Independent Auditors' Report

The Plan Administrator
Altuglas LLC 401(k) Plan
Radnor, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Altuglas LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. Their report dated October 13, 2022 indicated that the accompanying 2021 financial statements presented fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 in accordance with accounting principles generally accepted in the United States of America.

ALTUGLAS LLC 401(k) PLAN

Notes to Financial Statements December 31, 2022 and 2021

(1) Description of Plan

The following description of Altuglas LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Altuglas LLC ("Altuglas" or the "Company") was a former subsidiary of Arkema S.A. ("Arkema"). On May 3, 2021, Altuglas LLC was acquired by Trinseo Materials Operating S.C.A, the parent company of Trinseo LLC ("Trinseo"). As a result of the acquisition, on July 1, 2021 (the "Effective Date"), Trinseo created the Plan. Trinseo is the Plan Sponsor. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is available to all domestic regular-service employees of the Company. The Board of Trustees is responsible for oversight of the Plan. Trinseo PLC Retirement and Benefit Plan Governance Committee and CAPTRUST Financial Advisors determine the appropriateness of the Plan's investment offerings, monitor investment performance and report to the Plan's Board of Trustees.

All employees of the Company, with the exception of employees covered by a collective bargaining agreement (unless the agreement requires the employees to be included under the Plan), leased employees, nonresident aliens who do not receive any earned income from the Company which constitutes United States source income, temporary employees, all pay groups except Altuglas Salaried and Altuglas Hourly, and employees of the Company or an affiliated company who are not United States citizens and who are on the company's payroll and working in the United States on a temporary or transitional basis (i.e. whose employment is expected to last three years or less) and who - while on the company's payroll - are accruing benefits under another retirement program (whether contractual, private, public or otherwise) are eligible to participate in the Plan immediately. Temporary employees are eligible to participate in the Plan after 1,000 hours of service in a year and reaching age 21.

Contributions

Participants may designate 1% to 75% of their eligible pre-tax or post-tax compensation up to the annual maximum amount as stated by the Internal Revenue Service ("IRS") for deposit in the Plan. Participants who are or will attain age 50 by the end of the Plan year may elect to contribute up to 100% of their eligible compensation as pre-tax catch-up contributions up to the annual maximum amount as stated by the IRS.

(1) Description of Plan, Continued

Contributions, Continued

Eligible employees who do not affirmatively change their contribution to the Plan during the first 35 days of their employment ("Notification Period") will automatically have 5% of their pre-tax compensation contributed to the Plan. This will begin no earlier than the end of the Notification Period. Under this automatic enrollment, the participant assets are invested in the age-based Fidelity Freedom Fund based on the participant's age. In addition, pre-tax contributions are increased 1% each year until a maximum of 10% of pay has been reached. The participant may change their contribution level or elect not to participate in the Plan at any time.

A matching employer contribution is made by the Company on behalf of each active participant. This non-discretionary matching employer contribution is tiered: the Company matches 100% of employee contributions of up to 3% and 50% of the next 2% of employee contributions. Catch-up contributions made to the Plan are matched by the Company at the same rate.

The Company also makes non-elective discretionary contributions ("profit sharing") on behalf of each participant. This profit-sharing contribution is 5% of the participant's total compensation, defined as base salary plus annual target performance award. This applies to all participants of the Plan hired by Trinseo, as well as New employees hired on or after May 3, 2021 & prior Arkema Inc. employees hired on or after January 1, 2007, Coatex Inc. non-grandfathered employees and Sartomer Participants. Prior Arkema Inc. employees who were hired before January 1, 2007, and who were under the age of 50 on December 31, 2007, are eligible for 6%.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the matching employer contributions and profit-sharing employer contributions and (b) Plan earnings or losses. Allocations are based on participant earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

Vesting

Participants are immediately vested in their contributions as well as the Company's matching employer contributions plus actual earnings thereon. Participants are fully vested in the Company's profit-sharing contributions upon five years of service. Service for the purpose of determining vesting in the profit-sharing contributions includes prior service with Arkema and any Arkema affiliates. Participants obtain a vested interest in the value of his or her employer's profit sharing contributions in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (less the participant's highest outstanding loan balance during the previous twelve months) or 50% of their vested account balance. The maximum loan period is 5 years for general purpose loans and 10 years for principal residence loans. Loans become immediately due and payable upon a participant's death. Participants pay interest on such loans at a fixed rate. As of December 31, 2022, the rate on all outstanding loans was 4.25% to 8.00%. Loan repayments are made through payroll deductions and may be repaid in full prior to the due date.

