	(5) Total deductions.....	7e(5)	9748649
f	Balance at the end of the current year (subtract line 7e(5) from line 7d)	7f	29629139

Part III Welfare Benefit Contract Information

If more than one contract covers the same group of employees of the same employer(s) or members of the same employee organizations(s), the information may be combined for reporting purposes if such contracts are experience-rated as a unit. Where contracts cover individual employees, the entire group of such individual contracts with each carrier may be treated as a unit for purposes of this report.

8 Benefit and contract type (check all applicable boxes)

- a** ☐ Health (other than dental or vision)
b ☐ Dental
c ☐ Vision
d ☐ Life insurance
e ☐ Temporary disability (accident and sickness)
f ☐ Long-term disability
g ☐ Supplemental unemployment
h ☐ Prescription drug
i ☐ Stop loss (large deductible)
j ☐ HMO contract
k ☐ PPO contract
l ☐ Indemnity contract
m ☐ Other (specify) ▶

9 Experience-rated contracts:

a Premiums: (1) Amount received	9a(1)		
(2) Increase (decrease) in amount due but unpaid	9a(2)		
(3) Increase (decrease) in unearned premium reserve	9a(3)		
(4) Earned ((1) + (2) - (3))		9a(4)	0
b Benefit charges (1) Claims paid	9b(1)		
(2) Increase (decrease) in claim reserves	9b(2)		
(3) Incurred claims (add (1) and (2))		9b(3)	0
(4) Claims charged		9b(4)	
c Remainder of premium: (1) Retention charges (on an accrual basis) --			
(A) Commissions	9c(1)(A)		
(B) Administrative service or other fees	9c(1)(B)		
(C) Other specific acquisition costs	9c(1)(C)		
(D) Other expenses	9c(1)(D)		
(E) Taxes	9c(1)(E)		
(F) Charges for risks or other contingencies	9c(1)(F)		
(G) Other retention charges	9c(1)(G)		
(H) Total retention		9c(1)(H)	0
(2) Dividends or retroactive rate refunds. (These amounts were ☐ paid in cash, or ☐ credited.)		9c(2)	
d Status of policyholder reserves at end of year: (1) Amount held to provide benefits after retirement		9d(1)	
(2) Claim reserves		9d(2)	
(3) Other reserves		9d(3)	
e Dividends or retroactive rate refunds due. (Do not include amount entered in line 9c(2).)		9e	

10 Nonexperience-rated contracts:

a Total premiums or subscription charges paid to carrier	10a	
b If the carrier, service, or other organization incurred any specific costs in connection with the acquisition or retention of the contract or policy, other than reported in Part I, line 2 above, report amount. Specify nature of costs.	10b	

Part IV Provision of Information

11 Did the insurance company fail to provide any information necessary to complete Schedule A? ☐ Yes ☒ No

12 If the answer to line 11 is "Yes," specify the information not provided. ▶

SCHEDULE C (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Service Provider Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA). ▶ File as an attachment to Form 5500. (1) To this plan	2l(1)		0
(2) From this plan	2l(2)		0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: GRANT THORNTON LLP

(2) EIN: 36-6055558

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a	X		607840

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k		X	
l Has the plan failed to provide any benefit when due under the plan?			
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection.
For calendar plan year 2022 or fiscal plan year beginning 01/01/2022 and ending 12/31/2022		
A Name of plan ROGERS EMPLOYEE SAVINGS AND RETIREMENT PLAN		B Three-digit plan number (PN) 006
C Plan sponsor's name as shown on line 2a of Form 5500 ROGERS CORPORATION		D Employer Identification Number (EIN) 06-0513860

Part I

Distributions

All references to distributions relate only to payments of benefits during the plan year.

1

Total value of distributions paid in property other than in cash or the forms of property specified in the instructions.....

1

2

Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits):

EIN(s): 04-6568107

Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.

3

Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year.....

