INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of the
Nutrition & Biosciences Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Nutrition & Biosciences Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022 and period February 1, 2021 (inception) through December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022 and period February 1, 2021 (inception) through December 31, 2021 stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions at December 31, 2022 and Assets (Held at End of Year) at December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of the
Nutrition & Biosciences Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Nutrition & Biosciences Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022 and period February 1, 2021 (inception) through December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022 and period February 1, 2021 (inception) through December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity

with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions at December 31, 2022 and Assets (Held at End of Year) at December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Nutrition & Biosciences Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for complete information.

A. *General/Eligibility*:

The Plan became effective on February 1, 2021.

The Plan is a defined contribution plan covering U.S. based employees of Neptune Merger Sub I LLC/Neptune Merger Sub II LLC ("Nutrition & Biosciences USA") and a number of additional participating employers (the "Company"), as outlined in the Plan document, that are all affiliates of International Flavors & Fragrances Inc. ("IFF") with the exception of non-resident-alien employees, leased employees and employees covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan, regardless of age and years of service.

All eligible new hires are automatically enrolled at 6% after sixty days unless an affirmative election is made. Participants who are automatically enrolled also receive an automatic escalation of their contribution by 1% annually, each April 1st, not to exceed 15%, unless the participant elects otherwise. The Plan also covers certain employees paid from U.S. payroll of any foreign related employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, ("ERISA").

B. *Administration of the Plan:*

The Plan's Trustee is Fidelity Management Trust Company ("Fidelity"). Fidelity has custody of the assets. The Administrative Committee, whose appointment is overseen by IFF's Board of Directors, is responsible for the administration of the Plan. The Administrative Committee oversees the Trustee in carrying out the day-to-day activities of the administration. The Investment Committee, whose appointment is also overseen by IFF's Board of Directors, oversees the Plan's investment options and management of Plan assets.

C. *Investments:*

Currently, the Plan offers participants various investment funds, common collective trusts and a brokerage option. Participants have the option to invest in and direct any matching contribution towards any of the following:

State Street U.S. Inflation Protected Bond Index Securities Lending Series Fund Class II: The Fund seeks an investment return that approximates as closely as practicable, before expenses, the performance of the Bloomberg U.S. Treasury Inflation Protected Securities (TIPS) Index over the long term, which is designed to represent securities that protect against adverse inflation and provide a minimum level of real return. The Fund is managed using an "indexing" investment approach, by which State Street Global Advisors ("SSGA") attempts to approximate, before expenses, the performance of the Bloomberg U.S. Treasury Inflation Protected Securities (TIPS) Index over the long term. SSGA expects that it will typically seek to replicate the Bloomberg U.S. Treasury Inflation Protected Securities (TIPS) Index returns for the portfolio through investments in the "cash" markets - actual holdings of debt securities and other instruments - rather than through "notional" or "synthetic" positions achieved through the use of derivatives, such as futures contracts or swap transactions (except in the unusual case where SSGA believes that use of derivatives is necessary to achieve an exposure that is not readily available through the cash markets).

State Street S&P 500 Index Securities Lending Series Fund Class II: The Fund seeks an investment return that approximates as closely as practicable, before expenses, the performance of the S&P 500 over the long term. The Fund is managed using an "indexing" investment approach, by which SSGA attempts to approximate, before expenses, the performance of the S&P 500 over the long term. SSGA will typically attempt to invest in the equity securities comprising the S&P 500 Index, in approximately the same proportions as they are represented in the S&P 500. Equity securities may include common stocks, preferred stocks, depository receipts, or other securities convertible into common stock. The Fund may purchase securities in their initial public offerings. The Fund may at times purchase or sell index futures contracts, or options on those futures, or engage in other transactions involving the use of derivatives, in lieu of investment directly in the securities making up the S&P 500 to enhance the Fund's replication of the S&P 500 return.

