Independent Auditor's Report

Benefit Plan Committee and Plan Participants
Bemis Associates, Inc. Employee Deferred Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Bemis Associates, Inc. Employee Deferred Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Bemis Associates, Inc. Employee Deferred Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all eligible employees of Bemis Associates, Inc. (the Company) upon completion of 30 consecutive days of service (or completion of a year of service, if earlier) and having attained the age of 18. Employees not eligible to participate in the Plan are leased employees, interns, co-op students, non-resident aliens, employees covered by a collective bargaining agreement that does not provide participation in the Plan, independent contractors and employees of an affiliated employer based outside of the United States (U.S) who are temporarily employed on a U.S. assignment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 50% of their eligible compensation, as defined in the plan document, subject to Internal Revenue Code (IRC) limitations. Highly compensated participants may contribute up to 25% of their eligible compensation, as defined in the plan document. Participants may designate a portion or all of their deferrals as Roth deferral contributions. The Plan has adopted an automatic enrollment provision where all eligible employees will automatically be enrolled in the Plan with a deferral percentage of 6%. The Plan has adopted an automatic increase program where employees with a deferral percentage greater than 0% and less than 12% will have their deferral percentage automatically increased by 1% annually (to a maximum of 12%), unless elected otherwise.

Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and one guaranteed investment contract as investment options for participants.

The Company makes matching contributions for eligible employees. For eligible non-union employees, the Company makes matching contributions equal to 100% of the first 3% of elective deferrals, plus 50% of the next 6% of elective deferrals. For eligible union employees, the Company makes matching contributions equal to 50% of the first 7% of elective deferrals. Eligible union employees are employees covered by a collective bargaining agreement between the Company and the employee representatives. For the year ended December 31, 2022, the Company made matching contributions of \$980,644.

The Company also makes non-elective contributions to the Plan on behalf of each eligible union employee hired or rehired on or after March 20, 2013, equal to \$30.77 per week. For the year ended December 31, 2022, the Company made non-elective contributions of \$26,106.

The Company's board of directors approved the freezing of the Bemis Associates, Inc. Retirement Plan (Retirement Plan) effective December 31, 2018 such that all accrued benefits stopped as of that date. In conjunction with the freezing of the Retirement Plan, all previous participants in the Retirement Plan will receive matching contributions to the Plan equal to 100% of the first 3% of elective deferrals, plus 50% of the next 6% of elective deferrals beginning on January 1, 2019. In addition, all previous participants in the Retirement Plan will receive an annual employer contribution to the Plan under a three-year program as follows provided the Company employs them on December 31, 2018 and each subsequent December 31 while this three year program remains in place.

Note 1. Description of Plan (Continued)

<u>Years of Service</u>	<u>Contribution Percentage</u>
5-9 years	8% of earned base pay
10-14 years	10% of earned base pay
Over 15 years	12% of earned base pay

As of December 31, 2020, the Company had enhancement employer contributions receivable of \$371,490 related to the annual employer contribution, which represented the last year of the three-year program and was funded in February 2021.

Lastly, the Company's board of directors approved the termination of the Retirement Plan effective September 18, 2020. In conjunction with the termination of the Retirement Plan, 25% of the surplus assets were transferred to the Plan in the amount of \$1,819,582. These funds are invested in the New York Life (NYL) Guaranteed Interest Account and will be used to provide an additional employer allocation to all eligible participants of the Plan over a three-year period. Each eligible participant will receive an allocation equal to 3% of eligible compensation beginning on January 1, 2020. During the year ended December 31, 2022, \$611,166 was allocated to eligible participants based on 2021 eligible compensation, as defined in the plan document. Subsequent to December 31, 2022, \$692,895 was allocated to eligible participants based on 2022 eligible compensation, including \$2,042 of interest and \$18,665 of additional funding used from the forfeiture account, as defined in the plan document, resulting in no future amount remaining to be allocated.