3

Part II

Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)

4

Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? ☐ Yes ☐ No ☐ N/A
If the plan is a defined benefit plan, go to line 8.

5

If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. Date: Month _____ Day _____ Year _____
If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.

6

a Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived).....
b Enter the amount contributed by the employer to the plan for this plan year.....
c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount).....

6a

6b

6c

If you completed line 6c, skip lines 8 and 9.

7

Will the minimum funding amount reported on line 6c be met by the funding deadline? ☐ Yes ☐ No ☐ N/A

8

If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change? ☐ Yes ☐ No ☐ N/A

Part III

Amendments

9

If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box..... ☐ Increase ☐ Decrease ☐ Both ☐ No

Part IV

ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.

10

Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan?..... ☐ Yes ☐ No

11

a Does the ESOP hold any preferred stock?..... ☐ Yes ☐ No
b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.)..... ☐ Yes ☐ No

12

Does the ESOP hold any stock that is not readily tradable on an established securities market?..... ☐ Yes ☐ No

For Paperwork Reduction Act Notice, see the Instructions for Form 5500.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Compensation and Organization Committee and Plan Administrator
Rogers Employee Savings and Investment Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Rogers Employee Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of schedule H, line 4a of delinquent participant contributions for the year ended December 31, 2022 and schedule H, line 4j – schedule of assets (held at end of the year) as of December 31, 2022 are presented for purposes of additional analysis and is are not a required part of the financial statements but is are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rogers Employee Savings and Investment Plan

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

General

The Rogers Employee Savings and Investment Plan (the “Plan” or “RESIP”) sponsored by Rogers Corporation (the “Company”) is a contributory defined contribution plan covering all regular U.S. employees, excluding employees hired for a limited period of time. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan was originally adopted in January 1984, and has been amended at various time through December 31, 2022. Additionally, in April 2021, the Plan was amended and restated to include all prior amendments into the Adoption Agreement.

Contributions

Participants may contribute on a pre-tax basis, up to the lesser of \$20,500 or their annual eligible compensation, as defined in the Plan. Participants who are eligible to make elective deferrals and who have attained the age of 50 before the close of the calendar year are eligible to make catch-up contributions. The maximum catch-up contribution for 2022 was \$6,500. Participants may make after-tax Roth contributions. Unless otherwise elected by the employee, within the first month of employment there is an auto-enrollment of a contribution of 3% of the participant’s annual compensation. If the employee is contributing less than 6% of their annual compensation, the contribution will automatically increase each year until a contribution of 6% of annual compensation is reached.

The Plan was enhanced as of July 1, 2013, with the following contribution changes for all participants, except those in collective bargaining units: a) the Company will make a contribution of 1% per pay period of the participants’ eligible compensation, and b) the Company may, at its discretion, make a discretionary profit-sharing contribution of up to 2% of the eligible participants’ (as defined by the plan document) eligible compensation. For the 2022 Plan year, the Company made a one-time discretionary employer contribution of \$6,413,707, which represented 5.66% of eligible participants’ 2021 eligible compensation.

All participants are eligible to receive matching Company contributions. The Company contributed 100% of the first 1% and 50% of the next 5% of each participant’s annual eligible compensation in 2022.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 subject to certain Internal Revenue Service (“IRS”) restrictions, or 50% of their vested account balance. Loan terms range from one month to five years or up to fifteen years for the purchase of a primary residence. A participant may not have more than one loan outstanding at any point in time. The loans are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Interest rates range from 3.75% to 8% on loans outstanding at December 31, 2022 and 2021.