Payment of Benefits

Upon termination, death, or disability, a participant or beneficiary may elect to receive the vested value of the participant's account in a lump-sum distribution or in the form of a systematic withdrawal plan (installments). Plan withdrawals of pre-tax contributions may be made prior to termination or retirement for cases of financial hardship. Participants can withdraw all or any portion of the entire vested account balances at the age of 59 ½. A participant whose employment is terminated and whose account is distributable may elect to withdraw any portion of their vested account balances in cash at any time. Terminated participants must begin taking minimum distributions in April of the year following the year they turn age 72.

(1) Description of Plan, Continued

Forfeited Accounts

Forfeitures, net of amounts for restored accounts, may be used to pay administrative expenses and/or reduce the amount of future Company employer contributions. For the year ended December 31, 2022, the Company used \$1,587 to reduce employer contributions. The forfeited non-vested account was \$10,048 and \$2,901 as of December 31, 2022 and 2021, respectively.

Administrative Expenses

The Plan pays the administrative expenses, including investment advisory fees. The Plan's expenses are paid either by the Plan or Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. For the year ended December 31, 2022, the Plan paid \$5,193 in administrative fees of the Plan including various Plan recordkeeping fees. Brokerage fees, transfer taxes, investment fees and other expenses incident to the purchase and sale of investments are included in the cost of such investments or deducted from the sales proceeds. These fees are netted against net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Revenue Sharing Agreement

Where the Plan maintains a balance in and makes active contributions to any of the investment vehicles kept on Fidelity's platform, Fidelity funds a Revenue Credit Account in the Plan based upon revenues generated by the Plan. The amount determined to be in excess of the amount owed by the Plan to Fidelity for administrative fees is deposited into the Revenue Credit Account of the Plan. The Revenue Credit Account may only be used either to pay reasonable and necessary expenses of the Plan with authorization or to provide benefits for Plan participants and beneficiaries in the form of revenue credits. Only those participants whose accounts generated revenue credits during the year shall receive an allocation of revenue credits at year end. For the year ending December 31, 2022, the Plan earned \$35,350 through this revenue sharing agreement.

Plan Transfer

For the year ended December 31, 2022, the Plan had assets transferred in from the Trinseo LLC 401(k) Plan in the amount of \$87,152, which consisted entirely of investments at fair value.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Defaulted participant loans are recorded as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021, respectively.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

Notes to Financial Statements December 31, 2022 and 2021

(3) Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends and interest, other income, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from the information certified as complete and accurate by Fidelity Trust Management Company (Fidelity), a qualified institution.

(4) Fair Value Measurements

The Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

ALTUGLAS LLC 401(k) PLAN

Notes to Financial Statements December 31, 2022 and 2021

(4) Fair Value Measurements, Continued

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trusts in order to ensure that security liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 33,579,561	\$ -	\$ -	\$ 33,579,561
Investments measured at NAV as a practical expedient				145,005
Total investments at fair value				<u>\$ 33,724,566</u>

ALTUGLAS LLC 401(k) PLAN

Notes to Financial Statements December 31, 2022 and 2021

(4) Fair Value Measurements, Continued

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 39,718,789	\$ -	\$ -	\$ 39,718,789
Investments measured at NAV as a practical expedient				668,785
Total investments at fair value				\$ 40,387,574

Certain investments that are measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

There were no significant transfers among investment levels during the years ended December 31, 2022 and 2021.

The following table summarizes investments measured at fair value based on the NAV per share as a practice expedient as of December 31, 2022 and 2021:

Investment	Fair Value at December 31, 2022	Fair Value at December 31, 2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fidelity Managed Income Portfolio Class 2	\$ 145,005	\$ -	None	Daily	None
Fidelity Managed Income Portfolio Class 1	\$ -	\$ 668,785	None	Daily	None

(5) Related Party Transactions and Party-In-Interest Transactions

Plan investments are shares of mutual funds and a common collective trust fund managed by an affiliate of Fidelity, the trustee of the Plan. Therefore, transactions with Fidelity's affiliate qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment.

ALTUGLAS LLC 401(k) PLAN

Notes to Financial Statements December 31, 2022 and 2021

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account balances.

(7) Tax Status

The Plan is a volume submitter plan sponsored by FMR LLC. The IRS has determined and informed FMR LLC by a letter dated June 30, 2020 that the volume submitter plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
