Independent Auditor's Report

Plan Administrator
National Public Media, LLC 401(k) Savings Plan
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the National Public Media, LLC 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedules H, line 4i- Schedules of Assets (Held at End of Year)) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the

audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

1. Description of the Plan

The following description of the National Public Media, LLC (“NPM”) 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

A. General—The Plan is a defined contribution plan with salary deferral provisions covering all NPM employees except nonresident aliens, leased employees, and independent contractors. On October 1, 2021, the Plan was amended to exclude temporary employees from employee elective deferrals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). NPM’s management, along with National Public Radio, Inc.’s Retirement Committee (as administrator of the Plan), are responsible for oversight of the Plan, and determine the appropriateness of the Plan’s investment offerings, monitor investment performance, and report to the Plan’s administrator.

B. Trustees and administration of the Plan—The recordkeeper of the Plan is Teachers Insurance and Annuity Association of America (TIAA). The trustees and issuer of the insurance products held in the Plan are TIAA and College Retirement Equities Fund (collectively, “TIAA-CREF” or “Trustees”). The administrator of the Plan is NPM (“Plan Administrator”). TIAA-CREF hold all assets of the Plan in accordance with the service provider contract with NPM. The Retirement Plans Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

C. Contributions—Eligible employees who are at least 21 years of age may participate in the salary deferral portion of the Plan upon hire and may contribute up to 80% of their eligible compensation to the Plan. Employees are eligible to make salary deferrals to the Plan on the first day of each month following the completion of the eligibility requirements. Effective February 1, 2021, the Plan was amended to include a provision that all employees must complete 90 days of service before making salary deferrals except for temporary employees and interns who must complete one year of service. Participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions. Participants may also contribute amounts representing qualified rollovers from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees, except for temporary employees and interns, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation increasing 1% per year on the first day of the Plan year provided it is at least three months after a Participant first has contributions made pursuant to a default election, to a maximum of 6%. Contributions are invested in a designated balanced fund until changed by the participant.

Employees become eligible for NPM nonelective profit sharing contributions on the first day of the month following the completion of one year of service. NPM contributes a nonelective profit sharing contribution based on a percentage of a participant’s eligible compensation deferred into the Plan. In 2020, NPM contributed a profit-sharing contribution of 5% of eligible compensation deferred into the Plan. Beginning October 1, 2021, NPM increased the non-elective profit-sharing contribution of eligible compensation deferred into the Plan to 7%.

To receive the nonelective profit sharing contribution, temporary employees and interns hired or rehired on or after January 1, 2021 must complete 1,000 hours of service during each Plan year and must be employed on the last day of the Plan year.

National Public Media, LLC 401(k) Savings Plan

Notes to the Financial Statements

1. Description of the Plan (Continued)

D. Participant accounts—Participants direct the investment of contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, NPM's nonelective profit sharing contributions, and an allocation of earnings or losses from the investment options elected by the participant, and certain Plan expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting—Participants are immediately and fully vested in all participant contributions, rollover contributions, and actual earnings or losses thereon. A participant's interest in NPM's nonelective profit sharing contribution and earnings thereon 100% vests after the participant completes two years of service. Participants may also become 100% vested in NPM's nonelective profit sharing contributions and earnings thereon upon death or total and permanent disability.

F. TIAA Plan loans—Until July 16, 2018, participants could borrow directly from TIAA, up to a maximum amount equal to the lesser of \$50,000 or 45% of their vested account balance, subject to any participant notes receivable outstanding. As these loans were issued directly from funds owned by TIAA and not from a participant's account, the loans are not considered assets of the Plan and are, therefore, excluded from the Plan's statements of net assets available for benefits. Adequate security is required and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA Traditional Fixed Annuity Account as either part of a Group Supplemental Retirement Annuity ("GSRA") contract or as a separate Retirement Loan contract. The interest rate for these Plan loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract as is the rate adjustment and frequency.

At December 31, 2022 and 2021, there were no assets held within participant accounts in investments within the statements of net assets available for benefits, which served as collateral against outstanding Plan loan balances. For the year ended December 31, 2022, no defaulted loans were included in benefits paid to participants and beneficiaries in the statement of changes in net assets available for benefits.

