Report of Independent Auditors

The Retirement Benefits Committee
Children's Hospital Colorado Health System

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Children's Hospital Colorado 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions. Further, as discussed in Note 1, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts has also been excluded from the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion on these financial statements.

A member firm of Ernst & Young Global Limited

Building a better working world

We are required to be independent of the Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Children's Hospital Colorado 403(b) Plan

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following description of the Children's Hospital Colorado 403(b) Plan (the Plan) provides only general information. Children's Hospital Colorado (the Hospital) is the Plan sponsor. Participants should refer to the summary Plan description and Plan document for a more complete description of the Plan's provisions.

The Plan is a defined 403(b) contribution plan created for the benefit of the employees and beneficiaries of the Hospital. Effective January 1, 2002, all employees of the Hospital are eligible to participate in the Plan. The Retirement Benefits Committee of Children's Hospital Colorado is responsible for the general administration of the Plan. Empower Trust Company, LLC is the trustee and custodian of the Plan. Empower Retirement, LLC is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Legacy Contracts

The Plan holds legacy annuity contracts and custodial accounts with providers issued to current and former participants prior to January 1, 2009. The legacy contracts are frozen, and no current contributions are being made. Certain of the net assets available for benefits, investment income, distributions, and administrative expenses related to the legacy contracts have been excluded from the accompanying financial statements, while others have been included. As of December 31, 2022 and 2021, the value of such contracts included in net assets available for benefits was $2,529,330 and $3,541,537, respectively.

Contributions

Participants can elect to defer up to 80% of their pretax compensation, as defined in the Plan document. The Hospital matched employee contributions on a discretionary basis. During 2022, the discretionary employer match was 6% of the participant's deferral into the Plan.

Effective March 5, 2022, the Plan was restated to include Roth contributions, in-plan Roth rollovers and transfers as contribution options to the Plan. Effective August 21, 2022, the Plan was restated to exclude retention bonuses from the definition of eligible compensation.

1. Description of the Plan (continued)

Vesting

Participants are 100% vested in their salary deferral and rollover contributions at all times. Participants vest in employer matching and discretionary contributions based upon a graduated vesting schedule and become fully vested upon completion of five years of service. A participant also becomes fully vested in employer matching and discretionary contributions upon attainment of normal retirement age, total and permanent disability, or death. Forfeitures of non-vested amounts are used to reduce the Hospital's matching contributions for the Plan year in which such forfeitures occur. During 2022, the Hospital used approximately $2.4 million in forfeitures to reduce employer contributions. Forfeiture account balances were $234,090 and $144,907 as of December 31, 2022 and 2021, respectively.

Participant Loans

Notes receivable from participants represent participant loans. Participants may borrow a minimum of $1,000 from their fund accounts and up to 50% of their fund account balance, not to exceed a total of $50,000, less outstanding loan balances. The loans are secured by the balance in the participant's fund account and bear interest at a reasonable rate determined by the Plan administrator. Principal and interest payments are made through payroll deductions. Loans must be repaid within five years, except for loans for the purchase of a primary residence which, prior to October 1, 2014, were required to be repaid within 20 years, but now must be repaid within 15 years.

Benefit Payments

Participants are entitled to distributions from the Plan upon death, disability, normal or early retirement, or other termination of employment. Upon termination of service, a participant is entitled to receive his or her vested benefits under the Plan. The forms of distribution include: (1) a qualified joint and survivor annuity if the participant is married on the date his or her service with the employer terminates, (2) a single-life annuity if the participant is unmarried on the date his or her service with the employer terminates, or (3) a lump-sum distribution or another form of annuity if the participant elects it in a timely and proper manner.

Additionally, participants may request a distribution of vested portions of their accounts due to financial hardship, as defined in the Plan document.

1. Description of the Plan (continued)

Direct Transfer and Rollover Contributions

The Plan accepts direct transfer and rollover contributions from qualified plans, such as 401(k), profit-sharing, or pension plans, in addition to qualified annuity plans, 403(b) plans, or annuity contracts, and governmental 457(b) plans. The Plan also accepts direct transfers of after-tax contributions from other tax-qualified plans and rollovers from individual retirement accounts. These contributions are fully vested at all times and are subject to the same distribution restrictions that apply to other plan contributions.