Participant Accounts

Each participant’s account is credited with the participant’s pretax contributions, Company contributions, an allocation of Plan earnings (losses), expenses, and rollovers (if applicable). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Vesting

Participants are immediately vested in their contributions, the Company's 1% contribution and the Company discretionary profit-sharing contribution. Participants become 100% vested in the Company's match contributions after two years of continuous service. Upon early retirement, normal retirement, total disability, as defined by the Plan, death, or ceasing to be an employee of the Company and a participant in the Plan on or after December 1, 2002 as a result of becoming an employee of a joint venture in which the Company has at least 30% ownership, a participant is 100% vested in the Company's match contributions. Any nonvested participant who is terminated and not re-employed with the Company within five years of termination forfeits his or her interest in the nonvested portion of the Company's match contributions. If re-employed within five years, the participant will recover his or her rights in this nonvested portion.

Forfeited Accounts

Forfeitures may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future Company contributions payable under the Plan. There were \$209,142 forfeitures used to reduce Company contributions in 2022. The available forfeitures balance at December 31, 2022 and 2021 was \$121,420 and \$110,217, respectively.

Surplus Funds From Terminated Rogers Defined Benefit Pension Plan

Surplus funds are to be used to fund employer contributions which include the 1% non-discretionary contributions, safe harbor match true-up contributions, and any discretionary contributions made by the Company. The Plan had transfers of surplus funds in the amount of \$0 and \$1.8M as of December 31, 2022 and 2021, respectively. The Plan used \$6,639,603 of the held surplus funds to fund employer contributions and Plan expenses for the year ended December 31, 2022.

Payment of Benefits

Company contributions can be drawn upon after five years in the Plan and a participant can withdraw funds for any reason upon reaching age 59½. Upon early retirement, normal retirement, total disability, as defined by the Plan, death, or any other termination of employment, a participant may receive the value of the vested portion of his or her total account offset by any outstanding Plan loans. An employee's tax-deferred contributions cannot be withdrawn prior to age 59½ except for an immediate financial hardship, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan, with the exception of the fully benefit-responsive investment contract, which is reported at contract value, are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note E for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The money market fund is valued at the daily closing price as reported by the active market on which the individual security is traded.

Investments in the guaranteed investment group annuity contract meet the fully benefit-responsive investment contract criteria and therefore are valued at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses. See Note F for further discussion.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Administrative Expenses

The majority of the costs and expenses incurred in connection with the operation of the Plan have been borne by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTE C - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are paid through revenue sharing, rather than a direct payment. The Plan has not made direct payments to the third-party administrator for the years ended December 31, 2022 and 2021. The Plan Sponsor pays directly any other fees related to the plan's operations.

NOTE D - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as accurate and complete by a qualified institution need not be subjected to independent audit. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE E - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$174,927,072	\$ -	\$ -	\$174,927,072
Total investments at fair value				<u>\$174,927,072</u>

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$210,175,305	\$ -	\$ -	\$210,175,305
Money Market	6,638,515	-	-	6,638,515
Total investments at fair value				<u>\$216,813,820</u>

NOTE F - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan provides a stable value investment option issued by Prudential Retirement Insurance and Annuity Company ("PRIAC") that simulates the performance of a guaranteed investment contract. PRIAC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting. The crediting interest rate for the guaranteed investment contract cannot be less than 1.5%.

Certain events may limit the ability of the Plan to transact at contract value with the issuers. Examples of such events include withdrawals prompted by certain events (e.g., layoffs, early retirement windows, spin-offs sale of a division, facility closings, plan terminations, partial plan terminations, changes in laws or regulations). The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - INCOME TAX STATUS

The IRS has issued an opinion letter dated March 31, 2014, stating that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). Effective April 30, 2021, the Plan was amended and restated using a non-standardized pre-approved profit sharing plan document. The pre-approved plan obtained an opinion letter dated June 30, 2020 in which the IRS stated the plan is acceptable for use under IRC Section 401. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan, as amended, is designed and is being operating in compliance with the applicable requirements of the IRC and, therefore, believes the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - CORRECTIVE ACTION

During 2022, it was determined that the Plan made an operation error related to IRS compensation limits on the employer discretionary contribution. Plan management is working to correct the Plan through the Employee Plans Compliance Resolution system. The correction is not material.