State Street U.S. Bond Index Securities Lending Series Fund Class XIV: The Fund seeks an investment return that approximates as closely as practicable, before expenses, the performance of the Bloomberg U.S. Aggregate Bond Index over the long term. The Fund is managed using an "indexing" investment approach, by which SSGA attempts to approximate, before expenses, the performance of the Bloomberg U.S. Aggregate Bond Index over the long term. SSGA expects that it will typically seek to replicate the Bloomberg U.S. Aggregate Bond Index returns for the portfolio through investments in the "cash"

markets - actual holdings of debt securities and other instruments - rather than through "notional" or "synthetic" positions achieved through the use of derivatives, such as futures contracts or swap transactions (except in the unusual case where SSGA believes that use of derivatives is necessary to achieve an exposure that is not readily available through the cash markets).

State Street Global All Cap Equity Ex-U.S. Index Securities Lending Series Fund Class II: The Fund seeks an investment return that approximates as closely as practicable, before expenses, the performance of the MSCI ACWI ex- USA IMI Index over the long term. The Fund is managed using an "indexing" investment approach, by which SSGA attempts to approximate, before expenses, the performance of the MSCI ACWI ex- USA IMI Index over the long term. SSGA will typically attempt to invest in the equity securities comprising the MSCI ACWI ex- USA IMI Index, in approximately the same proportions as they are represented in the MSCI ACWI ex- USA IMI Index. Equity securities may include common stocks, preferred stocks, depository receipts, or other securities convertible into common stock. Equity securities held by the Fund may be denominated in foreign currencies and may be held outside the United States. The Fund may at times purchase or sell index futures contracts, or options on those futures, or engage in other transactions involving the use of derivatives, in lieu of investment directly in the securities making up the MSCI ACWI ex- USA IMI Index to enhance the Fund's replication of the MSCI ACWI ex- USA IMI Index return.

Vanguard Federal Money Market Fund: The Fund invests primarily in high-quality, short-term money market instruments. Under normal circumstances, at least 80% of the Fund's assets are invested in securities issued by the U.S.government and its agencies and instrumentalities. To be considered high-quality, a security must be determined by Vanguard to present minimal credit risk based in part on a consideration of maturity, portfolio diversification, portfolio liquidity and credit quality. The Fund maintains a dollar-weighted average maturity of 60 days or less and a dollar-weighted average life of 120 days or less. Government money market funds are required to invest at least 99.5% of their total assets in cash, government securities, and/or repurchase agreements that are collateralized solely by government securities or cash (collectively, government securities). The Fund generally invests 100% of its assets in U.S. government securities and therefore will satisfy the 99.5% requirement for designation as a government money market fund.

Vanguard Target Retirement Income Trust II: The Trust invests in Vanguard mutual funds according to an asset allocation strategy designed for investors currently in retirement. The Trust's indirect bond holdings are a diversified mix of short-, intermediate-, and long-term U.S. government, U.S. agency, and investment-grade U.S. corporate bonds; inflation-protected public obligations issued by the U.S. Treasury; mortgage-backed and asset-backed securities; and government, agency, corporate, and securitized investment-grade foreign bonds issued in currencies other than the U.S. dollar (but hedged by Vanguard to minimize currency exposures). The Trust's indirect stock holdings are a diversified mix of U.S. and foreign large-, mid-, and small-capitalization stocks.

Vanguard Target Retirement Trust II: Consists of separate Trusts which invest in Vanguard mutual funds using an asset allocation strategy designed for investors planning to retire and leave the workforce in or within a few years of the participant's target retirement year (2015, 2020, 2025, 2030, 2035, 2040, 2045, 2050, 2055, 2060 and 2065). The Trust's asset allocation will become more conservative over time. Within seven years after the target retirement year, the Trust's asset allocation should resemble that of the Vanguard Target Retirement Income Trust II. The Trust's indirect bond holdings are a diversified mix of short-, intermediate-, and long-term U.S. government, U.S. agency, and investment-grade U.S. corporate bonds; inflation-protected public obligations issued by the U.S. Treasury; mortgage-backed and asset-backed securities; and government, agency, corporate, and securitized investment-grade foreign bonds issued in currencies other than the U.S. dollar (but hedged by Vanguard to minimize currency exposures). The Trust's indirect stock holdings are a diversified mix of U.S. and foreign large-, mid-, and small-capitalization stocks.

