PatientCare 401(k) Savings Plan
Tyler, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of PatientCare 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PatientCare 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of PatientCare 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PatientCare 401(k) Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PatientCare 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PatientCare 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PatientCare 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

PatientCare 401(k) Savings Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Paramedics Logistics Operating Company, LLC and related employers Carthage Ambulance Service, Inc. dba LifeCare EMS ("LifeCare EMS"), Empress Ambulance Service LLC ("Empress"), and Medfleet, LLC ("Medfleet") (collectively, the "Company" or "Plan Sponsor"). The Plan became effective January 1, 2009 as part of the Texas Hospital Association Participant Retirement Program for Member Hospitals ("Group Trust") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan assets are held by John Hancock Trust Company LLC ("John Hancock") and The Variable Annuity Life Insurance Company ("VALIC"). Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Plan amendments

Effective January 1, 2022, the Plan was amended to state that eligible employees acquired as part of Empire State Ambulance Corp. dba EMStar ("EMStar") will become eligible employees in the Plan. All EMStar eligible employees will be subject to the eligibility, vesting, and allocation provisions applicable to the Empress employees, as more fully described in the Plan Agreement. Additionally, the exclusion of employees classified as PRN from Company matching contributions was removed, and the two month service requirement was removed for Company matching contributions.

SECURE 2.0

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2025 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Eligibility

Employees of the Company are eligible to participate in the Plan upon the attainment of 21 years of age. Empress employees are eligible upon the earlier of 500 hours worked within the first six months or 1 year of service. Nonresident aliens and leased employees are not eligible to participate in the Plan. Entry into the Plan shall occur on the first day of the month coinciding with or next following satisfaction of the age and service criteria, as applicable.

Contributions

Participants are allowed to make elective pre-tax or Roth deferrals to the Plan subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

PatientCare 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

The Company makes contributions to the Plan of amounts determined and authorized by the Plan and the Company's Board of Directors up to the maximum amounts permitted by the IRC. The Company's matching contributions are based on each participant's expected hours of service during the Plan year and the participant's pre-tax and Roth deferrals. Catch-up contributions are not eligible for Company matching contributions.

The Company's match calculation varies based on the employee's status as union or non-union, expected hours of service during the Plan year, related employer, and Collective Bargaining Agreement, employment agreement, or equivalent arrangement. The Company matching contribution ranges from 0% to 11%, with most employees receiving a Company matching contribution of 50% on the first 6% of a participant's elective deferrals. At the end of each calendar year, certain employees may convert up to 40 hours of accrued but unused paid time off into 401(k) deferrals, with the Company matching 50% of the cash value of such converted hours.

The Company may also make discretionary matching contributions of amounts determined and authorized by the Plan on behalf of Empress non-union employees. For 2022, the Company approved a match of a uniform percentage based on years of service with the Employer.

Participant accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) the participant's contributions, (b) an allocation of Company contributions, and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses, and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollover contributions, plus actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings thereon is based on years of service, as defined. A participant is 100% vested upon death, disability, or reaching the Plan's normal retirement age, as defined in the Plan.

PatientCare 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (continued)

Vesting (continued)

With the exception of Empress union employees, the Company's matching contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 3 years	- %
3 years or more	100 %

The Company's matching contributions for Empress union employees are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 years	- %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 years or more	100 %

Forfeitures

Unvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service, as defined by the Plan. Forfeitures are retained in the Plan and used either to pay Plan administrative expenses or to reduce future Company contributions. The forfeited unvested account balance totaled \$15,638 and \$48,173 at December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, forfeitures totaling \$59,724 were used to fund Company matching contributions.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum of i) \$50,000 reduced by the highest outstanding note receivable balance over the prior twelve months, or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are secured by the vested balance in the participant's account and bear interest at the prime rate plus 2%. Participants may have up to two notes receivable outstanding at a time. Principal and interest are paid ratably through payroll deductions over a period generally not to exceed five years, unless the funds are used for purchase of a principal residence, in which case repayment terms may be extended.

PatientCare 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (continued)

Benefit payments

Upon termination of service due to death, disability, reaching the Plan's normal retirement age, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in installment or lump-sum form. In general, if a participant's vested account balance, as defined by the Plan, is greater than \$5,000 and employment is terminated other than due to retirement or death, the account may not be distributed without the participant's consent. Participants' account balances that are less than \$5,000 will be paid in a lump sum as a direct rollover to an individual retirement account. Distributions are subject to the applicable provisions of the Plan Agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS).

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

PatientCare 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies using information provided by investment advisers, the custodian, and the insurance company. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs.

PatientCare 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. The Plan records receivable for participants' contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Contributions from the Company are recorded in the year earned and coincide with the year in which the Company records the contributions to its general ledger. The Plan records receivables for employer contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Plan's trustee.

Benefits paid to participants

Benefits paid to participants are recorded by the Plan when actual payment is made.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed 2022 excess contributions by March 15, 2023.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses. The Plan is not required to reimburse the Plan Sponsor for expenses paid on its behalf.

Subsequent events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, October 16, 2023, the date the financial statements and supplemental schedule were available to be issued, and no events requiring disclosure have occurred through that date.

3. FAIR VALUE MEASUREMENTS

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

PatientCare 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

3. FAIR VALUE MEASUREMENTS (continued)

The Plan uses a three-tier fair value hierarchy based upon observable and unobservable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- *Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Pooled separate account* - The NYL Insurance Anchor IV pooled separate account (PSA) employs an active management strategy that seeks to construct a well-diversified portfolio of high quality, medium duration, fixed income securities. The NAV of a PSA is based on the market value of its underlying investments. The PSA NAV is not a publicly-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 35,381,060</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 35,381,060</u>

PatientCare 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 44,133,034</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 44,133,034</u>

Investments at fair value, that are valued using NAV as a practical expedient totaling \$1,151,841 and \$1,024,966 have been excluded from the tables above as of December 31, 2022 and 2021, respectively.

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into guaranteed investment contracts (GICs) with VALIC. VALIC maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GICs are presented on the statements of net assets available for benefits at contract value, as reported to the Plan by VALIC, which approximates fair value. The issuer of the GICs is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the GICs are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefit attributable to the GICs. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value are probable of occurring. The GICs do not permit the issuer to terminate the agreement prior to the scheduled maturity date.

PatientCare 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

5. INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, John Hancock and VALIC, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits at December 31, 2022 and 2021.
- Total investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i – schedule of assets (held at end of year) at December 31, 2022.

The Plan administrator has requested that the Plan's independent auditor perform no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule of assets held (at end of year).

6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan assets include investments in funds managed by John Hancock and VALIC and notes receivable from participants. John Hancock and VALIC serve as the Plan's custodians and as such, these transactions qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) of investments. The Plan Sponsor participates in revenue sharing and fee levelization arrangements with the custodians, which may offset fees incurred by the Plan. Transactions under these arrangements are considered party-in-interest transactions under ERISA. The Plan Sponsor pays directly any other fees related to the Plan's operations.

7. TAX STATUS

The Plan adopted a pre-approved plan document that received an advisory letter from the IRS on June 30, 2020. The advisory letter stated that the plan document is designed in accordance with the applicable sections of the IRC. The Plan administrator believes that the Plan, as adopted and amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

PatientCare 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the Statement of Net Assets	\$ 37,487,039	\$ 46,228,837
Plus: excess contributions payable	<u>22,605</u>	<u>30,100</u>
