INDEPENDENT AUDITOR'S REPORT

Opinion

We have audited the accompanying financial statements of the Sletten, Inc. 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Sletten, Inc. 401(k) Profit Sharing Plan & Trust as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Sletten, Inc. 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sletten, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sletten, Inc. 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sletten, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we have identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and their form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SLETTEN, INC. 401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the Sletten, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement and Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

Sletten, Inc., (the Company) established the Plan effective January 1, 1991. The Plan is a defined contribution plan covering all non-exempt employees of the Company who have attained the age of 21 and have been employed by the Company for 12 months, providing they have completed 1,000 hours of service during said 12 month period, and exempt employees of the Company who have attained the age of 21 and have been employed by the Company for 3 months. The Plan excludes non-resident aliens and collectively bargained employees who are not supervisors. Eligible employees may enter the Plan on the first day of the month following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and has been restated to meet the requirements of the Pension Protection Act.

Effective October 1, 2021, the Plan converted all American Funds registered investment company offerings from the R-4 share class platform to the R-6 share class platform.

Effective January 1, 2022, the Plan was restated pursuant to the cycle three restatement period and current SECURE and CARES Acts legislation.

Plan Administration

The Plan is administered by the Trustees. The Trustees contract with an independent third-party administration firm to perform recordkeeping responsibilities and contract with an independent investment consultant and advisor for investment advisory services. All funds that are contributed to the Plan are held for the benefit of the participants.

Contributions - Elective Deferral

Participants can make pre-tax and after-tax Roth elective deferrals into the Plan. Participant contributions are made through payroll deduction. Participants may contribute up to 100% of defined earnings, as limited by §402(g) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants can also contribute amounts representing rollover distributions from certain other tax-qualified retirement plans. Rollover contributions were $134,039 and $124,634 for the years ended December 31, 2022 and 2021, respectively. Participants direct the investment of their contributions into various investment options offered by the Plan.

Funding Policy

The Company may make discretionary annual matching contributions to the Plan for all participants who have an elective deferral contribution. Additionally, the Company may make a discretionary annual non-elective contribution. To be eligible for a Company discretionary matching or non-elective contribution, a participant must be employed on the last day of the Plan year or have worked in excess of 500 hours. The Company did not make any discretionary matching or non-elective contributions to the Plan for the years ended December 31, 2022 and 2021.

1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant account is credited with (a) the participant's elective deferral contribution, (b) Company contributions, if any, (c) the participant's individual gains or losses from the investments chosen by the participant and (d) an allocation of administrative expenses. Each participant must direct the trustee as to how the assets of that participant's individual account are to be invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Vesting in the Company's matching and non-elective profit sharing contributions and earnings thereon is based on covered years of service. A participant is 20% vested after two years of covered service and vesting is increased 20% for each year of covered service thereafter. A participant is 100% vested after six years of covered service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions into any of a variety of funds made available through the Plan. The Plan Sponsor may change the investment options offered at any time, as deemed appropriate. Each participant's investment options are held in a separate account in the name of the trust for the benefit of the employee. Prospectuses for the funds are provided to each employee and provide information on the fund objectives and risk/return characteristics.

The fund offerings are intended to provide participants with a variety of investment options over the usual range of asset classes with varying risk categories from conservative to aggressive. The prospectuses of the various funds offer detailed information on the characteristics, operations, management and expenses of the investments offered.

Participants may change their investment options at any time subject to the Securities & Exchange Commission restrictions on excess trading.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. The loan is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account.

Forfeitures

Forfeitures of non-vested matching contributions and non-vested employer non-elective contributions can be used for any permissible method, including as a restoration of forfeitures, to reduce company contributions, reallocated as company contributions or to pay Plan expenses. There were no forfeitures for the Plan years ended December 31, 2022 and 2021.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis.

Investment, Valuation and Income Recognition

The Plan's fund investments are held in the name of the Plan. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments are based on the issuer's assumptions about the investments' value, and are stated at fair value. The registered investment companies are quoted at market prices, which represent the net asset value of underlying investments held by the fund.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. The interest rate on loans is commensurate with local prevailing rates. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded at December 31, 2022 and 2021.

Administrative Expenses

Asset management fees are paid by the Plan. Investment results are net of fees associated with the management of the registered investment companies in which the Plan invests.

Benefit Payments

Deductions for benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles generally requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. PARTY-IN-INTEREST TRANSACTIONS

Participants paid administration fees of $13,082 and $1,300 to Capital Group Retirement Plan Services for the years ended December 31, 2022 and 2021, respectively. Additionally, the Plan paid investment advisor fees to Edward Jones of $36,402 and $40,174 for the years ended December 31, 2022 and 2021, respectively.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) developed the Accounting Standards Codification (ASC) 820, "Fair Value Measurements," to establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the "Fair Value Measurements" guidance are described as follows:

Level 1 - observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets that the Plan has the ability to access.

Level 2 - observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

Level 3 - inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the Fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (Continued)

Assets itemized below were measured at fair value during the year using the market approach. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Level 1	Level 2	Level 3	Total
December 31, 2022				
Registered investment companies	$ 16,785,180	$ -	$ -	$ 16,785,180
December 31, 2021				
Registered investment companies	$ 20,196,183	$ -	$ -	$ 20,196,183

5. TAX STATUS

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan Sponsor believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan administrator has analyzed the tax positions taken or expected to be taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no such tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts and the assets will be distributed to participants in proportion to their respective account balances.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

Certain participant contributions were remitted to the Plan later than shown possible. Late contributions identified totaled $259,926 and $75,334 for the years ended December 31, 2022 and 2021, respectively.

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 16, 2023, the date on which the financial statements were available to be issued. Management determined there were no subsequent events that required reporting in the financial statements.