Plan Termination

Although it has not expressed any intent to do so, the Hospital reserves the right to amend or terminate the Plan at any time. If the Plan is terminated for any reason, participants will automatically become fully vested in their accounts regardless of their years of service, subject to the provisions of ERISA.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Hospital, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Hospital. Expenses that are paid by the Hospital are excluded from these financial statements.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Benefits Paid to Participants

Benefit payments are recorded when paid.

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. See Note 5 for further discussion and disclosures related to fair value measurements.

Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis.

Net realized and unrealized gains and losses on investments bought, sold and held during the year are reflected on the accompanying statement of changes in net assets available for benefits as net depreciation in fair value of investments.

When it is determined to be in the participants' best interest, the Plan retains investments that provide revenue sharing payments. Revenue sharing payments are applied to the accounts of the participants holding such investments and are reflected on the accompanying statement of changes in net assets available for benefits as other income.

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Investments

Investment information disclosed in the accompanying financial statements and supplemental schedule, including notes receivable from participants at December 31, 2022 and 2021, and interest and dividends, net depreciation in fair value of investments, and other income for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the custodians of the Plan.

4. Fair Value Measurements

The Plan follows Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, to value its financial assets and liabilities, except those reported at contract value. As defined in ASC 820, fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, ASC 820 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

Level 1 – Level 1 inputs include quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs. The Plan's investments in mutual funds and pooled investment accounts are stated at fair value based on quoted market prices.

Level 2 – Level 2 inputs include observable prices that are based on inputs not quoted on active markets but corroborated by market data.

Level 3 – Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, as well as considers counterparty credit risk in its assessment of fair value.

4. Fair Value Measurements (continued)

Financial assets carried at fair value are classified in the tables below in one of the three categories:

	Fair Value Measurements as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 671,512,295**	**$ –**	**$ –**	**$ 671,512,295**

Total assets at fair value	**$ 673,390,809**	**$ –**	**$ –**	**$ 673,390,809**

	Fair Value Measurements as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 783,281,731	$ –	$ –	$ 783,281,731
Pooled investment accounts	2,395,780	–	–	2,395,780
Total assets at fair value	$ 785,677,511	$ –	$ –	$ 785,677,511

5. Annuity Contracts

The Plan provides participants with two fixed annuity contract investment options that are fully benefit responsive – one through Lincoln Financial Group and one through Empower Annuity Insurance Company of America. These contracts meet the fully benefit-responsive investment contract criteria and are, therefore, reported at contract value. The funds are supported by the Lincoln Financial Group fixed account and Empower Annuity Insurance Company of America general account, respectively, and have no maturity date. If all participants were eligible for a distribution of their full accounts from the Plan on the reporting date, the amount payable on demand on the reporting date would be the contract value.

5. Annuity Contracts (continued)

The crediting interest rate is declared periodically, but not less than annually, and may apply to the entire contract value or separately to amounts accumulated in separate time periods. Crediting rates are set in response to the following factors: (1) the totality of investments previously made by participants, (2) their anticipated payout timing requirements, (3) the current investment climate, (4) contractual minimum interest rate guarantees, (5) competitive requirements, and (6) required return on invested capital supporting the product. The average yield earned by the Plan for the years ended December 31, 2022 and 2021 was 4.00% for the Lincoln Financial Group contract and 0.93% and 0.90%, respectively, for the Empower Annuity Insurance Company of America contract. These are the same average yields credited to participants.

The Lincoln Financial Group and Empower Annuity Insurance Company of America contracts do not specify any events that would limit the ability of the Plan to transact at contract value with the issuer or any events that would allow the issuer to terminate the contract and settle for an amount different from contract value. The contract provides payment options of the contract value for surrendering the contract; however, the Plan sponsor does not intend to surrender the contract.

6. Income Tax Status

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2017, stating that the written form of the underlying pre-approved document is qualified under Section 403(b) of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 403(b) of the Code and, therefore, the related custodial accounts are tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken by the Plan and no interest or penalties have been recognized related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party and Party-in-Interest Transactions

Certain investments are managed by Empower Trust Company, LLC, the trustee and custodian, and, therefore, qualify as party-in-interest transactions for which a statutory exemption exists.

8. Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the fair value of investments will occur in the near term and that such changes could materially affect the amounts reported in participant account balances and on the statements of net assets available for benefits.

9. Subsequent Events

Management evaluated subsequent events through October 13, 2023, the date the accompanying financial statements were available to be issued.