During 2020, it was determined that the Plan made an operational error related to IRS compensation limits on employer contributions. During 2022, Plan management resolved the operational error providing the notification to impacted participants and made corrections to the Plan, which was not material.

NOTE J - NONEXEMPT TRANSACTIONS

During the year ended December 31, 2022, a total of \$590,209 of employee contributions were untimely remitted to the Plan and the related lost earnings corrections were funded by September 2023. During the year ended December 31, 2021, a total of \$17,631 of employee contributions were untimely remitted to the Plan and the related lost earnings corrections were funded by May 2022.

NOTE K - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued and determined that there have been no further events that would require recognition or disclosure in the financial statements, except as noted below

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Compensation and Organization Committee and Plan Administrator
Rogers Employee Savings and Investment Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Rogers Employee Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of schedule H, line 4a of delinquent participant contributions for the year ended December 31, 2022 and schedule H, line 4j – schedule of assets (held at end of the year) as of December 31, 2022 are presented for purposes of additional analysis and is are not a required part of the financial statements but is are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental s schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rogers Employee Savings and Investment Plan

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

General

The Rogers Employee Savings and Investment Plan (the “Plan” or “RESIP”) sponsored by Rogers Corporation (the “Company”) is a contributory defined contribution plan covering all regular U.S. employees, excluding employees hired for a limited period of time. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan was originally adopted in January 1984, and has been amended at various time through December 31, 2022. Additionally, in April 2021, the Plan was amended and restated to include all prior amendments into the Adoption Agreement.

Contributions

Participants may contribute on a pre-tax basis, up to the lesser of \$20,500 or their annual eligible compensation, as defined in the Plan. Participants who are eligible to make elective deferrals and who have attained the age of 50 before the close of the calendar year are eligible to make catch-up contributions. The maximum catch-up contribution for 2022 was \$6,500. Participants may make after-tax Roth contributions. Unless otherwise elected by the employee, within the first month of employment there is an auto-enrollment of a contribution of 3% of the participant’s annual compensation. If the employee is contributing less than 6% of their annual compensation, the contribution will automatically increase each year until a contribution of 6% of annual compensation is reached.

The Plan was enhanced as of July 1, 2013, with the following contribution changes for all participants, except those in collective bargaining units: a) the Company will make a contribution of 1% per pay period of the participants’ eligible compensation, and b) the Company may, at its discretion, make a discretionary profit-sharing contribution of up to 2% of the eligible participants’ (as defined by the plan document) eligible compensation. For the 2022 Plan year, the Company made a one-time discretionary employer contribution of \$6,413,707, which represented 5.66% of eligible participants’ 2021 eligible compensation.

All participants are eligible to receive matching Company contributions. The Company contributed 100% of the first 1% and 50% of the next 5% of each participant’s annual eligible compensation in 2022.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 subject to certain Internal Revenue Service (“IRS”) restrictions, or 50% of their vested account balance. Loan terms range from one month to five years or up to fifteen years for the purchase of a primary residence. A participant may not have more than one loan outstanding at any point in time. The loans are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Interest rates range from 3.75% to 8% on loans outstanding at December 31, 2022 and 2021.

Participant Accounts

Each participant’s account is credited with the participant’s pretax contributions, Company contributions, an allocation of Plan earnings (losses), expenses, and rollovers (if applicable). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Vesting

Participants are immediately vested in their contributions, the Company's 1% contribution and the Company discretionary profit-sharing contribution. Participants become 100% vested in the Company's match contributions after two years of continuous service. Upon early retirement, normal retirement, total disability, as defined by the Plan, death, or ceasing to be an employee of the Company and a participant in the Plan on or after December 1, 2002 as a result of becoming an employee of a joint venture in which the Company has at least 30% ownership, a participant is 100% vested in the Company's match contributions. Any nonvested participant who is terminated and not re-employed with the Company within five years of termination forfeits his or her interest in the nonvested portion of the Company's match contributions. If re-employed within five years, the participant will recover his or her rights in this nonvested portion.

