The Plan Administrator
Sonesta International Hotels Corporation and Subsidiaries 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sonesta International Hotels Corporation and Subsidiaries 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements ("Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Sonesta International Hotels Corporation and Subsidiaries 401(k) Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the Financial Statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of Financial Statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the Financial Statements.

In preparing the Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the Financial Statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the Financial Statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Financial Statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Financial Statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Financial Statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the Financial Statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Part IV, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the Financial Statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Financial Statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Financial Statements or to the Financial Statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Sonesta International Hotels Corporation and Subsidiaries 401(k) Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan was originally established, effective July 1, 1993 and has been amended and restated as of January 1, 2016. Sonesta International Hotels Corporation is the Plan sponsor and employer of the Plan (the "Employer" or "Company"). Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company serve as the custodian for the Plan ("Custodian"). Principal Life Insurance Company ("PLIC") serves as the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant directed.

The Plan is a defined contribution plan covering all employees of the Company who have completed at least three months of service, except for employees who are classified as leased employees, non-resident aliens, residents of Puerto Rico, and union employees except for union employees who are covered by collective bargaining agreements of which the terms provide for their participation in the Plan, as defined in the Plan document, ("Participants"). The Plan's eligibility allows credit for service from various predecessor employers as defined in the Plan document.

Effective January 1, 2022, due to an acquisition made by the Employer, the Red Lion Hotels Corporation Retirement Savings Plan merged into the Sonesta International Hotels Corporation and Subsidiaries 401(k) Plan. As a result of the merger, net assets of $9,160,530 were transferred in from the Red Lion Hotels Corporation Retirement Savings Plan in January 2022.

Plan Administration and Expenses

The Employer is the plan administrator and has the authority to appoint persons or entities to carry out the operation of the Plan. Individual Participant accounts may be charged directly for all administrative expenses, if not paid by the Employer.

Participant Contributions

Participants may defer up to 80% of eligible compensation, as defined by the Plan, on a pre-tax or Roth basis up to a dollar limit established under the Internal Revenue Code (the "Code"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined contribution plans ("Rollovers").

1. Description of Plan *(continued)*

Employer Contributions

The Company provides safe harbor matching contributions in an amount equal to 100% of Participants' elective deferrals up to the first 3% of eligible compensation, plus 50% of Participants' elective deferrals that exceed 3% of eligible compensation, but do not exceed 5% of eligible compensation. To be eligible for the employer matching contribution a Participant must have completed eleven months of service. For the year ended December 31, 2022, employer safe harbor matching contributions amounted to $4,579,962. The Company could contribute differing amounts to certain employees depending upon the terms in the collective bargaining agreement.

Participant Accounts

Each Participant's account is credited with the Participant's contributions, the respective employer safe harbor matching contributions, an allocation of the Plan's investment earnings (losses), and is charged with an allocation of certain expenses, as applicable. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions, and employer matching contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their vested accounts up to a maximum equal to the lesser of $50,000 reduced by the excess of the highest outstanding balance of loans, or 50% of their account balance. The minimum loan is $1,000, and loan terms range from one to five years, or a longer period for the purchase of a primary residence. The loans are secured by the balance in the Participant's account, and bear interest at the Prime Rate (as published by the Wall Street Journal) plus one percentage point. Principal and interest is paid ratably through payroll deductions. Interest rates for outstanding loans range from 4.25% to 8.50% at December 31, 2022 and 4.25% to 6.50% at December 31, 2021. Any unpaid balance will be offset against the Participant's vested account balance prior to distribution and considered a deemed distribution.

Payment of Benefits

Upon termination of service due to death, disability, termination, or retirement, a Participant or beneficiary may elect to receive a lump-sum distribution in an amount equal to the value of the Participant's vested interest in his or her account. The payment can either be a cash distribution to the Participant, subject to income tax withholdings, a fixed period installment, a fixed payment installment, or a tax-free rollover to an individual retirement account or another qualified plan as defined. If a Participant's vested account is more than $1,000 but less than $5,000, the plan administrator, after notification, may distribute the benefit into an individual retirement account. If a Participant's vested account is less than $1,000, the plan administrator, after notification, may distribute the account balance to the Participant in a lump sum payment.

1. Description of Plan *(continued)*

Payment of Benefits (continued)

In-service withdrawals from a Participant's vested account balances are permitted upon reaching age 59 ½ or if a Participant is ordered or called into active-duty military service for a period in excess of 179 days or for an indefinite period. Additionally, in-service withdrawals are permitted due to financial hardship, as defined in the Plan document. Participants must have obtained all distributions, other than the hardship withdrawal, before financial hardship withdrawals are allowed.

