URBAN STRATEGIES LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Urban Strategies LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution retirement plan covering all eligible employees of Urban Strategies, LLC (the “Company”), and was adopted by the Company on January 1, 2020. Eligible employees may begin to make salary deferral contributions and become eligible to receive discretionary Company matching contributions immediately following the completion of three months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan administrator determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan, and subject to Internal Revenue Service (“IRS”) limits. Eligible employees may also elect to have all or a portion of their salary deferral contributions designated as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes safe-harbor matching contributions to the Plan. For the year ended December 31, 2022, the Company elected to make matching contributions equal to 100% of the first 4% of eligible compensation that a participant contributes. In addition, the Company may make qualified nonelective contributions to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company contributions, as well as allocations of Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately fully (100%) vested in all employee and employer contributions plus earnings thereon.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

On termination of service for any reason, a participant or their designated beneficiary may elect to receive the value of the vested interest in their account in the form of a lump-sum or partial withdrawals. Participants with a vested account balance less than \$5,000 upon termination will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For terminated participants with a vested account balance greater than \$5,000, the Plan administrator will make a direct rollover of the participant's account to an individual retirement account or other qualified Plan. Participants with a vested account balance greater than \$5,000 may defer payment of benefits until a later date.

Active employees age 59½ or older, can elect to receive a non-hardship withdrawal of their vested interest in their participant contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by Ascensus Trust Company (the "Trustee"). See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain investment-related expenses are included in the net appreciation in fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events for footnote disclosures or adjustments required in its financial statements for the year ended December 31, 2022 through **October XX, 2023**, the date on which financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily net asset value (“NAV”) and to transact at that price, which approximates \$1. The money market fund held by the Plan is deemed to be actively traded.

All of the Plan’s assets at fair value are measured at Level 1 in the fair value hierarchy.

NOTE 4 – CERTIFIED INFORMATION

Certain information related to investments, at fair value disclosed in the accompanying financial statements and supplemental schedule, including total investments, at fair value held at December 31, 2020, net appreciation in fair value of investments and dividends and interest for the year ended December 31, 2020, was obtained or derived from information supplied to the Company and certified as complete and accurate by Ascensus, LLC (“Ascensus”) as agent for the Trustee.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA.

NOTE 6 – TAX STATUS

The Plan has adopted a non-standardized prototype agreement that received an opinion letter from the IRS which stated that the prototype plan as then designed, was acceptable under the applicable sections of the Internal Revenue Code (the “IRC”). The Plan has not been amended since receiving the opinion letter. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Vanguard Group, Inc. (“VGI”), the Plan recordkeeper, therefore these transactions qualify as party-in-interest transactions. In addition, for the year ended December 31, 2022 Ascensus was paid \$6,754 for administrative expenses.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.