Forfeited Accounts

Forfeitures may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future Company contributions payable under the Plan. There were \$209,142 forfeitures used to reduce Company contributions in 2022. The available forfeitures balance at December 31, 2022 and 2021 was \$121,420 and \$110,217, respectively.

Surplus Funds From Terminated Rogers Defined Benefit Pension Plan

Surplus funds are to be used to fund employer contributions which include the 1% non-discretionary contributions, safe harbor match true-up contributions, and any discretionary contributions made by the Company. The Plan had transfers of surplus funds in the amount of \$0 and \$1.8M as of December 31, 2022 and 2021, respectively. The Plan used \$6,639,603 of the held surplus funds to fund employer contributions and Plan expenses for the year ended December 31, 2022.

Payment of Benefits

Company contributions can be drawn upon after five years in the Plan and a participant can withdraw funds for any reason upon reaching age 59½. Upon early retirement, normal retirement, total disability, as defined by the Plan, death, or any other termination of employment, a participant may receive the value of the vested portion of his or her total account offset by any outstanding Plan loans. An employee's tax-deferred contributions cannot be withdrawn prior to age 59½ except for an immediate financial hardship, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan, with the exception of the fully benefit-responsive investment contract, which is reported at contract value, are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note E for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The money market fund is valued at the daily closing price as reported by the active market on which the individual security is traded.

Investments in the guaranteed investment group annuity contract meet the fully benefit-responsive investment contract criteria and therefore are valued at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses. See Note F for further discussion.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Administrative Expenses

The majority of the costs and expenses incurred in connection with the operation of the Plan have been borne by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTE C - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are paid through revenue sharing, rather than a direct payment. The Plan has not made direct payments to the third-party administrator for the years ended December 31, 2022 and 2021. The Plan Sponsor pays directly any other fees related to the plan's operations.

NOTE D - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as accurate and complete by a qualified institution need not be subjected to independent audit. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE E - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$174,927,072	\$ -	\$ -	\$174,927,072
Total investments at fair value				<u>\$174,927,072</u>

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$210,175,305	\$ -	\$ -	\$210,175,305
Money Market	6,638,515	-	-	6,638,515
Total investments at fair value				<u>\$216,813,820</u>

NOTE F - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan provides a stable value investment option issued by Prudential Retirement Insurance and Annuity Company ("PRIAC") that simulates the performance of a guaranteed investment contract. PRIAC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting. The crediting interest rate for the guaranteed investment contract cannot be less than 1.5%.

Certain events may limit the ability of the Plan to transact at contract value with the issuers. Examples of such events include withdrawals prompted by certain events (e.g., layoffs, early retirement windows, spin-offs sale of a division, facility closings, plan terminations, partial plan terminations, changes in laws or regulations). The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - INCOME TAX STATUS

The IRS has issued an opinion letter dated March 31, 2014, stating that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). Effective April 30, 2021, the Plan was amended and restated using a non-standardized pre-approved profit sharing plan document. The pre-approved plan obtained an opinion letter dated June 30, 2020 in which the IRS stated the plan is acceptable for use under IRC Section 401. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan, as amended, is designed and is being operating in compliance with the applicable requirements of the IRC and, therefore, believes the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - CORRECTIVE ACTION

During 2022, it was determined that the Plan made an operation error related to IRS compensation limits on the employer discretionary contribution. Plan management is working to correct the Plan through the Employee Plans Compliance Resolution system. The correction is not material.

During 2020, it was determined that the Plan made an operational error related to IRS compensation limits on employer contributions. During 2022, Plan management resolved the operational error providing the notification to impacted participants and made corrections to the Plan, which was not material.