Vanguard Retirement Savings Trust III: The Trust invests primarily in synthetic investments contracts backed by high-credit-quality fixed income investments and traditional investments issued by insurance companies and banks. The Trust seeks to achieve its objective by diversifying among high-credit-quality investments and investment contracts that are structured to smooth market gains and losses over time. For the plan year ended December 31, 2022, the effective annual yield for the Trust was 2.59% and the crediting interest rate for the Trust was 2.46%. For the plan period February 1, 2021 (inception) through December 31, 2021, the effective annual yield for the Trust was 1.53% and the crediting interest rate for the Trust was 1.58%.

Fidelity BrokerageLink: This option allows participants to choose investments from outside the plan, giving them access to invest in a vast array of investments, including but not limited to mutual funds from either Fidelity or other mutual fund companies, stocks and bonds.

D. ***Cash or Deferred Wage and Salary Conversion Agreements:***

Each participant enters into a Cash or Deferred Wage and Salary Conversion Agreement ("CODA") with the Company, pursuant to which participant contributions to the Plan are made. Such agreement specifies the portion of the participant's compensation, as defined in the Plan, during each Plan year that the participant elects to forego such compensation portion and to have such amount contributed by the Company to the participant's account with the Plan. Any such election remains in effect until changed by the participant. The Administrative Committee may limit the amounts specified in such agreement to ensure compliance with the anti-discrimination standards of Section 401(k) of the Internal Revenue Code (the "Code"). Subject to these limitations, participants may contribute up to 90% of their annual base wages, before commissions, up to the maximum amount permitted under the Code. Under the Code, the maximum amount permitted per participant was limited to $20,500 and $19,500 for 2022 and 2021, respectively. Participants who will be age 50 or older by the end of the Plan year are eligible to make before-tax catch-up contributions. Catch-up contributions were limited to $6,500 for eligible employees for 2022 and 2021. Amounts in excess of the Code limits may, at the election of the participant, either be contributed to the Plan on an after-tax basis or treated as contributions to the Company's Deferred Compensation Plan ("DCP") if an employee is eligible to participate in the DCP. If no election is made, the excess above the Code limits, plus any income less any loss allocable thereto, shall be distributed to the participant. Participants may also make Roth 401(k) contributions to the plan on an after-tax basis, subject to limitations under the Code, but the invested principal and earnings accumulate tax free.

E. ***Company Contributions:***

The Company matches 100% of the first 6% of the participant's eligible compensation contributed to the Plan as deferral contributions.

The Company also has a 3% non-elective employer contribution to all eligible participants under this Plan, where the Company will make a contribution on the participant's behalf in an amount equal to 3% of the participant's compensation for the payroll period.

F. ***Vested Benefits/Forfeitures:***

All participants vest immediately in their contributions to the Plan plus earnings thereon. Participants vest in the Company's matching contribution immediately. All participants vest in the non-elective employer contributions after three years of continuous credited service. Forfeitures are applied towards employer matching contributions. For the year ended December 31, 2022, there were participant forfeitures of approximately $419,000 and forfeitures applied against employer contributions of approximately $231,000. For the period February 1, 2021 (inception) through December 31, 2021, there were participant forfeitures of approximately $46,000 and no forfeitures were applied against employer contributions. At December 31, 2022 and 2021, forfeited non-vested amounts not yet applied to employer matching contributions were approximately $234,000 and $46,000, respectively.

