined in the Plan document. Newly hired company employees are eligible to participate in the Plan after reaching the age of 21 and completing six months of service. Participants may enter the Plan on the first day of each quarter.

On September 1, 2022, the S-J Transportation Company, Inc. 401(k) Plan merged into the plan.

As of December 31, 2022, participating employers included Smokey Point Distributing, Inc., SPD Trucking, LLC, E.W. Wylie Corporation, J. Grady Randolph, Inc., Central Oregon Truck Company, Inc., Boyd Brothers Transportation, Inc., Mid-Seven Transportation Company, Inc., Boyd Logistics, LLC, Boyd Intermodal, LLC, WTI Transport, Inc., Bulldog Hiway Express, Hornady Transportation, LLC, Lone Star Transportation, LLC, Daseke, Inc., Roadmaster Group, TNI (USA) Inc., Steelman Transportation, Inc., Tennessee Steel Haulers, Inc., Rodan Transport USA, LTD, Belmont Enterprises, Inc., Moore Freight Services, Inc., Builders Transportation, Leavitt's Freight Services, and S-J Transportation Company, Inc. All participating employers are subsidiaries of Daseke, Inc.

The Plan's 401(k) Administrative Committee ("the Committee") is responsible for the general administration of the Plan. Fidelity is the trustee and recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax or after-tax annual compensation, as defined in the Plan document, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) (\$20,500 for 2022). Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions, subject to the maximum limit imposed by the IRC (\$6,500 for 2022).

The Plan is a safe harbor 401(k) plan. Employer safe harbor matching contributions equal 100% of the first 3% of employee compensation and 50% of additional contributions up to 5% of employee compensation contributed to the Plan, subject to certain service requirements. The Company may also make qualified non-elective contributions (QNECs) as necessary in order to meet certain tax qualifications or to correct contributions for affected participants. QNECs totaled \$6,951 during 2022. All contributions are subject to certain limitations of the IRC.

Participants direct elective contributions into various investment options offered by the Plan and can change investment options on a daily basis. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of Plan earnings (losses) and is charged with an allocation of administrative

Daseke, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

expenses. Plan earnings (losses) are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

The Plan provides that contributions shall be invested in any one or more of the available investment accounts. Participant investment options at December 31, 2022 and at December 31, 2021 include a variety of mutual funds and a collective trust. Participants may change investment options any time throughout the year via internet or direct phone access with the trustee.

Vesting

Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon. From time to time, there are plan mergers into the Plan due to acquisitions by the Plan Sponsor. For employees of an acquired company that were terminated prior to a merger of another qualified plan into the Plan, but had balances that were transferred to the Plan, vesting of their account balances continue to follow their previous plan's vesting schedule.

Notes Receivable from Participants

Participants are not permitted to borrow from their accounts. Former plans, which were merged into the Plan on January 1, 2015, January 1, 2016, January 1, 2018, and January 1, 2019 permitted notes receivable from participants and the former plans allowed for various number of loans outstanding. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. If the note is not repaid, it will automatically be treated as a distribution to the participant.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds \$5,000 will receive a lump-sum payment upon request. Such participants whose vested account balance is \$1,001 or less will automatically receive an immediate lump-sum distribution in cash equal to their vested account balance. Such participants whose vested account balance is between \$1,001 and \$5,000 will automatically receive an immediate lump-sum distribution rollover to an IRA equal to their vested account balance.

Upon demonstrating immediate and heavy financial need, as defined in the Plan document, hardship withdrawals are permitted.

In-Service Withdrawals

In-service withdrawals are available in certain limited circumstances, as defined by the Plan document. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan document.

Administrative Expenses

The Plan's administrative expenses are paid by the Plan. Expenses include fees related to the administration and operation of the Plan. Expenses relating to purchases, sales or transfers of the Plan's

investments are charged to the particular investment fund to which the expenses relate and are included in net depreciation in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make note repayments and the Committee deems the note receivable to be a distribution, the note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to April 15, 2023.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE 3 - CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees have provided certifications that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Investment Income (Loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan utilizes a framework for measuring fair value that provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Mutual funds. The fair value of these investments is determined by the closing price as reported by the fund. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of year end. The mutual funds held by the Plan are deemed to be actively traded.