NOTE J - NONEXEMPT TRANSACTIONS

During the year ended December 31, 2022, a total of \$590,209 of employee contributions were untimely remitted to the Plan and the related lost earnings corrections were funded by September 2023. During the year ended December 31, 2021, a total of \$17,631 of employee contributions were untimely remitted to the Plan and the related lost earnings corrections were funded by May 2022.

NOTE K - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued and determined that there have been no further events that would require recognition or disclosure in the financial statements, except as noted below

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Compensation and Organization Committee and Plan Administrator
Rogers Employee Savings and Investment Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Rogers Employee Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of schedule H, line 4a of delinquent participant contributions for the year ended December 31, 2022 and schedule H, line 4j – schedule of assets (held at end of the year) as of December 31, 2022 are presented for purposes of additional analysis and is are not a required part of the financial statements but is are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rogers Employee Savings and Investment Plan

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

General

The Rogers Employee Savings and Investment Plan (the “Plan” or “RESIP”) sponsored by Rogers Corporation (the “Company”) is a contributory defined contribution plan covering all regular U.S. employees, excluding employees hired for a limited period of time. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan was originally adopted in January 1984, and has been amended at various time through December 31, 2022. Additionally, in April 2021, the Plan was amended and restated to include all prior amendments into the Adoption Agreement.

Contributions

Participants may contribute on a pre-tax basis, up to the lesser of \$20,500 or their annual eligible compensation, as defined in the Plan. Participants who are eligible to make elective deferrals and who have attained the age of 50 before the close of the calendar year are eligible to make catch-up contributions. The maximum catch-up contribution for 2022 was \$6,500. Participants may make after-tax Roth contributions. Unless otherwise elected by the employee, within the first month of employment there is an auto-enrollment of a contribution of 3% of the participant’s annual compensation. If the employee is contributing less than 6% of their annual compensation, the contribution will automatically increase each year until a contribution of 6% of annual compensation is reached.

The Plan was enhanced as of July 1, 2013, with the following contribution changes for all participants, except those in collective bargaining units: a) the Company will make a contribution of 1% per pay period of the participants’ eligible compensation, and b) the Company may, at its discretion, make a discretionary profit-sharing contribution of up to 2% of the eligible participants’ (as defined by the plan document) eligible compensation. For the 2022 Plan year, the Company made a one-time discretionary employer contribution of \$6,413,707, which represented 5.66% of eligible participants’ 2021 eligible compensation.

All participants are eligible to receive matching Company contributions. The Company contributed 100% of the first 1% and 50% of the next 5% of each participant’s annual eligible compensation in 2022.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 subject to certain Internal Revenue Service (“IRS”) restrictions, or 50% of their vested account balance. Loan terms range from one month to five years or up to fifteen years for the purchase of a primary residence. A participant may not have more than one loan outstanding at any point in time. The loans are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Interest rates range from 3.75% to 8% on loans outstanding at December 31, 2022 and 2021.

Participant Accounts

Each participant’s account is credited with the participant’s pretax contributions, Company contributions, an allocation of Plan earnings (losses), expenses, and rollovers (if applicable). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Vesting

Participants are immediately vested in their contributions, the Company's 1% contribution and the Company discretionary profit-sharing contribution. Participants become 100% vested in the Company's match contributions after two years of continuous service. Upon early retirement, normal retirement, total disability, as defined by the Plan, death, or ceasing to be an employee of the Company and a participant in the Plan on or after December 1, 2002 as a result of becoming an employee of a joint venture in which the Company has at least 30% ownership, a participant is 100% vested in the Company's match contributions. Any nonvested participant who is terminated and not re-employed with the Company within five years of termination forfeits his or her interest in the nonvested portion of the Company's match contributions. If re-employed within five years, the participant will recover his or her rights in this nonvested portion.

Forfeited Accounts

Forfeitures may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future Company contributions payable under the Plan. There were \$209,142 forfeitures used to reduce Company contributions in 2022. The available forfeitures balance at December 31, 2022 and 2021 was \$121,420 and \$110,217, respectively.