G. ***Individual Accounts:***

A participant account is established and maintained for each active and former participant. Former participants are those who have terminated employment and have not yet received final payment of their account. The participant's contributions, the Company's matching contributions and non-elective employer contributions are credited to the specific participant's account. The participant's contributions and the Company's matching contributions are invested in one or more of the Plan's investments as directed by the participant.

Participants' accounts are maintained on a share basis for all investments.

Interest earned and dividends paid are credited to each participant's account based on accumulated daily account balances and reinvested in the respective investments.

H. ***Transfers Between Investments:***

Participants may transfer all or a portion of their balance in any investment of the Plan to an alternative investment of the Plan. Exchanges must be in increments of 1%. Participants may make these transfers on a daily basis by contacting Fidelity.

I. ***Notes Receivable from Participants and In-service Withdrawals:***

Participants may borrow from the Plan as described in Note 5. A participant may withdraw all or a portion of his or her balances if bona fide financial necessity can be demonstrated in accordance with guidelines set forth in the Code ("hardship withdrawal").

J. ***Rollover Contributions:***

Participants who receive eligible pre-tax rollover distributions from another ERISA qualified plan may roll that distribution into the Plan. Eligible rollover distributions are those that come directly from either another qualified retirement plan or an Individual Retirement Account ("IRA") which was set up to hold a distribution from another qualified retirement plan on a temporary basis. Rollover amounts can only include pre-tax contributions, plus any untaxed earnings thereon. All rollovers from such an IRA must be made within one year of original distribution from the qualified retirement plan. Rollovers included in participant contributions were approximately $11,669,000 and $120,026,000 for 2022 and 2021, respectively.

K. ***Benefit Payments:***

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive benefits based on one of the following options:

A lump-sum payment; or

Installments over a period of not more than the assumed life expectancy of the beneficiary.

Lump sum or installment payments may be made in cash or securities at the direction of the Plan's Administrative Committee that directs the Trustee. When periodic payments are elected, a participant's interest remains in the Plan and continues to receive allocations of earnings and losses until fully distributed. If the death benefit to a beneficiary does not exceed $5,000, then the benefit may only be paid as a lump sum.

L. ***Termination of Plan:***

The Company may terminate the Plan at any time. In such event, the total amounts in participants' accounts shall continue in the trust for their benefit and become 100% vested in their account, and shall be distributed to their designated beneficiaries or them, as described in Note 1, Item K above, upon retirement, death, disability or termination of employment. The Company has made a partial plan-to-plan transfer into the International Flavors & Fragrances Inc. Retirement Investment Fund Plan ("IFF Plan"), and expects to either merge this Plan into the IFF Plan or transfer the remaining assets into the IFF Plan by December 2023. Upon completion of the transfer of the remaining assets of the Plan into the IFF Plan, the Plan would then be terminated. See Note 9 for additional information.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies followed by the Plan:

A. ***Method of Accounting:***

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

B. ***Valuation of Investments:***

Investments are reported at fair value (see Note 3) in accordance with accounting guidance on fair value measurements and disclosures. Fair value is the price that would be recorded to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

C. ***Notes Receivable from Participants:***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

D. ***Security Transactions and Related Investment Income:***

Security transactions are recorded on the trade date; interest income is recorded on the accrual basis, and dividend income is recorded on the ex-dividend date. Capital gain distributions from mutual funds are recorded as dividend income.

The Statements of Changes in Net Assets Available for Benefits present the net (depreciation) appreciation in the fair value of the Plan's investments, which consists of the realized gains and losses and the unrealized (depreciation) appreciation on those investments.

E. ***Administrative Expenses:***

Administrative expenses that arise in connection with the administration of the Plan are paid by the Company except for loan administration fees (see Note 5) and discretionary portfolio management fees associated with the Fidelity Managed Account Program. The plan's fee structure is a fixed per capita fee that is deducted from the participant's account on a quarterly basis. Expenses paid by the Company are excluded from the financial statements. Certain investment related expenses are included in net (depreciation) appreciation of investments.