G. Notes receivable from participants—Participants may borrow from the participant contribution portion of their accounts a minimum of \$1,000 up to the lesser of 50% of their vested account balance or \$50,000, except for amounts borrowed under the "Coronavirus Aid, Relief, and Economic Security (CARES) Act. The loans are secured by the balance in the participant's account. Interest rates ranged on loans outstanding ranged from 4.25% to 5.75% as of December 31, 2022 and 2021. Principal and interest are paid using coupons no less than biweekly. For the year ended December 31, 2022, no defaulted participant loans were included in benefits paid to participants and beneficiaries in the statement of changes in net assets available for benefits.

Notes to the Financial Statements

1. Description of the Plan (Continued)

H. Payment of benefits—Upon termination of service or upon death, disability, or retirement (age 65), the Plan allows for distributions in accordance with the appropriate provisions of the Internal Revenue Code of 1986, as amended (“IRC”) and applicable state laws. A participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant’s or annuitized payments of the participant’s vested account balance over time. The Plan allows for in-service payment of benefits when a participant reaches age 59½. Participants may elect to withdraw from their vested accounts in the event of a proven financial hardship, subject to NPM’s approval and the limits under the terms of the Plan. If a participant’s vested account balance is less than or equal to \$5,000, and the participant does not elect to receive the distribution directly or have the distribution rolled over to an eligible retirement plan, then the Plan Administrator may authorize a benefit payment following the participant’s termination from employment.

I. Forfeited accounts—Forfeited accounts totaled \$1,058 and \$946 at December 31, 2022 and 2021, respectively. Forfeited accounts may be utilized to reduce employer contributions or pay the Plan’s administrative expenses. No forfeitures were utilized during the year ended December 31, 2022.

J. Administrative expenses—NPM has elected to pay most administrative expenses associated with the Plan, except for certain account and loan fees deducted directly from the individual participants’ accounts and some allowable expenses paid by the Plan. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investment, as they are paid through revenue sharing, rather than a direct payment. If there are not enough funds generated by the revenue sharing arrangement, then NPM will pay the expenses by direct payment.

2. Summary of Significant Accounting Policies

A. Basis of accounting—The Plan’s accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

B. Use of estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment valuation and income recognition—The investments of the Plan are reported at fair value except for fully benefit responsive (“FBR”) investment contracts. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Administrator determines the Plan’s valuation policies utilizing information provided by the investment advisors, custodians, and insurance companies. See Note 4 for further information related to fair value measurements.

The Plan’s FBR investment contract (Note 5) is valued at contract value. Contract value equals the accumulated cash contributions, interest credited to the contract, less disbursements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

National Public Media, LLC 401(k) Savings Plan

Notes to the Financial Statements

2. Summary of Significant Accounting Policies (Continued)

D. Notes receivable from participants—Notes receivable from participants are participants' loans measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded if the participant has met a distributable event in accordance with the Plan document. Notes receivable from participants held with TIAA that were deemed to have distributed were \$5,968 and \$5,802 for the years ended December 31, 2022 and 2021, respectively.

E. Contributions Receivable—Participant contributions and any related employer matching contributions are recognized in the period during which NPM makes the respective payroll deduction from the participant's compensation.

F. Payment of benefits—Benefits are recorded when paid.

G. Expenses—Plan-paid and recordkeeping services expenses are reported as administrative expenses in the statement of changes in net assets available for benefits. Fees paid by NPM, if any, are excluded from these financial statements. Loan set up fees are paid by the participant. Investment management fees are presented net of investment gains and losses in the statement of changes in net assets available for benefits.

3. Information Certified by TIAA and CREF

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, qualified institutions.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA

4. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

- **Level 1**—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

National Public Media, LLC 401(k) Savings Plan

Notes to the Financial Statements

4. Fair Value Measurements (Continued)

- **Level 2**—Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3**—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation method used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds—These investments are generally valued at the daily closing price as reported by the respective fund and these funds are required to publish their daily net asset value (“NAV”) and to transact at that price. These Plan investments are deemed to be actively traded on a public exchange.