Surplus Funds From Terminated Rogers Defined Benefit Pension Plan

Surplus funds are to be used to fund employer contributions which include the 1% non-discretionary contributions, safe harbor match true-up contributions, and any discretionary contributions made by the Company. The Plan had transfers of surplus funds in the amount of \$0 and \$1.8M as of December 31, 2022 and 2021, respectively. The Plan used \$6,639,603 of the held surplus funds to fund employer contributions and Plan expenses for the year ended December 31, 2022.

Payment of Benefits

Company contributions can be drawn upon after five years in the Plan and a participant can withdraw funds for any reason upon reaching age 59½. Upon early retirement, normal retirement, total disability, as defined by the Plan, death, or any other termination of employment, a participant may receive the value of the vested portion of his or her total account offset by any outstanding Plan loans. An employee's tax-deferred contributions cannot be withdrawn prior to age 59½ except for an immediate financial hardship, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan, with the exception of the fully benefit-responsive investment contract, which is reported at contract value, are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note E for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The money market fund is valued at the daily closing price as reported by the active market on which the individual security is traded.

Investments in the guaranteed investment group annuity contract meet the fully benefit-responsive investment contract criteria and therefore are valued at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses. See Note F for further discussion.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Administrative Expenses

The majority of the costs and expenses incurred in connection with the operation of the Plan have been borne by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTE C - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are paid through revenue sharing, rather than a direct payment. The Plan has not made direct payments to the third-party administrator for the years ended December 31, 2022 and 2021. The Plan Sponsor pays directly any other fees related to the plan's operations.

NOTE D - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as accurate and complete by a qualified institution need not be subjected to independent audit. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE E - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$174,927,072	\$ -	\$ -	\$174,927,072
Total investments at fair value				<u>\$174,927,072</u>

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$210,175,305	\$ -	\$ -	\$210,175,305
Money Market	6,638,515	-	-	6,638,515
Total investments at fair value				<u>\$216,813,820</u>

NOTE F - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan provides a stable value investment option issued by Prudential Retirement Insurance and Annuity Company ("PRIAC") that simulates the performance of a guaranteed investment contract. PRIAC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting. The crediting interest rate for the guaranteed investment contract cannot be less than 1.5%.

Certain events may limit the ability of the Plan to transact at contract value with the issuers. Examples of such events include withdrawals prompted by certain events (e.g., layoffs, early retirement windows, spin-offs sale of a division, facility closings, plan terminations, partial plan terminations, changes in laws or regulations). The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in

Rogers Employee Savings and Investment Plan
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - INCOME TAX STATUS

The IRS has issued an opinion letter dated March 31, 2014, stating that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). Effective April 30, 2021, the Plan was amended and restated using a non-standardized pre-approved profit sharing plan document. The pre-approved plan obtained an opinion letter dated June 30, 2020 in which the IRS stated the plan is acceptable for use under IRC Section 401. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan, as amended, is designed and is being operating in compliance with the applicable requirements of the IRC and, therefore, believes the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - CORRECTIVE ACTION

During 2022, it was determined that the Plan made an operation error related to IRS compensation limits on the employer discretionary contribution. Plan management is working to correct the Plan through the Employee Plans Compliance Resolution system. The correction is not material.

During 2020, it was determined that the Plan made an operational error related to IRS compensation limits on employer contributions. During 2022, Plan management resolved the operational error providing the notification to impacted participants and made corrections to the Plan, which was not material.

NOTE J - NONEXEMPT TRANSACTIONS

During the year ended December 31, 2022, a total of \$590,209 of employee contributions were untimely remitted to the Plan and the related lost earnings corrections were funded by September 2023. During the year ended December 31, 2021, a total of \$17,631 of employee contributions were untimely remitted to the Plan and the related lost earnings corrections were funded by May 2022.

NOTE K - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued and determined that there have been no further events that would require recognition or disclosure in the financial statements, except as noted below