F. ***Contribution Income:***

Contributions made in accordance with participants' CODA agreements (see Note 1, Item D) are recognized during the period in which the Company makes payroll deductions from the participants' compensation. Company contributions are recognized during the same period in which the Company makes payroll deductions from the participants' compensation for the participant contributions.

G. ***Benefit Obligations:***

Benefits are recorded when paid. Amounts allocated to participants who have chosen to withdraw from the Plan but who have not yet been paid are not recorded as a liability, but are disclosed.

H. ***Risks and Uncertainties:***

The Plan provides for various investment options in any combination described in Note 1, Item C. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in fair value could materially affect participants' account balances and the amounts reported in the financial statements.

I. ***Use of Estimates:***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Actual results could differ from those estimates.

J. ***Recent Accounting Pronouncements:***

There are no new accounting pronouncements applicable to the Plan for the year ended December 31, 2022.

NOTE 3. FAIR VALUE MEASUREMENTS

Accounting guidance on fair value measurements specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. These two types of inputs create the following fair value hierarchy:

- Level 1: Quoted prices for *identical* instruments in active markets;
- Level 2: Quoted prices for *similar* instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets.
- Level 3: Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

Mutual funds, which include money market funds, are registered investment companies and are valued at quoted market prices which represent the net asset value ("NAV") of the underlying shares held by the Plan at the valuation date. The Fidelity BrokerageLink invests in various mutual funds, which represent NAV, as stated above. There were no investments classified as Levels 2 or 3 at December 31, 2022 and 2021.

Collective trust funds are valued at NAV based on the market value of the underlying investment assets divided by the number of units outstanding at the end of the Plan year. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured at Fair Value on a Recurring Basis

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	Fair Value Measurements Using Input Type as of December 31, 2022		
	Level 1	**Level 2**	**Total**
Mutual funds	$ 1,857,927	$ —	$ 1,857,927
Brokerage account	2,989,881	—	2,989,881
Total investments measured at fair value included in the hierarchy	4,847,808	—	4,847,808
Common collective trust funds measured at net asset value[(1)]	—	—	205,001,133
Total investments	$ 4,847,808	$ —	$ 209,848,941

	Fair Value Measurements Using Input Type as of December 31, 2021		
	Level 1	**Level 2**	**Total**
Mutual funds	$ 2,909,608	$ —	$ 2,909,608
Brokerage account	2,635,305	—	2,635,305
Total investments measured at fair value included in the hierarchy	5,544,913	—	5,544,913
Common collective trust funds measured at net asset value[(1)]	—	—	170,490,886
Total investments	$ 5,544,913	$ —	$ 176,035,799

(1) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV associated with common collective trusts as of December 31, 2022 and 2021:

	Fair Value				
	2022	**2021**	**Unfunded Commitment**	**Redemption Frequency**	**Redemption Notice Period**
Vanguard Retirement Savings Trust III	$ 5,797,313	$ 3,286,876	—	Daily	None
Vanguard Target Retirement Trust II	127,543,323	106,476,354	—	Daily	None
Vanguard Target Retirement Income Trust II	821,942	261,355	—	Daily	None
State Street U.S. Inflation Protected Bond Index Securities Lending Series Fund Class II	1,750,790	1,996,596	—	Daily	(1)
State Street S&P 500 Index Securities Lending Series Fund Class II	43,886,259	38,832,379	—	Daily	(1)
State Street U.S. Bond Index Securities Lending Series Fund Class XIV	10,856,248	6,921,831	—	Daily	(1)
State Street Global All Cap Equity Ex-U.S. Index Securities Lending Series Fund Class II	14,345,258	12,715,495	—	Daily	(1)
Total	$205,001,133	$170,490,886			

(1) The redemption notice period deadline is normally by 8:30 AM EST one business day following the Trade Date. Trade Date is the date of record for the purchase or redemption of the Fund. For redemptions of significant size, as determined by SSGA in its sole discretion, SSGA requires emailed notice 15 days in advance of the Trade Date. The thresholds that determine whether a trade is large enough to warrant advanced notice vary by Funds and are updated periodically.