Daseke, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Collective Trust. Valued at NAV of the units of the collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at fair value as of December 31, 2022			
	Level 1	Level 2	Level 3
Mutual funds	\$ 89,484,843	\$ -	\$ -
Total investments in fair value hierarchy	\$ 89,484,843	\$ -	\$ -
Investments at NAV			4,946,364
Total investments, at fair value			\$ 94,431,207

Assets at fair value as of December 31, 2021			
	Level 1	Level 2	Level 3
Mutual funds	\$104,307,620	\$ -	\$ -
Total investments in fair value hierarchy	\$104,307,620	\$ -	\$ -
Investments at NAV			4,058,292
Total investments, at fair value			\$108,365,912

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by the trustees of the Plan. These transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and IRC. Notes receivable are considered party-in-interest as well.

NOTE 7 - TAX STATUS

The Plan is based on the Volume Submitter 401(k) Profit Sharing Plan with Cash or deferred arrangement (CODA) document of FMR, LLC., which received an opinion letter from the IRS on June 30, 2020, stating that the Volume Submitter Plan was designed in accordance with the provisions of the IRC. The Sponsor believes that the Plan continues to qualify and to operate as designed and that any amendments made to the Plan document subsequent to this date do not change this determination. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally Accepted Accounting Principles (GAAP) requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2022, the Company determined that it failed to remit certain employee contributions (totaling \$396,622 for the 2022 Plan Year) within the period prescribed by the Department of Labor regulations. All such contributions have been remitted to the Plan and the Company will make interest payments in 2023 to compensate the Plan for lost income due to the delays. The Company anticipates that there will be no further action taken on this matter due to the pending corrective actions.

During 2021, the Company determined that it failed to remit certain employee contributions (totaling \$213,935 for the 2021 Plan Year) within the period prescribed by the Department of Labor regulations. All such contributions have been remitted to the Plan and the Company made interest payments in 2022 to compensate the Plan for lost income due to the delays. The Company anticipates that there will be no further action taken on this matter due to the corrective actions.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The 401(k) Administrative Committee and Participants
Daseke, Inc. 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Daseke, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Daseke, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Daseke, Inc. 401(k) Retirement Plan ("the Plan") provides general information about the Plan's provisions. Daseke, Inc. ("the Company") is the Plan sponsor. The Plan has detailed provisions covering participant eligibility, contributions, withdrawals and loans, employer contributions and related vesting of employer contributions, and plan expenses. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of the Plan document may be obtained from the Plan sponsor.

General

The Plan is a defined contribution plan covering substantially all employees who are employed by participating employers of the Plan, subject to certain exclusions as defined in the Plan document. Newly hired company employees are eligible to participate in the Plan after reaching the age of 21 and completing six months of service. Participants may enter the Plan on the first day of each quarter.

On September 1, 2022, the S-J Transportation Company, Inc. 401(k) Plan merged into the plan.

As of December 31, 2022, participating employers included Smokey Point Distributing, Inc., SPD Trucking, LLC, E.W. Wylie Corporation, J. Grady Randolph, Inc., Central Oregon Truck Company, Inc., Boyd Brothers Transportation, Inc., Mid-Seven Transportation Company, Inc., Boyd Logistics, LLC, Boyd Intermodal, LLC, WTI Transport, Inc., Bulldog Hiway Express, Hornady Transportation, LLC, Lone Star Transportation, LLC, Daseke, Inc., Roadmaster Group, TNI (USA) Inc., Steelman Transportation, Inc., Tennessee Steel Haulers, Inc., Rodan Transport USA, LTD, Belmont Enterprises, Inc., Moore Freight Services, Inc., Builders Transportation, Leavitt's Freight Services, and S-J Transportation Company, Inc. All participating employers are subsidiaries of Daseke, Inc.

The Plan's 401(k) Administrative Committee ("the Committee") is responsible for the general administration of the Plan. Fidelity is the trustee and recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax or after-tax annual compensation, as defined in the Plan document, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) (\$20,500 for 2022). Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions, subject to the maximum limit imposed by the IRC (\$6,500 for 2022).