Fixed annuity contracts—The non-FBR fixed annuity contracts, composed entirely of TIAA-Traditional Annuity (“TIAA-TA”), are reported at fair value, as approximated by contract value. Fair value is determined using the discounted cash flow method. The TIAA-TA is not available for sale or transfer on any securities exchange and is subject to various restrictions (Note 5).

Pooled separate account—The investments in the pooled separate account are stated at fair value as determined in accordance with the policies and procedures reviewed by the Investment Committee of the issuer. The value of the units held in the TIAA real estate pooled separate account is based on the market value of the underlying real estate holdings which are valued principally utilizing external appraisals and involve significant judgment. The values of the TIAA real estate pooled separate accounts are published daily on the NASDAQ.

Self-directed brokerage accounts—The self-directed brokerage accounts give participants the opportunity to actively manage their retirement contributions as participants can select from various registered company fund choices, such as fixed income securities, equities and exchange traded funds, and mutual funds. These investments are generally valued at the daily closing price as reported by the respective fund and these funds are required to publish their daily NAV and to transact at that price. These Plan investments are deemed to be actively traded.

National Public Media, LLC 401(k) Savings Plan

Notes to the Financial Statements

4. Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Tables—The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value.

<i>December 31, 2022</i>	Total	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Mutual funds	\$ 17,249,600	\$ 17,249,600	\$ -	-
Fixed annuity contracts: Non-FBR	771,889	-	-	771,889
Pooled separate account	651,635	-	-	651,635
Self-directed brokerage accounts	460,569	460,569	-	-
Total assets at fair value	\$ 19,133,693	\$ 17,710,169	\$ -	1,423,524

Total purchases and sales of the pooled separate account were \$38,755 and \$30,179 for 2022, respectively. Total purchases and sales of the fixed annuity contracts were \$21,755 and \$5,973 for 2022, respectively.

Fair value tables

<i>December 31, 2021</i>	Total	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Mutual funds	\$ 20,371,033	\$ 20,371,033	\$ -	-
Fixed annuity contracts: Non-FBR	726,503	-	-	726,503
Self-directed brokerage accounts	631,322	631,322	-	-
Pooled separate account	593,880	-	-	593,880
Total assets at fair value	\$ 22,322,738	\$ 21,002,355	\$ -	1,320,383

Total purchases and sales of the pooled separate account were \$257,306 and \$4,008 for 2021, respectively. Total purchases and sales of the fixed annuity contracts were \$216,378 and \$60,311 for 2021, respectively.

National Public Media, LLC 401(k) Savings Plan

Notes to the Financial Statements

4. Fair Value Measurements (Continued)

Quantitative information—Quantitative information with respect to assets measured and carried at fair value on a recurring basis using significant unobservable inputs (Level 3) follows:

Description	Fair value at December 31,		Principal Valuation Techniques	Unobservable Inputs
	2022	2021		
Fixed Annuity Contracts (TIAA Traditional Annuity)	\$771,889	\$726,503	Discounted cash flow Theoretical transfer (exit value)	Risk adjusted discount rate
Pooled Separate Account (TIAA Real Estate Account)	\$651,635	\$593,880	Income approach: discounted cash flow and direct capitalization	Discount rate Terminal capitalization rate Overall capitalization rate

Level 3 Sensitivity of Fair Value Measurements and Changes in Significant Observable Inputs—The significant unobservable inputs used in the fair value measurement of the Plan’s Level 3 investments are subject to market risks resulting from changes in the market value of its investments.

5. Fixed Annuity Contracts with TIAA

TIAA offers a TIAA-TA through two types of contracts. Such contracts are established between the participants and TIAA.

The available contract options for new contracts include Retirement Choice (“RC”) and Retirement Choice Plus (“RCP”) annuities. Contributions to the annuity accounts are grouped by TIAA into “vintages” comprised of premiums received over defined time periods of one or more contiguous calendar months. The interest crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Crediting rates are also determined by the performance of investments contained in TIAA’s general account.