Participant accounts: Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, Company contributions and plan earnings. Each participant's account is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, contributions, account balances or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are immediately vested in participant and rollover contributions plus actual earnings thereon. Employees vest in employer contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than one year	0%
One year but less than two years	20%
Two years but less than three years	40%
Three years but less than four years	60%
Four years but less than five years	80%
Five years and thereafter	100%

Forfeitures: Forfeitures resulting from non-vested portions of terminated participants' account balances shall be used to reduce employer contributions, to pay administrative expenses or to restore previously forfeited amounts. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$78,065 and \$73,229, respectively. During the year ended December 31, 2022, the Plan generated forfeitures of \$60,639 and utilized \$55,803 of forfeitures to reduce employer contributions to the Plan.

Note 1. Description of Plan (Continued)

Notes receivable from participants: A participant may borrow from his or her account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. The loans are secured by the balance in each participant's account and bear interest at rates ranging from 4.25% to 8.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Loans must be repaid within a five year period, except for the purchase of a principal residence, in which case the loan must be repaid within 10 years. Effective January 1, 2013, participants can have no more than one loan outstanding at one time, except for those participants who had two loans outstanding as of that date. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or if his or her account balance is over \$5,000 a participant may choose to stay invested in the Plan. The Plan also permits certain in-service withdrawals, as defined in the plan document.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB) and are prepared on the accrual basis of accounting. The FASB sets generally accepted accounting principles in the U.S. (U.S. GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefit Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's trustee and investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Income taxes: U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent events: The Plan has evaluated subsequent events through October 16, 2023, the date on which the financial statements were available to be issued.

Note 3. Information Prepared by and Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by John Hancock Trust Company LLC (John Hancock) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from John Hancock that information provided to the Plan Administrator by John Hancock related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	2022	2021
Investments, at fair value, as determined by quoted market prices:		
Mutual funds	\$ 35,014,777	\$ 42,013,535
Investments, at contract value:		
Guaranteed investment contract	\$ 7,257,612	\$ 7,391,084
Notes receivable from participants	\$ 663,548	\$ 652,935

John Hancock also certified to the accuracy and completeness of \$8,558,159 of net depreciation in fair value of investments, \$787,498 of interest and dividend income and \$28,819 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

FASB ASC 820, Fair Value Measurements (FASB ASC 820), defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 35,014,777	\$ -	\$ -	\$ 35,014,777

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 42,013,535	\$ -	\$ -	\$ 42,013,535

Note 5. Fully Benefit-Responsive Investment Contract

The Plan's guaranteed investment contract is a fully benefit-responsive investment contract with NYL. NYL maintains the contributions in a separate account used solely to satisfy the claims of the Plan. As of December 31, 2022 and 2021, the participant directed balance within the NYL Guaranteed Interest Account was \$7,257,614 and \$6,162,852, respectively. As of December 31, 2021 and 2020, the non-participant directed balance within the NYL Guaranteed Interest Account was \$617,065 and \$1,228,232, respectively. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is included in the financial statements at contract value as reported to John Hancock by NYL. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rate is set quarterly.

Certain events limit the ability of the Plan to transact at contract value with NYL. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with the plan participants, are probable of occurring.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments. The Plan made direct payments to John Hancock of \$112,792 for the year ended December 31, 2022. The Company pays directly any other fees related to the Plan's operations. The Plan extends loans to participants. These transactions are considered parties-in-interest.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in employer contributions.

Note 8. Tax Status

The IRS issued a prototype opinion letter dated May 27, 2015 stating that the Plan as then designed complies with the applicable sections of the IRC. Although the Plan has been amended since the date of the prototype opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax-exempt.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that such changes could materially affect account balances of participants and the amounts reported in the statements of net assets available for benefits.

Approximately 17% and 15% of the Plan's assets are held in the Guaranteed Investment Contract as of December 31, 2022 and 2021, respectively. As such, this is considered to be a concentration of credit risk.