The Plan is a safe harbor 401(k) plan. Employer safe harbor matching contributions equal 100% of the first 3% of employee compensation and 50% of additional contributions up to 5% of employee compensation contributed to the Plan, subject to certain service requirements. The Company may also make qualified non-elective contributions (QNECs) as necessary in order to meet certain tax qualifications or to correct contributions for affected participants. QNECs totaled \$6,951 during 2022. All contributions are subject to certain limitations of the IRC.

Participants direct elective contributions into various investment options offered by the Plan and can change investment options on a daily basis. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of Plan earnings (losses) and is charged with an allocation of administrative

Daseke, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

expenses. Plan earnings (losses) are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

The Plan provides that contributions shall be invested in any one or more of the available investment accounts. Participant investment options at December 31, 2022 and at December 31, 2021 include a variety of mutual funds and a collective trust. Participants may change investment options any time throughout the year via internet or direct phone access with the trustee.

Vesting

Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon. From time to time, there are plan mergers into the Plan due to acquisitions by the Plan Sponsor. For employees of an acquired company that were terminated prior to a merger of another qualified plan into the Plan, but had balances that were transferred to the Plan, vesting of their account balances continue to follow their previous plan's vesting schedule.

Notes Receivable from Participants

Participants are not permitted to borrow from their accounts. Former plans, which were merged into the Plan on January 1, 2015, January 1, 2016, January 1, 2018, and January 1, 2019 permitted notes receivable from participants and the former plans allowed for various number of loans outstanding. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. If the note is not repaid, it will automatically be treated as a distribution to the participant.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds \$5,000 will receive a lump-sum payment upon request. Such participants whose vested account balance is \$1,001 or less will automatically receive an immediate lump-sum distribution in cash equal to their vested account balance. Such participants whose vested account balance is between \$1,001 and \$5,000 will automatically receive an immediate lump-sum distribution rollover to an IRA equal to their vested account balance.

Upon demonstrating immediate and heavy financial need, as defined in the Plan document, hardship withdrawals are permitted.

In-Service Withdrawals

In-service withdrawals are available in certain limited circumstances, as defined by the Plan document. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan document.

Administrative Expenses

The Plan's administrative expenses are paid by the Plan. Expenses include fees related to the administration and operation of the Plan. Expenses relating to purchases, sales or transfers of the Plan's

investments are charged to the particular investment fund to which the expenses relate and are included in net depreciation in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make note repayments and the Committee deems the note receivable to be a distribution, the note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to April 15, 2023.

Daseke, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE 3 - CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees have provided certifications that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Investment Income (Loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan utilizes a framework for measuring fair value that provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Mutual funds. The fair value of these investments is determined by the closing price as reported by the fund. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of year end. The mutual funds held by the Plan are deemed to be actively traded.

Daseke, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Collective Trust. Valued at NAV of the units of the collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at fair value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

Investments at NAV				<u>4,058,292</u>
Total investments, at fair value				<u>\$108,365,912</u>

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Daseke, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by the trustees of the Plan. These transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and IRC. Notes receivable are considered party-in-interest as well.

NOTE 7 - TAX STATUS

The Plan is based on the Volume Submitter 401(k) Profit Sharing Plan with Cash or deferred arrangement (CODA) document of FMR, LLC., which received an opinion letter from the IRS on June 30, 2020, stating that the Volume Submitter Plan was designed in accordance with the provisions of the IRC. The Sponsor believes that the Plan continues to qualify and to operate as designed and that any amendments made to the Plan document subsequent to this date do not change this determination. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally Accepted Accounting Principles (GAAP) requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2022, the Company determined that it failed to remit certain employee contributions (totaling \$396,622 for the 2022 Plan Year) within the period prescribed by the Department of Labor regulations. All such contributions have been remitted to the Plan and the Company will make interest payments in 2023 to compensate the Plan for lost income due to the delays. The Company anticipates that there will be no further action taken on this matter due to the pending corrective actions.

During 2021, the Company determined that it failed to remit certain employee contributions (totaling \$213,935 for the 2021 Plan Year) within the period prescribed by the Department of Labor regulations. All such contributions have been remitted to the Plan and the Company made interest payments in 2022 to compensate the Plan for lost income due to the delays. The Company anticipates that there will be no further action taken on this matter due to the corrective actions.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.