The TIAA-TA holdings within the RC contracts have liquidity restrictions and accounts balances may only be withdrawn via periodic payments over several years. Furthermore, the RC contracts do not allow lump-sum cash withdrawals and transfers must be spread over a multi-year period of annual installments. Because these provisions are considered to restrict participant’s “reasonable access” to their contract balances, the RC contracts are non-FBR.

The TIAA-TA holdings within the RCP contracts contain no liquidity restrictions and are immediately cashable once a participant terminates employment with NPM (unless the holdings are pledged as collateral on a Plan Loan). As a result, RCP contracts are FBR.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is supported by the investment performance of a large, diversified portfolio and is adjusted for contract liquidity, but it may not be less than three percent.

National Public Media, LLC 401(k) Savings Plan

Notes to the Financial Statements

5. Fixed Annuity Contracts with TIAA (Continued)

Such interest rates are reviewed on a quarterly basis for resetting. The Plan Administrator is not aware of any events that limit the ability of the Plan to transact at contract value with the issuer as the TIAA-TA is fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA.

The contract does not permit TIAA to terminate the agreement prior to the scheduled maturity date.

During 2022, the crediting rates of the RC and RCP annuity contracts were:

Annuity Contract	Rates
RC non-FBR annuity contracts	4.85% (1/1-4/30/22), 6.10% (5/1-10/31/22), 6.85% (11/1-12/31/22)
RCP FBR annuity contracts	4.10% (1/1-4/30/22), 5.35% (5/1-10/31/22), 6.10% (11/1-12/31/22)

6. Pooled Separate Account with TIAA

The TIAA Real Estate Fund (“RE Fund”) invests in real estate properties and related estate-related investments. As such, the value of this account is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisers, which are estimates of property values based on a professional’s opinion. The account sometimes holds securities as well. These securities are generally priced using values obtained from independent pricing sources. The pooled separate account is stated at fair value as determined in accordance with the policies and procedures reviewed by the RE Fund’s Investment Committee of Trustees.

The value of the units held in the pooled separate account is based on the market value of the underlying real estate holdings with TIAA which are valued principally utilizing external appraisals and involve significant judgment.

Further, as the RE Fund generally obtains appraisals on a quarterly basis, there may be circumstances in the period between appraisals or interim valuation adjustments in which the true realizable value of a property is not reflected in the RE Fund’s daily net asset value calculation or in the RE Fund’s periodic financial statements. This disparity may be more apparent when the commercial and residential real estate markets experience an overall and possibly dramatic change in property values in a relatively short period of time between appraisals.

The RE Fund provides participants with a liquidity guarantee enabling the account to have funds available to meet participant redemption, transfer, or cash withdrawals. TIAA guarantees that participants can redeem their accumulation unit value determined after their transfer or cash withdrawal request is received in good order.

TIAA limits the ability of participants to transfer funds into the RE Account. Specifically, individual participants are limited from making internal transfers into their account if, after giving effect to such transfer, the total value of such participant’s account (under all contracts issued to such participant) would exceed \$150,000. A participant is not required to reduce his or her contract balance to a level at or below \$150,000 if the participant’s account totals more than \$150,000.

Notes to the Financial Statements

7. Related Party and Party-In-Interest Transactions

The Plan holds investments issued by TIAA, CREF and affiliates. The Plan's investments are managed by TIAA and CREF. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments. Therefore, transactions with TIAA and CREF qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants are also exempt party-in-interest transactions.

8. Tax Status

The Plan adopted the TIAA Defined Contribution Pre-Approved Plan ("Pre-Approved Plan"). The Internal Revenue Service ("IRS") ruled on October 7, 2020, that the Pre-Approved Plan, including related amendments, as designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since the adoption of the Pre-Approved Plan. The Plan Administrator believes the Plan is currently designed and is being operated in accordance with the IRC.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator does not believe its financial statements include any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intent to do so, NPM has the right under the Plan provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants continue to be 100% vested in their employer contributions.

10. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

11. Subsequent Events

Effective April 1, 2023, the Plan changed its recordkeeper, trustee, and custodian to Principal Financial Group.

The Plan Administrator has evaluated subsequent events and transactions through October 16, 2023, the date the financial statements were available to be issued. Other than the event noted above, the plan administrator is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.
