INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Global Infrastructure Management, LLC 401(k) Plan
1345 Avenue of the Americas
New York, NY 10105

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Global Infrastructure Management, LLC 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Global Infrastructure Management, LLC 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the Matrix Trust Company as of December 31, 2022 and 2021 and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Global Infrastructure Management, LLC 401K Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Global Infrastructure Management, LLC 401K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Global Infrastructure Management, LLC 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Global Infrastructure Management, LLC 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements – continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. Plan Description

The following description of Global Infrastructure Management, LLC ("the Company") Global Infrastructure Management, LLC 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of the Company. All employees of the Company are eligible to participate in the Plan on the first day of the month coincident with or following their employment commencement date. Union employees, non-resident aliens and leased employees are excluded from eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended, to include all applicable amendments up to and including the Economic Growth and Tax Relief Act of 2001.

The Plan was formally amended in 2021 to adopt the provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"), the Coronavirus, Aid, Relief and Economic Security Act (CARES), and the Consolidated Appropriations Act (CAA).

Contributions – Each year, participants may voluntarily contribute any percentage of their base compensation, as defined by the Plan, not to exceed \$20,500 in 2022, subject to certain discrimination tests prescribed by the Internal Revenue Code. Participants age 50 and over may elect to defer an additional \$6,500 in "catch-up contributions" to the Plan. Such contributions are excluded from the participants' federal taxable income until received as withdrawals or distributions from the Plan. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants may also elect to contribute to the Plan, on an after-tax basis, by designating some or all of their contributions as Roth 401(k) Deferrals. These after-tax contributions, plus the earnings accumulated thereon, may be withdrawn tax-free provided the withdrawal is a qualified distribution, as defined in the Plan document.

The Plan provides for employer matching contributions. The Company matches employee contributions on a discretionary basis to be determined by the Company and applied to all participants on a uniform basis. The Company may decide to make additional profit sharing and non-elective contributions to the Plan, although the Company is not required to do so. The Company made contributions to the Plan for the year ended December 31, 2022 as follows:

	<u>2022</u>
Safe Harbor Matching	\$ 527,700
Profit Sharing	2,234,829
Non-Safe Harbor Matching	<u>1,485,448</u>
Subtotal	4,247,977
Less: Forfeitures utilized	<u>(70,235)</u>
	<u>\$ 4,177,742</u>

Participant Accounts – Each participant's account is credited with the participant's contributions, allocations of the Company's contribution, Plan earnings, and charged with an allocation of investment gains or losses, withdrawals and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments – Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The Plan's Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. Plan Description – continued

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant becomes 100% vested over three years of credited service in accordance with the Plan document, or immediately if employment is terminated due to death, disability, or retirement at Normal Age, defined as the date a participant reaches age 55 or the date they are credited with at least five Years of Service, but in no event will Normal Retirement Age be later than the later of the date a Participant reaches age 65 or the fifth anniversary of participation. Vesting occurs as follows:

Years of Credited Service	Vesting Percentage
1	0%
2	0%
3	100%

Distributions of Benefits – Depending on the value of the participants vested account balance, upon termination of service a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or have the vested balance rolled into Individual Retirement Account or another qualified retirement plan, as provided in the Plan document. Distributions upon death will be made to beneficiaries as soon as administratively possible.

Participant Notes Receivable – The Plan permits participants to borrow a minimum of \$1,000 up to 50% of their vested account balance not to exceed \$50,000. The \$50,000 maximum allowable loan amount is reduced by the highest outstanding loan balance of the participant within the previous 12-month period. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% as posted in the Wall Street Journal (or similar financial publication) when the loan is made. The interest rate is fixed for the duration of the loan. At December 31, 2022 and 2021, the loan interest rates being used ranged from 4.25 – 7.25% which is commensurate to a reasonable rate of interest. Principal and interest are paid ratably through payroll deductions and loans must be fully repaid within five years unless the loan was issued for the purchase of a primary residence, upon which the loan must be fully paid within 30 years. As of December 31, 2022 and 2021, the Plan had outstanding loans to participants with principal balances totaling \$117,699 and \$114,485, respectively.

