Independent Auditor's Report

To the Plan Administrative Committee
Cooper's Hawk Intermediate Holding, LLC 401(k) Plan
Downers Grove, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cooper's Hawk Intermediate Holding, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of Cooper's Hawk Intermediate Holding, LLC (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all non-highly compensated full-time employees of the Company, as defined in the Plan document. Employees must be 21 years of age with at least one day of service in order to be eligible to participate in the Plan. The entry date to the Plan is the first day of the month following their date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Administrative Committee is responsible for the administration and oversight of the Plan. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal) is the trustee of the Plan.

Effective August 1, 2022, the Plan was amended to include part-time, temporary, or seasonal employees who are regularly scheduled to work less than 1,000 hours of service in an eligibility period.

Contributions

Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan document, up to the limits allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants may also designate all or a portion of their contributions as Roth contributions to the Plan on an after-tax basis. The Plan also allows rollovers of designated Roth contributions into the Plan.

For the year ended December 31, 2022, the Company matched 25% of the first 8% of eligible compensation that a participant contributed to the Plan. Additional discretionary Company profit-sharing contributions may be contributed at the option of the Company. Participants must be employed on the last day of the Plan year and have worked at least 1,000 hours during the year in order to be eligible to receive an allocation of any discretionary Company profit-sharing contributions. Allocations are based on each participant's compensation as it bears to total compensation. The Company did not elect to make any discretionary Company profit-sharing contributions to the Plan for the year ended December 31, 2022.

The Company may also make discretionary contributions to the Plan. The Participants must be 21 years of age with at least one day of service in order to be eligible to participate. No discretionary contribution was made for the year ended December 31, 2022.

Participants may direct all their contributions among one or more funds, as set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Cooper's Hawk Intermediate Holding, LLC 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and any discretionary Company matching contributions, as well as allocations of (a) any discretionary Company profit-sharing contributions, and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service due to death, disability, separation of service, attainment of age 59½, or retirement, a participant will generally receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in his or her account upon request. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan document.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the discretionary Company matching or discretionary Company profit-sharing contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 50% vested after one year of credited service, defined as working at least 1,000 hours during the year, and 100% vested after two years of credited service. Participants also become fully vested upon death, permanent disability, or termination of the Plan.

Forfeited Accounts

Forfeited non-vested accounts are generally used first to reduce future Company contributions but may also be used to pay the administrative expenses of the Plan. There was \$10,211 forfeiture balance on December 31, 2022. There was no unused forfeiture balance on December 31, 2021. In 2022, forfeitures amounting to \$2,878 were used to reduce Company contributions.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cooper's Hawk Intermediate Holding, LLC 401(k) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrative Committee determines the Plan's valuation policies, utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise directly paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to recordkeeping services, annual revenue fee requirements, and to the administration of requested distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent Events

The financial statements and related disclosures include an evaluation of events up through and including October 13, 2023, which is the date the financial statements were available to be issued. No additional material subsequent events have occurred through that date that would require recognition in the financial statements.

3. Fair Value Measurements

Accounting Standards Codification Topic 820, *Fair Value Measurements*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

Cooper's Hawk Intermediate Holding, LLC 401(k) Plan

Notes to Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - These shares are valued at the daily closing prices, as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts - These assets are valued using the NAV provided by the administrator of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments, which are traded on an active market.

Investments in the collective investment trusts can be redeemed immediately at the participant level. The Plan is required to provide adequate notice, as defined, to the fund in order to terminate either their entire amount or a portion of their investment interest at the current NAV per share based on the fair value of the underlying assets. The fair value of investments in this category has been estimated using the NAV per share as a practical expedient. There were no unfunded commitments, liquidity, or redemption restrictions related to these investments. These investments are direct filing entities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Cooper's Hawk Intermediate Holding, LLC 401(k) Plan

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds, measured at fair value	\$ 1,680,891	\$ -	\$ -	\$ 1,680,891
Collective investment trusts, measured at NAV				11,851,204
Total Investments				\$ 13,532,095

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds, measured at fair value	\$ 1,727,178	\$ -	\$ -	\$ 1,727,178
Collective investment trusts, measured at NAV				11,479,690
Total Investments				\$ 13,206,868

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income (loss), as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- The Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such certified investment information to the related investment information included in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and, in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their accounts.

Cooper's Hawk Intermediate Holding, LLC 401(k) Plan

Notes to Financial Statements

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Principal or its affiliates; therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. Employees are not paid by the Plan for their services. Administrative expenses paid to the trustee amounted to \$85,566 for the year ended December 31, 2022.

7. Tax Status

The Plan adopted a pre-approved profit-sharing plan from Principal Life Insurance Company, which received an opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and currently being operated in compliance, with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
