Independent Auditor's Report

The Board of Directors and Plan Management
Antelope Memorial Hospital
Neligh, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Antelope Memorial Hospital Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Note 1 - Description of Plan

The following brief description of the Antelope Memorial Hospital (Employer) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Employer, as defined by the Plan, who have elected to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management of the Employer is responsible for oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Entry Date

Employees may enter the Plan on their first day of employment with the Employer.

Contributions

Participants may elect to make contributions of their pre-tax or post-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Employer may make discretionary matching contributions. No Employer discretionary matching contributions were made in 2022.

Contributions are subject to certain Internal Revenue Service limits.

Participant Accounts

Each participant's account is credited with the participant's contributions (including rollovers), Employer contributions and allocations of the Plan (a) earnings (losses) and (b) expenses. Allocations are based on participant earnings (losses), account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct their contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Antelope Memorial Hospital Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Vesting

Participants are immediately vested in their contributions (including rollovers) plus actual earnings thereon. The Employer contributions are vested as follows:

<u>Completed Years of Service</u>	<u>Vesting Percentage</u>
Less than three years	0%
Three or more years	100%

Separate provisions apply in the event of death or disability of the participant or when a participant reaches normal retirement age.

Forfeited Amounts

Forfeited amounts may be used to pay Plan expenses or used to reduce Employer contributions. There were no forfeited nonvested amounts available to be used at December 31, 2022 and 2021, and no forfeited nonvested amounts were used in 2022.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's account balance does not exceed \$5,000, the Plan can automatically cash out the account upon the participant's termination. In the event of a mandatory distribution greater than \$1,000, if the participant does not elect to have the distribution paid directly to an eligible plan specified by the participant or to receive the distribution directly, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement account. For account balances greater than \$5,000, a participant must elect to receive the distribution or the vested benefit will continue to be invested in the Plan's assets. In service withdrawals are allowed in the case of disability when a participant has attained age 59 ½.

Plan Termination

Although it has not expressed any intent to do so, the Board of Directors of the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Management of the Employer determines the Plan's valuation policies utilizing information provided by the trustee.

The fair value of pooled separate accounts is determined by the net asset value of the funds underlying investments held at year end adjusted for any dividends or distribution received by American United Life Insurance Company (AUL) and the daily equivalent of any fee charged by AUL pursuant to the contract. The NAV, as provided by AUL, is used as a practical expedient to estimate fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings (losses) reported in the statement of changes in net assets available for benefits may differ from the classification of earnings (losses) on Form 5500 due to different reporting requirements on Form 5500.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Pre-2009 Contracts

Under Department of Labor (DOL) Field Assistance Bulletin (FAB) 2009-02, an ERISA 403(b) plan sponsor does not need to treat annuity contracts and custodial accounts as part of the Plan for purposes of the Form 5500 filing requirements so long as specific conditions are met. The Employer has elected to exclude certain contracts and accounts from Plan assets in accordance with the provisions of DOL FAB 2009-02.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Employer. Expenses paid by the Employer are excluded from these financial statements.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

Note 3 - Certified Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments and interest for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by AUL (the trustee of the Plan).

Note 4 - Fair Value of Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2022 and 2021:

	2022 Fair Value	2021 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts					
Large-cap stock funds (a)	\$ 1,731,615	\$ 2,241,544	--	Daily	None

	<u>\$ 4,171,876</u>	<u>\$ 5,152,209</u>			

- a) This category seeks capital appreciation by investing primarily in large capitalization companies. Although it invests primarily in U.S. securities, investments in foreign companies may be made.
- b) This category seeks capital appreciation by investing primarily in small capitalization companies. These funds generally invest in companies with growth characteristics or those believed to be undervalued.
- c) This category seeks long-term capital appreciation by investing in primarily mid-sized companies or smaller. Although it invests primarily in U.S. securities, investments in foreign companies may be made.
- d) This category seeks long-term growth of capital and has few geographical limitations. These funds invest primarily in common stocks of well-established companies located around the world. These funds may also invest in issuers in developing countries.
- e) This category includes funds that are designed to seek a high total return relative to the participant's target retirement year. These funds invest in a mixture of stocks, bonds, and cash. Asset allocations become more conservative over time.
- f) This category seeks long-term capital appreciation by investing in foreign market securities. These funds invest primarily in the common stock of companies in both developed and developing foreign markets.
- g) This category seeks to provide a high level of current income with a secondary investment objective of capital appreciation. These funds invest primarily in higher yielding and generally lower quality debt securities (rated Ba1 or below or BB+ or below).
- h) This category includes funds that invest in a portfolio of primarily corporate and other investment-grade U.S. fixed-income securities.
- i) This category seeks highest level of total return consistent with its asset mix which consists of equity, fixed income and cash positions.

Note 5 - Investment Contracts with Insurance Company

The Plan entered into multiple traditional fully benefit-responsive investment contracts with AUL. The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. The contract value of the investment contracts at December 31, 2022 and 2021 was \$1,757,265 and \$1,677,394, respectively.

Effective April 6, 2022, the Plan entered into an agreement with AUL to freeze future contributions to the underlying AUL Fixed fund and begin directing future contributions under this contract to the AUL Stable Value fund.

AUL maintains the contributions from the contracts in a general account. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with the fully-benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The following is a summary of the guaranteed interest rate by contract:

Investment Contract	Guaranteed Interest Rate
AUL Fixed Fund (a)	3.00%
AUL Fixed Fund (pre-2009 contract - Note 2) (b)	4.00%
AUL Fixed Fund (pre-2009 contract - Note 2) (c)	3.75%
Alternative Fixed Account (pre-2009 contract - Note 2) (d)	3.75%
AUL Stable Value Fund (e)	0.00%

- a) Distributions out of the contract are charged a fee ranging from 0% to 3% based on number of years the participant has been part of the contract. Sponsor directed transfers require approval from AUL and will be charged a fee ranging from 0% - 3% based on number of years the participant has been part of the contract.
- b) Distributions out of the contract are charged a fee ranging from 0% to 8% based on number of years the participant has been part of the contract.
- c) Participants are limited to two withdrawal requests under the contract. Any additional withdrawal request will render the participant inactive.
- d) Distributions out of the contract are charged a fee ranging from 0% to 3% based on number of years the participant has been part of the contract.
- e) There are no withdrawal fees related to distributions from this fund.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents; (2) changes to the Plan's prohibition on competing investment options; or (3) significant withdrawals from the Plan. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 - Party-in-Interest Transactions

The Plan invests in traditional fully benefit-responsive investment contracts and pooled separate accounts managed by AUL. AUL is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Investment management service fees are paid by the Plan participants as part of investment purchase price pursuant to the AUL contracts. Fees for Plan administration paid to AUL for the year ended December 31, 2022 were \$1,166.

Note 7 - Tax Status

The Plan uses a pre-approved plan document sponsored by OneAmerica Financial Partners, Inc, which received an advisory letter from the Internal Revenue Service (IRS), dated November 22, 2017, stating that the pre-approved document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