NOTE 4. TAX STATUS

On June 30, 2020, the Internal Revenue Service ("IRS") issued an opinion letter stating that the volume submitter plan document adopted by the Plan, as then designed, qualifies under Section 401(a) of the Code. Although the volume submitter plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

The Plan does not have any uncertain tax positions as of December 31, 2022 and 2021. The Plan is subject to routine audits by taxing jurisdictions, generally for three years after they were filed. There are currently no audits in progress.

For the year ended December 31, 2022 and during the period February 1, 2021 (inception) through December 31, 2021, the Plan identified certain operational deficiencies in the operation of the Plan. Plan management has determined the necessary corrections to be made in accordance with the IRS' Employee Plans Compliance Resolution System. Plan management does not believe these operational deficiencies will have an effect on the qualified status of the Plan.

NOTE 5. NOTES RECEIVABLE FROM PARTICIPANTS

Upon application by a participant and validation as appropriate per the participant loan policy, the Trustee may make a loan to a participant in an amount not exceeding the lesser of 50% of the vested account balance in the participant's account, or $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period, with a minimum loan of $1,000. Loan withdrawals are allocated, as applicable, to the participant's balance in each of his or her selected investment funds. A participant may only have two loans outstanding at any given time. The loans are collateralized by up to 50% of the vested account balance in the participants' accounts and bear interest at a fixed rate equal to the Reuters' prime rate, plus 1/2 percent. In no case is the interest rate in excess of the legal rate of interest. Interest rates are determined on the first business day of the calendar quarter. Loans are subject to a loan setup fee of $75. Loan setup fees are deducted from the loan proceeds. In addition, participants with outstanding loans are subject to an annual maintenance fee of $25 per loan, which is deducted from their respective accounts quarterly. Interest rates on outstanding participant loans ranged from 3.75% to 7.50% at December 31, 2022 and were 3.75% at December 31, 2021.

NOTE 6. RELATED PARTY TRANSACTIONS

Fidelity is a party-in-interest, as defined by ERISA, as the Plan's trustee.

In the opinion of the Investment Committee, fees paid during the years for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE 7. INFORMATION CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, net (depreciation) appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2022 and the period February 1, 2021 (inception) through December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, the qualified institution of the Plan.

NOTE 8. DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2022, the Company failed to remit $5,794,375 of employee contributions to the Plan in a timely manner. The Company corrected and subsequently remitted $5,794,375 of employee contributions to the Plan in 2022, and is in the process of calculating and remitting lost earnings, if any, to the Plan.

In 2021, the Company failed to remit $15,318,979 of employee contributions to the Plan in a timely manner. Of the total, the Company corrected and subsequently remitted $28,681 of employee contributions to the Plan in 2021. All remaining amounts, including lost earnings of $9,282 calculated by the Company, have been remitted to the Plan as of December 14, 2022.

NOTE 9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events and transactions that occurred after December 31, 2022 through October 16, 2023, which is the date the financial statements were available to be issued.

Plan Transfer

As a result of IFF's acquisition of Nutrition & Biosciences, Inc. during 2021 and harmonization efforts, a partial plan-to-plan transfer was made from the Plan. Certain assets of the Plan were transferred into, and received by, the IFF Plan on December 31, 2022, and effective on January 1, 2023 ("Effective Date"). Assets transferred from the Plan were approximately $200 million. The assets were still considered part of the Plan until the Effective Date of the transfer. The following table sets forth by investment, the Plan's assets that were transferred at December 31, 2022, at fair value:

	December 31, 2022