Forfeitures – Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. Forfeitures may be used to reduce employer contributions or to pay administrative expense of the Plan, as determined by the Company at its sole discretion. For the year ended December 31, 2022 and 2021, forfeitures were used to reduce employer contributions. At December 31, 2022 and 2021, there was \$70,235 and \$209,935, respectively, of forfeitures that had not yet been applied to employer contributions or used to pay administrative expenses. During the Plan year ended December 31, 2022 the Company utilized \$209,935 of forfeitures to underwrite employer contributions to the Plan for the December 31, 2021 Plan year.

2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Global Infrastructure Management, LLC 401K Plan (the "Plan") is presented to assist in understand the Plan's financial statements and supplemental schedules. These financial statements, supplemental schedules, and notes are representations of the Global Infrastructure Management, LLC's (the "Employer" or "Plan Sponsor") management, who is responsible for the integrity and objectivity of the financial statements. These accounting policies have been consistently applied in the preparation of the financial statements and supplemental schedules.

Basis of Presentation – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except that benefits paid to plan participants are recorded on a cash basis.

2. Summary of Significant Accounting Policies – continued

Use of Estimates – The preparation of the financial statements in conformity with generally accepted accounting principles in the United States of America (“GAAP”) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, disclosure of contingent assets and liabilities. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Cash and Cash Equivalents – The Plan considers all cash in demand deposit accounts to be cash equivalents. This does not include cash or cash equivalents held in the investment accounts. These balances are included as a component of investments.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned in accordance with the accrual basis. Dividends are recorded as received by Matrix Trust Company, the Custodian. Net appreciation includes the plan’s gains and losses on the investments bought and sold as well as held during the year.

Participant Notes Receivable – Notes receivable from participants are measured at their unpaid principal balances, plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account and are recorded as administrative expenses when incurred. Delinquent notes receivable from participants are considered by the Plan administrator to be in default, the loan balance is reduced and recorded as a benefit payment based on the terms of the Plan document.

Excess contributions payable – Represent amounts to be refunded to the Sponsor for contributions made in excess of amounts withheld from participants.

Contributions – Contributions from employees are recorded as they are withheld from the participant’s wages. Contributions from the Company are recorded in the period in which the related participant contributions are due to the Plan.

Other Receivables – Are comprised of investment income receivable and interest due on delinquent contributions (when applicable) as of the fiscal year-end.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Administrative expenses of the Plan are paid by the Plan or by the Sponsor, as provided in the Plan document.

3. Investments and Fair Value Measurements (Unaudited)

The Plan’s investments are held in trust and administered by Matrix Trust Company, (the “Custodian”). All investment information disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information supplied to the Plan administrator and the custodian. Matrix Trust as the custodian has certified as to the completeness and accuracy of the investments of the Plan at fair value held as of December 31, 2022 and 2021 and the related investment income; including interest and dividends, capital gains / (losses) and net appreciation / (depreciation) in fair value.

The Plan’s investments (including gains and losses on investments bought and sold, as well as held during the period) appreciated (depreciated) in value as follows:

	<u>2022</u>	<u>2021</u>
Gains/(Losses)	\$ (11,136,207)	\$ 5,896,493

3. Investments and Fair Value Measurements (Unaudited) – continued

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements – The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurement – The fair value of corporate bonds and U.S. government securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

Level 3 Fair Value Measurement – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Exchange Traded Funds: Valued at the closing price reported on the active market on which the fund is traded.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's investments at fair values are detailed as follows:

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Total</u>
Exchange traded funds	\$ 48,255,226	\$ 48,255,226
Mutual funds	11,280,691	11,280,691
Subtotal	<u>\$ 59,535,917</u>	<u>\$ 59,535,917</u>
Assets held not subject to fair value measurements - cash		22,872

4. Certified Investments (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company (the Custodian).

5. Transactions with Parties-In-Interest

At December 31, 2022 and 2021, certain Plan investments were managed by Matrix Trust Company (the Custodian). Matrix Trust Company is the custodian and record keeper of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for custodial and investment management services are included as a component of administration expenses on the Statement of Changes in Net Assets Available for Benefits.

Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions also qualify as party-in-interest transactions.

Participant loans also qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. Federal Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income examination for years prior to 2019.

8. Risk and Uncertainties

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

8. Subsequent Events

The plan sponsor has evaluated the December 31, 2022 financial statements for subsequent events through October 16, 2023, the date the financial statements were available to be issued.