Hardship withdrawals may be taken from the Participant's deferral contributions accounts, and vested employer contributions, and are subject to a $500 minimum amount.

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 16, 2023.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments, Investment Valuation and Income Recognition

Investments are reported at either fair value or contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurements

The Plan follows GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements (continued)

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 investments.

Pooled separate investment accounts: Valued daily based on the market value of the underlying investment holdings in each separate account. The underlying investment holdings have observable Level 1 quoted pricing inputs which are used to determine the unit value of the pooled separate investment accounts which is not publicly quoted. These pooled separate accounts are considered to have a readily determinable fair value and are classified as Level 1.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial assets and liabilities could result in a different fair value measurement at the reporting date.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefit payments to Participants are recorded during the period in which they are paid.

Use of Estimates

The preparation of these financial statements in conformity with GAAP requires plan management to make estimates and assumptions that may affect the amounts reported in these financial statements and accompanying notes. Accordingly, the actual results could differ from those estimates that were used.

3. Investments Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i, Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a qualified institution.

4. Guaranteed Investment Contract

The Plan holds a fully benefit-responsive group annuity contract (the "Investment Contract") offered by the PLIC, which is backed by the Trustee's general account. The fund is valued at contract value, which represents contributions made under the contract, plus earnings at guaranteed credit rates, less Participant withdrawals and administrative expenses. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount Participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Investment Contract is a single group annuity contract with a fixed rate of interest, whose fair value equals the contract value at December 31, 2022 and 2021. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract. Significant unobservable inputs include the composite interest and crediting rates. During 2022, the crediting interest rate ranged from 1.10% to 1.30%. There are no redemption fees, early withdrawal charges, or market value adjustments that are charged on Participant transfers of assets in or out of the investment contract. Upon notice of an employer-level liquidation, Participant transfer activity will be reviewed by the Custodian and a surrender charge may apply.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate is based on a formula agreed upon with PLIC. Under the terms of the existing agreement, the composite crediting rate is reset on a semiannual basis, declared in advance, and will never be less than the guaranteed minimum interest rate. In no case will the guaranteed minimum interest rate be less than 1% or greater than 3%.

Certain events limit the ability of the Plan to transact at contract value with PLIC. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan) (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with plan Participants are probable of occurring.

4. Guaranteed Investment Contract *(continued)*

There are no events that allow the issuer to terminate the contract and which require the Company to settle at an amount different than contract value paid. In the event the Company elects to terminate the contract, the Company must provide at least twelve months' notice of its intent to terminate the contract.

5. Risks and Uncertainties

The Plan invests in investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to Participant accounts and distributed in such a manner as the Employer may determine.

7. Tax Status

Effective January 1, 2016, the Plan was restated to an individually designed Plan document. The underlying individually designed Plan document received a favorable determination letter from the Internal Revenue Service, dated November 13, 2017, stating that the form of the Plan is qualified under Section 401(a) of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and that the Plan is qualified and tax-exempt as of the date of this report. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of an entity is considered a tax position. Under the income tax laws, the tax-exempt status of an entity is considered a tax position. No such uncertain tax positions have been recognized by the Plan.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party-In-Interest Transactions

Plan investments include mutual funds, pooled separate investment accounts and a guaranteed investment contract managed by PLIC, an affiliated company of the Custodian. Therefore, these transactions qualify as exempt party-in-interest transactions.

PLIC provides certain administrative services to the Plan pursuant to a Service and Expense Agreement ("Service Agreement") effective January 1, 2017. Investment fund related revenue received by PLIC typically includes Rule 12b-1 fees paid by the fund or the fund's affiliates. This revenue is used to offset certain amounts owed to PLIC for its administrative services to the Plan. If the revenue received by PLIC exceeds the amount owed under the Service Agreement, the excess is allocated to Plan Participants as a fee adjustment. During the year ended December 31, 2022, the Plan recorded $47,151 in revenue pursuant to the service agreement, all of which applied towards certain administrative expenses totaling $359,386 for the year ended December 31, 2022.

Notes receivable from Participants qualify as exempt party-in-interest transactions as defined by ERISA.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per the financial statements	$ 98,645,604	$ 96,094,977
Deemed distributions recorded on Form 5500	(52,500)	(7,031)
Net assets per Form 5500	$ 98,593,104	$ 96,087,946

The following is a reconciliation of changes in net assets available for benefits per the financial statements to net loss per the Form 5500 for the year ended December 31, 2022:

Decrease in assets available for benefits per the financial statements, before transfer	($6,609,903)
Prior year deemed distributions recorded on Form 5500	7,031
Current year deemed distributions recorded on Form 5500	(52,500)
Net loss per Form 5500, before transfer	($6,655,372)
